Although the report very materially reduces the death list for San Francisco, it is not believed that it will be further increased save by isolated victims among the ruins.

Up to the present time bodies have been buried by the soldiers and the naval militia in open squares near where found. For this reason it is feared that the exact number of dead will never be accurately known.

Coroner Walsh reported yesterday that his deputies had cared for 350 bodies taken from the ruins, but this number does not include those buried by the police and by the naval militia in the potrero.

Thirty-three bodies were taken out at Bay and Polk streets today.

NEW EAST END SCHOOL

Cost Will Be $10,000 and Debentures Will Be Asked.

The board of education held a special meeting yesterday afternoon to deal with the report of No. 2 committee on the plans for the proposed addition to Chesley avenue school. The estimated cost is $10,000.

Chairman Gammage read the report of the committee. Considerable discussion took place as to the arrangement of stairways in the new school, so as to give easiest egress in case of fire. It was decided to do away with the central stairway, and put two stairways 5 feet wide at each end of the building.

Dr. English moved, seconded by Trustee Fitzgerald, that Trustees Teasdall, Strong, Gammage and English be the committee to wait on the city council and ask for the debenture issue. The motion carried without opposition.

M'KAY FIGHTS FOR POOR PROSPECTOR

Opposition Criticism for the Clauses in Mining Bill.

A CHECK ON THE INSPECTOR

His Powers as Permitted by the New Measure Considered To Be Too Arbitrary.

[Special to The Advertiser.]

Toronto, April 24.—To the surprise of the Opposition yesterday's session lasted only 45 minutes, and little business was done, with the exception of the consideration in committee of the mining bill. The Premier announced that Hon. Mr. Foy had been called away unexpectedly, and for this and other reasons the Government was not prepared to go on with any other business.

Two bills of Mr. Beck's, one providing for the establishment of municipal telephone systems, and the other for the holding of medical council examinations at London and Kingston, were given third readings.

In committee of the whole, Hon. Mr. Matheson informed Hon. Mr. Harcourt that it was intended to make the bonds for the forthcoming Temiskaming Railway loan payable only in Canada, though under the general act the Government had power to pay them in Great Britain or elsewhere.

The House spent considerable time in committee of the whole on Mr. Cochrane's mining bill. Mr. Mackay thought some of the clauses should stand over until the mining revenue bill was brought down, as he did not think it right that the House should approve of regulations for disposing of the Province's assets without knowing what return was to be received. He endeavored to draw from the minister an inkling as to what the new bill would contain.

The Premier said Mr. Mackay need not expect to badger the Government into disclosing the contents of a bill which was not yet completed.

A clause was inserted in the bill providing that no applications for working permits will be received between Nov. 15 and April 15. This is to prevent blanketing of claims during the winter months.

Mr. Mackay contended that poor prospectors should not be taxed, but that when a rich strike was made a stiff royalty should be imposed.

This view is not shared by the minister, who has already stated that the new bill will not provide for royalties. It will impose only rentals, and from these the Province will receive $100,000 a year.

Mr. Mackay also contended that the mining inspector should be deprived of his arbitrary powers to pronounce a discovery invaluable, as this would frequently work an injustice to the discoverer.

The bill will be further considered on Thursday.

Dr. Pyne's education bills were passed through committee.

Mr. Graham's motion carried for a return of all correspondence, petitions or other documents referring to the dismissal of M. J. Connolly, division court clerk, and Jonas Hagerman, bailiff, both of the township of Yonge Front, in the county of Leeds.

Kills Daughter's Assailter.

Grosback, Texas, April 25. — While being conveyed to jail in the custody of two officers, a negro, whom, it is alleged, assaulted the daughter of J. A. Eastland, a farmer, of Delia, at an early hour yesterday morning, was taken from officers by a posse of citizens and held until the arrival of the girl's father.

When Eastland rode up he ordered the crowd to stand back, and emptied both barrels of his shotgun, loaded with buckshot, into the negro, killing him instantly.
