AT OSGOODE HALL

The Question of Hasteon the Part of Judges in Disposing of Criminal and Civil Cases.

Mr. Nicholas Murphy, Q. C., in a letter in Saturday's Globe, relative to the Gahan case, thus refers to haste in disposing of criminal cases:

"Haste in the trial of criminal cases is an outrage on justice, and judges should not consult the pockets of municipalities when trying individual citizens, whether guilty or not guilty. I refer in this last sentence to judges who preside over courts where they are aided by juries in arriving at a conclusion as to facts."

These remarks apply with more force to civil cases. In criminal cases, such at least as the case referred to by Mr. Murphy, the community is well rid of the individual, while in many a civil case undue haste insisted on by a judge leaves the litigant laboring under a sense of injustice, which, carelessly created, is not easily removed, and tends seriously to impair public confidence in the judiciary. The way in which an Appellate Court interferes on appeal with the "discretion" hastily exercised by a Judge of first instance goes far to prove the truth of Mr. Murphy's remarks applied to both class of cases, and certainly should not help to raise some judges in their own or anybody else's estimation. Coupled with "haste" the "unconscious bias" frequently, temporarily at least, wrecks many a carefully prepared case, and mulcts the solvent litigant in a pretty penny in costs. The parables of the hare and tortoise and the mote and the beam have a not unimportant bearing on these cases.

To-Day's Lists.

This court will rise at the conclusion of this case.

THREE THOUSAND PEOPLE

Listened to and Cheered Mr. Whitney and His Colleagues at Exeter.

Exeter, Ont., June 12.—A splendid meeting in the Exeter Skating Rink was vigorously addressed by the Opposition leader, Mr. Thomas Magwood, M.L.A., of North Perth, Mr. Beck of West Huron and Mr. Henry Eilber of Creditton, the coming member for South Huron in the Ontario Legislature.

Mr. J. P. Whitney, M.L.A., addressed the audience for about one hour, and was listened to with the greatest attention and was cheered lustily. He reviewed the doings of the Hardy Government. Mr. Thomas Magwood, M.L.A., spoke at some length, after which Mr. Henry Eilber spoke for a short time and was loudly cheered. The meeting was brought to a close with three cheers for the Queen, Messrs. Whitney and Eilber.

There were about 3000 people in the rink.

Are Trading on the Remington's Fame.

A concern styling itself the Parlee Advertising Agency, P.O. box 665, and Masonic Temple, Chicago, is asking rates per inch for display and per line for readers, and offers a new No. 2 Remington typewriter in exchange for advertising space. Publishers who have responded to the alluring proposition have been advised that the machine will be delivered after 80 per cent. of the space has been used.

The offer is made without the consent of Wyckoff, Seamans & Benedict, the makers of the Remington typewriter. It is doubtful if publishers generally will be taken in by this transparent attempt to secure advertising space on the strength of Remington fame.—From Newspaperdom, May 13, 1897.

S. Ackerman, Commercial Traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Eclectric Oil for Inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others as it did so much for me." ed

Gulf St. Lawrence Trips.

The Quebec Steamship Company's steamer Campana will leave Montreal every fortnight, June 21, July 5, 19, Aug. 3, for Pictou, N.S., calling at Quebec, Perce, Gaspe, Charlottetown and Summerside. Through connection by rail and steamer to all places in the Lower Provinces, with extended tours through Nova Scotia to Portland, Boston and New York. Apply at the company's Toronto office, 72 Yonge-street, Barlow Cumberland Agent.

Lost Both Eyes.

London, Ont., June 12.—A man named Kincade, son of William Kincade of Kerwood, West Adelaide, was struck in one eye with a rock through the carelessness of a companion, who was throwing stones. Kincade was deprived of the sight of the other eye by a similar accident three years ago. The present accident will likely render him totally blind.

Salt Rheum Cured.

Gentlemen,—Your Burdock Blood Bitters cured me of salt rheum three years ago. It was so bad that I lost my finger nails, and I can truly say that I know of no more valuable medicine in the world than B.B.B. I have had no return of salt rheum since.

THE BRITISH ASSOCIATION

Which Meets in Toronto Will be Truly a Great Men's Gathering—The Proposed Banquet.

Replies have been received by the British Association Committee from Lord Kelvin and Sir John Evans, accepting the invitation to the public banquet which is to be given in their honor and in that of Lord Lister. The latter's reply has not yet been received.

Sir John Evans, who delivers the presidential address at the Toronto meeting, is at work upon it. What the subject will be is, of course, unknown. A new edition of Sir John's work, "The Ancient Stone Implements of Great Britain," is now in the press. As an archaeologist and collector Sir John Evans is famous.

One of the most distinguished officers of the British army, Sir George Robertson, K. C. S. I., the only white man who ever thoroughly explored Kafirstan, is coming to the Toronto meeting. Sir George Robertson wears three medals for his services in Indian campaigns, and his appearance in the geographical section here will add to its already promising interest.

YORK COUNTY COUNCIL.

Business Was Cleared Off the Slate and Members Will Not Officially Meet Till November.

The June session of the York County Council concluded on Saturday.

A bylaw was passed authorizing the borrowing of $50,000 to meet current expenses, and another for the raising in taxes of $41,926 for general purposes and $5590 for the Newmarket Home.

The Finance Committee reported a bylaw which was afterward passed, authorizing the payment to York township of $9563, on account of cash in treasurer's hands from the sale of non-resident lands.

Councillor Evans was authorized to have needed repairs made to Scarlett bridge.

Bridges over the Etobicoke River will be repaired at a cost of $150, provided Peel County contributes a fair like amount.

The liability of the county in connection with the Woodbridge bridge was left in the hands of the commissioners to settle.

The debt of $26 is to be cleared from the Rouze on the Newmarket and Scarboro town line, near Freeman's bridge, and the stream will be diverted so as to reduce the wash, $100 being voted for the purpose.

The bridge at Elgin Mills is to be repaired under the supervision of Councillor Pugsley.

Another bylaw was passed making two years' residence in the county necessary before admission to the Industrial Home.

A discussion took place regarding the appointment of a County Clerk in the place of Mr. George Eakin, who is too ill to perform the duties, and who is not likely to improve.

Many of the members bore testimony to Mr. Eakin's faithful services to the county, but were of opinion that a new appointment will have to be made, as the business of the county must be properly attended to.

The appointment was finally left over until the November session, the County Commissioners being empowered to appoint a clerk temporarily.

The Legislative Committee's report was adopted, which provided for the reintroduction into the Legislature of the bills to give County Councils power to accept transfers of land from inmates of industrial homes and to give all local municipalities the control of sales of lands for taxes.

A committee was appointed, consisting of Messrs. Ramsden, Hall, Baird, Hartman and Pugsley, authorizing the receiving of tenders for the building of an infirmary and additions to the Industrial Home, and to proceed with the work.

No county grant will be made for continuation classes until the Government grant of $15,000 is apportioned.

The dispute between school sections in King will be settled by arbitration.

The Council then adjourned until Nov. 15, next.

RAILWAY NOTES.

Bicycles Will be Charged to and From Chatham—Through Parlor Car to Buffalo To-Day.

It will be a great disappointment to the large number of bicyclists who will attend the Dominion Day meet at Chatham to learn that they will have to pay extra for the transportation of their bicycles to Chatham. The railway companies made a round trip fare of $3.80 from Kingston and points west to Chatham, and it was hoped that this would include the transportation of the wheels, but the railway companies have decided that the wheels will be charged for each way. This will probably be an extra 50 cents.

The special Lehigh Valley parlor car in connection with the morning Grand Trunk train to Buffalo will start this morning. The car will run through to Buffalo without change. The Kempton Wharf sleeper from Suspension Bridge will also commence running. The sleeper will make connections with the Montreal steamers at Kingston.

Changes are being made in the sheds at the foot of Yonge-street by the G. T. R., so that they can be used as a fruit market.

Export provision rates have within the last few days been cut from 11c to 12½ between Chicago and New York; nominally the rate is 20c.

The G. T. R. will run a special to the Erie race track on the opening day, the 16th inst.

The first two cars of tomatoes from the Southern States arrived on Saturday.

VARSITY CLASS DINNER.

Pleasant Reminiscences of College Life After the Lapse of Ten Years.

On Friday evening last the Varsity class of 1887 dined at the Rossin House, Toronto, commemorating the tenth anniversary of their graduation. The class includes among its eighty-three members clergymen of all denominations, Roman Catholic and Protestant, as well as missionaries in India, China and Japan, lawyers almost innumerable, professors, lecturers and teachers in various universities, colleges and schools in Canada and the United States, physicians doing their duty in many towns, and not a few representatives of the fourth estate.

Among those from a distance who interchanged greetings were: Lyman P. Duff, Victoria, B. C.; Rev. N. H. Russell, Mhow, India (home on furlough); W. F. Robinson, Denver, Col.; Rev. John Crawford, Niagara Falls; Major J. A. Duff, Cornwall; A. J. Armstrong, Cobourg; Rev. T. H. Rogers and A. H. Gibbard, Georgetown; J. N. McKendrick, Galt; Capt. A. H. O'Brien, Ottawa; T. E. Elliott, Weston; J. T. Jackson, Toronto Junction, and Rev. L. S. Hughson, Lindsay. Toronto was represented by A. H. Young, Rev. F. B. Hodgins, T. R. Rosebrugh, J. A. Ferguson and R. L. Johnston.

From members absent were received numerous letters and telegrams, all of which evidenced their esprit de corps and loyalty to their alma mater, and the reading of these created great enthusiasm.

After an evening devoted to reminiscences of college life in the eighties and to relating experiences since graduation, it was determined to institute hereafter a reunion every five years, and to advise all members of the class of the success of this the first gathering.

Only those who have had experience can tell the torture corns cause. Pain with your boots on, pain with them off—pain night and day; but relief is sure to those who use Holloway's Corn Cure. ed

TIPS FROM WALL STREET.

The market closed a trifle irregular.

The strong features were Jersey Central and Delaware & Hudson.

Sugar sold up to 126⅛ on the passage of the sugar schedule by the Senate, but reacted to 124⅝.

McIntyre & Wardwell (John J. Dixon) received the following despatch to-day from New York:

The Coalers were the strong features today, Jersey leading in activity and advancing. Sugar was irregular, up and down, closing at a fractional decline for the day. The Senate caucus schedule had not one vote to spare, but it passes the Senate all right. The general market was dull, especially about the close, which was not materially changed from last night, but lowest of the day. Trade reports are more hopeful about autumn business. More people are finding employment. Pig iron prices are better. Clearances for the week increased 5.8; gross earnings for May show a gain of over 5 per cent., the gain being the largest in some time. Average increase for fourth week in May is 8.5, and for first week of June 5.6. London did practically nothing here; Americans there were a trifle lower. The London Economist thinks the rise in Americans premature. Mr. Hill of the Great Northern is here, and developments about Northern Pacific are expected. Illinois Central has sold $3,000,000 bonds to a Kuhn Loeb syndicate.

CHICAGO GOSSIP.

Henry A. King & Co., 12 King-street east, received the following despatch to-day from Chicago:

Wheat—The market opened steady at Friday's closing prices, although the Liverpool market was ½d to ¾d lower. The buying was good early, and the market soon advanced to 69c for July option. The continental markets are slightly lower, in sympathy with our decline late yesterday, and our friends cable us weather generally favorable. The receipts at the Northwest were again light; clearances from Atlantic seaboard small; cash demand slack. Seaboard reported little export demand there. Our advices from Europe to-day report stocks in Russian ports increased, owing to holders in the country becoming tired. Seeing such encouraging prospects for the growing crop, stocks in the Northwest are expected to show an advance of about 1,250,000 bushels for the week, and another large decrease in the visible supply is expected. The weather is more favorable for winter and spring wheat. The trade was heavy early, but late became light. It is claimed by the bears that exports will be light from now until September, as little is being taken for immediate shipment. The reason current exports are so light is because of small stocks at the seaboard, and not because foreigners do not need the grain. If Europe is going to get along without American wheat for the next three months she will have to do some lively skirmishing in other directions. We believe the basis is already laid for a strong, full market, and the movement will commence in earnest before long. July closed at 68⅝c to 68⅞c.

Corn and Oats—Opened under last night's closing prices, in sympathy with other grains, but quickly rallied and ruled firm, the range covering ½c on corn and ¼c on oats. Commission people executed some country orders around the opening, and professional operators were on the advance. Receipts were 625 cars corn and 325 cars oats. The close was steady to firm, cash demand good and the volume of trade reported large for the short session.

Provisions—The speculative hog market ruled active and higher to-day. Receipts were less than expected, 14,000 hogs. Packers bought pork and Parnum and Cudahy brokers bought lard and ribs. Room traders sold moderately on the advance. Domestic markets shade higher and the cash demand was much improved to-day. The markets on the whole closed firm and around best prices for the day. Estimated hogs for Monday 26,000.
