IMPERIAL BANK OF CANADA.

Proceedings of the Sixth Annual General Meeting of the Shareholders, Held at the Banking House of the Institution in Toronto on Wednesday, 6th July, 1881.

The Sixth Annual General Meeting of the Imperial Bank of Canada was held, in pursuance of the terms of the charter, at the Banking House of the Institution, 6th July, 1881. There were present: Messrs. H. S. Howland, T. R. Merritt (St. Catharines), Hon. James R. Benson (St. Catharines), John Smith, John Fisken, P. Hughes, T. R. Wadsworth, Dr. Thorburn, James Graham, Rev. E. B. Lawler, R. Beaty, Mayor Carlisle (St. Catharines), R. Cochran, John Lyman, S. Pounds (Port Colborne), R. Thompson, James Stewart, E. Nanton, George Robinson, Beverley Jones, E. B. Osler, D. R. Wilkie, D. H. Allen, etc., etc.

The chair was taken by the President, Mr. H. S. Howland, and Mr. D. R. Wilkie was requested to act as Secretary.

The Secretary, at the request of the Chairman, read the report of the Directors and the statement of affairs.

THE REPORT.

The Board of Directors have much pleasure in submitting to the shareholders their sixth annual balance sheet and statement of profits for the year ended 31st May, 1881:

Balance at credit of profit and loss account, 31st May, 1880, brought forward	$4,675 33
Profits for the year ended 31st May, 1881, after deducting charges of management and making provision for all interest due depositors, and writing off all bad and doubtful debts	142,284 13
	$146,959 46
From which has been taken:—	
Dividend No. 11, 3½ per cent. (paid 2nd January, 1881) .. $34,123 30	
Dividend No. 12, 3½ per cent. (payable 2nd July, 1881) .. 35,000 00	
	69,123 30
	$77,836 16
Carried to Rest Account	75,000 00
Balance of Profit and Loss carried forward	$2,836 16

As evidenced by the foregoing statement, the business of the bank for the year, notwithstanding the low rates of interest obtainable for money, has been very satisfactory.

A marked improvement in the soundness of the business of the country has been noticeable throughout the year.

During last autumn the president and vice-president visited the province of Manitoba, which led to the establishment in January last of a branch of the bank in the city of Winnipeg. The result of the operations of the bank at that point has given your directors no cause to regret their action.

Your directors believe, in view of the prosperous condition of the country and of the large surplus likely to accrue to the government from general revenue, that it would greatly relieve and facilitate business were the Bill Stamp Act entirely repealed, the amount received from that source being trifling compared to the annoyance and trouble inflicted on the public by its collection.

Thorough inspections of the head office and branches of the bank have been made by the inspector during the year.

The cashier and other officers of the bank continue to discharge their respective duties to the satisfaction of the Board.

H. S. HOWLAND,
President.

INSURANCE.

LATEST OFFICIAL FIGURES.

The following statement is copied in the main from the advance issue of the Report of the Superintendent of Insurance, dated "Ottawa, April 30th, 1881," addressed to HON. SIR. LEONARD TILLEY, Finance Minister, and signed J. B. CHERRIMAN:

COMPANIES.	INSURANCE IN FORCE.	TOTAL ASSETS ON HAND.	ASSETS PER $100 AT RISK.
ÆTNA LIFE,	$77,951,819	$26,403,440	$33.84
Canada Life,	21,423,956	4,297,852	20.09
Confederation,	6,785,890	679,386	10.01
Sun,	3,892,139	473,632	12.16
Ontario Mutual,	3,031,885	225,604	7.44
Mutual Life,	1,364,459	165,586	12.16
Citizens',	1,141,440	146,508	12.83
Average last 6 Co's,	6,274,128	998,094	15.90

The final column, above, is not found in the Official Report, but its accuracy can easily be ascertained by dividing the first column, minus the two right hand figures, into the second column.

A table of this kind shows at a glance how thoroughly the **ÆTNA LIFE INSURANCE COMPANY** has been making provision for all who hold its promises to pay. If a business man holds a large amount of a Bank's promises to pay, he likes to feel assured, not merely that the Bank has *good hopes* of earning, in future, enough to meet its notes as they are likely to be presented, but that it actually has the money on hand, or most of it, to meet all claims, even if an unusually sudden call should be made.

Such sudden call has happened to many banks, at various times, and the weak ones have gone under; such sudden calls happened to American Fire Companies, at the Chicago and Boston conflagrations, and to Canadian Fire Companies at the St. John and Quebec fires, and found many companies unprepared to honour their cheap promises. An unusual call may fall, at any time, upon the Life Insurance Companies of this continent, such as has, at different times visited portions of Europe. So slight an influence as the Epizootic, which visited Canada and the Northern States in 1873, ran the mortality of several life companies up 25 per cent., for one or two years, and caused many to drop their policies. Three large companies paid nearly a million dollars in that one year, in excess of the average of previous and subsequent years.

When the next unexpected call does come to life companies, the wisdom of those insurers who hold policies in the BEST AND STRONGEST COMPANIES will need no approval, but will then get abundance of it.

It is a good thing to be wise in time, and to err, if at all, on the SAFE side, by commencing while in good health an immediate and safe provision for dependent ones, or your own old age, by one of those popular
