sky of the more important operations which we have to undertake and this is more especially the case since the hot season has now set in, when Europeans will have no chance of competing with the native foe in rapidity of movement. In several districts the Sepoys hold their ground; and though this cannot long endure, and they must soon scattered, our detached posts meanwhile are in no little danger. Thus the government telegram announced that Colonel Milman and a detachment of European soldiers were cut up at Aringhur; and though it turned out that they were only shut up in that place, their danger may still be considerable. Sir Colin Campbell has offered a line of rupees for the capture of Nana Sahib. Yeh, the Chinese mandarin, has arrived at Calcutta.

Nothing can ever shake a man's prosperity in England if he possesses two advantages, one to be foreigner, anything but an Englishman; another that he shall be patronized at Court. Her Majesty's shoemaker is of course the shoemaker; none can approach him. Prince Albert's tailor is the greatest among the great in his own trade. Now had Mr. Rarey arrived in England as a good horse tamer, with less Yankee assurance, and less good fortune, he might have traversed this goodly land of ours from East to West, from North to South, in poverty and unknown till some kind friends had given him the means of paying his passage back to America. Mr. Rarey is a clever man in other matters besides horse taming. He can manage a man as well as a horse. He knew John Bull's little failings and he availed himself of his knowledge. Mr. Rarey, patronized by the Queen, Prince Consort, and the Aristocracy; Mr. Rarey, at Pattersall's, charging ten guineas per head for his secret, and advertising his subscribers names in the *Times* is a rare man. Never mind how great the humbug, it must succeed; it has succeeded. Then he binds all his pupils to secrecy. This is a capital idea; it reminds us of a showman many many years ago, who made a great noise in front of his pavilion and induced us to speculate upon the entertainment inside. We found nothing of a satisfactory nature and expressed our disappointment accordingly. "What could you expect, my dear sir, for so small a sum—but you will not see anything outside, of course, 'cause they would laugh you out, sir." Rushing to the front again, and just as we made our way down the shaky steps with that care, short-sighted people are compelled to use, this genteel showman shouted through a trumpet, "There ladies and gentlemen ask that 'ere gentleman just going down the steps for his opinion of this grand and interesting exhibition. He will tell you that it is stupendous?" And so we fear it is with Rarey and his pupils. Ask the gentleman who have paid their money and taken their lessons and you can obtain very little information. "Is the operation not only perfect but permanent," we asked of one of these tenguinea pupils; he would not tell us. Mr. Cook, at Astley's appears very desirous of testing the merits of his system against Rarey's, but we very much doubt whether these redoutable champions will ever meet. It pays both to keep up the farce in its present phase.

A POETICAL SOMNAMBULIST.—A young lady named Susan K. Brown, daughter of Philip C. Brown, a retired merchant, of New-York city, residing on Fifth avenue, near Twenty-eighth street has of late been, and is a most singular and extraordinary somnambulist. Almost every night, after she has fallen asleep she gets up lights the gas and taking a pen and paper will write several stanzas of poetry. Mr. Brown one night last week fearing that some accident might occur from a sleeping person having a light took the precaution to have the fixtures removed from her room and placed beyond her reach. That night she arose in perfect darkness wrote another piece of poetry which upon examination by daylight was found to be well written correctly spelled and the ruled lines followed as accurately as they could have been by the best penman with a light and this has been repeated almost every night each time a new piece being produced. She can not repeat a word of the poetry she writes and insists that she does not write it. Her friends watch her closely. Her health is not very good since her somnambulic exercises she seems to gradually fail. Physicians have attended her for some time but as yet afford little relief.

HOLLOWAY'S PILLS.—Science had been groping in the dark for centuries after a cure for dyspepsia, and the liver and bowel complaints which are its concomitants, until this peerless remedy was ushered before the world. Since then no sufferer has ever taken it in vain. Beware of counterfeits. Look to the water-mark.

IMPORTANT TESTIMONIAL.

31, Wine street, Bristol.

Sir,—It is with much pleasure I have to inform you of the benefit I received from your Lozenges. I was attacked with the typhus fever, during which time I had a violent cough, so that it kept me awake the greater part of the night. A friend persuaded me to try a box of your "COUGH LOZENGES" which I did and am happy to say that with only one box of your valuable compound I was quite free from cough.

You can make what use of this you please, for I think such valuable medicine ought not to go unnoticed.

I remain, Sir, your obedient Servant,
WM. T. TRUSCOTT.

A MEDICAL REVOLUTION!

THE WORLD UNANIMOUS.

HOLLOWAY'S OINTMENT.

THE GREAT COUNTER IRRITANT!

The virus of disease often makes its way to the internal organs through the pores of the skin. This penetrating Ointment, melting under the hand as it is rubbed in, is absorbed through the same channels, and, reaching the seat of inflammation, promptly and invariably subdues it, whether located in the kidneys, the liver, the lungs, or any other important organ. It penetrates the surface to the interior, through the countless tubes that communicate with the skin as summer rain passes into the fevered earth diffusing its cool and regenerating influence.

SKIN DISEASES & GLANDULAR SWELLINGS.

Every species of exterior irritation is quickly reduced by the anti-inflamatory action of this Ointment. Angry ERUPTIONS, such as SALT RHEUM, ERYSIPELAS, TETTER, RINGWORM, SCALD HEAD, NETTLE RASH, SCABIES (or Itch) &c., die out, to return no more under its application. Hospital experience in all parts of the world proves its infallibility in diseases of the skin, the muscles, the joints and the glands.

ULCERS, SORES, AND TUMORS.

The effect of this unrivaled external remedy upon Scrofula, and other virulent ulcers and sores, is almost miraculous. It first discharges the poison which produces suppuration and proud flesh, and thus the cures which its healing properties afterward complete are safe as well as permanent.

WOUNDS, BRUISES, BURNS, AND SCALDS.

In cases of the fracture of the bones, injuries caused by steam explosions, BRUISES, BURNS, SCALDS, RHEUMATISM, STIFFNESS OF THE JOINTS, and contraction of the sinews, it is employed and warmly recommended by the faculty. This marvellous remedy has been introduced by its inventor in person into all the leading Hospitals of Europe, and no private household should be without it.

UNDENIABLE TESTIMONY.

The Medical Staff of the French and English Armies in the Crimea have officially signed their approval of Holloway's Ointment, as the most reliable dressing for sabre cuts, stabs, and gun-shot wounds. It is also used by the surgeons of the Allied Navies.

Both the Ointment and Pills should be used in the following cases:

Bunions,	Rheumatism,	Sore Throats,
Burns,	Ringworm,	Sores of all kinds
Capped hands,	Salt Rheum,	Sprains,
Chilblains,	Scalds,	Stiff Joints
Fistula,	Skin Diseases	Tetter,
Gout,	Swelled	Ulcers,
Lumbago,	Glands,	Venereal Sores,
Mercurial	Sore Legs,	Wounds of all
Eruptions,	Sore Breasts,	kinds.
Piles,	Sore Heads,	

☞ Sold at the Manufactories of Professor Holloway, 80, Maiden Lane, New York, and 244, Strand, London, by all respectable Druggists and Dealers in Medicine throughout the United States and the civilized world, in pots, at 25 cents, 62½ cents, and 1$ each.

☞ There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each pot.

S. L. TILLEY, *Provincial Agent*, No. 2, King Street, St. John, N. B.; A. Coy & Son, Fredericton; W. T. Baird, Woodstock; Alex. Lockhart, Quaco; James Beck, Bend of Petitcodiac; O. K. Sayre, Dorchester; John Bell, Shediac; John Tis. Hillsborough; John Curry, Canning; and G. White, Belleisle.

☞ CAUTION!—None are genuine unless the words "HOLLOWAY, NEW YORK & LONDON," are discernible as a WATER-MARK in every leaf of the book of directions around each pot or box—the same may be plainly seen by "holding the leaf to the light." A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.
