TORONTO PRESBYTERY.

Dr. Gregg is the New Moderator—Rev. John Neil Wishes to Exclude Reporters From the Meetings.

At the meeting of the Toronto Presbytery yesterday, Rev. Dr. Gregg was unanimously chosen moderator in place of the late Rev. William Burns, for the remainder of the term. On taking the chair, the new moderator moved a vote of sympathy with the relatives of the deceased moderator, whose work for the church was warmly eulogized. The resolution was seconded by Rev. W. G. Wallace, and carried unanimously.

A Conference Recommended.

The Committee on Church Life and Work recommended that at the session of Presbytery in April next, a conference on the question of ministry without charges and charges without ministers be heard, and that on the evening of the same day the subjects of Sabbath observance, temperance and State religion be discussed.

The following deputation was appointed to visit the Fernavenue congregation, and advise with them as to the future supply of the pulpit: Rev. J. A. Turnbull, Rev. Dr. Warden, Rev. W. J. McCaughan, Rev. A. Gilray, and Messrs. G. M. Keith and J. Harvie, elders.

To Awaken Interest in Missions.

A resolution was adopted, recommending a general meeting of Presbyterians in the city for the discussion of mission subjects, and enjoining the sessions of the different churches to arouse a missionary spirit among their congregations. Rev. Drs. Parsons, McTavish, Warden, Revs. W. G. Wallace, J. C. Rosseck, J. McP. Scott, and Mr. Jardine will make the necessary arrangements. In this connection, Dr. Warden complained that the Presbytery did not manifest the same interest in the matter as was shown seven or eight years ago.

Rev. J. A. Macdonald of the London Presbytery, editor of The Westminster, and Rev. J. A. McGillivray of the Caledonia Presbytery, were made members.

Rev. Norman H. Russell, a returned missionary from India, gave a detailed account of the missionary work there.

To Purchase St. Mark's.

The congregation of St. Mark's Church are anxious to purchase their church property from St. Andrew's congregation. In order to do this $7000 is necessary. Rev. P. E. Nichol, pastor of the church, asks Presbytery's permission to raise the amount by mortgage. Provisional consent was given.

To Exclude the Press.

Rev. John Neil of Westminster Church wants to shut out the press from Presbytery meetings hereafter, and so gave notice that at next meeting he would move that the secretary furnish reports for the city papers.

The next meeting will be the first Tuesday in February.

To Redress a Grievance.

Editor:

Dear Sir,—Ninety per cent. of the alarming talk about heart trouble is caused by dyspeptics similar to myself getting frightened at such symptoms as heartburn, nervousness, stomach weakness, loss of appetite and flesh, accumulations of gas, sour risings, palpitation, etc.

I used various medicines without any favorable results; sometimes they gave temporary relief, but the effects soon wore off. One thing I found at last that did cure me—Dr. Ward's Blood and Nerve Pills. They overcame every obstacle, and I have gained in flesh and strength to a remarkable degree. They certainly cure dyspepsia, for I am a healthy witness to the fact.

Yours truly,
ROBERT McTAVISH,

Knights of the Maccabees.

At their regular review last evening in St. George's Hall, Fidelity Tent, No. 13, Knights of the Maccabees, installed the following officers for 1898: Commander, Clair Jarvis; Lieut. Commander, J S Clark; Record Keeper, E H Woolley; Finance Keeper, N V Kuhlman; Chaplain, R V Wilson; Physician, Dr A D Watson; Sergeant, William Bain; Master-at-Arms, J G Bell; 1st Master of Guards, Jacob Cominsky; 2nd Master of Guards, T Barnett; Sentinel, Joseph Brody; Picket, Robert Morrison; Past Commander, Robert Brown. Past Commander N V Kuhlman acted as installing officer in an efficient manner. A banquet followed, during which retiring Past Commander Brown was presented with a costly dinner service, Past Commander Dutton making the presentation speech.

Grand Ligne Mission.

Rev. H. L. Therrien, pastor of the First Baptist Church, Montreal, is visiting the Baptist churches of Toronto and Brantford on behalf of the Grande Ligne Mission, Quebec. He will speak to-night in the Parliament-street Baptist Church, on Thursday evening in Birch-avenue Baptist Church, and on Saturday night in the Central Y.M.C.A. On Sunday morning he will preach in Jarvis-street Baptist Church, and in Walmer-road Church in the evening.

CHAPLEAU - TARTE EPISTLE

Was Penned About the Hour of Midnight on the 17th November, 1896.

Full Details of the Interesting Missive—The Idea Was First to Get Control of the Quebec Legislature and Then Work a Coalition Game at Ottawa—Contemptuous Reference to the Old Political Parties—"Nantel is Well Disposed."

Montreal, Jan. 11.—(Special).—Murder will out. Your correspondent has at last secured the full details of the famous Chapleau-Tarte letter, the text of which cannot long be delayed.

That the head of the Executive of this Province had been for months plotting with Hon. Mr. Tarte to first secure control of the Quebec Legislature, and later on form a coalition with both at Quebec and Ottawa, does not now admit of any doubt.

On the night of Nov. 17, 1896, Sir Joseph A. Chapleau, Lieut.-Governor of the Province of Quebec, and formerly a Conservative leader, sat down before midnight at Spencerwood and penned an extraordinary political epistle to the arch enemy of the Conservative party, Hon. J. Israel Tarte. The letter was marked, "Private and confidential," and it was not written in the second person, "You" being used instead of "Thee" and "Thou," as is generally the case when intimate friends write and speak in French; and for this reason the letter may be termed a political document.

First an Apology.

Sir Adolphe begins by declaring that he owes Mr. Tarte an apology for not having replied sooner to the Minister's last letter. Then His Honor comes direct to business, and states that Mr. Tarte, being the Conservative element in the Cabinet, is in constant conflict with the Grits of Ontario, and the nationalism of Quebec. "Shoot the Banditti," adds Sir Adolphe, "they deserve nothing else, being only on ticket-of-leave. If they give you trouble, these Castor Rouges, I can assure you that I have had no less difficulty with my Castor Bleus."

ARMY AND NAVY CLOTHING CO.

Winding-up Order Granted by Chancellor Boyd and Mr. E. J. Henderson Appointed Provisional Liquidator.

The hearing of the Army and Navy case came up before Chancellor Boyd yesterday. Proceedings were opened by the reading by G. H. Watson, Q. C., of the affidavit of John Calder, and asking for a winding-up order. The affidavit states that the company was incorporated in May, 1894, with a capital stock of $250,000, $25,000 of which was paid up. The whole indebtedness of the company is said in the affidavit to be $125,000, and the assets were stated by the president of the company to be $75,000, but that $50,000 would be nearer the mark.

Mr. Watson read further statements made by the company's representatives that the company were insolvent the day the winding-up petition was filed and asked that Mr. E. J. Henderson be appointed provisional liquidator.

Mr. W. A. Thompson, on behalf of the company, opposed the motion on the ground that they wished to consult the creditors as to whether they wished an assignment.

The Chancellor granted the application of Mr. Watson and ordered that the stock of the company be disposed of by Mr. Henderson to be provisional liquidator.

Mother Lode of the Klondike.

Seattle, Wash., Jan. 11.—W. J. Jones of Port Townsend, Washington, who arrived from Alaska on the steamer City of Topeka yesterday, brings news of the discovery of what is supposed to be the mother lode and quartz origin of the placers of the Klondike. The discovery was made within four hours at four different points, one of them at the Dome, a high mountain at the source of the Eldorado Creek, by Frank Slavin; the second at No. 31, Eldorado, by A. H. Jose and partner; the third one in Nugget Gulch, at No. 36, and the fourth somewhere in the vicinity of Bonanza Creek. The trend of the vein is northwest by west, westerly from the Dome. It is found about 30 feet below the surface, and under the muck and alluvial deposit. The lode is about 18 inches wide, and makes a uniform width. It is generously sprinkled with free gold. Mr. Jones brings down samples of the ore, and everyone who has seen them says the rock is precisely the same in character as is found in Southeastern Alaska.

To the Land of Gold.

Mr. W. McCraney of Vancouver is in the city, representing the Board of Trade and City Council in the interest of that city as the base of supplies for all the routes to the Klondike and British Columbia gold fields. He has with him copies of a capital handbook, "To the Land of Gold," in which particulars are given of the Vancouver routes to the Yukon and more information as to equipment and other matters. Vancouver's advantages for Yukon travelers are ably set forth.

Scheme to Reach Tide-Water.

Washington, D.C., Jan. 11.—Representative Davidson of Wisconsin introduced a bill to-day to incorporate the Maritime Canal Company of North America, to be subject to the control of the Inter-State Commerce Commission, and to begin operations within five years. The company is authorized to construct and operate a navigable channel, channels or canals, connecting the great American lakes and navigable waters tributary to the Atlantic Ocean, of a depth of 20 feet, and the locks, which are not to exceed 10 in number, between the great lakes and the Atlantic tide-water, are required to be large enough to admit craft 550 feet long, 65 wide and 28 draught.

South Toronto Liberals Organize.

The Liberals of South Toronto met last evening in Temperance Hall to organize for the coming Provincial election. Mr. J. H. McKenzie, President Toronto Reform Association, took the chair, and the following officers were elected: President, W. B. Rogers; vice-presidents, Dr. Aikins, D. Clark, George Dower, Charles March, G. L. Wilson and F. C. Rogers; secretary, Spencer Love; treasurer, ex-Ald. Carlyle.

Young Steves Got Three Years.

Brantford, Jan. 11.—The case of Michael Steves, for raising $1 bills, was brought up at the Police Court to-day. The charge was changed to that of passing the bill, knowing it to be bad. He admitted passing a bill in the East End store, but knew nothing of the North Ward transaction. He was sentenced to three years in the penitentiary.

Consumption

Not One Person in a Thousand Recognizes This Malady in Its Inception.

The great majority never feel alarm until a hacking appears. *Consumption* does a great deal of deadly work by means of a cough. Still there is hope, even when a cough has set in, if prompt measures are taken. These consist in toning up the digestive system, so as to enable the stomach to assimilate special nourishment, such as cream, raw meat extracts, and cod-liver oil. To soothe and heal the inflamed air passages and stop the cough, no remedy surpasses

Shiloh's Consumption Cure...

a medicine which has been on the American market nearly fifty years. SHILOH'S CURE has also tonic properties, it strengthens and firms the weak mucus membranes. Taken in connection with special nourishment, hygienic living, and clothing in pure wool, the sufferer from incipient consumption has every hope for a complete recovery. Every day, every hour is precious; you cannot too soon begin the work of repair. Give SHILOH'S CURE a faithful trial, and if it does not help you, return the bottle and get your money back. You could not have a fairer trial.

Messrs. S. C. Wells & Co., Le Roy, N. Y.:

GENTLEMEN:—To anyone having trouble with their lungs, I would recommend Shiloh; as I believe it cured my wife of what would soon have terminated in consumption.

CROWDED PUBLIC SCHOOLS.

Committee Says More Accommodation Must be Provided—Night Schools for Hebrews Sanctioned.

At a meeting of the Property Committee of the Public School Board yesterday afternoon the question of providing increased accommodation for certain overcrowded schools, was disposed of, so far as that committee is concerned.

Inspector Hughes reported that Givens-street, Morse-street, Clinton-street and Gladstone-avenue Schools, were so crowded at present that many pupils could not gain admittance. It was decided to recommend that the board provide sufficient accommodation.

The special committee appointed to consider the establishment of a night school for the teaching of Hebrews, heard a deputation headed by Louis Gurovsky, who explained the nature of the case. It was decided to recommend the board to open a night class in Elizabeth-street School for the exclusive teaching of Jews.

School Board Amalgamation.

Editor World: In several quarters very bitter attacks have been made on the Collegiate Institutes of Toronto. These attacks scatter broadcast the statements that our Collegiate Institutes are badly governed. The public are led to believe that the Collegiate Institute Board is not maintaining a high standard of efficiency on the one hand, and that expenses, on the other, are far too great.

The rule is that the other side should be heard is a good one. I ask the City Council to suspend judgment on this very important matter. In a short time, and in a proper manner, I propose dealing with the different charges that have been made in the press and elsewhere. In the meantime let me say in advance that our three Collegiate Institutes are in a splendid state of efficiency. The matter of expense can be also explained so as to fully satisfy every the fair-minded ratepayer.

For the present, the true course for the Council is to send good trustees to the Collegiate Board. These representatives of the Council will do what is right. Demands in various quarters for amalgamation of the High and Public School Boards involve many and weighty interests, and must not be rushed through at one leap. This phase of the question I purpose discussing at length.

If amalgamation of the Boards is to be effected, it should be accomplished so as to yield good results. The demand for amalgamation that is advanced in some quarters may lead to serious harm. It is a case with two sides.

If the Council desires amalgamation, and any of the Collegiate Board trustees could not see their way clear to adopt such a view, I am sure they would at once retire from the Board. Before, however, any attempt at coercion takes place, I feel confident the Mayor and aldermen of this city will wish to hear the whole matter fully and fairly discussed.

So far as I am concerned, they shall know my views both for and against amalgamation at a very early date.

John Ferguson,
Chairman School Management Committee, Collegiate Institute Board.

About Canary Food.

It costs no more to feed a canary properly—to keep it in health and song for years—than it does to feed it in the ordinary way. Many years' constant study enabled one man to keep his birds in the best condition year after year, while birds of his neighbors would often die or go out of song in a few months. Each had his ideas of feeding, and a great many birds were killed before it was admitted that this man's food was best. Not only was this eventually admitted, but it was also found that the same food mixed differently would produce different results, and all came at last to buy their food from the one man. The fame of the food spread so rapidly that soon all this man's time was spent making it; help had to be obtained, and hand after hand was added until quite a little factory was established. Such, in short, is the history of Cottam's seed with bird bread. Its success has led many without the slightest knowledge of Birds and their requirements to attempt imitations, but, manufactured under six patents, its peculiar properties are amply protected. It can be obtained from any grocer and every packet is guaranteed equal to the original formula.

The Burglar is Burglaring.

A new house being built for Mr. C. Crowley of the G. T. R. on Huron-street has been robbed of all the moveable fixtures.

William Kerrison told the Police Magistrate yesterday that the reason he surrendered himself as a vagrant the night before was because he had quarreled with his mother and did not want to go home. The Magistrate let him go.

Alex McFadden, who doesn't live anywhere in particular and has twelve previous convictions, was yesterday sent to the Central Prison for six months for stealing scrap iron from Reid & Brown's foundry, Esplanade.

Mary May, the woman who stole Mr. B. Braun's pants at 92 Sherbourne-street, was sent to the Mercer for six months.

Geo. D. Dawson's Old Stock of Wines.

Mr. M. McConnell has removed the balance of the stock of the late Col. Dawson's wines and liquors from King-street west to Nos. 35, 40 and 42 Colborne-street. There still remains a large amount of this celebrated stock of first-class wines, etc., which Mr. McConnell will be glad to dispose of at moderate prices.

Cucumbers and melons are "forbidden fruit" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, griping, etc. These persons are not aware that they can indulge to their heart's content if they have on hand a bottle of Dr. J. D. Kellog's Dysentery Cordial, a medicine that will give immediate relief, and is a sure cure for all summer complaints. ed

Ex-Members Q.O.R.

Mr. Alex Muir requests all ex-members of K Co., Q.O.R., and also of the old Highland Co., No. 10, to attend a meeting at the Richardson House to-morrow evening at 8 o'clock, when matters of importance will be brought before the meeting.

METHODIST MISSION BOARDS.

Sixth Conference Opened at the Methodist Building in New York.

New York, Jan. 11.—The first session of the sixth conference of the Foreign Mission Boards of the United States and Canada was held in the Methodist Building at 2 o'clock this afternoon. The report shows that there are six Foreign Missionary Societies in Canada, whose work includes 89 principal stations, 227 out-stations, 242 Canadian missionaries, 506 native laborers, 112 native churches, 9141 communicants, 1040 additions last year; native contributions last year of $32,339, and contributions in Canada last year of $283,706.

A PLAGUE OF THE NIGHT.

Itching Piles and Other Rectal Troubles Easily Cured by a Safe Method—A Remarkable Number of Cures Made by Trask's Magnetic Ointment.

About one person in every four suffers from some form of rectal disease. The most common and annoying is itching piles. Indicated by warmth, slight moisture and intense, uncontrollable itching in the parts affected.

The usual treatment has been some simple ointment or salve, which sometimes gives temporary relief, but nothing like a permanent cure can be expected from such superficial treatment.

The only permanent cure for itching piles yet discovered is Trask's Magnetic Ointment, not only for itching piles, but for every other form of piles, blind, bleeding or protruding. The first application gives instant relief and the continued use for a short time causes a permanent removal of the tumors or the small parasites which cause the intense itching and discomfort of itching piles.

Many physicians for a long time supposed that the remarkable relief afforded by Trask's Magnetic Ointment was because it was supposed to contain cocaine, opium or similar drugs, but such is not the case. A recent careful analysis of the remedy showed it to be absolutely free from any cocaine, opium or in fact any poisonous, injurious drugs whatever.

For this reason Trask's Magnetic Ointment is probably the only pile cure extensively recommended by physicians, because it is so safe, so prompt in the relief afforded and so far as known the only positive cure for piles except a surgical operation.

If suffering from any form of piles ask your druggist for a 25c or 40c package of Trask's Magnetic Ointment and try it tonight.

Railway Notes.

General Manager Hays and General Superintendent McEulgan of the Grand Trunk, who have been inspecting the western part of their system, passed through the city last night for Montreal.

Hereafter the ticket office at the Union Station was transferred to the room formerly occupied by Canadian Customs Officer Lloyd, in the most easterly part of the Union Station. Workmen are now employed fitting up this room with 100 bag racks. It is the intention of the postoffice authorities to sort a large portion of the mail matter from the east having it conveyed by car to General Postoffice.

Mr. H. G. McMicken, the Canadian agent for the Great Northern Railway, with headquarters at Toronto, has been appointed European agent of the Great Northern at London. Mr. McMicken will sail early next week for England to assume his duties.

Mr. L. Schnekenburger has been appointed bridge foreman on the middle division of the Grand Trunk Railway between London and Sarnia, with headquarters at London, in place of Mr. Lucas, who has been transferred to Stratford.

Barrie School Board Matters.

Barrie, Jan. 11.—The Public School Board of 1897 fired its last shot last night by deciding to sue the Town Council for $1350, which legacy the new board will probably not accept very gratefully. In 1896 Allandale levied $1500 for school purposes, but spent $150 only, the other $1350 having been used subsequently in streets. The principal objection the board takes is that part of this $1350, perhaps $300 of it, which was levied for Public School purposes, has, in being used for town purposes, gone to the benefit of Separate School ratepayers.

The American Tire Co. All O. K.

The petition filed against the American Tire Company was dismissed at Osgoode Hall yesterday. It seems that the petition was filed with reference to the English business, and in no way affects the standing or the business of the company in this country, as all contracts entered into by the company have been, and will be, faithfully carried out.

Urinary Troubles

Mr. M. J. McCauly, the well-known butcher, Market Sq., Stratford, Ont., says: "I have been troubled for some time with pains in my back which were so severe that I could hardly attend to my business. I had to urinate too frequently and the urine was of a very high color. I used many medicines without relief and was getting worse. I procured a box of Doan's Kidney Pills and started taking them. They effected a remarkable change in me. The pains in my back left me, the urine resumed its natural color and I now feel as well as ever I did."

FELL DEAD IN HIS PULPIT.

One of the Originators of the Salvation Army Who Was Known in Toronto.

Harper, Kas., Jan. 11.—Rev. Thomas Moore fell dead from an apoplectic stroke in the midst of his sermon at the Baptist Church. Mr. Moore was one of the five young men who, in 1865, originated the Salvation Army movement in London, and was one of the first to start the crusade in this country. For many years he was closely associated with William Booth, and during his evangelical work he returned to England six times. He was 58 years old, and leaves a widow and four children.

Mr. Moore was an evangelist here in the early eighties, and his name has always been associated with the establishment of the Salvation Army in Toronto. Shortly after the Army started he left it and started a similar organization in the Western States.
