Finance Committee Takes Steps to Counteract Fleming's Movements.

Don't Like the Idea of Hamilton Concerns Moving to Toronto — Minister of Customs Pays a Visit —Police and Other Items of News From the Ambitious City.

Hamilton, Oct. 28.—(Special.)—The action of Assessment Commissioner Fleming in seeking to attract Hamilton manufacturers to Toronto, has had the effect of stirring the Mayor and the Finance Committee to take steps to counteract such a movement, and also to devise a plan to encourage manufacturers to locate in Hamilton, when they are seeking new fields. The citizens are opposed to the system of bonusing, but they are ready to support the city authorities in any scheme by which they can retain factories whose owners have been offered apparently superior inducements to move to other cities. The close method of assessment introduced with Mr. Hall's accession to the office of Commissioner is also a factor in the complaints. The Finance Committee and officials are meeting in private to discuss the situation and arrive at some plan of action.

St. Thomas Club Must Pay.

Judge Monck this morning gave his decision in the action brought by William Stroud, for the Hamilton Baseball Club, against the St. Thomas Ball Club, to recover $99.90, guarantees and gate percentages for two games scheduled, but not played, last September at St. Thomas. His Honor gave judgment for plaintiff for $70 and costs, and a garnishee order for the amount, which is now in the hands of President Cal Davis, who, as treasurer, holds money in reserve.

Hon. W. Paterson Here.

Hon. William Paterson, Minister of Customs, paid Hamilton a visit to-day, and heard a number of business men on customs matters at the Customs House. Several members of Parliament also called on him. Mr. Paterson, who was accompanied by his private secretary, John Bain, left for his Brantford home this evening.

No Money for the Dairyman.

George Watson, dairyman, before Judge Monck to-day, sought to recover $60 for damages, alleged to have been caused to his horse and wagon last July, on King-street east, through his horse being frightened by the electric road sprinkler. The evidence given on behalf of the plaintiff showed no negligence on the part of the motorman, and the action was dismissed.

Police Points.

At the Police Court to-day John Burlinghof failed to establish a charge of fraud against Valentine Byrne, and the case was dismissed.

The charge against Mr. and Mrs. Clark Freeman that they stole a number of books from Dr. Anderson was dropped, as it was shown to be a case of misunderstanding.

Charles Grassett failed to support his charge of aggravated assault, laid against Wellington St. John and Isaiah Kerns, and they were discharged.

Minor Matters.

David H. Mitchell and Miss Susan E. Lance of the Bell Telephone office were married last evening.

The officers of the 4th Field Battery are thinking of holding a rifle match on Thanksgiving Day.

The Hamilton Association will hold its re-opening meeting on Nov. 17.

John Grice, restaurant keeper, slapped William Harris, a porter of the Waldorf Hotel, this morning. Harris got back at Grice with a billiard cue, cutting his head open.

MADLY IN LOVE.

Young Amaranth Farmer Became Desperate—He's Now in Jail.

Orangeville, Oct. 28.—Robert Parkins, a young Amaranth farmer, was in love with Jennie Patterson of the same locality, but was unsuccessful in his wooing, as the girl had another and accepted lover—a street car conductor in Toronto, to whom she was to be married last Wednesday. On Sunday last Parkins went over to the Patterson farm with a loaded Winchester, and a revolver, and kept guard opposite the house all day, threatening to kill the girl and commit suicide. The police were sent for and he is now in the county jail.

A SAD FINDING.

Suicide of a Young Farmer's Wife Near Barrie.

Barrie, Oct. 28.—Mrs. James Sawyer, aged 30, the wife of a young farmer at Midhurst, about three miles north of here, committed suicide early this morning.

Deceased, who had been in delicate health and somewhat melancholy, arose about 3 a.m. Her husband missed her, and failing to find her about the house called her, and after a search found her body in the orchard, a razor lying near at hand on the ground. There was snow on the ground, and her footmarks were the only ones to be seen. She had been married about six years, and had a son 5 years old. Coroner Wells and Dr. Smith have left to make an enquiry

Independent Forestry.

The constitution as amended at the last session of the Supreme Court is rapidly approaching completion. The work done upon it has been very great, owing to the large number of amendments and changes made. It is expected that it will be ready for the members by Nov. 15. Court Brock held its regular convocation on Tuesday evening in the Temple building, when G. A. Harper, A.S.C.R., and E. J. Hearn, P. H.C., explained to the members the changes in the constitution, and their effects. The members of the court expressed themselves with satisfaction as to the changes and the increase of rates, which they believed would add stability to the order. Temple Encampment of Royal Foresters and their drum corps of Toronto are making preparations for a grand entertainment. The organization of new courts still goes on.

A Magic Pill.—Dyspepsia is a foe with which men are constantly grappling but cannot exterminate. Subdued, and to all appearances vanquished in one, it makes its appearance in another direction. In many the digestive apparatus is as delicate as the mechanism of a watch or scientific instrument in which even a breath of air will make a variation. With such persons disorders of the stomach ensue from the most trivial causes and cause much suffering. To these Parmelee's Vegetable Pills are recommended as mild and sure. ed

ADVICE ABOUT ADVICE

When your dentist tells you that you must wear a plate to replace a few missing teeth look carefully into his fitness to advise. If crown and bridge work may be properly applied it is vitally important to your greater comfort and good health to know it. It is difficult work, especially requiring long practice, and many dentists unquestionably advise against it from their own inability to do the work well.

We shall be glad to talk to you about the advantages of this method, and can advise you—knowingly—from years of special experience.

Tuesday's Grand Concert.

The program arranged for Tuesday's grand concert is especially attractive and is one that will delight all those who will be fortunate enough to hear the three great stars. A large audience is assured, but there are yet some good seats to be had. The price of the best seats for this concert does not exceed $1, while for 75 cents or 50 cents good places may be had. The admission price will also be 50 cents, which is indeed low for such a combination of great artists as Trebelli, Campanari and Musin will undoubtedly form.

EXITS AND ENTRANCES

An English Circus Play.

James H. Wallick's English circus play, "When London Sleeps," opens a week's engagement on Monday evening at the Toronto Opera House, with "bargain matinees" as usual on Tuesday, Thursday and Saturday. Mr. Darrell, the author, has gone this time to the circus ring for his principal characters, and it is admitted

that he has drawn them with considerable skill and given on the whole a striking picture. Most people hold in strong affection the merry din and innocent fun of the sawdust strewed ring—it is treasured among their earliest pleasures—and hence a peep behind the curtains into one of the tragedies of human life, in which the heroes of our childhood play a leading part, appeals with irresistible force, alike to our curiosity and sympathy.

Dreyfus Case in Melodrama.

It was inevitable for a story with the many sensational elements possessed by the famous Dreyfus case in France to ultimately get on the stage, so that the announcement of the presentation at the Grand Opera House next week of "Devil's Island," a new melodrama, based upon that affair, is quite in a line with expectation. The plot, as might be expected, does not depend altogether upon the absolute facts of the case, but while these are the foundation of the whole piece, there is a superstructure of intrigue, character and incident added, in where the playwright has drawn liberally on his inventive powers in order to justify the rescue of the hero from his iron cage, the sinking of a coral reef island, the steam yacht on its voyage of mercy, and other episodes. The production promises a scenic environment of particular beauty. The cast will include the well-known emotional actresses, Emily Rigl and Vera de Noie, William Harcourt, Ralph Delmore, Tony West, Dorothy Rossmore, Adelyn Wesley, Ernest Tarelton, Emile La Croix, Warren Conlan and many other prominent players.

Peaceful Valley at the Princess.

"Peaceful Valley," one of the real gems of the stage, has been secured by the Cummings Stock Company and will be presented at the Princess Theatre next week in truly elaborate style. It is the intention to have this play in every particular take on the same character as that found in Mr. Russell's own production, and to accomplish this end, the stage settings are to receive special attention. A complete cyclorama scene of "Peaceful Valley" has just been completed by Mr. Fett, the scenic artist, and will be found one of the prettiest scenes yet exhibited at this house. It is said that the company will appear to splendid advantage in this strong play, with Mr. Ralph Stuart as Hosea Howe, and it is promised that his performance will be a surprise to the patrons of this theatre. Mr. Stuart adopts ably the quaint, subtle humor, as well as all the romance of the character. Mr. Robert Cummings appears as Andrews, Miss Florence Stone as Virgie, with the balance of the cast in good hands. "Peaceful Valley" is highly popular here. It is a play of that human heart interest, which every one enjoys, and it should prove a drawing card. The advance sale is reported large.

Minstrels' Final Performances.

The final performances of Haverley's Minstrels at the Grand Opera House will be given this afternoon and evening, at 2.15 and 8.15. The unanimous verdict of those who have seen the entertainment is that it is the best minstrel show seen in Toronto in years.

Billy Rice Still on Deck.

It's many a day since we first heard Billy Rice, but last night we heard him again, with all the interest and all the shaking sides of our younger days, when he first rose as a star in the minstrel firmament. He was still Billy Rice, and that was enough for us. As for the other members of the Haverly minstrels, all we can say is, every one is an artist, the whole show is immensely funny, clean, bright, and goes through from start to finish at a rattling gallop. The company appear this afternoon and evening at the Grand, and the show is well worthy of the first-class patronage it has, of ladies as well as of gentlemen.

Nervous Prostration

Sick Headache and Dizziness—All Cured.

Little Girl Has Crown Plump and Rosy Since Taking Hood's.

Nervous mothers and sickly children endure a vast proportion of the suffering which is caused by impure and impoverished blood. Hood's Sarsaparilla gives relief by purifying and enriching the blood. Read this statement:

"I was bothered with sick headaches and dizziness. I also had nervous prostration and weakness in my stomach, which made me feel very ill indeed. I decided to try Hood's Sarsaparilla, which was highly recommended by many, and by the time I had taken four bottles I was in perfect health. About a year ago my little girl, then six years old, had bronchitis and chicken pox. We were told that her

Only Chance for Life

was the careful treatment she might receive at the hospital. We took her there and for eight days they had no hope of her recovery, but later she had a change for the better. Her sickness, however, left her very delicate and weak, and she did not grow any for a year. It was then I thought I would try Hood's Sarsaparilla, inasmuch as I had used it for myself and found it such a good medicine for building up a constitution. She had not taken two bottles before she had improved wonderfully. She has grown rosy and plump and is quite herself again. I have great faith in Hood's." MRS. M. HICKERSON, 938 Bloor Street, West, Toronto, Ontario.

A-Hunting We Will Go.

A Toronto party containing some of the keenest deer hunters in the country leaves for Parry Sound this morning. It includes Jim Mannell of the Tremont House, County Councillor Fisher, Dr. Howe, H. Godson, Alex. Anderson and J. B. Paine. Judging from the fact that the spot towards which the party is bound is named "Seldom Seen Camp," there is a jolly time in store for the six, even if they don't hit any deer.

The Demon Dyspepsia.—In olden time it was a popular belief that demons moved invisibly through the abient air, seeking to enter into men and trouble them. At the present day the demon, dyspepsia, is at large in the same way, seeking habitation in those who by careless or unwise living invite him. And once he enters a man it is difficult to dislodge him. He that finds himself so possessed should know that a valiant friend to do battle for him with the unseen foe is Parmelee's Vegetable Pills, which are ever ready for the trial. ed
