Amalgar ation of the Cobalt Mines.

(Thomas Nevin & Son.)

A merger of several of the largest properties in the Cobalt district of Canada is being planned by the owners of the La Rose mine, one of the richest of the Camadhan silver mines. It is proposed to combine into one corporation the La Rose, the University, the Princess, the Lawson, the Fisher Epplitt, and a number of smaller properties. Efforts were made to induce the Cobalt Central, which, with the exception of Nipissing, has the largest acreage in the camp, to join the combination but the management refused to consider the propogition. It was stated that Cobalt Central will remain independent and will develop its property along lines as originally laid out. PLUUN MARKET.
