sympathy prevails in consequence of the large stock of goods and scarcity of money, and lower prices for some articles have been accepted. It is thought, however, that prices will improve during the winter. American Flour has sold at lower figures; Lumber continues abundant, and scarcely averages the price of freight; pork declining; boots and shoes do; brick, steady; mackerel in fair demand; coal active.

DETROIT, Oct. 5th.

On Thursday at 12 o'clock, a party took tea at the Kalamazoo Exchange, and yesterday during the day eight of them died. They are supposed to have been poisoned, although others at the same table were not affected. Here are the names of those deceased, with their occupations:

E. Kessel, (miller) C. Mott, (shoemaker) J. Gallaugh, (doy) Bickworth (doy) Lattland (greater Crane, (a station agent of the railroad) and Emerson and his daughter, who were strangers. The Coroner's Jury is now in session.

The Charlotte Gazette states that the whole of the Stock in the St. Andrews and Quebec Railroad Company, reserved for English Stockholders, has been taken up, and that a shipment of a locomotive and as much railroad iron as will complete five miles of the road, is to be made on the 20th instant. This is gratifying intelligence.
