Surround Your Lawn, Garden and Yards With

PEERLESS Lawn Fencing

ORNAMENTAL fencing serves a double purpose. It not only enhances the beauty of your premises, but also protects it and your children and property—as well. It keeps out marauding animals and trespassers. It protects your lawns and flowers and always gives your home grounds that orderly, pleasing appearance.

Peerless Ornamental Fencing

is the result of years of fence building. It is built to last — to retain its beauty and grace for years to come and should not be confused with the cheap, shoddy fencing offered. Peerless fence is built of strong, stiff wire which will not sag and the heavy galvanizing plus the heavy zinc enamel is the best possible assurance against rust.

Send for Catalog

Shows many beautiful designs of fencing suitable for lawns, parks, cemeteries, etc. Agencies almost everywhere. Active agents wanted in unassigned territory.
