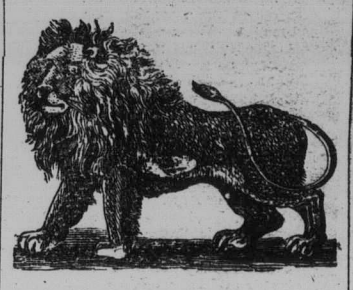
The Lion Store



Millinery Opening on Wednesday, April 6th,

and Three following Days.

When we will show one of the largest and most attractive stocks in this line we ever had. We have secured the services of Miss Smith, who has been with us for the past two seasons, who will be pleased to see her many friends and as many more as can make it convenient to call. A cordial invitation is extended to all to call and inspect our stock whether you buy or not. You can depend on seeing the latest styles in everything with us. In addition to the millinery display we will make an exhibit of dress goods, prints and sateens for the same days.

Lace curtains, we are making a specialty. Full and complete stock in everything. Hats and Caps, Boots and Shoes, Groceries, Crockery and Glassware. No trouble to show goods. Its our business and we make it our pleasure. Come and see for yourselves at the

Local Affairs.

Field and Garden Seeds—all kinds, At the Gorrie Drug Store.

Mrs. Wm. (miller) Dane has been a severe sufferer of late with quinsy, and her friends will be pleased to learn that she is now recovering.

If the talk on our streets amounts to anything the Gorrie mill-pond will be shortly well supplied with pleasure boats. Several are talking of building.

Mr. W. J. Perkins was visiting at Goderich over Sunday last. Mrs. Perkins who went a few weeks ago, was taken ill while there but is now much better.

Rev. Mr. Wright will deliver an address to men and boys only, in the town hall in Gorrie, on Wednesday evening next, commencing at 8 o'clock. No admission fee.

Services will be held in the English churches at Fordwich, Gorrie and Wroxeter, to-morrow (Good Friday) at the usual hours for the Sabbath services in these churches.

As will be noticed by advertisement, Dr. Sinclair, the specialist, will be at the Albion hotel to-morrow, (Good Friday) where he can be consulted by those requiring the aid of a specialist.

Miss O'Connor, who has been absent at Brussels the past two weeks attending at the bedside of her father, who has been dangerously ill, returned to her duties as music teacher in Gorrie this week, her father being now convalescent.

The tenders for the erection of the new Methodist Church were opened on Monday but the committee have not yet made a selection. We understand some of the tenders were not complete and were referred back for explanation. Meanwhile all the figures are kept quite secret and no information can be gleaned from the committee.

Mr. Putland who has managed the Albion hotel in this village for the past year or so has given up the hotel business and removed his family to Brussels. He has not decided what he intends to do in the future, but it is likely he will pay a visit to the Northwest at an early date. He made many friends during his stay here. Mr. Wm. Dane, proprietor of the hotel, has taken the management of the business upon himself for the present.

Sewing machine needles of all kinds at the Gorrie Drug Store.

Mrs. Baird, 10th con, who has been quite ill lately, is now much improved in health.

Mr. J. R. Williams is building an addition at the rear of his furniture warerooms which will be used as a driving house for the magnificent new hearse which he recently purchased.

The Busy Gleaners' social occurs in the hall at the rear of the Methodist church next Monday evening. Bill of fare: toast, eggs and coffee. Admission 10 c. Good program. Don't fail to attend.

The present Methodist Church building is now offered for sale as it stands. Several offers have been received but none, so far, are satisfactory to Mr. Williams, who has charge of the sale of the structure.

Among the first to get land prepared and seeded in Howick this spring was Mr. John Cooper on the 2nd con., about three miles south of this village, who had sown about seven acres of wheat and oats up to Friday last.

Mr. Bricker, of Waterloo County, who lately bought the McLaughlin farm, on the 7th con., is this week moving onto his property. He was inconvenienced somewhat, early in the week, by the non-arrival of his car of goods.

Mr. Jas. McLaughlin sowed about three acres of oats in one of his lots in Gorrie on Friday last. A cold spell followed on Saturday and Sunday, accompanied by snow, but was not serious enough to injure the sown grain.

Mr. W. S. Bean has the material on the ground for veneering Taman's tailorshop, on Main Street, The contractors have finished the excavation for a cellar at the rear. When finished the building will present an imposing appearance.

Good Friday will, we understand, be generally observed as a holiday in Gorrie. Messrs. Bean, McLaughlin & Co. and Perkins, general merchants, and several other business men have informed us of their intention to close their place for the day. Services are to be held in the English church at 2.30 p. m.

Mr. Wm. Doig has received his fine trotting mare Jennie Everett, out of Bluebull, 2.15, and a Messenger mare, The animal came from Montreal on Monday in charge of our well-known local horseman, Mr. Robt. Edgar. Jennie Everett is a chestnut weighing about 1100, has a silky coat of hair, and is a well formed and beautifully proportioned animal and has been very much admired by lovers of horseflesh since her arrival. She has made very fast time on the track but has never yet received an official record. Mr. Doig paid a handsome price for this superb beast and is justly proud of her. She will be exercised on one of the tracks in the neighboring towns, Gorrie, unfortunately having made no provision to encourage the keeping of this class of horseflesh here.

Much anxiety was occasioned in Gorrie this week when the fact was announced that two of Mr. Geo. Horton's children were afflicted with diphtheria. The elder one of the two little ones, had been slightly ailing since Friday evening last when on becoming worse on Tuesday Dr. Tuck was called in and pronounced the case to be diphtheria and the child is still very low. He also found a younger child, which had only complained a few hours previously, to be attacked by the same disease, but with the prompt application of remedies, the younger child is not seriously ill. Measures were at once taken to prevent the spread of the disease in the neighborhood, and no other cases are reported so far. The trustees of the school, after consulting Dr. Tuck, decided not to close the school although there is considerably diminution in the attendance. Mr. Horton at once separated himself from his business leaving it in charge of other hands so that there could be no possibility of contagion in this direction, the shop and residence being several blocks apart. The sympathy of the public goes out to Mr. Horton and it is earnestly hoped his bright and interesting children will be spared to him.

Field and garden seeds of every variety at Gorrie Drug Store.

Messrs. Wiggins & Walker purchased the old Methodist Church and will use it in the construction of their livery barn.

John Green, sr., of Turnberry, near Wroxeter, started for Neepawa, Man., on Tuesday. He has several children there with whom he intends to visit for a time. If the climate and business suits him he will make his permanent home there. The best wishes of his hosts of friends in this section go with him.

East Luther has abolished the statute labor and substituted a money tax at the rate of 60 cents per. day. Other townships will look on this venture with deep interest and many are confident that the statute labor system will soon be a thing of the past in Ontario. If East Luther with the famous swamp traversing one side of it from north to south, can get along with 60 per day, Howick ought to substited 40 cents per day with profitable results.

Gorrie School Report for March.

The following is the report of the senior department of the Gorrie Public School for the month of March. The names are given in order of merit, beginning with that of the best scholars in each class.

FIFTH FORM.—Maggie King, Jessie McLaughlin, Alice Wright, Etta Torrance, Edith Perkins.

SENIOR FOURTH.—Alvina Heibine, Mabel Aylesworth, Eva McGrath, Lizzie Greer, Willie Dane, Joseph Wright, Evelyn Evans, Alfred Osborne, Robert Greer, Frank McLaughlin, George Dane.

JUNIOR FOURTH.—Edgar Blow, Chester McLaughlin, Lizzie Mitchell, A. Crawford, H. Toung, Ida Green.

SENIOR THIRD.

The first four having made the number of marks required to pass have been promoted to the Junior Fourth class. To secure promotion candidates had to obtain not less than 30 per. cent. on each subject and an average of 50 per. cent. on the whole.

William Mitchell, Orville Hainstock, May Putland and Charles Williams members of the class, did not write on the examination.

JUNIOR THIRD.—Mabel Horton, Mabel Campbell, Bert King, Flossy Blow, A. Bowyer, Minnie Williams, A. Doan, Edna Bean, Lizzie Wiggins, B. Hainstock, May James, W. Barber, M. Ellis, Jas. Hummason, Ira Hummason.

Orange Hill.

[Intended for last week.]

Our trustworthy townsman, John Hoffman, began his duties with Mr. Jno. Spotton on April 1st. John's testimonials are no doubt good and he will do his best to please in neatness and despatch of work.

Mr. Alexander Montgomery, jr., is busy making syrup, and judging from the time he started he must have all demands supplied.

Our prayer meeting is better attended now. The patrons come out better and the leader who has a great deal of the grace of God in his heart which shows itself in humility will redouble his diligence and strive to convert the patrons.

Huntingfield.

Mr. George Nichol, of the 2nd con. of Carrick, starts out this week framing, at Poterfield's. He is going down near Harriston. We hope he will be successful, as he is going among strangers.

The most of the farmers had started to plough but were prevented on Friday by the unexpected snow storm. We hope soon to be at the ploughing again.

Mr. Paul Doig, who has been very sick for this last week, we are pleased to see, is much better.

Mr. John Doig is suffering with a sore shoulder. We hope it will be all right soon.

Wroxeter.

It is understood that Mr. L. Campbell is shortly to take possession of the Central hotel here. The petition for a license for this house has been quite largely signed.

Wall Paper, Wall Paper, Wall Paper. A fine new stock of the above just been opened out at Fox's Drug Store. Call and see them.

The revival meetings in the Methodist church here are still drawing large congregations, every night. It is expected the meetings will close about the middle of this week. A good work has been done and about thirty have expressed their conversion.

On Wednesday morning of last week, little Olive, daughter of Mr. Alex. McMaster, breathed her last after an illness of about three weeks. The little one never fully recovered from the effects of the poisonous matter she accidently took about a year ago. Her funeral occurred on Friday afternoon at 2 o'clock and was largely attended.

Mrs. Wm. Sandbury left with her family, on Tuesday of last week for Portage la Prairie, Man., where she intends to reside.

The millinery opening at J. W. Sanderson's is very attractive and is being much admired by the ladies. The young lady in charge shows herself to be a skilled artist, and the patrons of this establishment can rest assured of being served with the very dainties novelties in millinery.

On Monday afternoon the fire alarm was sounded. The cause was a burning chimney in Mr. Thos. Gibson's fine new residence near the sawmill. The house was filled with smoke for a time but the fire was soon put out before any material loss was sustained.

An effort is being made here to organize a lodge of Sons of Scotland in this village. It is an insurance society.

Reports come in of plowing and even seeding done, but farmers can scarcely be said to be more than fairly entered upon the spring work.

Mr. Wm. Sanderson returned on Saturday after a short visit, extending over three weeks, in Manitoba. He is looking well and enjoyed a pleasant though short trip.

Mr. Lawrence Henry, who has been absent in Manitoba the past six months, most of which time he has been buying grain at Portage la Prairie, returned to his home in this village last Saturday. His many friends here are pleased to see him again. He claimed to have gained 35 pounds in weight while in the Northwest.

Full line of Wall Paper, with borders to match, at Fox's Drug Store.

The Masonic lodge-room in this village has been much beautified by the addition of over $200 worth of lodge furniture, consisting of officers' chairs, altar, sofas, and opera chairs. Forest Lodge brethren now have as magnificent a room as any in this section of the Province.

Fordwich.

Some have thought the petition against a second hotel license, of which mention was made last week, was circulated with a view of favouring the old stand against the new. There is no such intention. The promoters of the petition are not in favor of any liquor license, and are of the opinion that if a good boarding house were in existence, with accommodation for horses, and the travelling public, without any intoxicating drinks of any kind being kept, such a house would pay. There are quite a number of persons needing places to board, that would rather hire their board at a public than a private house; provided clean, comfortable houses were at hand. One difficulty in small rising villages is that the public houses are supplimented with privileged corners, and it is thought without it they could not live; but as soon as there is enough business to support one on the actual public need, another is built, and a second privileged corner asked for, and as it is easier to make money in that corner, little or no attention is paid to the rest of the house; the legitimate use and comfort of a public house is lost sight of; its legitimate business drifts into other places as a sheer necessitiy, and the need of public houses is made a source of evil instead of good.
