Business Embarrassments.

These business embarrassments are reported to-day: J P Loughrin, general dealer, Algoma Mills, assigned to E Seybold, Ottawa; Hillman & Co., hardware dealers, Bracebridge, assigned to J B Laing, Toronto; Shortell & Ross, grocers and general dealers, Brampton, assigned to John Remnie, Toronto; J T White, general dealer, Elora, assigned; Totten, Henderson & Co., general dealers, Gore Bay, assigned to Gibbon, Leveratt & Co., Toronto; Wm Robinson, butcher, Hamilton, assigned; Alex Hay, shoemaker, Markdale, assigned to D McLean, Toronto; F C Robinson, nurseryman, Owen Sound, assigned; J N Hooper, general dealer, Shulbourne, assigned; W H Krehling, merchant tailor, Stratford, assigned; Geo H Clark, painter, Toronto, calling his creditors; Chas McClelland, builder, offering to compromise Lewis Walker, commission merchant, Toronto, assigned to R C Allen, Toronto.

Dry Goods.

Trade, in consequence of the mild weather, has been slack, but it will no doubt improve when the fall frosts set in. Stocks are considerably heavier than at this time last year, but with this advantage: prices have been advancing for the last four months, and goods now held are good property. In some lines of woollens and worsteds the advance has been fully 15 per cent. Travelers are now on the road with spring samples of Canadian tweeds and some imported goods, but very few orders have been reported yet. Canadian woolen mills running on medium and fine goods are fully employed. There is no overstocking, and this being the case prospects are bright. Payments have improved very much since the 5th of the month. There is no disposition to grumble at the way money is coming in as there has been during the last two months.

Groceries.

The general grocery trade has been fairly active during the week, with no marked attention paid to any special line except low grade Japan teas. This article is getting scarcer and is in active demand. Granulated sugar has been dull, quoted at 8½c for under 10 barrel lots and 8½c for 15 barrels and over. Yellows are firm at 5 3-8 to 6c. Brights stand at 6½c to 7c. Canned goods are in steady demand with a rising tendency. This being the 15th of the month quotations were advanced 2½c a dozen all round. Coffees are quiet and steady. Valencia raisins are firmer, with sellers asking ½c to ¾c more. Currants are in good demand. Fostizzas are firm, the supply in bulk Fostizzas and London being very light. Holders of Sultana raisins are also asking higher prices. Payments are steady.

Leather.

Trade in leather has been very good for the last two weeks. Though no advance in prices has been scored there is a good volume of business doing and less disposition on the part of buyers to haggle over prices. During the past week there has been a good demand both for local and eastern account, enquiry being directed especially to sole leather.

Quotations: No. 1 Spanish 24c to 26c; No. 1 rejected 22c to 24c; No. 2 rejected 18c to 22c; No. 1 heavy slaughter 21c to 23c; No. 1 medium slaughter 22c to 24c; No. 1 light slaughter 21c to 23c; No. 2 slaughter 18c to 20c; No. 1 heavy harness 22c to 29c; No. 1 medium harness 24c to 26c; No. 1 light harness 21c to 24c; No. 2 heavy harness 19c to 21c; upper 28c to 35c; grained upper 29c to 32c. Buyers of large lots get a liberal discount from these prices.

Hides, Skins and Wool.

Hides are dull. Stocks in hand are heavy and buyers are offering lower prices. One house received an offer from Quebec to-day offering 4½c and 5½c for buff and pebble selections, No. 1 and 2 respectively. Such an offer, the house says, cannot be taken. For No. 1 green 4½c is paid and for No. 1 cured 5½c is asked. Wool is decidedly firm. Stocks in hand are well managed and dealers are asking an advance of ½c over last week's prices. Super is quoted at 25c and extra at 30c. These prices are about 15 per cent. higher than they were last year and are warranted by the state of trade and prices in manufactured goods.

Live Stock.

Receipts at the Western cattle yards to-day were 25 loads, including 200 sheep and lambs and 600 hogs. With the exception of small stock, which was in less demand and weaker, the market was firm and active, and offerings taken readily. Butchers' cattle sold well but were not plentiful. Prices were firmly maintained at last week's advance; and increased advances are probable. Drovers report difficulty in getting good stock in the country. The trade in export cattle is about over for this year. Shippers, however, are buying a few to fill contracted space on outgoing boats. In stockers' trade is dull. The distilleries have practically ceased buying. Aberdeen has also about closed its trade for the season. Lambs were more plentiful and lower, the demand having fallen off. Export sheep did not receive any enquiry and butchers' sheep are merely nominal. Calves were firm and selling well. The hay market runs rather weak under large supplies. Prices remained at last week's figures. Prices: Butchers' cattle, picked lots 3 3-4c; good 3½c, medium 3c to 3¼c, inferior 2½c. export cattle 4½c, stockers 2½c to 3½c, lambs $3.50 to $4.50 a head, butchers' sheep $3 to $5.50 a head, calves $4 to $5 a head; hogs, fat, $4.25 to $4.30, half-fats and stores unchanged.

There is no more fruitful source of disease than vitiated blood. It involves every organ and function of the body, and if not immediately corrected by the use of Ayer's Sarsaparilla sooner or later leads to fatal results. Be warned in time.

CATARRH
HAY FEVER
CATARRHAL DEAFNESS
A NEW TREATMENT.
Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result of this discovery is that a simple remedy has been discovered which permanently cures the most aggravated cases of these distressing diseases by a few simple applications made (two weeks apart) by the patient at home. A pamphlet explaining this new treatment is sent free by A. H. DIXON & SON, 337 and 339 West King Street, Toronto, Canada.

Dear Sir,—I am repeatedly asked, orally and by letter, as to your treatment of catarrh (owing to my wife having been cured by you two years ago) and as to the permanency of the cure. To all such enquirers I feel pleased to say that you cured me of the most stubborn case of catarrh after I had been treated by several physicians of note without any beneficial results. I am entirely well and have been so ever since, and I cannot do less than tender you my gratitude for what you have so completed in my case and hope you will be the means of benefitting others. AT SAULT STE. MARIE, ONTARIO.
An entire sub-division of Choice lots will be sold by Auction, without reserve, on
Thursday and Friday, Nov. 21 & 22,
At our Auction Room 8 Adelaide-st. East.
The property is excellently located in the West End of the town of Sault Ste. Marie, and is very near to all the large Government Works.
The title of the property is perfect. Terms of sale will be one-half cash.
Sault Ste. Marie is so situated as to command the trade of the rapidly growing west. It is midway between the east and the west and may be styled the Hub of the Lakes. It will be the great wholesale point and manufacturing centre, as it has the largest and best water-power in the world.
The owner of this valuable property is Mr. J. D. Ripley of N.Y. City, who has been induced to place a portion of his property at the "Soo" on the market without reserve. Mr. Ripley will be represented at the sale by Mr. R. E. Watson, his attorney, who will furnish all information desired concerning the town and also respecting the property offered.
The Soo is already a railway point of very considerable importance and will soon be the greatest Railroad Centre in Canada.
The Dominion Government is now expending millions of dollars on public works at this point, the contract having been awarded to Messrs. Ryan & Hanney of Toronto, who are now employing a large force and are pushing the work as rapidly as possible.
