THINGS WORTH KNOWING TO THOSE INTERESTED IN THE DRINK CURE

One year ago we opened a Neal Institute treating the drink habit at 40 Crown street, St. John (N. B.), to demonstrate to the public that we had a treatment that would cure all desire and craving for alcohol in three days time. Some few call it a "fake" while others tried it with the remarkable result we cured several score of men and women. St. John was only one of our sixty branches that we have established throughout Canada, U. S. A., and foreign countries. After running it at a big expense for one year we closed our eastern branch as well as several other places where there was a danger of it becoming known that certain prominent people had taken the drink treatment. For the self-same reason we established a large central hospital at the Capital City Ottawa some two years ago, where we have every convenience, thoroughly trained male nurses and graduate female nurses for women. Our twenty-two private rooms with electric lass, bath and every modern convenience guarantees to the outside patient comfort and secrecy while taking treatment. While the ride may seem rather long when starting, it is well for the public to know that it is not necessary for the patient to arrive here perfectly sober inasmuch as we never cut a patient straight off from liquor. Another feature that adds to taking treatment away from home is the fact that a good long ride after completing the Neal treatment acts as a tonic, the fresh air, change of scenery and the knowledge that when one returns nobody will be a bit the wiser. Remember our fee or charge is $125 out of which we allow you transportation both ways with the understanding that we guarantee to return all money paid if the patient is not perfectly satisfied that all craving and desire for liquor has been destroyed when leaving the institute. If you have a loved one at home who is near and dear to you speak kindly to him and try and persuade him to take the Neal treatment.

P. S.—There is no charge should the patient wish to stay with us a few days longer after completing treatment to make sure he is perfectly cured.
