The Hay crop your Committee would observe, was nearly, as over the whole Island, a total failure, the consequence of which, we are sorry to say, was the loss of a great many cattle. Here again we have to thank the Almighty for the blessing of our great turnip crop.

The sale of Grass Seeds have, again, greatly increased over the preceding year.

Stock of every description brought forward at our cattle show, excelled in quality and number any show the branch has yet held.

In conclusion, your Committee congratulate the Society on the flourishing state of funds as has been shewn in Bal. Sheet.

Thus—Balance in favour of Branch,

We seldom recommend a manufactured medicine, believing that, in most cases, nature herself perfects a cure more rapidly and effectually than can be accomplished by the vegetables and minerals of medical science. But in the matter of dyspepsia, there are chronic features about it, which very often defy all the efforts of nature to create a healthy action of the digestive organs, and it not unfrequently happens that thousands suffer for years, diseased both in body and in mind, from indigestion and its kindred ills. To such, Hoofland's German Bitters prepared by Dr. C. M. Jackson, is truly a most valuable preparation. It is a tonic medicine, giving a healthy action to the stomach, and will be found highly serviceable at all seasons, but especially during the spring. Dyspepsia can only be cured by a patient perseverance in one course of treatment; and to all those suffering under this sad malady we would recommend an application to the depot of Hoofland's German Bitters, 120 Arch street, Philadelphia.—*Philadelphia Inquirer.*

SEVERAL malicious Reports having been circulated, derogatory to the character of Mr. JOHN CAMPBELL, lately returned from Australia, he has requested us to publish the following testimonials, which we think will entirely rebut any assertions which have been made against him.

This is to certify that Mr. JOHN CAMPBELL, was engaged with us in the Gold diggings, at Ballarat, Victoria—that during that period he used every effort to further our interests—that his conduct was perfectly upright and honest, and that he did not leave the Gold Fields until all the accounts of the party were satisfactorily settled.

Valuable Property for Sale.

TO BE SOLD, by Private Contract, a valuable FREEHOLD PROPERTY, on which the owner, the REV. C. LLOYD, now resides. It is situated eight miles from Charlottetown, on the Princetown Road, at Milton; and comprises 273 acres, of which one hundred are in high cultivation, and about 50 more in new pasturage, nearly ready for the plough; the rest is in green wood. There is an excellent Residence ready for immediate occupation of a gentleman's family. It is as good as new, favorably placed as regards the Farm, with a fine prospect, and combining the usual requisites for comfort with convenience. The Farm Buildings are sufficient for all purposes, on a well conducted system of Agriculture, and contain an effective Threshing Machine. The Land is chiefly fenced with Posts and Rails, and is so well circumstanced with water, as to admit of it being all used in Pasture, if desired, although the most of it is high lying ground.

To a practical Agriculturist, the above Property would now furnish the means of obtaining a livelihood, as considerable sums have been expended to make it productive, while to others, should Property in the neighbourhood of Charlottetown, increase in value, it would prove a profitable investment of money. LIVER COMPLAINT,

DYSPEPSIA, JAUNDICE, CHRONIC OR NERVOUS DEBILITY, DISEASE OF THE KIDNEYS, AND ALL DISEASES ARISING FROM A DISORDERED LIVER OR STOMACH;

Such as Constipation, inward Piles, Fulness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a lying posture, Dimness of Vision, Dots or Webs before the sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin & Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of evil, and Great Depression of pirits, can be effectually cured by

DR. HOOFLAND'S CELEBRATED GERMAN BITTERS,

Prepared by DR. C. M. JACKSON, *No. 120 Arch street, Philadelphia.*

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant.

Read and be Convinced.

The "Philadelphia Saturday Gazette," says of Dr. Hoofland's German Bitters.

"It is seldom that we recommend what are termed Patent Medicines, to the confidence and patronage of our readers; and therefore when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the faculty itself."

"Scott's Weekly," said, Aug. 25—

"Dr. Hoofland's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty as an article of much efficacy in cases of female weakness. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the salutary effect they have upon a weak system."

MORE EVIDENCE.

J. G. Moore, Esq., of the Daily News said, October 31st:—

"DR. HOOFLAND'S GERMAN BITTERS.—We are trying this renowned medicine for a stubborn disease of the bowels, and can with truth testify to its efficacy. We have taken the contents of two bottles, and we have derived more benefit from the experiment than we derived previously from years of allopathic treatment at the hands of our first physicians."

Hon. C. D. Hineline, Mayor of the City of Camden, N. J., says:

"HOOFLAND'S GERMAN BITTERS.—We have seen many flattering notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organ, and the powerful influence it exerts upon nervous prostration, is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver and nervous system, the great majority of real and imaginary diseases emanate. Have them in a healthy condition and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce evidences of the same merit."

For sale wholesale and retail at

THE GERMAN MEDICINE STORE,

No. 120 Arch street, next door below Sixth. Philadelphia, and by respectable dealers generally throughout the country.

In this mammon-worshipping Age, it is rare to find a man place his usefulness to the public, before his interest. During a late visit to the "City of Spindles," we were presented by a professional friend, to the celebrated Chemist, DR. J. C. AYER, whose name is now perhaps, more familiar than any other, at the bedside of sickness, in this country. Knowing the unprecedent popularity of his medicines, and the immense sale of them, we had expected to find him a millionare, and rolling in wealth. But no, we found him in his laboratory, busy with his laborers, among his crucibles, alembics, and retorts—giving his then personal care to the compounds, on the virtues of which, thousands hang for health. We learned, that notwithstanding his vast business, and its prompt returns in cash, the Doctor is not rich. The reason assigned is, that the material is costly, and he persists in making his preparations so expensively, that the nett profit is small.—*American Farmer, Phil.*
