FREE PLANTING DAY.—Thursday of last week was generally observed as a holiday in town, and numbers of our citizens devoted their time to improving their premises by planting trees in and about them. The conversion of the Agricultural grounds into a public park also engaged considerable attention, and as a result a large number of young maples, elms, birches and other shade trees are placed therein. With proper care of the trees planted, and with additions from year to year, the town will in time have a creditable park.

THE new spring style in bonnets is just too sweet for anything. It is made out of some kind of stuff sort of delicate in texture and of a rather lightish color, kind of cut away on the sides and rolled back on the top and scooped out underneath, and trimmed with some sort of ribbon stuff that looks nice add some kind of other sort, of material that is handsome, and it is all fixed on in that kind o a way which looks so much like something that we can't remember and the whole effect is very exquisite, reminding us of the most beautiful something or other whose name we can't just at present call to mind.

Bread is accounted the "staff of life," and good bread has much to do with man's enjoyment of life. If you would live happy and healthful, patronize H. D Murray's Bakery, where the very best white bread, Boston brown bread, Rye bread, and the celebrated Vienna bread can be had at all times.

A MARKED change has been effected in the face of nature by the downpour of rain with which this vicinity was blessed on Monday last. Vegetation has been given an astonishing impetus, and verdure and bloom now takes the place of what but a few days ago presented little better than a wintry aspect. The lack of moisture, however, which has marked the early part of this season has afforded farmers an opportunity of getting their seed well in the ground, and the rain and heat of the present week have caused a very rapid growth, so that the prospects of the husbandman are by no means discouraging.

☞China, Crockery, Glassware and lamps at reduced prices, at Toronto T Store D. W. Palmer & Co.

☞For Cords, Cords and Tassels, Fringes, Satins and all other Dress trimmings, go to the Glasgow House.

QUEEN'S BIRTHDAY.—The celebration of Her Majesty's natal day in Listowel this year promises to afford more than usual attraction to amusement seekers. In the morning a cricket match will be played in the park between teams captained by the President and Vice President of the Listowel Cricket Club. The driving Park Association will also provide a programme of attractions, to consist of racing and other sports. They offer a number of purses for horse races and prizes for men's and boys, races. Messrs. Shelby, Pullman & Hamilton's circus and menagerie will visit this town on the 24th, so that there will be no lack of amusements on that day.

☞Butter, Eggs, apples and potatoes taken in exchange for Groceries at D. W. Palmer & Co's.

In Crockery and Glassware, W. J. Stewart invites inspection. The nicest Tea Sets in town, from $3.25 up to $7. Chamber Sets at cost. No second-class Crockery—all first-class.

THE ILLUSTRATED SCIENTIFIC NEWS for May is before us, looking handsomer, if possible, than any of the preceding issues. Among the various subjects illustrated in this issue is a superb specimen of cut glass ware; an exhaustive article on asphaltum and its use in streets and pavements; a new and ingenious hand car shown in opperation; a new steel steamer for use in shallow rivers; the new Jobert telescope, and an interesting paper on physics without apparatus, also fully illustrated. To be had of all news dealers or by mail of the publishers, MUNN & Co. 37 Park Row, New York, at $1.50 per annum; single copies 15 cents.

LISTOWEL FOUNDRY.—While business is being wound up, farmers can have a good chance of a cheap bargain of a good Hill plough, scuffler, horse hoe, straw cutter or turnip cutter. Plow points such as are in stock will be sold at thirty cents cash, agricultural castings for repairs will be sold in same proportion, and include roller drum heads, large wheels for Listowel horse powers, &c. Job lots of plow and carriage bolts. Castings for reaper and plow repairs, etc., etc. Everything must go at cost, as the sale is a clearing sale

A MEMBER of a noted Scotch family died at Little Delrachie, Banffshire, Scotland, on 22nd February last, Mrs. William Ingram, aged 78, daughter of officer James Stuart. He was one of a family who had long been at Clachglass in Kincardine, Aberneffy, Mrs. Ingram was a niece of Captain Stuart, who died at Scone, Perth, about a year ago, and first cousin of the distinguished officer, General Sir Donald Martin Stuart, now in command of the British force at Cabul, who has been knighted by the Queen for his ability in the late Zulu war. Mrs. Ingram is mother of Mrs. Robt. Cran, Listowel, who will come heir to a handsome fortune when her mother's affairs are settled in Scotland.—Com.

CLOSE CALL.—A team of horses attached to a lumber wagon were standing in the vicinity of Hess Bros. saw mill on Tuesday evening when the steam whistle on the mill blew for six o'clock. The noise frightening them, they started and ran out of the yard and up Main street. Mr. J. Roth, brewer, who was on the street at the time, attempted to stop them by seizing the lines. In doing so he fell and was dragged for some distance beneath one of the horse's feet, and upon losing his hold of the lines the wagon passed over him, the wheels of which grazed his head, but most fortunately without injuring him. His escape was little short of a miracle, he being in a most perilous position while beneath the horse's feet and the wagon. The horses were brought to a halt within a foot or two of Messrs. Hagarman Bros. bakery window.

ANOTHER runaway occurred yesterday morning. A team having taken a sudden departure from Clinie's mill, dashed up Mill and Main streets. After proceeding for some distance up the latter street they encountered a telegraph pole, which brought them to a stand still. We think it is quite time that something was done to prevent horses from running away, and as in nine cases out of ten runaways are caused by the drivers leaving their horses untied in the streets the most effectual remedy would be to have the constable instructed to arrest any person who commits such a breach of the law, and impose a heavy fine. The lives and limbs of our citizens should not be at the mercy of careless drivers.

SHELBY, PULLMAN & HAMILTON'S SHOW.—The advertising car belonging to Messrs. Shelby, Pullman & Hamilton's show arrived in Listowel on Tuesday with the advance brigade, and from the extensive display of illuminated advertisements which are now to be seen along every thoroughfare of the town, something big in the show line may be looked forward to Messrs. Pullman & Hamilton, since their visit here last season, have associated themselves with Mr. Dan. Shelby, a gentleman of extended experience in the show business, and have largely increased their establishment, which now includes a collection of wild beasts, birds elephants, etc., a museum of curiosities, a circus company of the best performers besides other attractions. The show will visit Listowel on the 24th inst, and will no doubt be the means of swelling the celebration of the Queen's Birthday in Listowel immensely.

Editor STANDARD:—A ratepayer, through the medium of your paper, wishes that some one of the Town Council would answer this question, "Who constitute the Gas Company of Listowel?" It seems the subject is rather misty as to who are and who constitute this Company. Who is the Council dealing with, and with whom has the contract been signed? It seems there is a good deal about it that wants some more gas light to make it plain to the ratepayers. Hoping that some one of the Council, or the Mayor, will let some light shine upon the subject so as to give more satisfaction to the ratepayers. GAS LIGHT.
