NEVILLS DIED OF BURNS WIFE UNDER SUSPICION

Just Before He Died He Greeted Her Affectionately—No Reduction in Liquor Licenses.

HAMILTON, Feb. 3.—(Special.)— Alfred Neville, North Hughson-street, died in the City Hospital this afternoon from burns and a cut he received last Thursday night. He and his wife were in the house alone, and a neighbor noticed that the curtains were on fire. He called the police and the firemen, and they found Nevills in a semi-conscious state. He made almost unintelligible remarks to the effect that his wife had thrown a lamp at him, which struck him in the head, exploding and setting fire to his clothing. His wife was arrested. Her story is that the lamp exploded in her husband's hands. She was with her husband when he died, and he greeted her with affection.

Coroner Griffin will hold an inquest Friday evening.

The property committee heard a large deputation asking for a reduction in the number of liquor licenses. Ald. Morris, W. M. McClermont, C. P. McGregor, and Rev. D. R. Smith spoke for the deputation. Ald. Robson and Forth moved that the number be reduced from 68 to 60, but they received the support of only Controller Cooper, and their motion was voted down by Aldermen Kingdon, Ellis, Brigger and Rodgers. License Inspector Brick was voted an increase from $700 to $750.

Estimates calling for an expenditure of $36,265 were adopted and council will be asked for $7,000 to strengthen the city dock. The tax office will be kept open for two evenings previous to the time water rates and taxes are due.

Sergeant John Knox applied to be appointed harbor master.

Last year the city paid $1.23 a barrel for cement. This afternoon the contract was awarded to the Canadian Portland Cement Company at $1.50. None of the American companies put in a bid.

Rev. Dr. Lyle was elected chairman of the library board this afternoon, and a special committee was named to look after the erection of the new Carnegie Library. The salary of Caretaker Dankett was raised to $700.

The internal management committee decided this evening that Annie Hulme, in the domestic science class, who suffered from burns, did not get the lye in the class, and the teachers were in no way to blame. The building committee decided to recommend that the Hess-street school grounds be not opened during the summer vacation for playgrounds.

Railways After Navigation.

It is now surmised that the C. P. R. and G. T. R. are trying to buy out the Inland Navigation and Montreal Transportations Companies. The only other important line on the great lakes is the Canadian Lake, the C. N. R. line, and with all the companies under the control of railways, a general boost in the freight rates next season is predicted.

George A. Austen has been appointed business manager of The Kingston Standard.

Ex-City Clerk Thomas Beasley died at the city hospital this morning. Five years ago gangrene attacked one leg and it was amputated. Recently his other leg was affected, and altho in his 82nd year, he was eager to have the limb amputated, and it was done ten days ago. He studied law, but in 1854 entered the service of the city as clerk, occupying the office for 52 years. One son, A. C. Beasley, survives him.

The trouble between Dr. John Brandon and his deceased wife's first family over her estate, which was valued at $25,000, has been settled, Dr. Brandon agreeing to be satisfied with $4000.

Give Your Stomach A Vacation

By Using Stuart's Dyspepsia Tablets Which Digest Food Without Any Aid.

A Trial Package Sent Free.

The stomach should have a rest when it is tired out and irritated from dyspepsia and indigestion. One should not call upon the stomach in this condition to do its full and complete duty. What the stomach needs is natural assistance and when this is given it the stomach responds quickly to the needed rest and comes back to its duties refreshed and invigorated.

When you feel as though your stomach were a piece of lead, when gases or foul odor issue from your throat, when your tongue is coated and your appetite gone, it is high time to send your stomach on a vacation.

The stomach is constantly coming in contact with foreign substances, which it must reduce in form to give strength and health to the other organs of the body. It is the commissary department of the human system and must furnish from such supplies as come to it all that such a system demands.

If the stomach becomes deranged and cannot furnish all that is necessary, it weakens the entire machinery of man and is itself placed out of commission. It cannot cure itself because the curative powers of nature receive their force from the stomach, so that if the stomach issues imperfect nourishment it cannot receive perfect curative means for its own benefit.

Stuart's Dyspepsia Tablets impart all the power, vigor and strength necessary to the stomach. They do the stomach's work and without calling on this organ for assistance.

If you would put your meal in a glass jar, and with it place the correct amount of Stuart's Dyspepsia Tablets you could sit down and watch these little tablets digest the meal as perfectly as the most healthy stomach. This demonstration has been made in almost every state in the Union by these tablets, one grain of a single ingredient being capable of digesting 3000 grains of food.

If you have the slightest doubt about your stomach, go to the nearest drug store and buy a box of Stuart's Dyspepsia Tablets, price 50c a box, or send us your name and address and we will immediately send you by mail a trial package free. Address F. A. Stuart Co., 151 Stuart Bldg., Marshall, Mich.

ZAM-BUK CURES PILES.

Evidence From All Sources.

There are so many so-called "remedies" for piles that sufferers are often at a loss what to try. Piles are caused by the distension of the hemorrhoid veins, and the tissue becomes highly inflamed, dry and sore. Zam-Buk cools and soothes the inflamed tissue and the healing essences in Zam-Buk penetrate the diseased parts, giving ease quickly and eventually curing the most obstinate case of piles.

Mr. George Harris of Virden, Man., says: "I suffered acutely from piles, but I am glad to say Zam-Buk gave me ease and brought about ultimate cure."

Mrs. S. Cooke, 468 Pacific-avenue, Winnipeg, says: "A month ago I was cured by Zam-Buk of a bad attack of bleeding piles, to which I had been subject for a long time."

Mr. William Kenty of Upper Nine Mile River, Hants Co., N.S., says: "I suffered terribly from piles. The pain from these was at times almost unbearable. I tried various ointments, but everything failed to do me the slightest good. I was tired of trying various remedies, when I heard of Zam-Buk, but thought, as a last resource, I would give this balm a trial. I procured a supply, and commenced with the treatment. In a very short time Zam-Buk effected what all the other ointments and medicines had failed to do—a complete cure."

Wherever there is inflammation or ulceration, there Zam-Buk should be applied. It heals ulcers, abscesses, festering sores, cold cracks, bruises and all irritated, inflamed or diseased conditions of the skin and subjacent tissue. All druggists and stores 50 cents a box, or post free from Zam-Buk Co., Toronto, for price. Refuse harmful substitutes.

JAIL GOVERNOR UNDER FIRE

Number of Petty Charges Being Investigated at Cobourg.

COBOURG, Feb. 3.—Eleven charges of alleged irregularities in connection with the conduct of Major H. J. Snelgrove, governor of Cobourg Jail, were made the subject of an investigation this morning before Dr. R. W. Bruce Smith, inspector of prisons and charities. Many of the charges were trivial, such as taking loaves of bread from the jail pantry and obtaining 46 pounds of turkey at Christmas instead of 20 pounds, as ordered.

John Green, an ex-prisoner, charged that Snelgrove had kept back some of his money when he was discharged.

In explanation Major Snelgrove said that Green had offered him $5 for getting up a memorial for his release, but that he refused it, whereupon Green gave it to him to give Chief of Police Bond of Port Hope. He had not handed it over to Chief Bond when Green's solicitor called, and he returned it to Green.

WILL EXAMINE DEFECTIVES

School Board Makes the Decision at Last Night's Meeting.

A deputation of Professors Baker, Carpenter and Montgomery of the University of Toronto, and T. C. Irving, presented the school board last night with a portrait of the late Principal Manley of Jarvis Collegiate. The painting was unveiled by Professor Baker and will be hung in Jarvis Collegiate.

The resolution of the management committee to have the children who are considered to be mentally defective was given a great deal of adverse criticism by some of the trustees, who thought that the board were overstepping their rights. It was finally decided to have them inspected by Dr. Helen MacMurchy.

It was decided that all junior classes up to the senior second be placed on the ground or lower floor.

Notices of motion were given looking to the erection of a new school on Manning-avenue.

Pony Owners Meet.

The annual meeting of the Canadian Pony Society was held last night in the King Edward Hotel. The secretary's report showed a very progressive season. The following new officers were elected: Hon. president, C. E. Stone, Toronto; president, A. E. Major, Whitevale; vice-presidents, J. G. Hanmer and T. A. Cox; treasurer, W. J. Stark; direceors, Robert Graham, T. A. Graham, Major McGillivray, W. J. Langton, A. Taylor, H. M. Robinson, J. M. Gardhouse, J. Lloyd Jones, E. T. Campbell, E. C. H. Tisdale.

OBITUARY.

Ernie Brown Dead.

NEW YORK, Feb. 3.—Ernest B. Brown, formerly night city editor of The New York American, died yesterday in Los Angeles, where he had been since late in the summer in search of health, aged 41.

He was born in London, Ontario, and is survived by a widow and daughter, who is at school.

Go West and be Surprised

Is the Advice of Sir Charles Rivers Wilson

Real Estate is the great money-making medium of the West. Thousands of fortunes have been made by people who invested in Winnipeg, Regina, Edmonton, Calgary, Vancouver, Fort William, and other Western towns, before the great developments took place which made them cities.

You Will Be Surprised

how fast $100.00 invested in a likely townsite will grow.

The same opportunities to buy before great developments take place are again offered to the people of the East.

We submit

Entwistle, Alberta

for your approval.

Situated on the Grand Trunk Pacific, 65 miles west of Edmonton, it has all the resources necessary to make a great city. These include timber, coal, building stone, pulpwood, water power, and 2,000,000 acres of fine farming country all tributary to the town.

Look before you leap. Don't pay inflated prices for Western Real Estate when you can buy first hand. Our prices are right and calculated to make a handsome profit for every investor.

Entwistle is not a prospective townsite. It was incorporated at the last session of the Alberta Legislature, and already has postoffice, Dominion land office, board of trade, churches, school, stores, hotel, and many modern conveniences to its credit.

School Overcrowding Condemned.

Overcrowding in the Toronto schools was censured by the educational committee of the Trades and Labor Council at the meeting of the council in the labor temple last night.

"The conditions that exist, especially in the newly annexed districts," ran the report, "call for our strongest condemnation. It is a positive disgrace to the board of education to allow such conditions to exist, and it should make every effort to overcome such a state and place the responsibility where it rests." The report asked that the latest improvements in fire protection be installed in the schools.

Rehoboam Lodge At-Home.

Rehoboam Lodge A. F. and A. M. held a most successful at-home in the Temple Building last night, there being between 300 and 400 present. The dance was the feature of the function, but previous to it a first class concert was given in the blue room at which Chas. E. Musgrave gave an organ recital. The concert was presided over by J. S. Young.
