CHURCH GLASS IN EVERY STYLE.

TO ORGANISTS.—BERRY'S BALANCE HYDRAULIC ORGAN BLOWER.

These Engines are particularly adapted for Blowing Church or Parlor Organs, as they render them as available as a Piano.

They are Self-Regulating and never over-blowing. Numbers have been tested for the last four years, and are now proved to be a most decided success. For an equal balanced pressure, producing an even pitch of tone, while for durability, certainty of operation and economy, they cannot be surpassed. Reliable references given to some of the most eminent Organists and Organ Builders. Estimates furnished by direct application to the Patentee and Manufacturer, WM. BERRY, Engineer, Brome Corners, Que.
