## VOTER BEAT THEM ALL.

**Keene's 8 to 1 Shot Wins the Metropolitan Handicap, Beating Out the Winner by a Head.**

New York, May 8.—The splendid Morris Park race course was never in better condition than to-day, the buildings being spick and span, the infields and lawns like velvet and the track in the very perfection of condition, fast and moderately hard.

On the lawn side of the club house were nine teams of the tandem club, led by the turnout of T. Suffern Taylor, and a solitary drag, driven by Mr. Maitland. The grand stand was a blaze of color, Dame Fashion having decided upon gaudy red and purples for this spring, and her mandates being obeyed as usual. The interest was more or less perfunctory in the first and second races, but when August Belmont won the Juvenile Stakes there was a good deal of applause. The real interest, however, was not shown until the Metropolitan was run, and when the 10 starters paraded to the post all were greeted with plaudits, no one being more favored than the others. They started on their journey in excellent order. Hanwell was first to show in the lead, but in an instant Voter flashed in front of him, and in the first quarter had opened up a gap of a couple of lengths, and seemed to be desirous of making it more, nearly pulling Lamley out of the saddle. Hanwell was in second place, while Taral was in his favorite position next the rail in third place with the favorite, Hastings. The Winner was next, and others were straggling along fairly close up, although the game Sir Walter, hero of many a handicap, was a bad last. In the next quarter there was a little change in the position of the flying squadron. The leader maintained about the same position, but Casscopia, the fleet filly of the Morris string, had shot up into second place, while Hanwell, with his bolt shot, dropped slowly back.

The Winner was not doing so well, and Sloan was climbing out on his neck, lying low to avoid any windage, and the colt was beginning to feel the impetus, for at the three-quarter mark, when all were straightened out, he was close to Hastings, on whom Taral had not made a move. It was but a few seconds more when they were at the seven-furlong post, and the boys who were waiting for Voter to come back to them found there was a lot of run left in him, and he was half a length away with the home line in sight. Then Taral was hard at work on Hastings, but the weight was telling, and the colt could not gain an inch; in fact, he was slipping back. Casscopia was doing remarkably well, and looking as if she might land the second money, but Sloan was still in the race and working like a demon on The Winner. A jump or two, and Casscopia was passed, and he had but Voter in front of him. For a fraction of a second he was on level terms with Voter, but Lamley got to work at once and urged his mount to the utmost. There was a gain of a foot for the blue and white spots, and then the pair hung together, neither able to gain an inch, and they passed the judge's eyes like a team, Voter a short head in front of The Winner; and how the crowd yelled! It seemed as if everybody must have backed Voter, if the noise made could be taken as an indication. It was a great victory, and no less a triumph for Sloane, for he rode The Winner to perfection.

James R. Keene's Voter is an imported 3-year-old ch.c. by Friar's Balsam—Mavourneen, and as a 2-year-old won three important events—the Winged Foot Handicap of $1500 at Brighton Beach, the Billow Stakes of $2000 at Brooklyn and the White Plains Handicap at Morris Park, worth $3200 to the winner.

### THE WORK AT WOODBINE.

About 2000 followers of the horses took advantage of the fine weather Sunday morning and went down to Woodbine Park in carriages, on bicycles and on foot, and they were considerably disappointed. The horses were all out, but indulged in only slow work. The Seagram candidates took their exercise at Newmarket.

Saturday saw some hard trials. Eddie Whyte sent Mr. Hendrie's Royal Bob one and a half miles in 2.52½. Leading Lady, Fiddle and Dumbarton were breezed a mile and a half in 2.06, the whole Stealaway did the same distance in 1.22.

The youngsters, Harvey and Mr. Manton, did a half in 56 secs. Ogdensburg was galloped a mile and a half by Capt. Forrester.

John Nixon worked Lawyer and Royal Oak one and a half miles in 2.23. Lion Heart did a mile at a 2-minute gait.

Miss Jones' candidate for the Guineas is doing good work at Windsor, and on Saturday morning covered a mile, with weight up, in 1.44. The Windsor horsemen still consider the Wicker's chances good. The Wicker will be brought to the Woodbine a week from to-day.

### MANY FEATURES ON THE LAWN.

Varsity dropped another game to Charlie Maddock's Torontos Saturday on the Lawn by 13 runs to 8. The game was full of features, plenty of hitting, some nice fielding, many very rank errors and base running of all descriptions. Lyons appeared in a Toronto uniform, and was a hoodoo for the other fellows. With two out in the first inning, Barron dropped his high fly and two runs were scored. And again, in the fourth with all but one retired, he sent an easy grounder that Counsell hit between his legs, and two more tallies came in. Reath in right field and Greer at short did Varsity's best fielding, while on the other side Strowger, Downs, Reid and Lyons were the speediest. McCartney at second was again disappointing, and got his release Saturday night. Two South Paws were in the box and both were touched up considerably. There were only 512 paid admissions, but over 1000 must have seen the game in splendid weather.

The preliminary was a four-round bout between Varsity II. and St. Michael's; S. M. C. won in a punch, Gilligan striking out 11 men at bat, and allowing but two hits. The score:
