UNITED STATES.

WASHINGTON, Jan. 9.—*Canadian Reciprocity.*—Mr. Douglas, to-day, called up the bill providing for reciprocal free trade with Canada, and had it made the special order of the Senate for this day two weeks. We presume, however, the subject is too large for any prospect of favorable action upon it this session. We doubt not Mr. Douglas will give us an interesting exhibit of the Lake trade, and the importance of the free navigation of the St. Lawrence; but that is all that we can expect from this Congress on that subject. The South are suspicious of Canada, and any movement incidentally calculated to encourage the idea of the re-annexation of that interesting section of North America. As for Cuba, that is a horse of a totally different complexion.

NEW YORK, Jan. 15.—*Crash of Buildings—Terrible loss of Life.*—About 1 o'clock this afternoon, six new buildings, the mason work of which had just been completed, in 21st street, fell, with a terrific crash. The workmen had just returned from their dinners, and from 30 to 40 of them were buried beneath the ruins. Up to 4 o'clock, four dead bodies had been taken out, and six severely injured. It is supposed that from 15 to 20 have been killed. The appearance of the mortar used caused great excitement. It is said to be almost all sand, and very little lime in it. We understand the builder's name is Spencer.

NEW YORK, 11 P. M.—Just returned from scene of catastrophe in 21st street. Thirteen men have been recovered—four dead. One boy was killed on the sidewalk while carrying dinner to his father. The scene beggars description. Six buildings are a mass of ruins, level with the basement. About one hundred men are at work removing the ruins, in search of other bodies. The number still buried unknown, probably over 20. Many poor women are in great agony, hovering around the ruins. Men will be at work all night, assisted by the Police and firemen.

CINCINNATI, Jan. 15.—The extensive Lard Oil and Candle Factory of Groves & Dietrich, with the machinery and large stock, was totally destroyed by fire last night. About two hundred thousand pounds of lard were in the building. Total loss about $100,000—half insured.

HEAVY TAX PAYERS.—The Cincinnati Enquirer gives a list of 177 individuals and firms in that city who pay a tax of over $500; 82 of them pay $1000; 28 of them over $2000; 8 of them over $3000; 3 of them over $5000; and one, N. Longworth, pays $17,007.

NEW ORLEANS, January 11.—*Mexico and Yucatan.*—The steamer Alabama brings news from the city of Mexico, to 1st inst. The province of Yucatan had pronounced against the supreme government of Mexico, and had declared herself independent. Campeachy did not come into the arrangement.

SPRINGFIELD, Jan. 15.—*Great Foot Race.*—Poore, the Connecticut deer, ran on Long Meadow Common this afternoon, five miles in thirty minutes fourteen seconds, easily winning the wager, $500, that he would not accomplish the feat in thirty-one minutes. The track was wet and sloshy, but he ran through in good style and was little fatigued. He is to run to-morrow, ten miles in sixty-four minutes for the same stake.

SNOW STORM.—Snow being an unusual visiter in this section, we always think its advent worthy of notice. It began to snow about 2 o'clock on yesterday morning, and continued till nearly 9, leaving three inches of the raw material on the ground, which had nearly all resolved itself into water before night.—*Wilmington N. C. Com.*

Allen A. Hall, late editor of the Washington *Republic*, has received the appointment of Superintendant for the erection of the San Francisco Custom House and Marine Hospital. The salary is seventeen dollars per day.

EMIGRANTS AT LITTLE ROCK.—The Little Rock Banner of the 17th, states that five hundred emigrants from the county of Wexford, Ireland, have arrived at that place. They have come over to America at the instance of Bishop Byrne, who intends to form a settlement in Arkansas.

The Pittsburg Coal is now used extensively by the Gas Works in Philadelphia. It is said to be superior for the purpose of manufacturing gas to any other coal in the country.

A FRUITFUL GARDEN.—The wife of a gardener at Brighton, has just given birth to three boys—all well.

LITERATURE.

THE DIOSMA.—a Perennial.—By Miss H. F. GOULD. [Boston: Phillips, Sampson & Co., 1851.—p.p. 237.]

The title of this beautiful little volume is borrowed from the name of a delicate, aromatic, flowering and perennial shrub, anciently held in high esteem by the Greeks and Romans; and is therefore an appropriate designation for a collection of sweet flowers of poesy, whose quality entitles them to enduring reputation. The fair Authoress and Editor has here assembled together no less than 109 charming lyrics and short poetical compositions, the off-spring of well-known modern writers, both living and dead; well worthy of being thus associated and handed down to posterity, as well as to delight the present age. Of these effusions, no less than 31 are from Miss Gould's own pen; and the remainder are the production of such popular lyrists as Mesdames Hemans, Abdy, Southey, Ellis, and J. Gray; Misses Pardoe, M. A. Browne, Landon, Joanna Baillie, Caroline Bowles, Jewsbury, and Ross; Lord Morpeth; Rev. Messrs. George Croly and H. Thompson; Messrs. Barry Cornwall, C. Swain, Bernard Barton, T. Hood, E. L. Bulwer, Leigh Hunt, Ebenezer Elliott, Calder Campbell, T. H. Bayly, and many others. The volume therefore contains a choice galaxy of true gems of poesy; such as cannot fail to delight the sympathetic reader and lover of sweet verse; while it is characterised throughout by the purest principles of morality and religion, and is thus fitted to be placed in the hands of young and old of either sex.—The work is beautifully printed and bound, and is indeed well calculated to form an elegant present between friends, and to adorn the drawing-room table. We therefore cordially recommend it to general patronage, and inform our readers that it is on sale by Messrs. McMillan, St. John.
