Sale of Pine Timber.

A quantity of standing pine timber upon unsold and unlicensed lands of the Crown, west of Sudbury, in the neighborhood of the Canadian Pacific Railway, estimated as follows:

	Feet B. M.
Spanish River	13,500,000
Onaping Lake, north of	18,000,000
Onaping Lake, south of	11,000,000
Cat Lake (Ramsay Station)	5,000,000
Township of Moncrieff	2,000,000
Township of Hess	1,500,000
Total	51,000,000

having been damaged by fire during the past summer, the undersigned hereby calls for tenders for the right to cut the damaged timber. There is also some green pine estimated at 2,000,000 feet in the vicinity south of Onaping Lake, for which tenders are also invited. Tenders will be received up to and including the 15th day of October next, and may be for any parcel or for the whole, and must state the amount per thousand feet board measure the tenderer is willing to pay for the burnt and green timber separately in addition to the regular Crown dues of $1 per thousand feet board measure. For conditions and further particulars application should be made to the Crown Lands Department.

Mr. John Regan, forest ranger under the Department, will be at Cartier Station on and after the 15th September to give information to parties desirous of examining the timber.

The above figures represent only the Department's estimate, and intending purchasers must satisfy themselves as to quantities, etc.

The department does not bind itself to accept the highest or any tender.

A. S. HARDY,
Commissioner of Crown Lands.

Grading has begun on the extension of the Manitoba and Southwestern road between Deloraine and Napinka.

The officials of the Naugatuck road have hit upon a novel method of heating the cars on the early morning trains. The trains stop near the electric light station at Waterbury, and the station men force a great quantity of steam into the pipes of the cars through a system of storage batteries, which keep the cars warm for hours at a time.

It is expected that the Northwest Central Railway of Manitoba will be completed and in operation within a month.

AFTER THE FUNERAL.

Mrs. Parnell Quite Ill—The Late Leader's Followers Opposed to Coalition.

LONDON, Oct. 12.—The health of Mrs. Parnell has not improved. She is still under constant care of a physician and her heart is said to be very weak. She was too weak yesterday to read the telegrams sent here from Dublin during progress of the funeral.

DUBLIN, Oct. 12.—The newspapers of this city to-day continue their eulogies of Parnell. It is reported an informal meeting of Parnellite members of the House of Commons was held this morning, and that it was decided not to accept any overtures for a coalition with the McCarthyites, but to continue the struggle for the leadership of the Irish party on the lines laid down by Parnell.

Mr. J. R. Allen, upholsterer, Toronto, sends us the following: "For six or seven years my wife suffered with Dyspepsia, Costiveness, Inward Piles and Kidney Complaint. We tried two physicians and any number of medicines without getting any relief, until we got a bottle of Northrop & Lyman's Vegetable Discovery. This was the first relief she got, and before one bottle was used the benefit she derived from it was beyond our expectation."

Black Diphtheria, Typhoid and Scarlet Fever in London West—Fatal Effects —What is the Cause?—Is the Board of Health Slow?

Diphtheria, typhoid and scarlet fever placards on several houses in London West announce that those diseases exist in the suburban villafie. The most serious case is on Beach street. Two children in the particular house died last week from that malignant epidemic, black diphtheria, while three more are at present in its clutches, with a possibility of further fatalities.

"Our Board of Health has been asleep," said a resident whose family had recently got rid of scarlet fever, "and it's not entirely awake yet. Beyond putting up placards when the necessity was pressed upon some of the members hardly anything has been done. The Beech street house should be quarantined, but no attempt has been made at isolation, and the inmates are in communication with outside friends."

"To what do you attribute the outbreak?"

"Some say it was brought here by an outsider already affected, but I think that impure well water is mainly responsible for all the trouble. We need city water badly over here; most of our own is naturally poor, and is made worse by the city sewage in the river."

Typhoid prevails on Maple street, and to less extent on others. There is also a scarlet fever case opposite the school, and there has been one on Kensington street. Two children belonging to a Center street family while in the house on Beech street before referred to were seized with black diphtheria and could not be removed home. One of them has since died. The instance in question is a sad one, for poverty is added to other afflictions. Some of the charitable ladies of the village have taken the matter in hand and are doing what they reasonably can.
