GOOD SUPPLY OF HAY EAGERLY BOUGHT UP

Potatoes Rising in Price, With Other Commodities Remain- in Firm.

A good many farmers were present at the local market this morning, due to the fact that seeding operations are temporarily stopped because of the excessive dampness of the ground.

Hay was the feature, over 25 loads being weighed. The demand was strong at $15 to $16 per ton. A few loads of poor quality sold for $13 and $14 per ton.

Dairy produce was offered in fairly large quantities, and while the demand was greater than on Tuesday, prices remained unchanged.

Potatoes again featured the vegetable market, and prices were higher than those which prevailed on Tuesday, quotations ranging from $1 10 to $1 25 per bag retail, and $1 per bag wholesale.

Carrots, parsnips and cabbages remain unchanged in price.

Lettuce was offered in small quantities, but the demand was greater than the supply.

Apples were the only offering in the fruit line. Prices were firm.

Winnipeg, April 29. — Liverpool cables were unexpectedly firmer today, causing prices here to advance ½c at the opening. Later a decided weakness occurred, which to a certain extent was influenced by the report that J. Patten at Chicago had said that he expected wheat to go to 70c per bushel.

Trading in futures was active on the weakening values, a fair volume of business being turned over. Oats and flax were steady and demand quiet. Wheat opened ¼c higher for all months and closed ½c to ¾c lower.

The cash trading continues unsatisfactory, practically nothing being done in that line. Cash wheat closed ⅝c to ¾c lower for contract grades. Cash oats closed ½c lower for No. 2 Canadian western. Cash barley closed unchanged to ¼c higher. Cash flax closed ¾c lower for all grades.

The inspections yesterday totalled 232, against 350 last year, and in sight were 155 cars.

Cash grain:

Wheat—No. 1 northern, 90¾c; No. 2 northern, 88⅞c; No. 3 northern, 87c; No. 4, 83¾c; No. 5, 78c; No. 6, 73c; feed, 68c; No. 1 rejected seeds, 86¼c; No. 2 rejected seeds, 84¾c; No. 3 rejected seeds, 81½c; No. 1 smutty, 86¼c; No. 2 smutty, 84¾c; No. 3 smutty, 81½c; No. 1 red winter, 91c; No. 2 red winter, 89¼c; No. 3 red winter, 87¼c.

Oats—No. 2 Canadian western, 35½c.

Barley—No. 3, 45¾c; No. 4, 44¾c; rejected, 42¼c; feed, 41¼c.

$15,000 ORGAN ADDITION

A. D. Jordan Has Plans Ready For New Style Organ.

The plans and specifications for the rebuilding of the First Methodist Church organ have been prepared by A. D. Jordan, organist of the church.

The present organ, though recognized as one of the finest in the Dominion when it was built seventeen years ago, is inadequate in body, while the electrical effect is not at all modern.

In the new organ these defects will be remedied, the specifications including a great organ (3½-inch wind pressure), swell organ (4-inch wind pressure), choir organ (5-inch wind pressure), solo organ, first division (12-inch wind pressure) second division (15-inch wind pressure), and pedal organ (4-inch wind pressure).

The present console will be rebuilt and placed in Wesley Hall, making the organ available for both the church and the hall, an echo, or celestial organ, will be added, consisting of six swell organ stops, which will be inclosed in a special chamber, and the sound conveyed through a large trunk to the dome of the church.

The new console, to eb placed in the church, will be the first of a special design ever built in Canada, it will inaugurate many new and important features.

An asbestos curtain will be lowered to separate the body of the church from the organ, when it is in use in Wesley Hall, and vice-versa.

The probable cost will be $15,000.

NO DAY OFF

Cops Must Continue Under Present System, Declares Chief.

Members of the police force who have been signing a petition asking for one day a week off will be rudely shocked when they learn that Chief of Police W. T. Williams has frustrated their plans by announcing today that London policemen will continue to travel their beats this pear as per usual and there will be no day a week off.

Speaking of giving the men a day off a week the Chief said: "Members of the police force now get 14 days holidays and every other two weeks they are on short duty which allows them about a half day off as they work from 7 a.m. to 3 p.m. I think that local policemen have as easy a position as any in Canada," concluded the chief.

DRAW IS ARRANGED

First Division Cadets to Meet Strong Toronto Aggregations.

The strong senior cadet teams from the First Militia Division, St. Thomas and Galt Collegiate Institutes, which are competing in the cadet tourney in the Arena Gardens, Toronto, on May 1 and 2, will be drawn in the competitions with the best of the Toronto corps for Friday evening and Saturday afternoon, in order to enable them to return home on Saturday evening.

The senior struggle for supremacy in drill, physical training, signalling, first aid, and tug-of-war looks to be between these two teams and the teams representing Upper Canada College, Harbord, Jarvis and Parkdale Collegiate Institutes, and the De La Salle and Queen's Own Rifles Cadets of Toronto.

You remember that sample of **H.P. sauce** we sent you from England.

Everybody is delighted with the new and delicious flavour. It is so easy to obtain H.P. at all the local stores, and most folks now enjoy it at every meal, every day.

DO YOU?

Of course, it must be the One and Only H.P. Sauce.

A FIRE AT MANZANILLO BUT NO BOMBARDMENT

Washington, D. C., April 30.—The report from Mexico City that the port of Manzanillo, on the Pacific coast, had been bombarded by an American warship, was denied at the White House today. Investigation disclosed that a conflagration, said to have been of incendiary origin, had occurred there, but American forces had nothing to do with it.

What Dyspeptics Should Eat

A PHYSICIAN'S ADVICE.

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well-fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food or foods which you may like. In moderate amount, taking immediately afterwards a teaspoonful of bisurated magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisurated magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisurated magnesia from your druggist, eat what you want at your next meal, take some of the bisurated magnesia as directed above, and see if I'm not right." Advt.

PREPARE FOR STOCK-TAKING

April is the last month in our business year, thus making it necessary for us to take stock the first week in May. An undertaking of such magnitude that we feel it imperative to lessen the labor by every means possible. Reducing stock is the easiest way, and this we must do with no thought of the monetary loss. No thought but the lightening of the task imposed by necessity upon our staff. YOU and they are the gainers. You especially---by the hundreds of dollars saved---best illustrated by these
