Boys' Wash Suits

This has been one of the best seasons we have enjoyed for many years for the sale of Boys' Wash Suits. Perhaps it's on account of the weather, or it may be the year that wash suits are selling best in, or it may be some other reason. But we are strongly inclined to think it's because our wash suits are right — and by the word "right" we mean in price, quality, patterns and variety—50c to 2.50.

SHORTENING C.P.R. RUN.

Cut of 20 Miles to Be Made East of Montreal.

Montreal, July 6.—(Special.)—It looks as if the near future would see the Montreal and Quebec section of the Canadian Pacific Railway cut down by perhaps 20 miles. In other words, what is known as the Terrebonne Line will be avoided and after Hochelaga is left behind the company's Quebec train will make straight away for the neighborhood of Joliette. It is understood the plan of straightening out the Quebec section is in keeping with a project of cutting down grades, improving curves and shortening distances generally all over the C.P.R. system.

The work in the east end of the city has also probably something to do with the selection of Quebec as the ocean terminal for the empress fleet. With 20 miles taken off the Montreal and Quebec road, a fast express should be able to reduce the time between the commercial and political capital of the province to four hours.

THREE BOYS ARRESTED.

Pierce Kelly, 2 Ramsay-lane, aged 9; Murdock McDonald, 10 1-2 Milan-street, aged 11; Henry Madjure, 164 Ontario-street, aged 12, charged with breaking into Robert Fair's store, at 302 East Queen-street, on Sunday last, were arrested last night.

Opticians' New Enterprise.

The Toronto Optical Parlors at 11 King West are now the most elaborate in the city. F. E. Luke with the eye of the expert has fitted up a private and a public consulting room with the most modern instruments. The store has been remodeled and decorated. Mr. Luke, who is known from coast to coast as a specialist in his profession, carries the most complete stock of eye glasses, spectacles, field and opera glasses on the market to-day. Owing to the locality, the stand being one of the best in Toronto, Mr. Luke also issues marriage licenses at any hour o fthe day.

Hamilton, July 6.—(Special.)—The adjourned inquiry on the death of Matthew O'Neil, 210 Market-street, was concluded this evening. NOVELIST CHURCHILL ASKED TO REDEEM NEW HAMPSHIRE

Shows Such Knowledge of Desirable Politics That He is Invited to Become Candidate.

Concord, N.H., July 6.—Winston Churchill of Cornish was so successful in his latest novel, "Corniston," in telling how New Hampshire came under the political domination of railroad interests, that the reform element in the state has united in asking him to lead a movement to throw off the yoke.

The Lincoln Republican Club of New Hampshire has asked him to be its candidate for the Republican gubernatorial nomination next fall, and has announced that he has accepted the invitation on condition that "the broad issue and general platform should be the non-interference of the Boston and Maine Railroad or of any other corporation in the politics and government of the state."

There are already four candidates for the Republican gubernatorial nomination in the field, but none of them suits the Lincoln Club, which is headed by Professor James F. Colby of Dartmouth College, Bishop William W. Niles of the Protestant Episcopal Diocese of New Hampshire; James W. Remick, former judge of the supreme court; former Mayor Harry G. Sargent of Concord, and other leading lawyers, doctors, clergymen, editors and business men.

In their letter of invitation to Mr. Churchill they say: "Your latest novel, depicting the lobby and the boss and their machinations, and appealing to the people to throw off their yoke, is as timely as was 'Uncle Tom's Cabin,' which was directed against a form of slavery less insidious.

"The merest tyro in New Hampshire politics knows that the course of her government does not run free and untrammelled, as a government of, by and for the people should, but that, on the contrary, nominations, appointments, elections and legislation are largely dictated by a powerful lobby, fostered by a great railroad corporation by means of the varied, seductive and compelling agencies at its command."

In his reply of acceptance Mr. Churchill says: "During the two sessions in which I have been in the legislature I have had an opportunity to study the political system by which this state is wrongfully controlled and I have at last come to the conclusion, which is in your minds, that good government in New Hampshire, as in other states, can only be restored in one way, by a direct appeal to the people.

"They can always be depended upon, and if they will go into the caucuses and nominate their own candidates to the conventions, it will be an easy matter for them to resume the reins of government. I have at heart with you the perpetuation of the principles of American government, and it is for this reason alone that I am willing to become a candidate at your suggestion."

WOULD STOP STREET CARS IN JUNCTION ON SUNDAY

"Citizen" Brown Issues Writ for $40,400—Claims T. R. C. Violates the Law.

The bone of contention is being picked by Citizen John Brown of Toronto Junction, who doesn't want the city cars to go into the Junction on Sunday. Mr. Brown's grief gets up into big figures, for in the writ which he has issued, thru his legal advisers, Kilmer & Irving, he doesn't only want the cars stopped, but he asks $40,400 as penalties, meaning $40 a day for 101 days on which the cars have run unmolested into the quietness of the Junction Sabbath. The Ontario statutes make provision for this claim.

The cars go to Keele-street and are admittedly a great convenience to the Junctionites, but there are some kickers who don't use them and don't want anyone else to use them. Mr. Brown is the centrepiece of the kickers. His lawyers don't discuss the case at any length. They quote the act which says the cars should not run on Sunday without special leave, which the Junction did not have, as the ratepayers had not agreed to it.

Town Clerk Conron says the Toronto Railway Company never obtained the town's consent to run on Sundays, or other days, on that part of Dundas-street between Keele and the eastern limit of the town. The particular day complained of by Citizen Brown is a week ago last Sunday.

Manager Fleming of the Toronto Railway Company was not aware that the question had ever been raised before as to the legality of the running of cars on Sunday at the Junction, and he did not care to discuss the situation. The cars have been running there for some time, and have been doing very nicely.

Citizen John Brown, the plaintiff, is he who once sought political honors in York by opposing the late Hon. Clarke Wallace and Sam Platt. He lost his deposit.

WEST END Y.M.C.A. HANDICAP

Summary of Week's Athletic Events —The Program.

The West End Y.M.C.A. handicaps are going on every week and are gaining interest and excellence with each occurrence. The results for this week were as follows:

75 yards dash—Marshall (12 yds), 1; Finn (8 yards), 2; Parkinson (6 yards), 3.

660 yards run—McKinnon (100 yards), 1; Gould (100 yards), 2; Finn (60 yards), 3.

Running broad jump—Puttock 1, McKinnon 2, Finn 3.

It was the limit men's night, for the scratch men were left out all round. The scratch men have been getting a good deal and the handicaps were lengthened out a bit. In the case of the jump, each of the winners beat his old mark by nearly a foot. Worthington and Parks ran in good times in each of the sprints, but were too heavily handicapped to make a place.

The events for next Wednesday will likely be the 100 yards and the 300 yards, in order that light work may be taken before the meet with Buffalo on the following Saturday.

The running high jump and the shot will also be put on.

The results for the boys' meet this week were:

50 yards dash—Parliament 1 with 15 yds.; L. Lee (8 yards), 2; E. Lee (10 yards), 3.

660 yards—Marshall (scratch), 1; Hart (70 yards), 2; Hazzard (70 yards), 3.

Running broad jump—Kyle (handicap 1 ft. 7 in.) 1; Hart (8 ft. 9 in.), 2; Parliament (3ft. 9 in.), 3.

The events for next Tuesday night will be the 100 yards, 300 yards, the mile run and the running high jump. The boys' meets are becoming as popular as the men's meets and are held every Tuesday night, beginning at 7 o'clock.

In the report of the games with Buffalo in the relay race, Worthington made up 20 yards on Talcott of Buffalo, who started 25 yards ahead of him. The time for the 440 yards by Bricker was .53 4-5. Roe made a great run and sprinted the last 440 yards, the time being 4 minutes and 53 3-5 seconds. All West End men and others who are going to Buffalo with the team on July 14 should have their names in by Wednesday night.
