CHICAGO HORSES GO SOUTH

Windy City Racing Winds Up To-Day at Lakeside.

O'Connell, 4 to 1, Beat Imp, Who Was Out in the Betting—Horseshoe Tobacco in Front Again at Latonia—Maurice Wins at Washington—Results and Entries.

Chicago, Nov. 14.—There will be only one more day of racing in the vicinity of Chicago, and before the end of this week the majority of the horsemen who have raced here during the season will be on their way either to New Orleans, the Pacific Coast or to winter quarters. T. H. Ryan is about the only prominent owner who will ship to the coast. He takes 11 horses, and will probably ship Tuesday. Several less prominent horsemen are yet undecided, but the chances are that they will go with the majority to New Orleans.

J. W. Schorr & Son will ship to Memphis and leave the best and poorest of the string there. They will later send half a dozen or more horses to New Orleans. C. E. Brossman will take Imp and his filly, Fella B., to D. K. Harness' farm, near Columbus, Ohio, where they will be turned out. Curl Bros. will ship their horses to their farm, near Humphreys, Mo. G. W. Curtis will take Gold Band, Silver Set and Veloce to his farm in Indiana, and later he may go to New Orleans. J. DeLong goes to his farm near Niles, Mich., with his string. He will probably take Canace and Stevens with him, as N. S. Hall wants to leave them near Chicago this winter. Hall goes to San Francisco Thursday. The Ruddy horses will be wintered at the Aurora, Ill., farm, and John Brennock's string will also be turned out.

To-day the weather at Lakeside was cloudy and the track muddy. Summaries:

Muskham Won the Plate.

London, Nov. 14.—At the first day's racing of the Leicester November meeting to-day, Mr. J. Snarry's Muskham won the Trial Plate. This race is of 102 sovs., for horses that have never won a race of a mile or upwards, up to the time of closing; for 3-year-olds and upwards; entrance, 2 sovs. Six horses ran over the course, distance 1½ miles, and the result in detail was as follows: Mr. J. Snarry's 3-year-old b. g. Muskham, by Hagioscope, out of Musley Maid, won; the Lorillard-Beresford stable's 3-year-old b.g. Bayard II., by The Bard, out of Maumee, second; Lord Stanley's 3-year-old ch.c. Loreto, by Bonavista, out of Lottie, third.

The Wanderers' New Home.

To-night, at the Rossin House there will be a big meeting of the Wanderers to complete all negotiations for their entrance into the Granite Club, where they will be in future located. The membership of the Wanderers will be limited strictly to 60. Already there are applications for twice that number for membership and the committee will have a hard task in the selection of the favored sixty.

The Herald Road Race.

Hamilton, Nov. 14.—Entries for The Herald road race, the big sporting event here for Thanksgiving morning, closed on Saturday, and the 13 young runners who have entered should make this, the fifth running, the best of all. Among those entered are a number of well-tried long-distance men, W. Sherring, Jas. N. Ward, Wm. Melody, John Caffery, C. F. Vallender and Frank Wood, winner of the second Herald race. Eddie Williams, who has shown up well at five and ten miles, is also in it. The complete list of entries is: William Sherring, Y.M.C.A.; Adam Black, 49 York-street; A. De Frank, 79 James-street north; Eddie Williams, Times office; Fred Hughson, 69 Kelly-street; Will Melody, St. Joseph A.A.; John Caffery, 262 Hannah-street east; Frank S. Wood, 311 Wilson-street; John A. Holland, 96 John-street north; Jas. N. Barnard, Dundas-road; C. F. Vallender, Y.M.C.A.; T. Devenport, 191 Ferguson-avenue south; M. Mathews, Mary-street.

The Black Whirlwind.

Philadelphia, Nov. 14.—Major Taylor, the crack colored cyclist, to-day broke another world's record at Woodside Park. He rode for the third of a mile record of 30 1-5 sec., made by Willie Windle at Chillicothe, Ohio, in the fall of 1895, and was successful in his first attempt. Taylor had quintuplet pacing. A strong breeze was blowing down the back stretch. The pace was to all appearances perfect, but was not fast enough for the colored wonder, who urged the riders to go faster. The pace set carried him the third of a mile in 29 4-5 sec. Later Taylor tried for the three-fourths of a mile figure of 1.10, held by J. S. Johnson, but the best he could do was 1.11.

Athenaeum Club Officers.

The recently-elected Board of Directors of the Athenaeum Club met last night and chose their officers and committees as follows: President, C. B. Jackes; Vice-President, J. R. Snow; Hon. Treasurer, J. Firstbrook. Committees: Finance, F Nichols; House, J Firstbrook; Billiard, J P Edwards; Bowling, P G Kimmerly; Gymnasium, A A Davis; Cards and Chess, Dr. Archer Watson; Stock and Membership, C H Riggs; Entertainment, J R Snow; Cycling, R Garland; Reception, A Hart Smith. The genial secretary, A. Hart Smith, has handed in his resignation to the directors, but it has not as yet been accepted.

Teams That Do Not Pull Together.

Ottawa, Nov. 14.—It is stated by several college supporters who should know that the faculty of the college will not allow the college team to meet the Ottawas on Thanksgiving Day, should the two teams win on Saturday next. This report has gained considerable prominence, and is backed up by several who are prominent supporters of the college team. They say the faculty are afraid of a repetition of last year's rough game, and sooner than have such an exhibition they prefer to let the championship go to Ottawa by default.

Winnipeg Curling Bonspiel.

Winnipeg, Nov. 14.—Winnipeg's big curling bonspiel will begin on Feb. 13. T. A. Anderson has been elected president of the Manitoba Curling Association

LORD MINTO IS A SPORTSMAN

Our New Governor-General an Oarsman, Steeplechase Rider and Field Athlete—The Greys of Northumberland Also Come From a Sporting Family.

The Earl of Minto, our new Governor-General, is, and has always been, since his schoolboy days at Eton, one of the keenest of sportsmen. As a gentleman jockey, both over jumps and on the flat; as an oarsman, as a nailing good man to hounds, and in field athletics, Lord Minto has won renown.

Before he succeeded to the Peerage Lord Minto used to figure in the pigskin under the assumed name of Mr. Rolly. He was then a Cambridge undergraduate. His pseudonym was a nickname that he had gained at Eton, where he was a very respectable oar. At school he was second in the single sculls, and later gained distinction as an active member of the Kingston Rowing Club. While an undergraduate, he was also prominent in athletics, and won the mile race in third Trinity sports at Cambridge.

It was as an amateur jockey, however, that Lord Minto particularly shone. His aspirations were high, and in 1874 he rode Defence, owned by the famous English turfman, Captain Machell, into fourth place for the Liverpool Grand National Steeplechase. The same year he won the Grand National Steeplechase of France, run at Auteuil, on Miss Hungerford. He rode over hurdles—a more difficult feat than steeplechase riding, though not commonly supposed to be so—with particular success, and won many hurdle races with horses trained by Mr. Richardson. In 1875, at the Lincoln spring meeting, he passed the post first on five different mounts.

The packs of hounds with which he is especially well known as a bold horseman are the Grafton, Lord Yarborough's, and the Bicester.

Lady Minto also comes from a sporting family—the Greys of Northumberland. She is the daughter of the Hon. Charles Grey, and a cousin of that rising young statesman, Sir Edward, who even as a schoolboy won the commendation of the famous Francis Francis for his skill with the fly rod, and has since become celebrated as a golfer. When Lord Minto was military attache here, his sporting proclivities were well known and popular, and as Governor-General he is sure to advance the cause of high-class sport of all kinds.

IDEAL BASEBALL TEAMS

Built on the Basis of National League Averages—Batting, Fielding and Base Running.

Now that the National League averages have been published and duly commented upon, the dyed-in-the-wool cranks are amusing themselves building up ideal teams and arguing about them. Among others, Mr. Ben Mulford has been putting together some paper teams. The heaviest batting team, according to Ben's notion, would be built about as follows:

—The Heaviest Batting Team.—

	B.A.
Tenney, Boston, first base	.355
Daly, Brooklyn, second base	.329
Collins, Boston, third base	.337
Grantings, Baltimore, shortstop	.325
Burkett, Cleveland, right field	.345
Hamilton, Boston, centre field	.367
Keeler, Baltimore, right field	.381
Farrell, Washington, catcher	.316
Mercer, Washington, pitcher	.334

That would be pretty good, but hardly a championship team. It has at least three very pronounced weak spots.

—The Ideal Not In It.—

No pennant was ever won by great fielding alone, and none ever will be. Boston isn't a representative among the premier fielders, while Brooklyn, which finished near the rear, claims three. Philadelphia gets one delegate, but he was released before the season was very aged—another illustration of the truism that good records do not always furnish the proper line on a player's worth. No pitcher's fielding record has been issued, so the twirler is counted out in this exhibit:

	F.A.
Lachance, Brooklyn, first base	.989
Daly, Brooklyn, second base	.985
Nash, Philadelphia, third base	.956
Jennings, Baltimore, short stop	.944
Kelley, Baltimore, left field	.973
Griffin, Brooklyn, centre field	.979
Freeman, Washington, right field	1.000
Zimmer, Cleveland, catcher	.971

That team would hardly win a place in the first division, with the other league teams constituted about as they are now.

—The Final Base Runners.—

The Big B's monopolize the claims to distinction among the base runners. Baltimore has four and Boston one of the nine boss base runners. Two erstwhile white-winds seemingly have lost their bearings—Dusty Miller and Little Eva Lange—who two years ago were fighting for the distinction of leading the league in larceny. Fred Clarke holds that rank now. This is the ideal team of base runners:

	S.B.
McGann, Baltimore, first base	34
De Montreville, Baltimore, second base	53
McGraw, Baltimore, third base	30
Jennings, Baltimore, shortstop	31
Clarke, Louisville, left field	66
Hamilton, Boston, centre field	59
Donovan, Pittsburg, right field	43
Grady, New York, catcher	20
Mercer, Washington, pitcher	14

Except for its battery, that team would be entitled to cut a very respectable figure in the race.

—Wouldn't Do At All.—

The best sacrifice-hitting—or what some would mistakenly call the best team working—aggregation in the league bunch would be about as given below. Any crank can realize what a poor figure it would cut in the race. Baltimore is not represented, for the Birds depend on their "chops" rather than "suicides" to help each other about the bases. Captain Duffy is Boston's only representative in this aggregation:

	S.H.
Douglass, Philadelphia, first base	25
Ritchey, Louisville, second base	31
Gray, Pittsburg, third base	17
Corcoran, Cincinnati, shortstop	17
Duffy, Boston, left field	17
Hoy, Louisville, centre field	19
Blake, Cleveland, right field	23
Donohue, Chicago, catcher	12
Mercer, Washington, pitcher	9

While a study of this sort is of no practical value it is none the less interesting. It is clearly shown that the ideal player is a rare bird, and that ideal teams made up of averages alone would not, except in batting, amount to a hill of beans in the fierce school of a season's campaign. Win Mercer is the only player in the above "ideal" list who ranks at the top on all counts, but when it comes down to pitching records he is distanced by all the leading pitchers of the successful teams in the race of 1898. In this, as in other matters, practice elbows theory out of doors.

Baseball Brevities.

A general meeting of the Eastern League representatives will be held in New York to-morrow.

Some of the big league magnates will endeavor to do away with the drafting clause in the National agreement at the next meeting.

Charlie Atherton, the Wilkes-Barre second baseman, was badly injured in a game of football by a vicious tackle about 10 days ago, and will play no more this season.

Some of the Washington writers insist that J. Earle Wagner is entertaining a proposition looking to the transfer of the Washington Club to a local syndicate headed by Manager Lashy of the Park Cycle Club track. The price is variously estimated at from $85,000 to $100,000.

Pitcher Joe Corbett will be seen in an Oriole costume next year. He didn't play during the past season because Manager Hanlon would not pay him the big price he asked for his services. Now it is said that Hanlon will give in to the crack twirler, and will pay him as much as he wants.

A despatch from Milwaukee, Wis., says: President Kilfoyle of the Milwaukee Baseball Club has announced that President Franklin of the Buffalo Club, who recently declared that Buffalo would not enter the Western League, has reconsidered. Negotiations are now under way for the New York town to replace Columbus. A meeting soon will be held in Chicago to settle the matter, which seems likely to go through.

Gore Vale Football Smoker.

The Gore Vale Football Club, champions of the Toronto League, held a smoker and cake walk last night in Occident Hall, which was largely attended. The program was rendered by Messrs. W. Blackway, J. Dempster, Bert Harvey, J. E. Blea, H. J. Ryan, W. Lane, Fred Steep, Worthington, Armstrong, Witty, Squires, Johnston and Harrington. Faust and Corbett boxed three rounds, as did also Bennett and Winterfield. The Crescent Banjo and Guitar Club was present and gave some excellent selections.

The Caps a Team of Scorers.

The victory achieved by the Ottawa City team on Saturday was a fitting climax to their record for the season in the Ontario Union, a record, perhaps, the best ever made by a football club in Canada—six straight victories; 170 points won, only 20 lost. This is the "Rough Riders'" Ontario record:

	Ottawa.	Oppon.
Against Hamilton	24	9
Against Argonauts	66	7
Against Osgoode Hall	80	4
Total	170	20

The Ontario Champions.

The following table shows the results of the final games for the championship since the organization of the Ontario Rugby Football Union:

Year.	Winner.	Loser.
1883	Toronto	Ottawa University
1884	Toronto	Ottawa University
1885	Ottawa University	Ottawa City
1886	Ottawa University	Toronto
1887	Ottawa University	Hamilton
1888	Ottawa University	Hamilton
1889	Ottawa Uniyersity	Queen's
1890	Hamilton	Queen's
1891	Osgoode Hall	Toronto University
1892	Osgoode Hall	Hamilton
1893	Queen's	Toronto
1894	Queen's	Hamilton
1895	Toronto University	Queen's
1896	Toronto University	T.A.C.
1897	Hamilton	Osgoode Hall
1898	Ottawa City	Hamilton

Peterboro Hockey Club.

The annual meeting of the Peterboro Hockey Club was a large and enthusiastic one. The reports of the secretary and treasurer showed the club to have had a successful season as well as being in a flourishing condition, there being a surplus of $50 on hand. The results of the elections were as follows: Patron, Mr. G W Hatton; Patroness, Mrs. G W Hatton; Hon. President, Mr. R. C. McHarrie; Chaplain, Rev. V Clement, B.A.; resident, R J Fife; 1st Vice-President, W A Sanderson; 2nd Vice-President, W Stocker; Secretary-Treasurer, W A Buchanan; Executive Committee, The officers of the club, ex-officers, Messrs W G Ferguson, H R H Kenner, R H Kells, A J Terrill, E Wasson and Roger Davidson; Delegates to the O.H.A. annual meeting in Toronto, Messrs H R H Kenner and W A Buchanan.

Playing Basket Ball.

The third game in the Basket Ball League was played last night at the Central Y.M.C.A., resulting in a victory for Henderson over Keffer. The score was 12 to 9, and the game one of the fastest ever seen in Toronto. The next game will be played on Thursday at 8.45.

Sporting Miscellany.

The game Saturday between Varsity and Queen's would indicate that the Intercollegiate Union has failed to inculcate gentlemanly tactics in the ranks of the teams.

J. C. Snyder, the well-known East End cricketer, and for many years the best man in the old East Toronto Club, died last week after a long illness.

The regular meeting of the Queen City Bicycle Club will be held this evening in their new clubrooms in the Masonic Hall, Parkdale, at 8 o'clock. Every member is earnestly requested to attend, as there is most important business on hand. The opening "At home" of the club will take place on Thanksgiving eve., Wednesday, Nov. 23, in the building.

The first twelve days' racing in California has been a success, although the division of the money put up for purses has been rather uneven. Of the $25,100 offered, the big stable of Burns & Waterhouse captured $6685, or more than one-quarter of the entire amount. This amount included the Inaugural Handicap, the California Maiden Stakes and the Burlingame Stakes. J. Conway, who is second, with $1025, placed the only remaining stake event to his credit, namely, the Nagle Selling. Yesterday racing began at Ed Corrigan's track.

Bobby Thompson writes that he will accept Lane's deal to box at 133 lbs., or he would take on Jack Roach or any other boxer at the same weight.

GAMES IN TEN-PIN LEAGUE

Three of the Four Scheduled Matches Played Off.

Athenaeum and Insurance Game Postponed—Grenadiers Down the Q. O. R. B. C.—Q. O. R. Beat Body Guards and Athenaeum Won From the Leiderkranz.

Three of the four scheduled games in the Toronto Bowling League were played last night. Two occurred at the Armouries, in which the Grenadiers and Q.O.R. were the victors, and the Q.O.R. B.C. and Body Guards the vanquished. The contest at the Athenaeum was a good victory for the Athenaeum B team over the Liederkranz. The highest score of the evenings was made by Atkins of the Q.O.R.—716. The results:

FOR THE CANADA'S CUP.

Chicago and R. C. Y. C. Delegates Meet To-Day to Arrange a Race.

The delegates from the Chicago Yacht Club, who are coming to the city to confer with the holders of the Canada's Cup as to final details for the prospective race, will arrive at 1.30 p.m. to-day.

At 3 o'clock, at the town house of the Royal Canadian Yacht Club, they will be met by Commodore Jarvis, Messrs. C. A. B. Brown and F. M. Gray, of the R.C.Y.C.; Mr. J. E. H. Ambrose, of the Royal Hamilton Yacht Club, and the R.C.Y.C. Sailing Committee and Committee of Management.

Yachting Notes.

The R.C.Y.C. Executive Committee has been authorized to make arrangements for the holding of a ball at a date to be fixed upon shortly. Secretary Foot was instructed to forward a vote of thanks to Mr. J. H. Watson, a prominent member of the Sailing Committee, who is now in Rossland, B.C., in the interests of the Bank of Toronto.

An interesting meeting of the Queen City Yacht Club was held Saturday evening, Commodore Owain Martin, presiding, and about fifty members being present. The delegates to the Lake Sailing Skiff Association received their instructions, a committee was empowered to make arrangements for the holding of the club ball early next month and other important business was disposed of.

An enthusiastic general meeting of the Royal Canadian Yacht Club was held on Saturday night, the feature of the evening being the prospective Canada's Cup race. The club has been notified that the delegates from the Chicago Yacht Club will arrive to-day (Tuesday). They will be met by a committee composed of Mr. C. A. B. Brown and Mr. F. M. Gray, R.C.Y.C.; Mr. E. A Ambrose of the Royal Hamilton Yacht Club and Commodore Jarvis and the officers of the R.C.Y.C. The new Sailing Committee has unanimously elected Mr. G. Temple McMurrich as honorary measurer.

Bobby Dobbs, the American colored lightweight, who recently went to England, has been matched to meet Dick Burge in a contest Dec. 12 for a $1500 side bet and purse.

Mike Leonard of New York, known as the Bean Brummel of the ring, received a severe beating in Chicago at the hands of Jack Carrig. The fight was one of five given by the Chicago Athletic Association at its second boxing entertainment. The go was stopped in the fifth round by Referee Siler, who explained that Leonard was too game a man to be permitted to get such a terrible beating. As an exhibition of gameness the contest was the best seen in a long time.

Professor Mike Donovan, who teaches the howling swells of New York the manly art of self-defence at the New York Athletic Club, has annexed a new department to his outside classes. He is teaching the society women of New York to box. He has more than a dozen outside pupils, most of them the wives and sisters of his men students in the science of sparring, and boxing promises to be the athletic feminine fad of the season.

Dal Hawkins, who was matched to fight Jack Downey at the Greater New York Club, but refused because the management would not guarantee him a purse of $3500, has been matched to meet Kid McFarland at the Lenox Club on Dec. 19. When the Coney Island Club failed to post the amount called for Hawkins and Downey tried to get a purse from the Lenox Club. At first O'Rourke did not take kindly to the proposition, declaring that Hawkins in agreeing to fight at Coney Island broke faith. However, the Lenox Club management decided to put the Californian against McFarland for the above date.

BIG BILL OF FARE.

An Artistic and Instructive Evening With the Toronto Camera Club.

The Toronto Camera Club gave its friends, last night, not only a big, but an excellent bill-of-fare. The lantern slides shown were from the clubs at Redlands, Cal., St. Louis, Mo., Hamilton, Ont., and the club's own set 1897-8, just returned from the rounds of the American Interchange Club of Canada and the United States. The St. Louis set was a most interesting one, embracing a complete history in pictures, accompanied with graphic descriptive text of the great tornado of May, 1896. The slides, too, were technically perfect, and were much enjoyed by the large audience. The Redlands views were such as could only come from California and Arizona, and new light was given to the irrigation problem by the Bear River Valley representatives. The Hamilton and Toronto views are too well known to need description, although it may be said they were such as did no discredit to either club.

The set for the American interchange from the Toronto Camera Club for 1898-9, went off yesterday morning to New York. It is said to be the best ever sent out by the club, and represents the work of sixteen members, a decided increase. There is no sameness about the pictures, and every phase of life is interested in the 50 slides, which the members of the club and their friends will see on their home screen a year from now.

LORD MINTO AT HAMILTON

Is What the City Council Want to See on Nov. 28.

And Last Night They Decided to Invite the New Governor-General to the Ambitious City on That Date—They Also Did Many Other Important Things—Court of Revision Meets Again — Hamilton News.

Hamilton, Nov. 14.—(Special.)—The City Council was in session till midnight, the discussion of a number of bylaws taking up considerable time. The Sewers Committee recommended that $100 be paid Miss A. Crawford for injuries sustained on the Mountain. Ald. McAndrew and Ald. Metherell protested that too many similar actions were being brought against the city. The report passed, however.

When the report of the Fire and Water Committee came up Ald. Hannaford withdrew the clause recommending the adoption of Engineer Barrow's recommendation that a main be built from the pumping house to the city. It was decided to put down a 6-inch main on Ida-street. J. J. Armstrong was given a contract to build a pipe sewer on Mary-street, from Picton to Macauley-street, at 27c a foot.

Ald. Carscallen, the chairman, declined to move the adoption of the Finance Committee's report, as he was opposed to the new recommendations concerning the Lawry bylaw, and it was moved by Ald. Hobson. The report was adopted, with the recommendation that Lord Minto be invited to visit the city on Nov. 28.

Several bylaws were then taken up in committee of the whole. The first was the water rate penalty bylaw. It was that it be 10 per cent. up to the end of the first month, 20 per cent. for the third month, and 33 per cent. for the third month; that the penalty on vacant land be from 100 to 50 per cent. It was decided to lay the bylaw over for further consideration. The
