HAMILTON NEWS

QUESTION OF RIGHT OF WAY

For the Galt-Guelph Electric Road Came Before the Parks Board Once More

AND STILL IT IS NOT SETTLED.

Young Man Lost a Leg—Ball at the New Royal—Meeting of Presbytery—General News.

Hamilton, Ont., Nov. 14.—(Special.)—The second annual concert of the St. Patrick Literary Society was given in Association Hall to-night. Those who contributed to the program were: Misses Alma Gayfer, Susie McGra, Alice Hanley, Mrs. Findlay-McLean, A. Stares, George Ide, Eugene Jerge (Buffalo).

The Right of Way Question.

The Parks Board met this afternoon and discussed the proposition that a strip of two feet be cut off the York-street edge of Dundurn and Harvey Parks, to make a suitable roadway for the projected Galt-Guelph Electric Road. The commissioners were not favorably disposed to this proposal. They, however, were willing to allow about 25 feet to be cut off Dundurn at the bend of York-street, near the old Battery building, and an arrangement for the placing back of the sidewalk. If any other plan, varying much from this, is presented, the board will oppose it. John Patterson will lay another proposal before the board at another meeting, and the commissioners will take no definite steps until that has been placed before them. The board is prepared to receive relics for the museum in the Castle Museum, either as gifts or on trust. Mrs. Fessenden makes application for the post of custodian.

His Leg Amputated.

Delos Walker of Beamsville, who was shot in the thigh while out duck shooting, had one of his legs amputated at the General Hospital this afternoon. Twilight he was reported as doing well, altho little hope for his recovery is entertained.

Ball at the New Royal.

Mrs. J. M. Young gave a ball at the New Royal to-night. About 60 couples were present. Anderson's Orchestra furnished the music.

Mrs. Webber's Claim.

Hamilton Presbytery has again put itself on record as opposed to paying the Webber claim, which has occupied the attention of the Presbytery, the Synod and even the General Assembly at various times during the past three years. At a meeting of the Presbytery Rev. Dr. Laing presented the report of the Special Committee. The claimant is Mrs. Mary Webber of this city, who, in 1890, lent the Presbyterian Church at Waterford $1000 on a mortgage on the church property. In 1897 the congregation disbanded, and then Mrs. Webber's security proved to be worth only one-third of the loan. Since then Mrs. Webber has been trying to get her money from the Presbytery.

A committee of the General Assembly, of which Mr. Justice MacLennan was chairman, reported that Mrs. Webber had no legal or moral claim on the Presbytery and pointed out that the church at large could not be responsible for the debts of individual congregations.

Rev. Neil McIlnerson reported that the Twentieth Century Fund subscriptions from the churches in this Presbytery would total about $70,000 when they were all received. It was originally estimated that the Presbytery would raise $75,000.

Police Points.

Joseph Coughlin, Dundas, was committed for trial this morning on a charge of forgery, preferred by the Hamilton Steel and Iron Company.

Bert Dixon, Cannon-street, will be tried to-morrow on a charge of obtaining $18 by false pretences from Wm. Aldrich, porter for Grafton & Co.

Reginald Harvey, Wellington-street, was fined $20 this morning for assaulting Joseph Leslie, a bailiff.

Judge Snider sent Alex. McLennan to jail for two months for stealing a bicycle belonging to Joseph Le Marsh of Belleville here last May.

About Ten Lawsuits.

Interesting developments are looked for in the trial of the actions brought by the directors of the Central Industrial Fair Association against J. M. Lottridge and J. J. Stuart, formerly of this city, and now of Moncton, N.B., to recover on notes for a total of $69,000. The plaintiffs are Wm. Hendrie, A. T. Wood, F. C. Bruce, Geo. Roach and the executors of the late Tucker estate, and they seek to compel the defendants to make good their share, one-seventh in each case, of the amount of the notes. Each of the plaintiffs sues Stuart and Lottridge, making ten suits in all.

In Chambers this morning Mr. D'Arcy Tate, for the plaintiffs, secured an order staying eight of the suits and directing the actions brought by Wm. Hendrie to go to trial. The other actions will be decided by the result of these two.

McWhirrell's Widow.

Hard-hearted bailiffs are in possession of the house occupied by Madam Gertrude Truman, Queen-street, who is known as "McWhirrell's Widow." They took possession under a landlord's warrant, for rent unpaid.

Mrs. Truman, who is undoubtedly the daughter of a Scotch earl, receives an allowance of $66 a month from the estate in Scotland, and that is not sufficient to keep her out of debt.

When Walter McWhirrell, the murderer, died in Kingston Penitentiary, she had the body sent here, representing to the Minister of Justice that she was his widow. She ordered a local undertaker to "spare no expense" to give him a grand funeral. She was to settle for everything. This was about a year ago, but the undertaker is still waiting for a settlement.

Death of Aged Printer.

George Rioch, Emerald-street, died this morning at the age of 67 years. Deceased worked in the news room of The Evening Times for 25 years. Besides a widow, three sons and four daughters survive him. One of the sons, David, is a missionary in India; George is in business at Rat Portage and John is attending Toronto University. One of his daughters, Miss Mary Rioch, is a missionary in Japan and another, Mrs. J. S. Dalrymple, resides in Toronto.

Prices at the Star Theatre have been reduced to 15c, 25c and 35c for the rest of the week.

Marguerite, Boston, Arabellas, etc., four for 25c. Noble's Palace Cigar Store, 4 King.

Efforts are being made to get Brook's United States Marine Band, which will pass thru here on the 28th inst., en route from Rochester to the west, to remain over and give an afternoon concert. The band will play in only one city in Canada.

Lectures for the Public.

The departmental societies of Toronto University hold lectures, open to the public, every now and then. These may be termed university extension lectures, and are designed to supplement the regular lectures, of the various academic courses. Hackney; Nov. 28, Economic Use of Bacteria, Gerald Addison; Nov. 30, The Novels of Jane Austen, Prof. Alexander.

This afternoon the political science clubs debate the subject, "That farming on a large scale is advisable and feasible in Ontario."

Aid for Old Mr. Roberts.

A Toronto lady who does not want her name made public has forwarded to Staff Inspector Archibald the sum of $11 to be applied towards the maintenance in the hospital of Robert Roberts, the old man who was shipped to this city on Sunday last from Callander. The letter states that $1 of the amount is to be used in conveying Roberts from the jail to the hospital in a carriage. The old man was sent to the General Hospital by the police on Monday.

REPORTS FROM WALDERSEE

Former Chinese Garrison of Pekin Has Been Removed to the Northwest of the City.

ROMAN CATHOLICS THREATENED

And a German Expedition Has Been Sent For Their Protection—Word From Morrison.

Berlin, Nov. 14.—The War Office has received the following despatches from Count Von Waldersee, dated Pekin, Nov. 11:

"The former Chinese garrison of Pekin is now between Huai Lai and Ksuen Hua (also written Suan Hua), 52 and 89 miles respectively northwest of Pekin.

"On this account and also because of a request from Bishop Favier for protection for Catholics threatened in that district, an expedition had been sent under Col. Count Von Wartemberg, consisting of the First Battalion, First Regiment, Col. Jaeger commanding; a company of the Second Squadron; a train of mountain artillery, a company of Austrians, a battalion of Italians

CHINA WILL RUIN RUSSIA.

That is the Opinion Expressed By a St. Petersburg Paper—China Cannot Pay.

St. Petersburg, Nov. 14.—The Rossiya declares that the Chinese troubles "threaten to ruin the Russian Empire." "If the powers," it is added, "continue their present policy, China will be unable to pay a money indemnity, and, consequently, the powers will demand and secure mining, railroad and commercial concession, one which will result ultimately in the partition of China, in spite of the assurances of the powers to the contrary. The Chinese, indignant, will emigrate to Siberia, and the yellow horde will again precipitate towards European Russia, which will sink to the position of a second rank power."

THE MURDER OF VON KETTELER

Was Due to Hatred, Because the German Minister Accused Chinese of Double-Dealing.

Berlin, Nov. 14.—The Foreign Office publishes reports from the German Legation at Pekin, dated from May 31 to Aug. 24. The late Baron Von Ketteler's despatches described exhaustively the progress of the Boxer movement, demonstrating the guilt of the Chinese Government.

Secretary of Legation Von Buelow, dealing with the disturbances at Pekin from June 12 to June 30, says that with the appointment of Prince Tuan to the Presidency of the Tsung Li Yamen, notification of which was given June 10 to the Foreign Ministers, the Chinese Government "let fall the mask." He adds that it was equivalent to a declaration of war.

A dragoman of the German Legation narrates in these reports the murder of Baron Von Ketteler. He says it was a carefully planned act of vengeance upon the part of certain high representatives of the Chinese Government, whom Von Ketteler had repeatedly accused, even to their faces, of double dealing.

Austrian Detachment Gone North.

Vienna, Nov. 14.—The commander of the Austrian Squadron at Taku cables that an Austrian detachment of troops left Pekin Nov. 12 with an expedition to the northwest, which was expected to be gone three weeks.

A company of Austrian blue jackets, it is added, with 16 German cavalrymen, recently engaged a force of Boxers six miles west of Pekin and defeated the Chinese. Three of the latter's leaders were shot.

BELGIUM'S POSITION.

Leopold's Kingdom Wants a Piece of Territory, but Merely as a Settlement.

Brussels, Nov. 14.—In the Senate to-day the Minister of Foreign Affairs, M. de Favereau, made the following statement with reference to the intention of Belgium in China: "The Government does not contemplate military operations in China, nor the formation of gendarmerie. We are seeking to acquire a piece of territory, not as a simple settlement only, and without political importance. The acquisition will be made at Tien Tsin or perhaps elsewhere, but it will not give rise to military action."

EMPEROR AND DOWAGER

Are to Return to Pekin, it is Said—Russians Again Slaughtered Chinese.

Tien Tsin, Nov. 14.—It is reported that an Imperial edict has been issued announcing that Emperor Kwang Su and the Empress Dowager will return to Pekin.

Russians Slaughtered Chinese.

A Russian column of 330 men, with four guns, which left here Nov. 4, returned Nov. 9, having engaged the Chinese. At Hsin Tsang the Russians fought 2000 Chinese troops, dispersing them and killing 200. The Russians had no casualties.

Tien Tsin Has 600,000 People.

The population of the City of Tien Tsin now reaches 600,000 Chinese, and the allies are strengthening the garrison against a possible surprise. It is supposed that one-third of the inhabitants are Boxers.

PETROLEA OIL INDUSTRY

Is Likely to Be Revived, an English Syndicate Having Taken Hold of It.

Petrolea, Ont., Nov. 14.—The much-talked-of English syndicate has taken another favorable start. From letters and other information received, it now looks bright, and it is anticipated that before long everything will be arranged, so that our oil men will close the deal with the syndicate to their satisfaction. This means a large amount of money will be received by oil producers in Petrolea, and will consequently benefit our town. It is reported that all the common stock has been taken up.

"Dying at the Top."

The above was the peculiar title of an address delivered in Elm-street Methodist Church last evening by Rev. E. O. Taylor, D.D., of Boston. In a startling recounting of facts and incidents, coupled with forceful reasoning, the reverend gentleman dwelt on the injurious effects upon children and youths of the use of cigarets, tobacco and drink. The agencies to correct the evil he designated to be the home, the Sabbath school and particularly the Public Schools. The lecturer laid especial stress on the importance of impressing on children of the primary departments in schools the necessity of abstaining from the habits named. The address was most impressive, instructive and entertaining to the large audience.

At the Royal Theatre.

At the Royal Theatre this week the program commences with a one act farce entitled, "The Doctor's Birthday Party." The artists who contribute to the performance are: Harry and Francis Neal, Lafe Woodson, Miss Laura Wells, Baby Ashley, Bill James, Mabel Blake, Annie Ashley and a number of chorus girls. The show concludes with the trio scene act, "O'Hulihan's Visit."

A HARD WORKER.

One of the "Kings" of the Coast.

Mrs. L. S. King of Concord, Cal., is State organizer and lecturer for the W.C.T.U. of California. She had been carrying on her work without using proper food to sustain her body, and says: "Before I found Grape-Nuts food I was suffering seriously with indigestion and my mind had become sluggish and dull, the memory being very much impaired.

"Hearing of Grape-Nuts as a food for rebuilding and strengthening the brain and nerve centres, I began its use. In two months I have gained four pounds in weight, never felt better in my life, and find a most remarkable improvement in my memory and mental activity. I never stood the fatigue and pressure of work as well as I do now. A short time ago I went to a new county, worked twenty-two days, almost day and night, without rest, and came home feeling fine. You may be sure I take Grape-Nuts food with me so that I may depend upon having it."

OSGOODE HALL TOPICS.

To Try Election Petitions.

Chief Justice Meredith has announced that the judges of the Common Pleas Division have appointed Mr. Justice Rose on the role of judges for the trial of election petitions for the ensuing year.

Joseph Sifton's Will.

Mr. Justice Meredith has reserved judgment upon an application made for a postponement of the trial of the action of Fitzgerald v. Morden. The action is brought for a declaration that the first will made by Joseph Sifton, for whose murder his son Gerald and one Herbert are now awaiting trial at London, is the last and true will of deceased. It is sought also to set aside the second will, which, it is alleged, was made about 2 o'clock in the morning of the day that deceased met his death. The contention is that it is a forgery. By this will the whole estate was "left to Mary McFarlane, my intended wife," during her lifetime. The first will gave the property to the prisoner, Gerald Sifton. The chief ground for the motion was that the outcome of the murder trial would have an important bearing on the action.

Another Insurance Case.

The Divisional Court yesterday heard an appeal in a peculiar insurance case from Welland County. Warren Knisely of Humberstone is the plaintiff and the British America Assurance Co. defendants. Knisely had a $1300 policy on his barn, which was destroyed, with $700 loss. There was a question in the application as to whether the applicant feared fire by incendiarism, and the answer was given as "No." Knisely states that the agent filled in the application in that manner, altho he had told him that he feared incendiarism. Judgment was reserved.

Sir R. Clarke a local mining broker, has succeeded in securing an award of $100 damages for libel against E. A. Chapman, proprietor of The Rat Portage Weekly News. A board of arbitration decided the matter.

NEWFOUNDLAND ELECTIONS.

Another Former Tory District Has Turned Over to the Liberals With Emphasis.

St. John's, Nfld., Nov. 14.—Completed returns from Trinity district, in the colonial general election, show the success of three Liberals by a majority of 601.

The result in this district represents the most decided change of sentiment in the whole contest, Trinity having been carried by the Tories by nearly 1400 at the previous election.

THEY ARE UTTERLY ROUTED.

The Inference is That Millionaire Reid's Schemes Are Unpopular in the Colony.

Chicago, Nov. 14.—The Record prints the following special from St. John's, Newfoundland:

The Reid-Morine forces have been utterly routed, and Premier Bond re-elected by the most pronounced vote of confidence ever recorded on the island. The Legislature is practically all anti-Reid, and the gains of the Bond party in every part of the island are so great as to baffle explanation on the part of the millionaire Reid and his solicitor, Mr. Morine, who was a candidate against Premier Bond.

So great, in fact, is the landslide for Bond and the repudiation of Reid so complete that it can only be accounted for in the statement that the colonies are a unit in support of the principle that Millionaire Reid must not control the Legislature and force thru his pet schemes of Napoleonic finance.

With all but two single-member districts reported the victory of the Bond party appears complete and the astonishing feature of it is that the Protestant districts are equally pro-Bond with the Catholic districts, holds, which were conceded to Bond. Of the 30 seats which Bond holds many of them are Protestant and in all of them the majorities against Reid are startlingly big.

In the Placentia district the Reid-Morine party lost the three seats, Bond winning them by the largest majority ever regarded. Twillingate re-elected Premier Bond, with two colleagues by quadruple majorities over the last election. Trinity, with two-thirds of the vote counted, shows Attorney-General Horwood and his two colleagues to be winners by a slight majority. Of these nine seats seven sent Tory last election and six are decidedly Protestant.

GET-RICH-QUICK CONCERNS.

British Metropolis Threatened With an Epidemic of Bucket Shop Gambling.

London, Nov. 14.—In the wake of the boom in American securities London is threatened with a wholesale revival of bucket-shop operations. Scores of "get-rich-quick" concerns, which have remained under cover for months, have now seized upon the activity of the Yankee market to renew their designs on Britishers of a speculative turn of mind.

The mails are full of glittering prospectuses telling of the inordinate profits which await buyers of American railway stocks. Country parsons, clerks, barmaids, cabdrivers and policemen are in daily receipt of invitations to partake of American property under the high-sounding title of "The Universal Metropolitan Association for Co-operative," London and New York.

Limits Profits to 200 Per Cent.

Self-styled "stock exchanges" are preparing to reap a harvest from people who are willing to become capitalists on the American plan. Tips to buy Atchison preferred, Northern Pacific common and Illinois Central debentures are scattered broadcast with unselfish prodigality. One concern in the west end advertises that, inasmuch as it is able to guarantee its clients against loss, it "limits the profits to which they may be entitled to 200 per cent."

This Chap is More Modest.

It is a more modest competitor who boasts "Sigismund transactions in New York, Berlin and Paris," and promises 150 per cent. profit within sixty days from an industrial company which he proposes to float. The investors are not informed of the nature of this Anglo-Saxon mint, "for the reason that disclosure would be prejudicial to the project."

Paper Starts a War.

The Financial Times of London has undertaken to drive the bucket-shops out of business.

Assist the Poor and Needy.

Editor World: Kindly allow me space to inform the friends who are desirous of assisting the deserving poor and needy whom our missionaries meet in their visitations all over the city, that many of these would never be known, and, consequently, their distress would not be relieved, were it not for our visitors finding their way into these homes with the message of the Gospel, and when we discern their need, like our Master, in His compassion, we minister to their temporal as well as their spiritual necessities. We are in need of clothing of all kinds for men, women and children. If any person having such, will send notice to me, I will send for them at once. Our Poor Fund is also exhausted, and now that the severe weather is upon us the claims of the sick and needy poor will be greatly increased. Contributions forwarded to my address will be gratefully received and duly acknowledged.

McMillan of Guelph was present, and in the course of an address told of the steps that had been taken to secure the Government medal. He also said that the Ontario Government had promised them 160 acres of land each, located at the head of Lake Nipissing. Some time next spring a party will journey up and look at the country. An effort had been made before to secure a grant from the Dominion Government, but it was replied that they had no land in Ontario, and also that there was no Dominion Government in existence at the time of the raid in 1866.

A Successful Musical Event.

Hamilton, Nov. 14.—Seldom has a musical event in this city won so much eclat among the best people and the most cultured critics as the piano recital by Friedheim, the great Russian pianist, in Association Hall here on Tuesday evening. This great artist only arrived from England by steamer reaching here the end of last week, and was in magnificent form. His program was one that called forth the strongest talents of the pianist, but he performed his part as one might some simple exercises. He arose equal to the severest demands of the excellent selections from Liszt, Weber, Mendelssohn, Chopin and Rubinstein on his program. At the close of his last number the splendid audience simply waited, hoping that there would be a further addition to the program. It was a fortunate thing for a great Canadian piano manufacturer that the concert grand piano of the old firm of Heintzman & Co. was used on this occasion and met every requirement of the artist.

Sudden Death of Mr. R. Watson.

Death came suddenly yesterday morning to Mr. Robert Watson while he was visiting his son's factory at 71 to 73 East Front-street. Mr. Watson had been talking to his son in the office, and was about to walk to the door, when he staggered and fell to the floor. A physician was immediately called, but his services were of no avail. Death was due to heart failure. Deceased was 77 years of age, and was born in Scotland. He established the wholesale manufacturing confectionery firm which still bears his name. He retired from business several years ago and since then his son, Robert Watson, has managed the factory. Mr. Watson was widely known in many circles. He was an attendant of All Saints' Church. The funeral will take place on Saturday afternoon from 129 Shuter-street to St. James' Cemetery.

Some One Deserted the Baby.

The first case of child desertion which the police have been called upon to deal with in a long time occurred last night, when a well-developed female infant about a week old was picked up by Police Probationer Webster. The child, which made its presence known by its cries, was found on the steps leading to the premises of Flett, Lowndes & Co., at 61 Bay-street. The foundling was warmly wrapped up in an old skirt and a piece of window curtain, and the whole was laid away in a fruit basket. The infant was taken to the Court-street Station, where it was cared for by Mrs. Whiddon, the police matron, and was afterwards taken to the Infants' Home.

Overcoats Are Needed Now.

Michael Burns, who lives in the rear of 99 Bathurst-street, was taken into custody last night on a warrant charging him with stealing an overcoat, the property of Edward Grainger, 184 East King-street. Characteristic of Julia.

Chicago, Nov. 13.—"Never!" cried Julia Marlowe. "Never!"

This answer was dramatically returned to Charles Majors, author of the book "Such a Husband Was in Flower," of which he dramatized version is now undergoing a rehearsal at the new Garrick Theatre, upon his insistent demand that she should do as the fine ladies of those days did and make use of a small, but objectionable word beginning with "d" and, rhyming like this "d—" when it appears in print.

"Throw up the play or speak the lines as they are written," commanded the author. "When Mary Tudor swears you must swear if you enact the character in my story, for swearing was one of the graces of fine ladies in her time."

"Never!" retorted the beautiful Julia again.

"Then throw up the play," was the inexorable command of the author, who has made a fortune off his book, and can afford to stand out for realism or nothing.

"I will not utter the vulgar word," cried Miss Marlowe. "I swear I will throw up the play. I will not offend the ears of my friends by lowering myself to that depth to depict the vices of even Mary Tudor."

And so the case stands.

London, Nov. 14.—The director, manager and auditors of Dumbell's Bank of Douglas, Isle of Man, which recently failed for over £100,000, were found guilty to-day of falsifying the bank's books. Sentence was deferred. The prisoners were cheered by the assemblage of ruined depositors.

Any Boys?

If there are boys in the house, or girls either, then croup, coughs, catarrh, bronchitis, and sore throat are sure to be there, too, sooner or later. Don't crowd their stomachs with medicine, just have them breathe-in the vapor of Vapo-Cresolene; they'll like it, and it will give immediate relief. In this way you put the medicine right on the place that needs it. For whooping-cough it's the perfect cure. 5
