By Vice-Admiral and Commander-in-Chief.
H. M. ship *Duncan*,
Halifax, 3rd Dec., 1866.

EFFECTS OF PROTECTION.—The New York Evening Post laments the departed glories of American ship building. It says: "We once built ships for all the world; now the least enterprising, the least skilful of our competitors beat us, take a great and profitable business away from us; and a branch of skilful industry which has always been a source of one of the most important of a nation's strength, languishes and is dying."

The *Army and Navy Gazette* announces that as the Portland Breakwater is now completed many of the buildings formerly used by those engaged in the construction of that great national undertaking will be rendered vacant, and it is proposed on the part of the Admiralty that some of these should be surveyed, with a view of ascertaining if any of them can be converted into sick quarters for the reception of patients belonging to her Majesty's ships when stationed in the roads, so as to render unnecessary pursuing the old plan of transporting them, at much expense and danger, to the Naval Hospital.

The *Times* chaffs the Archbishop of Canterbury for the following sentence in his prayer of thanksgiving for the cessation of the cattle plague:—"We bless Thy holy name for having spared for our sustenance the remnant of our flocks and herds." "Remnant, indeed," sneers the *Times*, "why, the official estimate of the flocks and herds of Great Britain in March last was 22,048,281 sheep, and 4,785,836 beasts. And the loss by the cattle plague and its preventive measures has been but 7,000 sheep and 254,000 beasts!" The Archbishop ought to have consulted Mr. Clode before he thus committed himself. Nevertheless, the Archbishop is in the right, and the *Times* is hypercritical.

BEWITCHING.—Not content with shoes and boots of modest black, the belles of New York, like their sisters across the water, affect dainty little high heeled gaiters of bronzed and silvered kid, and blue, scarlet and purple silk, with fancy buttons. The effect, under "tilting hoops," as they may be seen on a sunny afternoon, is considered by connoisseurs in such matters to be perfectly bewitching.

A MAN HANGS HIMSELF AND COMES TO LIFE AGAIN.—The *Spectator* says that a few days ago a man in the employ of Mr. De Courtney, as assistant in his vineyard, at the village of Cookville, county of Peel, was discovered hanging by a rope suspended from the rafter of an unoccupied tenement. The body was immediatly cut down, and placed upon a bed, all who beheld it believing that the man was dead. About an hour afterwards, however, the man sat up and commenced to talk to the house full of people, which his rash act was the cause of collecting. The cause of the man's acting so foolishly is said to be financial difficulty, he having lost some $10,000 in speculating in oil.

A woman was found frozen to death in Montreal on Thursday. She had sought refuge in an unoccupied house. Cold and starvation were the causes, as appeared from the evidence before the coroner. Her name has not been discovered.

The Reciprocity Treaty.—Again rumors reach us that the Reciprocity Treaty is in danger, and we have reason to fear there is some foundation for these statements, but we have every faith in the "Canadian Pain Destroyer" in cases of rheumatism, neuralgia, Burns, Bruises, &c. Can be had in every city, town or village at 25 cents per bottle. Sold by all Medicine Dealers.

Twenty years experience in using Bryan's Pulmonic Wafers have proved them to be the most effectual remedy for coughs, and irritation of the throat, caused by cold, or unusual exertion of the vocal organs; public speakers and singers will find them most beneficial. The entire freedom from all deleterious ingredients renders Bryan's Pulmonic Wafers, or Cough and Voice Lozenges, a safe remedy for the most delicate person, and has caused them to be held in high esteem by all who have used them. Sold by all medicine dealers at 25 cents per box.

Among the most important of modern medical discoveries will be ranked the

CANADIAN PAIN DESTROYER!

As a Family Medicine, it is well and favorably known, relieving thousands from pains in the Side, Back and Head, Coughs, Colds, Sore Throat, Sprains, Bruises, Cramps in the Stomach, Cholera morbus, Dysentery, Bowel complaints, Burns, Scalds, Rose Bugs, &c., &c., &c.

The CANADIAN PAIN DESTROYER has now been before the public for a length of time, and wherever used is well liked, never failing in a single instance to give permanent relief when timely used, and we have never known a single case of dissatisfaction where the directions have been properly followed; but, on the contrary, all are delighted with its operations, and speak in the highest terms of its virtues and magical effects.

We speak from experience in this matter, having tested it thoroughly, and therefore those who are suffering from any of the complaints for which it is recommended may depend upon its being a Sovereign Remedy.

The astonishing efficacy of the Canadian Pain Destroyer in curing the diseases for which it is recommended, and its wonderful success in subduing the torturing pains of Rheumatism, and in relieving Nervous Affections, entitle it to a high rank in the list of remedies for these complaints. Orders are coming in from Medicine Dealers in all parts of the country for further supplies, and each testifying as to the universal satisfaction it gives.

The Canadian Pain Destroyer never fails to give immediate relief. All medicine dealers keep it. Physicians order and use it; and no family will be without it after once trying it.

Price only 25 cents per bottle.

All orders should be addressed to

Mothers Read This.—Hollaway's Worms Lozenges are a certain and safe remedy for Worms in Children and Adults.—And it is a well-known and melancholy fact that one great cause of death among children is from Worms alone, it cannot be too deeply impressed upon the minds of parents the necessity of closely watching their children. By so doing, and understanding the symptoms and true cause of the disease, thousands of children might be saved from early graves. BEWARE OF WORMS.—The following are few of the very numerous symptoms and diseases which are caused by Worms: deranged appetite, emaciated extremities, offensive breath, frequent picking at the nose, grinding of the teeth during sleep, hardness of the belly, and frequent slimy stools, and sometimes convulsive fits; pain in the head and stomach, unquiet sleep; faintings, trembling, coughs, indigestion, low spirits, frightful dreams, and a gradual wasting away of flesh.

They are palatable and self-administered to the child—drive out the worms thoroughly without pain, and completely cleanse the stomach—thereby doing away with the necessity of administering Castor Oil or other unpleasant cathartics or in the use of other worm medicine.

☞ Each box contains the fac-simile signature of NORTHRUP & LYMAN, Newcastle, C. W., who are the sole proprietors.

N. B.—Ask for *Holloways' Worm Lozenges*, ☞ and take no other. ☞ Sold by all the druggists in Goderich and medicine dealers everywhere. w40 6m

EVERY BODY SAYS SO.—That is all who have either used the article themselves or witnessed its effects when used by others; all such, and they are only fit to judge, are unanimous in the opinion that "Dadey's Arabian Heave Remedy" is superior to anything of the kind heretofore or at present in use for Coughs, Colds, Thick Wind, and all diseases which affect the Wind of horses. As a Condition Medicine it has no equel; there is nothing in it which can injure a horse whether sick or well—nor need the horse be kept from working while using it; it is just the article which all who own horses require, and which they should have constantly on hand.

Remember the name, and see that the signature of *Hurd & Co.* is on each package.

Northrop & Lyman, Newcastle, C. W., proprietors for the Canadas. Sold by all Medicine dealers. w41 1m
