CHAMBERLAIN'S PROPHETIC WORDS A BID FOR COLONIAL SUGGESTIONS

In the Movement for Closer Imperial Unity Nothing Can be More Fatal Than to be Premature—the Colonial Secretary Remarks.

Senate Reading Room
Hand2
SENATE PO

Montreal, July 3.—A Star special from London says: Everyone is asking to-day what Hon. Joseph Chamberlain exactly meant by what Lord Derby called his prophetic words at the Dominion Day banquet.

Bid for Colonial Suggestions.

It was clearly a bid for colonial suggestions for closer imperial unity. Having quoted Laurier's demand: "Call us to your councils," Mr. Chamberlain used these words:

In this movement, which I think is progressing, nothing can be more fatal than to be premature. The movement is one that must come from the colonies. It must not be unduly pressed upon them by us; but, if they desire closer connection, if they are willing to assist us not merely with their arms but with their counsel and advice, I believe there is nothing that the people of this country will more readily welcome.

Welcome Definite Proposals.

This is interpreted as meaning that the Imperial government will cordially welcome any definite colonial proposals for colonial representation in the imperial administration. It is noteworthy that Mr. Chamberlain let slip no hints on the fiscal side of the problem.

With Our Whole Heart.

Sir Louis Davies, in a vigorous speech, declared that Canada had enough problems on hand to engross all her energies at London for many years. He repudiated the notion that Canada had been dragged into the South African war. "We fought for a righteous cause," he said, "with our whole heart."

Bourassa Still Speaks.

Mr. Bourassa was not present at the banquet, but he fills a column in the pro-Boer Daily News with forebodings of an anti-imperial reaction in Canada.

ROBERTS ON CLAIMS OF ALIENS LIES FROM ST. HELENA NAILED

Employes of Netherlands Railroad Deported for Their Hostility—Boer Prisoners Enjoy Large Liberties—Print a Weekly Paper—Cape Rifles Cornering Enemy.

London, July 3.—Lord Roberts testified to-day before the Royal Commission which is considering the claims of foreigners deported from South Africa. The Commander-in-Chief dealt with the plots against his life and the deportation of the ringleaders. He said the officers and employes of the Netherlands Railroad were so hostile to the British that many of them had to be deported. Every consideration was shown them. He personally investigated the great majority of cases, and sanctioned none unless on adequate grounds. No difference was made on account of nationality.

EUROPEAN LIES NAILED.

London, July 3.—The report of the Governor of the Island of St. Helena, dealing with the year ending March 31, says:

"The lies in the European papers about the treatment of the Boer prisoners even exasperated the prisoners. The latter enjoy large liberties and are well-behaved, contented and anxious to work. Many of them are employed by the farmers and others are employed on the roads and wharves."

ST. HELENA BOER PAPER.

London, July 3.—The Boer prisoners at St. Helena have started printing a weekly paper. The first issue, dated June 7, has just been received here.

The paper bears the title of "Dekrajsgefangene" meaning "The Prisoner of War." It is in striking contrast to The Ladysmith Lyre. A sixth of the space of each issue of the St. Helena paper is devoted to religious news.

Sporting events are not neglected, however, and a vivid description, in English, of a prize fight, appears in an adjacent column to a history, in Dutch, of the St. Helena War Prisoners' Christian Endeavor Society.

TEN S.A.C. CAPTURED.

Ottawa, July 3.—Writing from Abraham's Kraal, under date of May 28, Trooper Manners says that almost every day trouble is experienced with the Boers, who are thick in that locality. The day before there were 10 of the S.A.C. captured. At that date he and the other boys from Ottawa were defending the fort, not having been mounted. Pte. Manners relates an instance where some of the constabulary were out after provisions and were attacked by the Boers. A scrap of about three hours ensued, when the Boers got out. "Things will not be very pleasant for the constabulary," the writer says, "until the war is over. The men are kept busy."

CORNERING THE BOERS.

Cape Town, July 3.—Major Galgetty, commanding the Cape Rifles, has entered MacLear in pursuit of an invading Boer force under Commandant Fouche, who will now be obliged to take one of three roads held by the British. Commandant Fouche was last reported north of Jamestown.

BURGLAR'S BULLET HIT A WATCH WHICH THUS PREVENTED MURDER

Exciting Experience of Engineer Frederick S. Henning, Who Frustrated a Robbery at the Island Early This Morning—Was Fired Upon and Escaped in a Miraculous Manner.

Burglars with murderous intent fired at Frederick S. Henning, engineer at the Island pumping station, Lake Shore-avenue, at an early hour this morning.

The bullet struck Henning's watch in his vest pocket and glanced to one side, thus saving his life.

Soon after midnight and when all was quiet at the Island, the last boats for the city having left, Henning heard two men prowling about. He went outside and saw two strangers making their way east along Lake Shore-avenue. After watching them for some time Henning noticed that they stopped in front of the Island home of C. L. Fellowes, deputy city engineer, in rear of No. 506. There they proceeded to try several doors and windows.

One of the men was fumbling at the kitchen window when Henning decided to make an attempt to capture them. He stepped quietly towards them and, just as he was about to seize the man at the window his pal whistled and ran.

Finding that he was cornered the other man deliberately drew from his hip pocket a 32-calibre revolver and fired at Henning. When the engineer recovered himself he saw that the man had joined his accomplice and they were making their escape along Lake Shore-avenue towards Hanlan's Point.

Henning walked over to the Island homes of Policemen Miles and Johnston, who went in search of the murderous burglars. They were still looking for them at 3 o'clock this morning.

The officers communicated the facts of the attempted robbery and shooting affray to the police at the Court-street Station, and the waterfront was patrolled by officers, who were placed there to meet the burglars should they attempt to reach the city. The bullet struck Henning's watch with great force, breaking the crystal, damaging the works and nearly punching a hole in the case.

LEADER WHITNEY'S CAMPAIGN.

First Gun Will Be Fired in Toronto Shortly, but Date Has Not Yet Been Fixed.

It is stated on reliable authority that Mr. Whitney, Conservative leader in the Ontario Legislature, intends to fire the opening gun in the coming provincial campaign in Toronto in the near future. At that meeting he will announce the policy which he will ask the electors to endorse as soon as Mr. Ross is ready.

The meeting will be followed by a tour of the province, which will continue until October.

The the date of the Toronto meeting has not yet been decided upon, it seems quite certain that the Conservative leader is about ready to go to the people.

MONTREAL SMALLPOX.

Montreal, July 3.—(Special.)—This morning, the health officials released from quarantine the last house that had been closed up on account of contact with smallpox. The house was on St. Elizabeth-street. There are now no houses quarantined in the city, there are only three or four patients at the Smallpox Hospital, and it is expected they will be released in the course of a few days.

AN EDITOR GOES WEST.

Montreal, July 3.—(Special.)—Mr. J. W. Dafoe, for the past six years managing editor of The Montreal Weekly Star, has resigned his position to take the managing editorship of The Winnipeg Free Press. In so doing, Mr. Dafoe is returning to a field of labor with which he is well acquainted, having been for six years on The Free Press.

WINDOW GLASS TRUST.

Utica, N.Y., July 3.—The American Window Glass Company of Pittsburg has bought up the stock of the United Glass Company of Syracuse. The Pittsburg company now controls the manufacture of glass in the United States. The united capital is $23,000,000.

While in Buffalo stop at the Manhattan, 620 Main Street. Canadian Headquarters. European. Reasonable rates.

To Meet the Duke.

Winnipeg, July 3.—(Special.)—Lieut.-Gov. McMillan, Premier Roblin, Mayor Arbuthnot and a number of others held an informal meeting to-day for the purpose of discussing arrangements for the reception of Their Royal Highnesses, the Duke and Duchess of Cornwall and York.

Try a Russian Bath—129 Yonge St.

TRANS-CANADIAN RAILWAY.

First Section of 10 Miles Begun According to Terms of Charter on Saturday.

Montreal, July 3.—(Special.)—An interesting event that occurred on Lake St. John on Saturday at Roberval is reported from that place in connection with the inauguration of the Quebec & James Bay Railway, to be known in future under the name given by its Dominion charter as the Trans-Canadian Railway.

The charter stipiates that the work should begin not later than June 29, and to conform to this requirement of the law the contractor, Mr. Joseph Paquet of Levis, has had quite a force of men at work for some time. A short distance from the first section of ten miles, the location of which had just been completed by Mr. Doucet, chief engineer, assisted by Messrs. O'Sullivan, Ord and Gauvin.

300 MILES WITHOUT WIRES.

Advices received in Toronto yesterday tell of a highly successful test of wireless telegraphy. A message by the wireless telegraph system was received at Cape Ray yesterday to the effect that the steamer Lake Champlain will pass that point this evening at 8.30. The steamer is between 250 and 300 miles out from Cape Ray, from which fact the success of the trial of wireless telegraphy may be appreciated.

MAY COME TO CANADA.

Paris, July 3.—According to reports from various reputable sources to-day, a number of French religious orders which feel themselves outraged by the passage of the associations bill, which becomes a law with its publication in this morning's Journal Officiel, have decided to quit France and settle in Canada or the United States.

BITTEN BY RATS.

Chatham, July 3.—The infant daughter of David Lee was severely bitten by rats while asleep Sunday night, and it required the presence of a doctor to save her life. The baby was bitten twice on the face and forehead and also on the arms. She bled freely.

Visitors to Toronto will not see the city without they visit the Temple Building, the finest Cafe in America. Everything in season.

Overcome by the Heat.

J. O'Brien, who lives in Davisville, was overcome by the heat last night on Kingstreet. He was attended to at the Emergency Hospital.

START OF FIRST TRIAL CHALLENGER RACE.

APPALLING LIST OF DEAD.

In New York Morgue There Were So Many Bodies That Compartments Could Not Hold Them All.

NO SIGNS OF COOLER WEATHER

In Sight Yet—Intense Suffering All Over United States From the Heat.

Washington, July 3.—Louisville and Baltimore were the two hottest cities in the United States this morning. The thermometer stood at 84 degrees. At Boston, New York, Philadelphia, Scranton, Charleston, Savannh, Cincinnati and Kansas City all had 82 recorded at 8 a.m. No permanent break in the hot spell car yet be predicted. Severe thunderstorms have cooled things a bit, but the percentage of humidity has greatly increased. Sixteen deaths here have been attributable to the heat here.

In Philadelphia up to 9 o'clock 11 deaths had occurred and 35 prostrations. The number of deaths since the hot spell commenced has been 91. In New York from 2 to 9 a.m. 11 deaths were reported, and during the last 6 days a careful estimate places the number at 517. To-day in Hoboken there were 5 deaths, in Newark 8, in Paterson 6 and in Jersey City 4. There is great suffering in Kansas City. Four prostrations, one fatal, were reported. During the six days of the excessive heat there have been hundreds of prostrations in New England, 100 of them proving fatal. Of this number 22 died in Boston.

Two deaths and five prostrations were reported in Rochester. One of the dead, a woman, had died last Friday and was not discovered until this morning, when her rooms were broken into.

A later despatch from New York says that there were so many dead bodies in the Morgue to-day that the compartments could not hold them all. Two dead wagons and police patrol wagons were bringing in others constantly, and it was necessary to send the remains of 60 persons to Potter's Field before the expiration of the five days usually allowed for identification or reclamation.

Up to 12 o'clock to-night 86 persons had died of heat in New York.

Within the past six days 600 deaths have occurred in New York from heat.

MR. WING HAS FLOWN.

East End Barber Departs, and Thus Leaves a Number of Creditors to Mourn.

There are several people in the city who would like to know the whereabouts of Wallace Wing, better known as "Wallace, the Barber." For the past few months he kept a barber shop at 788 East Queen-street, and appeared to be doing a thriving business. S. F. McKinnon, corner of York and Wellington-streets, is the owner of the store, and, on Saturday night, his agent called to collect the rent. He was told to call on Monday, but, when he called, the store was vacant. Mrs. Wing called on Jones Bros. of Adelaide-street on Tuesday morning, and left the key of the store with them, saying that her husband had left for parts unknown. Wing had obtained the fixtures for the shop from that firm, on the instalment plan, and had made but four payments. He also furnished his apartments above the shop with furniture from the J. F. Brown Company on the same plan, and was behind in his payments.

On Saturday night, or early Sunday, when Wing took flight, it is alleged, he also took everything with him that was portable, including a large quantity of cigars and tobacco. Consequently, Steele & Co., cigar manufacturers, will lose thru his departure.

Other creditors are William McNea, carpenter, 1013 East Queen-street; E. F. Phillips, plumber, 744 East Queen-street; Cook & McLaren, paper hangers, and S. F. McKinnon.

Wing's wife, with a young child, is staying with friends in the city. She claims to know nothing of his whereabouts. Yesterday a sheriff's officer took possession on behalf of the creditors. Before opening the shop on Queen-street, Wing worked at Toronto Junction.

BURIED IN A WELL.

London, July 3.—Robert Howard was buried this morning for an hour and a half by the caving in of a well. He was at the bottom when the cave-in took place at 11.30. He was got out at 1 p.m. Howard was badly injured. He will recover.

JOHN W. BELL, M.P., BETTER.

Napanee, Ont., July 3.—The condition of J. W. Bell, M.P. for Addington, who received a stroke some days ago, is somewhat improved this morning. He is still speechless, but can move a little, and it is now thought that he will recover.

Cigars Manuel Garcia, Oscar Amanda Japs, five cents. Alive Bollard

McAgey Broke His Leg.

John McAgey, an inmate of the House of Providence, slipped on the pavement yesterday and fractured his left leg. The fracture was reduced at St. Michael's Hospital.

Scotch Whiskey.

"Clan Mackenzie" Scotch whiskey and a bottle of good sparkling water make the best and coolest beverage this hot weather.

Cook's Turkish & steam baths, 204 King W., cures colds, coughs and rheumatism.

Cough and Hoarseness After Grip.

Brumell's Cough Drops has no equal for that night cough. 25c, Bingham's Pharmacy, opposite Shea's 246

Turkish and Steam Baths 129 Yonge St

Change at the Iroquois Hotel.

A change is contemplated in the management of the Iroquois Hotel, whereby Geo. Graham of the Imperial Hotel, Galt, will take charge. Mr. Graham is in the city, and will assume his new responsibilities in a day or so.

QUEEN'S SPEECH TO NURSES.

London, July 3.—Queen Alexandra, in company with the King and Princesses Louise and Beatrice, this afternoon received 770 Victoria Jubilee nurses on the lawn of Marlborough House and distributed decorations to them. Many of the nurses have just returned from South Africa, and others have been engaged in city out-door relief work.

Her Majesty said: "It is a pleasure to receive you and help you to carry on the noble work begun by our deeply beloved Queen Victoria. It is a satisfaction to be associated with you in your labor of love. I cannot imagine a more holy calling than yours. I pray that God's blessing may be bestowed on your noble work, and that He will have you in his keeping."

GERMANY AGAINST FRANCE.

Under No Condition Would the Kaiser Permit the Acquisition of Morocco by Republic.

Berlin, July 3.—The Vossische Zeitung prints an editorial, declaring that Germany, under no conditions, would permit France to acquire Morocco or the key to the Mediterranean near Gibraltar. "Were either to be accomplished," it says, "France would thus drive Italy into the arms of the triple alliance, and could shut out German ships from the Mediterranean in time of war."

This declaration is significant, because obviously inspired, and the whole article is believed to reflect consequently the views of German foreign officials.

WERE ON THE LUSITANIA.

Mr. Nichols, Now in Woodstock, Says There Was No Panic When the Steamer Grounded.

Woodstock, July 3.—J. H. Nichols, wife and four children, who were passengers on the ill-fated steamer Lusitania, which went ashore on the coast of Newfoundland a week ago, arrived in Woodstock on Tuesday and are staying with Mrs. Nichols' sister, Mrs. E. Dadson, Sydenham-street. They lost all their baggage. They belong to Cornwall, England, and have come to Canada to live. Mrs. Nichols states that there was no panic when the steamer grounded.

RETIRED JUDGE'S DEATH.

Montreal, July 3.—(Special.)—The Hon. G. C. V. Buchanan, retired judge of the Superior Court, died at his residence, Prince Arthur-street, this morning, in his 76th year. Judge Buchanan was a son of the late Alexander Buchanan, Queen's Counsel, of Montreal, and, for some years, practised before the Montreal courts.

CIGAR MAKERS' STRIKE.

Montreal, July 3.—(Special.)—The meeting of the Cigar Manufacturers' Association was held this morning. A number of the prominent manufacturers were present. It was stated that the factories are now in a position to handle their trade fairly well, and are not worrying as to when the strike will end. In so far as they are concerned, it is now at an end.

Party From Guelph.

Winnipeg, July 3.—(Special.)—A party composed of Professors Harcourt and Reynolds of the Guelph Agricultural College, Mr. Drummond of the Farmers' Institute, and Miss Maddock of Guelph, arrived in the city, and will spend a month in Manitoba, during which time they will address various Farmers' Institute meetings thruout the Province.

REV. DR. M'LEOD AGAIN.

Fredericton, July 3.—At the Conservative convention to-day, Rev. Dr. McLeod was again nominated for the vacancy in the House of Commons caused by the unseating of Mr. Gibson, the Liberal, in York County.

WILL ARBITRATE.

Ottawa, July 3.—A public meeting of striking woodworkers and carpenters to-night referred their troubles to W. L. M. King and two others for arbitration.

COMPANIONS.

Thru the crowded streets by day
And under the stars at night
There is one who walks with me,
Who keeps me ever in sight;
And often I feel him clutch
My arm as he bids me stay
From the ways that I turn to take,
And often I fiercely shake
His hindering hand away.

In the crowded streets by day
And under the stars at night
He seeks to lead me where
High pillars are gleaming white,
And often I see him frown
As, silent, he looks at me—
When I'm doing the best that I can
He smiles—and he is the man
I know that I ought to be.

Edwards and Hart-Smith, Chartered Accountants, offices Canadian Bank of Commerce Building, Toronto.

TO-DAY IN TORONTO.

Grenadiers' Band, Exhibition Park, 8 p.m.
Public School Board, City Hall, 8 p.m.
Dentists' Convention, Dental College, all day.
Munro Park, vaudeville, afternoon and evening.
Hanlan's Point, vaudeville, afternoon and evening.

Under the Mountain.

H. D. McKellar & Co., shoe jobbers, Toronto, their stock, bought by John Lennox & Co., Hamilton, to be sold Monday, July 8, and following days, at their warehouse, Hamilton, is causing no little excitement in the shoe trade.

AN UXBRIDGE MAN DROWNED

Went in Bathing, Was Unable to Swim and Got Beyond His Depth.

COMPANION NEARLY WENT WITH HIM

Son of a Brougham Farmer Kicked by a Horse on July 1, and Died Yesterday.

Uxbridge, July 3.—A young man named John Moore, aged about 21 years, met his death here to-night while bathing in what is known as the electric light mill pond. The young man was unable to swim, and got beyond his depth. A companion, named Bruce Annas, went to his assistance, and narrowly escaped a similar fate, being drawn down twice. Deceased was a baker by trade and had been working for A. Richards for some time past.

KILLED BY A KICK.

Brougham, July 3.—A sad Dominion Day visited the home of Mr. D. Pilkey, just north of here. Mr. Pilkey, together with his family, were attending a Sunday school picnic at Claremont. In the procession to the woods, his horse took fright, and, in the endeavor to get away, kicked Mr. Pilkey's son, aged 9 years, across the forehead. The little fellow lingered until yesterday, when he died from the effects of the kick.

FIT LED TO DEATH.

Halifax, July 3.—George Allan, a lobster fisherman, was drowned off North Port, Cumberland County, yesterday. He was subject to fits, and, while alone in his boat, he fell into the water and was drowned before assistance could reach him. He was 40 years old and a widow and five children survive.

NINE-HOUR DAY NOW.

Washington, July 3.—President O'Connell of the International Association of Machinists said to-day that he regarded the machinists' strike as practically won. "Even if an order should be issued at this time directing all men out to return to work on the old basis," he said, "the nine-hour day would be won."

GLOOMY CROP PROSPECTS,

Cold and Rain Have Affected Manitoba and the Northwest.

Mr. Stupart of the Toronto Meteorological Department has just received a gloomy report of the condition of the crops in Manitoba and the Northwest. For the past month the weather there has been exceedingly cold, with continuous rain. The authorities announce that, unless a season of hot and dry weather sets in, the crops will not ripen and will have to be cut green.

POLITICAL POINTERS.

J. P. Whitney, M.L.A., is stopping at the Grosvenor House. He is in town consulting with prominent Conservatives on political questions.

Hon. J. R. Stratton will speak at Tara to-morrow.

Hon. E. J. Davis will address the East Simcoe Liberals at Orillia on Tuesday, July 9.

Trinity College School.

Port Hope, July 3.—Speech day at Trinity College School was observed by a large attendance of friends of the school. At the morning service in the chapel, Rev. E. E. Dymond of St. Mark's Church read the lessons. An eloquent sermon was delivered by Rev. Canon Welch of St. James' Cathedral, Toronto.

The presentation of prizes took place in the gymnasium, which was lavishly decorated with flags and flowers. Rev. Edmond Jones, headmaster, was accompanied on the platform by Canon Welch, Canon Spragge, Canon Farncomb, Rev. C. J. Ingles and T. R. Cartwright.

General regret was expressed that Rev. Edmond Jones had resigned the headmastership, and was leaving for England.

Luncheon followed the presentation of the prizes.

City Travelers' Moonlight.

The annual moonlight excursion of the Toronto City Travelers' Association last night on board the steamer Chippewa was a pronounced success. Long before the boat arrived at Yonge-street Wharf, crowds gathered, hoping by arriving early to avoid the rush which came later. When the gates were opened, there was a stampede for the boat, and soon she was filled from top to bottom. As she drew away, the 48th Highlanders' Band struck up a stirring tune, and a shout went up from the large crowd assembled on the wharf. The Gilonna-Marsicano Orchestra was on board, and, during the evening, furnished music for dancing. Great credit is due Mr. W. F. Daniel, the energetic secretary, and the other members of the Excursion Committee, W. Anderson, chairman; C. H. Wilson, J. M. Wright and James Scott.

Has Typhoid Fever.

Havana, July 3.—Governor-General Ward has typhoid fever.

TORONTO INVITES DUKE OF YORK SIR OLIVER MOWAT APPROVING

Mayor Howland and Alderman Cox Drew Up the Necessary Letter and Submitted it to the Lieutenant-Governor—Program For Visit Outlined.

A joint meeting of the Board of Control and the Civic Reception Committee was held late yesterday afternoon, and as a result the following letter regarding the visit of the Duke and Duchess of Cornwall and York was sent to the Lieutenant-Governor, who warmly approves of the program that has been outlined:

Mayor's Office, July 3, 1901.

Dear Sir,—We have the honor to beg you to communicate to His Excellency the Governor-General the following resolution passed by the Council of the corporation of the city of Toronto, in respect to the invitation and reception of Their Royal Highnesses the Duke and Duchess of York and Cornwall:

"Resolved, that His Worship the Mayor and members of the Board of Control be and they are hereby authorized, in conjunction with the Premier and members of the Ontario government, or separately, to extend a most cordial invitation to Their Royal Highnesses the Duke and Duchess of Cornwall and York and suite to visit this city during their tour thru the Dominion of Canada this year, and that the Committee on Legislation and Reception be requested to consider and report at an early date a suitable program for the reception to be tendered to Their Royal Highnesses on the occasion of their approaching visit to this city."

Pursuant to this authority, after informal consultations with His Excellency, Your Honor and the Hononable the Premier of the province, we have the honor to request that you will kindly communicate to His Excellency, on behalf of the city of Toronto, the invitation of the city in the terms of the foregoing resolution, and to express the exceeding pleasure with which the inhabitants of the capital city of this province look forward to the opportunity of loyally welcoming Their Royal Highnesses.

In regard to the details of the reception, we have the honor to enumerate the following official and other proceedings which it is desired to include in the program of Their Royal Highnesses' visit, so far as the time allotted to this city may permit of their being carried out:

1. That they should be received on their arrival at the station in Toronto, in conjunction with yourself and the Premier of Ontario, by the Mayor and Council of the corporation of Toronto.

2. That a procession should be formed from the station by way of the City Hall to Government House, and that, as may in the judgment of His Excellency be most likely to suit the convenience of Their Royal Highnesses, either on that day or the day following, the loyal addresses of the corporation and of the various bodies of citizens, and also of such other municipalities as may desire to take the opportunity of presenting addresses at Toronto, shall be presented to Their Royal Highnesses at the City Hall.

It is probable that Their Royal Highnesses in connection with this ceremony may be asked to plant two trees in front of the City Hall, in commemoration of their visit.

It is hoped that it may be convenient to Their Royal Highnesses to also give an opportunity of a reception to the people of Toronto at the City Hall following the presentation of addresses or on a separate afternoon or evening.

In addition to these strictly official proceedings, the University of Toronto desires to have the honor of conferring an honorary degree upon His Royal Highness.

The Board of Trade of the city of Toronto desire to have the honor of His Royal Highness' presence at their annual dinner.

The Royal Canadian Yacht Club desires the honor of Their Royal Highness' presence at a garden party, and to witness a race for the Prince of Wales' Cup, inaugurated by his present Majesty on his visit to Toronto in the year 1860.

The Toronto Lacrosse Club desires the honor of Their Royal Highness' presence at an exhibition of the national game of lacrosse at the grounds of the club at Rosedale.

The combined musical societies of Toronto desire the honor of the presence of Their Royal Highnesses at a concert, if an evening be available.

The trustees of the Massey Music Hall desire the honor of the presence of Their Royal Highnesses at a production of grand opera at the Hall on Friday evening, Oct. 11.

Drives around the city, with visits to educational institutions, parks and manufacturing establishments, will be arranged for any spare time that may be found available.

While we presume that any arrangements for the purposes of a military review will be in the hands of the Dominion and local military authorities, it is earnestly suggested that permission may be given to the military assembled in Toronto on that occasion to line the streets on the routes of the processions and fall in in the rear, so that they may in that way be not only inspected by Their Royal Highnesses, but be seen by the inhabitants.

The foregoing is an outline of the chief portions of the program which the Council of the corporation of the city of Toronto desires to add to the program of functions and hospitalities offered by His Excellency, Your Honor and the government of the province, and we would beg to leave to His Excellency's discretion the time and extent to which the loyal desires of the Council and citizens can be gratified within the time at Their Royal Highnesses' disposal.

Begging that you will kindly transmit this communication to His Excellency, we have the honor to be your obedient servants,

(Sgd.), Oliver A. Howland, Mayor.
(Sgd.), E. Strachan Cox, Chairman Legislative and Reception Committee.

BIG DEMANDS ON ADMIRALTY

H. O. Arnold-Foster Refers in House to Services in South Africa and China.

TO IMPROVE MEDITERRANEAN FLEET

When New Battleships Are Available—Will Use Fleet Cruisers and Torpedo-Boat Destroyers.

London, July 3.—During the debate today, in the House of Commons, on the naval estimates, the cabinet Ministers were heckled on all sides regarding the condition of the navy.

Members asserted that the British Mediterranean fleet was specially inadequate to meet the French and Russian squadrons, saying that it was undermanned and unequipped, especially with modern guns; that it lacked colliers, and the coal depots were all exposed to an enemy's fire.

The members generally predicted that, in case of war, the Admiralty would break down as completely as the War Office did.

H. O. Arnold-Foster, Secretary to the Admiralty, in replying, referred to the great demand on the Admiralty for services in South Africa and China, and promised to strengthen the Mediterranean fleet when new battleships were available, and to add to the fleet cruisers and torpedo-boat destroyers.

TO MARRY REVELSTOKE.

London, July 3.—It is reported that Princess Victoria Alexandra, who was born on July 6, 1868, will shortly marry Lord Revelstoke. His Lordship was a child friend of the princess at Marlborough House. He was then John Baring. It is understood that he told her then of his love, but was at that time firmly repulsed. He spent some time in America, and was supposed to have subdued his passion for the princess. He succeeded his father as Lord Revelstoke in 1897.

RISE CAUSED BY DEMAND.

Montreal, July 3.—(Special.)—Judge Taschereau heard witnesses here to-day in the alleged paper combine, and the evidence went to show that the association had had nothing to do with the advance in prices, which, they added, had been caused by the demand.

Cook's Turkish Baths, 204 King, W.

SOFT DRINK DANGER.

Winnipeg, July 3.—A boy named Pelissier lost the sight of an eye by the explosion of a soft drink bottle to-day. A bit of the glass entered his eye.

Monuments.

DEATHS.

BROWN—On Tuesday, July 2, 1901, at his late residence (Broadway Hotel), 104 Spadina-avenue, corner Adelaide, George Brown, in his 40th year.

Funeral Thursday, the 4th inst., at 2.30 p.m., to Mount Pleasant Cemetery. Friends and acquaintances will please accept this intimation.

CREW—After a lingering illness of 15 weeks, at 55 Alice-street, July 2, 1901, Stella Beatrice, dearly-beloved daughter of Mrs. Ann Crew, aged 13 years 6 months and 13 days. Fell asleep in Jesus.

Funeral Thursday, the 4th inst., at 2 p.m.

HAMPSHIRE—On Wednesday, July 3, at 536 Church-street, Henry Hampshire, aged 49 years and 5 months.

Funeral Friday, 2.30 p.m., to Mount Pleasant Cemetery.

LIDDELL—On Wednesday, July 3, at the Western Hospital, Henry Liddell, in his 43rd year.

Funeral Thursday, at 4 p.m., from his late residence, 636 Givens street, to Prospect Cemetery.

DYNAMITE KILLS FIFTEEN.

Striking Miners of the Smuggler Mine, Colorado, Responsible for Wholesale Deaths.

TROOPS CALLED TO QUELL RIOTERS

Three Hundred Men Surround the Mine, and Shooting is Still Going On.

Denver, July 3.—News reached here late this afternoon of an outbreak of striking miners of the Smuggler Mine, near Telluride, in the extreme southwestern part of the State. The information was to the effect that the postoffice had been blown up with dynamite, and 15 men had been killed outright. The wires leading to Telluride have been cut by the miners.

The news of the riot came from Ouray, Col., across the mountains from Telluride, and was telephoned into Ouray from the Camp Bird Mine, which is between Ouray and Telluride. The camp Bird is the property of Thomas Walsh, a resident of Washington.

It is said that miners from the Liberty Bell, Tomboy, Revenue and Camp Bird mines have joined with the Smuggler strikers, and 300 men now surround the Smuggler Mine. The despatch from Ouray stated that the shooting was still going on when the despatch was sent.

The strike in the Smuggler Mine has been on for some time, and only recently a citizens' committee was appointed at Telluride to try to effect a settlement of the differences between the miners and the owners of the property.

The Sheriff of the county in which Telluride is located wired Gov. Orman for troops to assist in suppressing the rioters. A call for the militia to assemble at their armories at 8 o'clock to-night was issued from the Adjutant-General's office, and was wired to the companies at Denver and Pueblo.

A Very Strange Case.

"You see, it is just like this," remarked a tall, thin, sallow-looking man, with high cheekbones and sunken eyes. "I am not susceptible to heat or cold, or any of those little things. It is all the same to me if it is one hundred and three in the shade or forty below zero in the sunshine. I lost all my feelings long ago. My father always called me thick-headed, and I believe it now. Why, bless you, I never wore a straw hat in my life, never had any need to; but I see a good many fellows going around who would get raging mad if you called them thick-headed, and they are still wearing their Christy stiffs. Of course, we know they are not thick-headed, and that is the reason why they should wear a Dineen Straw this hot weather, and Dineen's Straws are so reasonable you can buy one as low as seventy-five cents, and as high as six dollars. I wish I had my feelings back. I would buy one."

THUNDERSTORMS.

Meteorological Office, Toronto, July 3.—(8 p.m.)—The temperature has moderated a little in Ontario and Quebec, but has been higher than yesterday in the Maritime Provinces. Unsettled weather, with thunderstorms, continues in Manitoba and the Northwest Territories.

Minimum and maximum temperatures: Kamloops, 54—68; Calgary, 45—56; Qu'Appelle, 54—66; Winnipeg, 58—76; Port Arthur, 56—69; Parry Sound, 56—82; Toronto, 66—84; Ottawa, 66—82; Montreal, 70—80; Quebec, 64—78; Halifax, 56—84.

Probabilities.

Lower Lakes and Georgian Bay—Easterly and southerly winds; mostly fair and warm, with local thunderstorms.

Upper St. Lawrence and Ottawa Valley—Easterly winds, mostly fair and warm, with local thunderstorms.

Lower St. Lawrence and Gulf—Fair, and a little cooler.

Maritime, West and East—Northwesterly winds; fair, with a little lower temperature.

Manitoba—Easterly winds; partly fair, and moderately warm, with local thunderstorms.
