ASK SPECIAL SESSION TO DEAL WITH STRIKE

Gotham Members of Legislature Appeal to Gov. Whitman.

New York, Sept. 26.—Disorder again broke out during the early hours today in connection with the car strike. According to police a dozen elevated trains were bombarded with sticks and stones thrown from roof tops by strikers and sympathizers. Three persons were injured by flying glass when the windows of a Third avenue elevated train were shattered by missiles. Two arrests were made. One of the men in custody is charged with having a revolver in his possession.

Governor Whitman has promised to meet here this afternoon a committee representing members of the stalte legislature from Manhattan and the Bronx to hear their request for a special session of the Legislature to "deal with the situation" resulting from the threat of a general suspension of work Wednesday morning in sympathy with the striking carmen.

Hugh Fragne, an officer of the American Federation of Labor, and one of the directors of the strike movement, claimed today that assurances had been received by the labor leaders that 260,000 organized workers will quit work tomorrow morning.

A convention of the general officers of the national and international unions having headquarters here, and representatives of the central labor unions, trade councils and local unions, will be held Wednesday morning to organize and extend the suspension of work. Means of supplying financial support to strikers and plans for holding demonstrations will be considered.

JAPAN DEMANDS LAND TAX AS SECURITY FOR LOAN

Troops Would Be Sent in and Chinese Premier May Refuse.

Shanghai, Sept. 26.—The Chinese land tax, to be collected under the supervision of Japanese inspectors is to be offered as security for Japan's share of the 50,000,000 loan sought by China, according to a report received here.

The Peking correspondent of the China Press says that this is most serious to China because it means the penetration of the interior by the Japanese financial representatives who will be followed by Japanese troops. The manager of the Yokohama Specie Bank, who represents the Japanese financiers interested in the loan propositions has demanded the security of the land tax and, according to reports here, Premier Tuan Chi-Jui prefers to sacrifice the loan rather than accept what he considers an unreasonable demand. Premier Tuan Chi-Jui considers the surplus of the salt revenue sufficient security.

FRENCH REBUILDING SALONIKI FOR GREEKS

Sarrail Set Troops to Work on Roads, Sewers and Buildings.

Saloniki, Sept. 26.—(Correspondence of the Associated Press).—The French are busily engaged in building permanent improvements of every sort in the Macedonian capital. At present they have in hand the project of a $50,000 cold storage plant, and permanent marine and naval barracks are also planned. From the first landing of the troops they began building roads such as were never known here before, and since then sanitation, lighting, water supply, and even street car service have been improved under the direction of Gen. Sarrail.

The general himself takes the keenest interest in all such work. Seeing some English troops at brigade drill one day, he reined in his horse and watched them for a moment.

"They ought to have finished all of that before leaving England," was his comment. "Here the business is to build roads and dig sewers."

Naturally, the inhabitants of Greece's second city, who have been citizens of Greece for three years with no advantages save of the payment of heavier taxes than ever the Turks had exacted, are delighted with the civic activities of the French.

TRADER AND CHILDREN VICTIMS OF CANNIBALS

Bodies Horribly Mutilated and One Carried Off and Feasted Upon.

Sydney, Australia, Sept. 26.—A steamer arriving from the New Hebrides group, about 900 miles off the northeastern coast of Australia, has brought news of the murder of six persons by cannibals. The victims were a British trader named R. J. Bridges, and at least five children, whose bodies were found fearfully mutilated with axes and knives, and another child, who is missing, is believed to have been carried off by the cannibals and feasted upon. The murderers were thought to have come from a village on Malekula Island, where there are tribes of cannibals who are bound by native custom to kill and eat a human being in order to keep up their rank.

The failure of the French and British punitive expeditions just before the outbreak of the European war to capture any of the perpetrators of similar crimes, and their immunity from punishment for two years past on account of the war, is thought recently to have emboldened the cannibals.

Financial, Market and Commercial Section

LOCAL HAY MARKET REMAINS VERY SLOW

Tomatoes Somewhat Cheaper Today, But Potatoes Firm.

The local market was slow this morning, owing to the early rain, which prevented a large number of buyers from attending. Later in the day sales improved a little.

Hay, which was slow Monday, was even more so today and brought only from $11 to $13 a ton. Straw was unchanged, being scarce at $7.50 to $8.50 a ton. There were practically no oats offered, and the price was firm at $1.85 to $1.92 a cwt. for old and $1.55 to $1.62 for new. Barley by the bushel brought $1.35. Old wheat was sold at $1.12 a bushel and new wheat at $1.25.

Potatoes, in most cases, were firm, selling at 40c to 50c a peck and $1.30 to $1.75 a bushel. Tomatoes were slow and slightly cheaper at 45c to 50c a basket. Cabbage, too, were cheaper at 60c to $1.50 a dozen. Beets were unchanged at 30c a dozen, and green onions were steady at 40c. Green corn was sold for 13c to 15c a dozen.

Apples were plentiful, but the market for them was rather slow at 50c to 80c a bushel. Plums were less plentiful than formerly, as the season for them is drawing to a close. GRAIN.

Winnipeg, Sept. 25.—Wheat was 1⅜c @ 2¼c higher at the close today, with October at $1.60, November at $1.59, December at $1.55⅛ and May at $1.56⅝. Oats were ⅛c higher, with October at 53½c, December at 51c and May at 53½c. Flax was ¼c @ 1c lower, with October at $1.97½, November at $1.97½ and December at $1.97⅜.

Export trade was good, inquiry was active, but the trade was hampered by the smallness of offerings. Attempts to buy No. 1 northern wheat quickly sent the premium from 6c to 6½c, and it was claimed that even over that was paid, but this could not be confirmed.

There was plenty of inquiry for oats, but few cash oats.

Trading in futures was mainly speculative. Barley was in good demand and hard to get, and cash barley touched 90c during the morning. Flax, after a fair demand, dropped at the close.

Chicago, Sept. 26.—Wheat prices developed fresh strength today after an uncertain start. The new incentives to buy were the resumption of work by British mills and the fact that the Argentine drought appeared to be growing more serious. In addition, gossip was current that yesterday's export sales were larger than had been announced. Opening prices, which ranged from ½c decline to ⅝c advance, with December at $1.54¾ to $1.55⅝, and May at $1.54¾ to $1.55⅛, were followed by substantial gains all around.
