The reduction of the army was proceeding: it is intended to lessen its numerical strength by 40,000 men. Four regiments are about to return to Europe, namely, the Ninth, Seventeenth, Thirty-ninth, and Sixty-third.

AUSTRALIA.—Papers have been received from Sydney to the 12th December. The census for 1845-6 had been taken: it showed a total population of 189,609; of whom 115,769 were males, and 74,840 females, so that 38,000 females were wanting to equalize the sexes. The subject of convict transportation was still discussed with warmth, but on the whole with a bias against it.

CAPE OF GOOD HOPE.—By the Cape papers received early in the week, the accounts of the successes of the troops are confirmed. Sir Henry Pottinger arrived on the 27th of January.

THE COMMON COUNCIL.—On Tuesday last, the usual oath of office was administered to our new Mayor, JOHN R. PARTELOW, Esquire, who immediately afterwards took his seat at the Council Board. At the same time, THOMAS MERRITT, Esquire, (Chamberlain,) the Aldermen, Assistant Aldermen, and other Officers of the Board, took the customary oaths previous to entering upon their duties for the current year.—After the ceremony, the Members of the Council Board, and a few others, accompanied His Worship the Mayor to the Saint John Hotel, where they partook of a sumptuous cold collation which His Worship had ordered to be provided for them.

The new Board held a Council on Friday last, when considerable business was transacted.

Among the passengers in the steamer *Herald* this morning, for Boston, were the Rev. J. G. MACGREGOR, Lady and family, who have resided in this City for about ten years past. The Rev. Gentleman having received and accepted a Call to become the Pastor of the first Free Presbyterian Church at Guelph, Canada West, he is on his way to that place, to assume his pastoral labours.

The frequent falls of snow and rain for two or three weeks past, have kept our streets in a most wretchedly muddy condition, particularly those in the lower part of the city, some of which are almost impassable.

The weather still remains unusually cold and backward; the rivers not yet open; and no attempts at cultivation.

The unseasonable snow storm of Friday last, extended to Halifax, where there was a fall of from six to nine inches of snow.

LAUNCHED, on Tuesday last, from the Yard of Mr. Hugh Irvine, a first class new ship of about 900 tons, named the *Cranston.* She is owned by Thomas Edward Millidge, Esq. of this city.

St. Andrews and Woodstock Railway.—The St. Andrews Standard says that an Engineer to superintend the construction of this Railway has been engaged, and that operations will be commenced next month.

Colonel Sir Charles Chichester, commanding the 81st Regt. died at Toronto on Easter Sunday, after four days illness. He was about making preparations to depart for England.

The Legislature of Pr. Edward Island has passed an act prohibiting the exportation of Potatoes.

PREMIUMS.—The Toronto Advertiser, contains five closely printed columns of premiums offered for the best products of domestic industry, to be awarded for Canada West, in the city of Hamilton, in October next. The aggregate of premiums probably amount to over £1000!

CHIGNECTO RAILWAY COMPANY.—We were present at the preliminary meeting for the organization of this Company, held on the 21st instant, which we found most respectably attended. The very excellent remarks which fell from the Chairman, and the Gentlemen who moved the Resolutions, could not fail to convince every one present of the vast utility and importance of the object the meeting had in view. The great experiment of a Railway in this Province seems now in a fair way to be tried in earnest; for, as the capital required for this undertaking is but small, and the benefits so manifold, we cannot entertain a doubt of its success. The new sources of trade and wealth which this Railway will open, must, in our opinion, ensure to its promoters a profitable remuneration, and generally advantage to the Province at large. We subjoin the Minutes of the proceedings at the meeting.—[Courier.

CHIGNECTO RAILWAY COMPANY.—At a public meeting held in the Custom House Building on Wednesday the 21st instant, the Hon. A. E. Botsford in the Chair—W. E. Twyham, Esq., was appointed Secretary; read Acts of Incorporation and Facility, and Prospectus.

On motion of I. Woodward, Esq., M.P.P., seconded by Edward Allison, Esq—

Unanimously Resolved, That the construction of a Railway across the isthmus of Chignecto is an undertaking of which this meeting entirely approves; and that Share Lists be forthwith opened with a view of bringing the same into immediate operation, in accordance with the Act of Assembly passed for that purpose.

On motion of Alfred Smithers, Esq., seconded by Edward L. Jarvis, Esq—

Unanimously Resolved, That a Provisional Committee be appointed to obtain Subscribers for Stock, and to make such other preliminary arrangements as are necessary until the Election of Directors takes place under the provisions of the Act of Incorporation: and that the following Gentlemen do form such Committee with power to add to their numbers, namely—Hon. Chief Justice Jarvis, Hon. A. E. Botsford, Alfred Smithers, Edward Allison, William H. Scovil, Edward L. Jarvis, John Duncan, Isaac Woodward, James Kirk, and Frederick A. Wiggins, Esquires.

The Chairmen then left the Chair, and Major Poyntz was called thereto; the thanks of the meeting were unanimously voted to the Chairman for his able conduct in the Chair.

His Excellency Sir John Harvey has appointed Friday the 14th of May, to be observed as a day of fasting and humiliation, in Nova Scotia.

THE SEASON.—The weather still continues cold and unseasonable, and travelling on the river with horses and sleighs continues very excellent. We are sorry to learn that the cattle are suffering from the want of fodder—and we have heard that some have died. Fears are entertained that there is not a sufficiency of potatoes and oats for seed in the county, and high prices are being given for such as are offered for sale.—*Miramichi Gleaner, 20th.*

MILITARY MOVEMENTS.—Her Majesty's ship Vengeance, (84), and Resistance, (42), having on board the Service and Reserve Battalions of the 42nd Royal Highland Regiment, sailed from Malta, the former on the 27th Feby., and the latter on the 16th March, for Bermuda. On their arrival there, they will disembark the Highlanders, and embark the Service and Reserve Battalions of the 20th Regiment for Halifax, to relieve the 14th and 60th Regiments, now serving in this Garrison, and under orders for England. The Vengeance may be looked for the last of the present month; and the Resistance about the middle of May.—*Halifax Post.*

SCHR. DARING.—Capt. Darby left Sable Island on Wednesday last, and arrived here yesterday, reports that there were no wrecks there.—*Ib.*

A RECORD.—A friend has loaned us a record which he has kept of the names of vessels lost out of the township of Yarmouth, since its first settlement in 1760. From this it appears that the total number of vessels lost up to 1837, was 167; of these 34 were lost and the fate of their crews was never heard: The first vessel lost was the Sally, in 1777, on her way to Quebec, the next was in 1778; the crews of both these vessels were lost. It appears that the number of vessels lost annually, in proportion to the number owned, was far greater up to 1800, than it has been since that period.—*Yarmouth Courier.*

We are sorry to hear that hay in the surrounding Country is exceedingly scarce, and is sold every day for £4 per ton. Some have driven their castle into the woods, to feed on ground hemlock. We have been told that cattle in several of the settlements have died from want of food.—*Yarmouth Herald.*

NEWFOUNDLAND.—The Subscriptions for the relief of the destitute Irish, amounts to £1,000 in the Colony.

The total value of the coinage at the Mint between the 13th of Feb., 1845, and the 13th of July, 1846, was £8,124,804 8s., viz., gold, £7,177,770-8s., silver, £947,034.

Green peas, grown in the open air, were for sale in Savannah on the 20th of March.

The following Documents relating to Monies collected in this City, &c., for the relief of the sufferers in Ireland and Scotland, have been handed to us by L. DONALDSON, Esq., (late Mayor,) which we insert with much pleasure;—

ST. JOHN, N. B., 27th February, 1847.

To His Excellency the Lord Lieutenant of Ireland.

May it please Your Excellency.—

You will perceive by copy of one of our City Newspapers herewith, that on the 6th instant, a Public Meeting of the Inhabitants was held for the purpose of adopting means for affording some small relief for the destitute in Ireland and Scotland.

The Legislature of the Province have voted £1,500 sterling, for the object which amount will no doubt be forwarded by His Excellency the Lieutenant Governor, to the Colonial Office, by the Mail which carries this.

Private subscriptions, in various ways, have been made, and I am requested by the General Committee to forward to your care a Bill for £320 sterling, to be applied in such mode, for the purchase and distribution of food, as you may think will relieve the largest degree of distress in Ireland.—Copy of a Resolution passed at a meeting of the Committee, I beg leave to enclose.

Representations having been made that much wretchedness exists at a place named Dunagloe, Parish of Templecrone, County Donegal, it might fall within your view to send £30 to that locality, and £14 to a place named Stranocum, near Ballymoney, though you will no doubt direct aid where you think it is most required.—Should any further sums be paid in, they will be forwarded by next mail.

I have the honor to remain,
Most respectfully,
Your Excellency's most obedient servant,
(Signed) L. DONALDSON, *Chairman.*

ST. JOHN, 31st March, 1847.

May it please Your Excellency,—

I now beg to enclose, in addition to the £320 sterling, a Bill for £30,—and remain, with much respect, your most obedient servant L. DONALDSON.

(REPLY.)

[No. 4,012.] *Dublin Castle, 23d March, 1847.*

SIR,—I am directed by His Excellency the Lord Lieutenant, to acknowledge the receipt of your letter of the 27th ultimo, enclosing a Bill for £320 sterling, being the amount of a Subscription entered into in the City of Saint John, for the purpose of relieving the distress of present unhappily prevailing in this Country.

His Excellency's desires me to express the gratification he has felt at the sympathy for the sufferings of the People of this County on the part of their fellow-subjects in a distant Colony, and as Viceroy of Ireland, desires to convey through you, to the benevolent individuals who have made this contribution, his grateful acknowledgments.

I have the honor to be,
Sir,
Your obedient servant,
T. N. REDINGTON,
Under Secretary.

L. DONALDSON, Esquire,
Mayor of St. John, New-Brunswick.

CITY OF ST. JOHN, N. B., 27th Feb., 1847.

MY LORD,—

I beg leave to forward one of our City Newspapers, whereby you will perceive, that on the 6th instant, a public meeting of the Inhabitants was held, for the purpose of adopting means for affording some small relief for the destitute in Ireland and Scotland.

It affords me much pleasure to state that the Legislature have voted £1,500 sterling for the object, which amount will doubtless be forwarded by His Excellency the Lieutenant Governor, to the Colonial Office, by the Mail which carries this.

Private subscriptions have been made—some for the relief of the destitute in Scotland, by natives of that country and others,—and some by committees appointed at the public meeting, for the relief of the suffering in both nations. The amount collected for Scotland, (£300 sterling) will, I understand, be forwarded to the Rev. Dr. M'Leod, in Glasgow.—Of the General Fund, I am directed by the Committee to enclose you a Bill for £100 sterling. The balance of the latter fund, (£320 stg.) is this day, at the request of the Committee, forwarded to the Lord Lieutenant of Ireland for distribution. It is left with you to dispose of this £100 stg., for the relief of those in the Highlands and Islands of Scotland most requiring aid, according to your own discretion.

I have the honor to remain,
Your most obedient servant,
(Signed) L. DONALDSON,
Chairman of Committee.

To the Lord Provost of Edinburgh.

(REPLY.)

Edinburgh, March 30th, 1847.

SIR,—I have great pleasure in acknowledging the substantial token of the sympathy and kindness of Yourself and the inhabitants of Saint John, in a Draft for £100 for relief of the destitute Highlanders, to be distributed under my directions, and this only a small portion of the generous contributions of the inhabitants of Saint John.

The Committees for the distribution of the funds have been selected at public meetings in Edinburgh and Glasgow, from the most respectable inhabitants of every shade of political and religious opinion, and I believe will dispense the charity with impartiality and judgment, so that I am persuaded it is better to leave the whole contributions in their hands to be disposed of in the manner that they consider most beneficial. I feel flattered by the mark of your confidence in leaving the £100 to be dispensed for relief of the destitute in the Highlands and Islands, according to my discretion, and as I have sent it to the General Fund I enclose the receipt of our Treasurer.

I have the honor to be,
Sir,
Your very obedient servant,
ADAM BLACK,
Lord Provost.

L. DONALDSON, Esquire.
