VESTRY.—The adjourned Easter Vestry meeting of Christ Church will be held in Martin's hall on Monday next.

A NEW millinery and fancy goods store has been opened out near the post office by Mrs. Bullock, formerly of Otterville.

An unlimited supply of American calcined plaster, just on hand, at S. Bricker & Co's.

HOUSE PLANTS.—A fine collection of flowering and foliage plants has just been received at Barnes fruit store. Call and see them.

WEDNESDAY last was St. George's day. The sons of merrie England are not particularly demonstrative in this neighborhood. They "blush unseen," as it were.

DUST.—Welcome spring is here, and so is the dust. Acquarius with his sprinkler would now be in order. Ket-chet-um! trot it out quickly, please.

THE London High School will hereafter be known as the London Collegiate Institute, that distinction having been conferred upon it by the Lieutenant-Governor.

APPRENTICES WANTED.—Wanted, two apprentices to learn the Dress and mantle making. Apply at once at Misses Trimble's, over Bean & Gee's store. 13

MR. S. SMITH, the genial agent of the Montreal Telegraph Company, has been revolutionizing the interior of his office. The recent improvements have given it quite an attractive appearance.

PERSONAL.—Mr. A. D. Campbell, brother of our townsman, D. D. Campbell, Esq., who has been residing for several years past in the Province of Quebec, removed to Listowel a few days ago. We believe it is his intention to go into business in this town.

TREES.—A consignment of fruit and ornamental trees arrived in town a day or two ago from the nurseries of Messrs. Stone & Wellington, Toronto, and are now being delivered to order by William Wiles. The collection is said to be one of the finest that has ever been brought here.

REMEMBER the fruit social to be given by the Ladies of Knox Church this (Friday) evening. A pleasant entertainment is promised. Oranges, apples and other luscious delicacies will be provided, to be followed by an interesting lecture by Rev. Mr. Bell, on "Hymns and their Authors. Admission 15 cents. All are cordially invited.

FARMING operations have been commenced in this vicinity. We learn that in Wallace considerable plowing has been done during the week; a few instances of seeding is reported. With the aid of a warm rain, followed by sunny weather, another week would make a wonderful change in the appearance of the country.

WALTER MACMILLAN seems determined to have the neatest grocery in the west. Not satisfied with its former very creditable appearance, he has recently had his show window re-painted and embellished with a very attractive display. The store might be termed a model of neatness, so tastefully arranged is everything about it.

PURCHASED.—The estate of Bowman & Freir, insolvents, was sold by the assignee on Tuesday last. Messrs. John and Jacob Large were the purchasers of nearly the entire estate, at 44 cents in the dollar. We are pleased to be able to announce that the new proprietors intend starting the planing factory immediately. That success may attend the new management should be the wish of every one interested in the prosperity of Listowel.

NORMAL SCHOOL.—The well wishers of our educational institutions will be pleased to learn that the name of Miss Ellis, daughter of Mr. Elijah Ellis of Wallace, is among the list of successful candidates who obtained second-class certificates at the recent professional examinations at the Normal School, Toronto. Miss Ellis received her education principally at the Listowel Schools, and her success speaks well for the efficiency of these institutions.

A POPULAR SONG.—The minstrel and Concert troupes are all singing Will. L. Thompson's new song and chorus, "*Golden Years are passing by.*" There is now such a mania for this beautiful piece, that dealers can scarcely get them fast enough to supply the demand. Every lover of a pretty song will want this piece. Send 35 cents to the publishers, W. L. THOMPSON & Co., East Liverpool, Ohio.

GONE WEST.—This week Mr. James Shields, formerly proprietor of the Empress mills, left for Nebraska, where we understand he intends making his future home. His family expect to join him in the course of a few weeks. Mr. W. G. Bayne also left here this week for the west. Dakota Territory is his destination. Through tickets were procured from J. Livingstone, jr., agent for the G. W. R. and connecting lines.

PUBLIC SCHOOL BOARD.—At a special meeting of the P. S. Board on Tuesday evening, 22nd inst., to consider the question of affording further accommodation to the High School in the shape of an extension of lease, it was moved by J. E. Terhune and seconded by T. G. Fennell, that this Board notify the High School Board that we cannot extend the lease of the rooms now occupied by the High School beyond the termination of the present lease. This resolution was carried, and the board adjourned.

CLEANING up time has arrived, and it's not necessary to go a hundred miles out of town to imbibe an atmosphere *fragrant* with smoke arising from piles of burning rubbish, and to regale one's sensitive organs with the aroma of old boots, decayed vegetables and other "choice perfumes." These are the days when business down town requires the devoted attention of the masculine portion of the household, and when the housewife may be seen jabbering to her neighbor over the back fence about the proper consistency of whitewash, or some other equally seasonable topic,

MR. JAMES LITTLE, of Wallace, sends us a communication in reference to a suit recently decided in the Court of Chancery. The communication is of a nature that we do not consider it advisable to publish otherwise than as a regular advertisement; but we may state in brief that Mr. Little strongly objects to the ruling of the Court, and desires to give public notice that he intends to enter a suit against William Moore for the action that gentleman had taken in the matter. We trust that this notice will be satisfactory to Mr. Little, as we do not think it would serve a good purpose or be in the interest of the public to open a discussion of the merits of the case through the press.

REMEMBER the special first-class train leaving Listowel for Manitoba, *via* P. D. & L. H. and Canada Southern lines, April 29th, will run through to St. Boniface positively without change of cars, either passengers or freight. The rate per adult will be $22.75 with 200 lbs. of baggage free to each full ticket. First-class coaches will be provided; one car for every 30 passengers. This train will be in charge of experienced conductors and officials of the several roads. This rate is $1.50 lower than any rate advertised by other lines, and parties will be consulting their own interests by joining the train at Listowel. Lowest rates for freight. For further information, write to or call on C. H. Hacking,
12 Gen. Agent P. D. & L. H. Ry.

FOR THE NORTH-WEST.—Another cheap excursion train will be run by the Great Western Railway through to Winnipeg on Monday next, 28th inst. This popular line has carried several large parties and a vast amount of freight through this season, and the members of every party have united in their praises of the arrangements for securing comfort and despatch. The excursion announced for the 28th promises to be fully up to any of its predecessors in regard to the comfort and convenience of passengers, and for the shipment of live stock and other freight. G. W. R. officials from Hamilton will accompany the train to its destination. As no other road is in a position to offer the same advantages as the G. W. R., intending emigrants should not allow themselves to be caught by the pretensions of irresponsible Railway Companies and their agents. If you wish to save money, arrive at your destination quicker, and at the same time enjoy the comfort of first-class coaches, go by the G. W. R. The fullest information given on application to A. Little or to J. Livingstone, jr., agents of the G. W. R. in this town.

MAP OF LISTOWEL.—Messrs. J. G. & J. A. Kirk, of Stratford, have undertaken the preparation of a new map of the town of Listowel. One of these gentlemen has been in town this week, and we are pleased to hear that he has met with encouragement from the Council and land-owners in the corporation. That the town is badly in need of a correct map, most anyone who has had anything to do with conveyancing of property in Listowel, will affirm. The proposed new map will form a complete plan of the town as it stands at present, including recent surveys with the number of every lot and such other information as will render the difficulty of describing any parcel of property in town of little moment. It will be lithographed, and we understand that single copies will be sold for $5 or $6 each, according to the number of orders taken. Messrs. Kirk have recently completed a map of the town of Stratford, and are preparing one for the town of Woodstock. The Stratford map bears evidence of skill, and we have no doubt but that the new map of this town will be every way satisfactory.

WERE THEY BURGLARS?—Between 11 and 12 o'clock on Tuesday night a respectable family in the west end of the town was aroused by loud knocking at the door. The inmates felt somewhat alarmed, and not without some reason, for upon the only male occupant of the house, a lad about sixteen, demanding what was wanted, a gruff voice answered him with a threat to put a bullet through him if he made any noise. The intruders then endeavored to force the door, but were frightened away before they succeeded by the females who in terror ran up stairs and set up such a screaming as brought a crowd of neighbors to the spot in short order. The would be burglars or whatever they may have been, thereupon took to their heels. It was well for them that they managed to escape, otherwise they would have been roughly handled by the crowd that had collected. Whether they were burglars or rowdies, they are deserving of rigorous punishment, and it is to be hoped that our Chief Constable, who is on the *quivive*, will yet nab them. The poor women were frightened half to death.

HIGH SCHOOL GRANT.—The Wallace township Council, at its meeting on Saturday last, granted the very liberal sum of $500 towards the erection of a new High School in Listowel. We are pleased to see that Wallace has thus given the full sum asked for by the High School Board. It now behooves the other townships in the High School District to come forward with a like generous spirit and assist in placing the educational interests of the district on a standing that will do credit to the intelligence of the community. The Wallace grant is made conditionally, the main condition being that the town of Listowel will grant the sum of $6,000 for the like purpose. While feeling is somewhat divided in town as to the advisability of building this season on account of the unusual depression, the general opinion seems to be that a new High School is required, and that its erection cannot be staved off more than another year at the furthest. The question therefore resolves itself into one of expediency. As the Public School Board have decided not to renew the lease held by the High School, it will be necessary for the latter to find other quarters after the first of January next. The advantages to be derived from building this season were pretty fully pointed out at the Council board the other evening, and they are certainly very good reasons for proceeding with the building at once. The Town Council meet on Monday evening next to decide upon what course they shall pursue. We trust that their action will be governed by intelligence, and that the educational interests of the community will receive the consideration which their importance demands.
