FROM THE EMIGRANTS' "CHRONICLE."

GRAND SCHEME OF EMIGRATION.

The *Brewers* should to *Malta* go,
The *Lapperheads to Scilly*,
The *Quakers* to the *Friendly Isles*,
The *Furriers* all to *Chili*.

The little bawling, squaling, babies,
That break all night our rest,
Should be packed off to *Babylon*,

Cooks from *Spithead* should go to *Greece*;
And while the *Miser* waits
His passage to the *Guinea* coast,
Spendthrifts are in the *Straits*.

Spinsters should to the *Needles* go,
Winebibbers to *Burgundy*;
Gourmands should lunch at *Sandwich* isles,
Wags at the Bay of *Fundy*.

Mariners should hasten to the *Sound*,
The *Traveller's* to *Rome*,
While all the race of *Hypocrites*
At *Canton* are at home.

Lovers should hasten to *Good Hope*,
Although *Cape Horn* is pain;
Debtors should go to *O-hi-O*,
And *Gamblers* to the *Main*,

Bachelors to the *United States*,
Maids to the *Isle of Man*;
The *Gardeners* go to *Botany* Bay,
The *Shoe-Blacks* to *Japan*.

Petersville, Q. C. A. M.

POETRY AND PROSE.—One day in Spring Sir Walter Scott and Lady Scott strolled forth to enjoy a walk around Abbotsford. In their wanderings they crossed a field where a number of ewes were enduring the frolics of their young lambs. "Ah," exclaimed Sir Walter, "'tis no wonder that poets, from the earliest ages, have make the lamb the emblem of peace and innocence!" "They are, indeed, delightful little creatures," returned her ladyship—"especially with mint sauce?"

"Julius, if a mob of chickens cost ten dollars, what will a pair come to?"

"Who bought 'em?"

"What yer ask dat for?"

"Cause, if my wife bought 'em, I could tell you what they'd came to darn quick."

What?"

"Two pot-pies and a fricasee."

"Look here, my colored friend, don't you come yer circumambient jokes on dis child, or he'll broke yer jaw short off by de handle."

"Bill, what did you jine the Mexican war for?"

"For glory."

"Did you get it?"

"I rather think I did—two crutches and a wooden leg."

A Jew once lent a large sum of money to a man for whom he had professed great friendship, but instead of charging the usual rate of interest, 6 per cent, he charged 9 per cent. The borrower remonstrated, and asked the usurer if he did not believe in the existence of a God.

He replied that he did.

"Do you not fear to exact unlawful interest from an old friend in His sight?" asked the debtor.

"Ah, I thought of that, to; but when God looks down upon it *from above* the 9 will appear like a 6," exclaimed the old Hebrew, with a grin.

THE GREAT REMEDY.

Sharp's Balsam of Hoarhound and Aniseed.

An never failing cure for Coughs, Colds, Asthma, Shortness of Breath, &c.

The extraordinary celebrity which this simple, pleasing, and effectual medicine has attained, may be seen by the following proofs, or certificates, all from persons well known:—

MR. J. G. SHARP.—

Since you appointed me agent for the sale of your valuable Balsam of Hoarhound and Aniseed, I have been repeatedly informed by those who have used it, that it is without doubt one of the best medicines they have ever had, for the complaints in which it is recommended.

R. D. M'ARTHUR.

To Mr. J. G. Sharp—

SIR,—One of my children has been suffering *for years* under a severe Cough. The usual remedies were applied without effect. Having heard of Mr. J. G. Sharp's "*Balsam of Hoarhound and Aniseed.*" I obtained some, and after the use of about 8 oz., or one vial of this extraordinary mixture, the cure was complete.

J. G. CAMPBELL.

April 23, 1852, City of Saint John.

Mr. J. G. Sharp,

Had, a few weeks ago, a very bad cold. Being recommended to try *Sharp's Balsam of Hoarhound and Aniseed*, I got a quarter dollar bottle, and found it not only a pleasant but a most useful and effective medicine. It is pleasing to take, and a first rate cure.

PATRICK POWELL.

April, 23, 1852, City of Saint John.

For the last sixteen years I have suffered from Asthma so bad that I was often obliged to sit in bed to prevent suffocation. I tried every means, during that time, that the usual or ordinary medicines could produce, but without effect, until I obtained some of *Sharp's Balsam of Hoarhound and Aniseed*, (which was recommended to me,) and after using two bottles, I found the relief so long sought for.

Prospectus of Volume VIII. of the SCIENTIFIC AMERICAN.

THE Eighth Volume of the SCIENTIFIC AMERICAN commences on the 18th September, and as a great proportion of our readers usually commence their subscriptions at this point, we take occasion to extend them our gratitude for the encouraging and liberal support heretofore bestowed on our humble efforts, and to re-assure them of our determination to advance it still higher in the scale of utility, and, if possible, in their own estimation. We aim at an honorable independence in discussion upon all subjects, and, in some instances no doubt, our readers may have been surprised at our determined opposition to highly lauded discoveries in the Arts and Sciences.

Time tries all things, and it is with some degree of pride that we revert to the efforts made through the columns of the Scientific American, to establish sound views respecting several conspicuous miscalled discoveries. Since the commencement of this Volume, that peerless Exhibition of the Industry of all Nations closed its gorgeous display, affording a delightful episode in the stern page of the world's history. Above and beyond all criticism it has passed away, leaving a world-wide influence, beneficial to every branch of industry, and although not profusely represented by gew-gaws and tinselry,—the character of our country shone forth with magnificence in all the elements of substantial utility. Acting under the stimulus suggested by the success of the Great Exhibition, the enterprizing citizens of New York have determined to construct a Crystal Palace of no mean dimensions, and as this is likely to become an important feature in our history, we shall endeavor to present out readers with descriptions and illustrations of such novelties as may be deserving attention.

The present form of the Scientific American will be preserved as most suitable for binding and preservation. The paper will be of the best texture, and we shall aim to store its pages with practical knowledge in every branch of the Arts and Sciences. Invention claims important attention, as one of the fundamental agencies in the world's advancement; hitherto we hope to have satisfied our readers by our weekly summary of "New Inventions." The Weekly List of Patent Claims, officially reported for our columns, is a distinguishing feature, which must commend itself to every one interested in Patents.

We need the co-operation of our readers to enable us to publish a journal, worthy of their support: attend dollars per annum. We have never appealed to them in vain, and the Premiums offered for the largest list of subscribers will, we presume encourage new efforts. All subscriptions are payable in advance. We repeat out warning against Travelling Agents, as none are accredited from this office.

The Subscriber having been appointed Agent to the above Company for New-Brunswick, begs to announce that he is prepared to receive Proposals for FIRE AND LIFE ASSURANCE. The large Capital of the Company, and the number and influence of its Proprietors, enable it to rank with the most eligible Offices, either in America or Europe, with respect to the advantages offered to the Public.

FIRE BRANCH.

Persons assured by this Company are not subject to any covenants or calls to make good losses which may happen to themselves or other, nor do they depend upon an uncertain fund or contribution, the Capital Stock of this Company being an unquestionable security to the Assured in case of Loss or Damage by Fire.

LIFE BRANCH.

In addition to the more customary methods of Insurance, the Company likewise Assures Live on any of the following contingencies:—

For the term of One Year, Seven Years, or any other definite period.

For the whole continuance of Life.—The Premiums to cease, after a limited number of Annual Payments.

For Two Joint Lives.—The sum assured to be paid on the death of either.

On the longest of Two or Three Lives.—The sum assured to be payable at the death of the last survivor; or,

The Survivorships.—To secure the payment of the sum assured, if a life A die before another life B.

For a sum to be payable at age 60, or at death.

Premiums on Credit.—A portion of the Premiums may remain on Credit. Assurances may be effected in various ways, not enumerated, to meet the convenience of parties.

The important advantages afforded by the Company in the Life Branch will include the following viz:—

The Guarantee of an ample Capital, and Exemption of the Assured from liability of Partnership.

Moderate Premiums.

Large Participation of Profits by the Assured amounting to Two-thirds of its net amount, which may be applied at the option of the party effecting the Assurance:—1st. By the immediate payment of the sum so apportioned.—2nd. By an equivalent reduction of the future Premiums.—Or, 3rd. By an equivalent increase of the sum assured.

Small Charge for Management.—The expenses of the Office being borne in due proportion by the two Branches.

Prompt Settlement of Claims.

Policies lapsed by non-payment of the Premium may be renewed within three months, by paying the Premium, with a fine of 10s. per cent., on the production of evidence to the satisfaction of the Directors of the good state of health of the life assured.

The Company will always be prepared to Purchase the Policies of this Office at their equitable value or will grant a New Policy in lieu thereof, without any further payment of Premium, for a sum to be agreed on.

Extra Premiums, suitable to special circumstances, will be accepted to enable a party possessing a Policy on the life of another to guard against the possibility of its being vitiated by the Life departing beyond limits, or by any other cause.

Thirty Days are allowed for the Payment of Premiums after the day on which they respectively

Additional Advantages offered to Lives Assured with this Company at St. John, N. B.

I.—RESIDENCE.—Persons assured for the whole term of life will have permission, without the payment of extra Premium, to reside in any part of Europe, or in any place in North America to the north of 38 degrees of North Latitude, but not to the westward of the Mississippi River.

II.—VOYAGES.—They will also, if not sea-faring by profession, be allowed, without any extra charge—

To cross and re-cross the Atlantic Ocean, in steamers or first-class sailing-vessels;

To pass from any part of Europe to any other, or from any part of North America to another, within the limits above specified; also,

To pass to and from, but not to reside in any place which shall not be further south than 35 degrees of North Latitude, but not to the westward of the Mississippi River.

S HARPS Family Medicines

NOTICE TO THE PUBLIC.

Sharp's Celebrated Family Medicines and Preparations.

SHARP'S COMPOUND ALTERATIVE INFUSION OF SARSAPARILLA.—Sarsaparilla has of late years been much used, and with great success, in cases of Chronic Rheumatism, as an alternative in Scrofulous affections, Scurvy, Obstinate, Cutaneous Eruptions, Indolent Ulcers, Diseases of the Periosteum and Bone, attended with obscure pains, wasting the flesh, tenderness of the part, tumors and nodes unconnected with Syphilis, and in that state of the habit known among medical men under the term of Cachexia, but which is not easy to define. In such cases Sarsaparilla proves a most valuable remedy, and often effects a cure when all other remedies have long been administered in vain, and when the diseased state of the system has been of many years duration.

This article, prepared by John G. Sharp, has performed numerous and most astonishing cures of persons who have for years been tortured with sores from head to feet, and others who have been shut up with Mercurial Rheumatism, which they had been laid up with for 2 or 3 years. Prepared and sold by John G. Sharp, Member of the Pharmaceutical Society of Great Britain. N. B.—Dose, a Wine Glass full, three times daily.

SHARP'S BALSAM of HOARHOUND AND ANISEED, for Coughs, Colds, Shortness of Breath, Asthma, &c.

This excellent medicine has the extraordinary property of immediately relieving Coughs, Colds, Hoarseness, Difficulty of Breathing, and Huskiness of the Throat. It operates by dissolving the congealed phlegm, and causing free expectoration.

Persons who are troubled with that unpleasant tickling in the Throat which deprives them of rest night after night, by the incessant cough which it provokes, will by taking one dose find immediate relief; and one bottle in most cases will effect a cure. Sold in bottles at 1s. 6d. to 2s. 6d. each.—Prepared by John G. Sharp, member of the Pharmaceutical Society of Great Britain, Dock street, St. John, N. B.

Sharp's Tincture of Myrrh and Borax; prepared with Eau de Cologne.

This article is excellent for washing and refreshing the mouth, and alleviating Rheumatic Pains which are often mistaken for the Tooth-ache. It is composed of choice Turkey Myrrh, Camphor and Eau de Cologne. Prepared by John G. Sharp, Chemist, St. John, N. B. Sold in bottles at 2s. 6d each.

COCOA NUT OIL FOR THE HAIR.

This is one of the best articles ever offered to the public, for cleaning, strengthening, and promoting the growth of the Hair. Sold in pots at 1s, 3d, to 2s. 6d. each. Prepared only by J. G. SHARP, Chemist, &c., St. John, New Brunswick.

Sharp's Camphorated Tooth Powder is superior to, and more agreeable than any other Dentifrice, for beautifying the Teeth and Gums. It removes Tartar with injuring the enamel of the Teeth, giving them a beautiful Pearly appearance. Prepared by JOHN G. SHARP, at 1s 3d and 2s 6d per Box.

Sharp's Oriental Hair Wash, for restoring, beautifying, cleansing, and preserving the Hair.

This article is of unfailing efficacy for preserving Baldness, for aiding the Growth of the Hair to an extent surpassing belief. Prepared by JOHN G. SHAP, Chemist and Druggist. (Sold in bottles at 2s. 6d. each.)

Also, Sharp's Nutrilive Cream, for the Hair.—This Cream possesses the properties of promoting and stregthening the growth of the Hair, giving it a glossy appearance, rendering the most indflexible Hair perfectly pliable, and keeping it in strong Curl during damp weather or violent exercise, and preventing an accumulation of Scurf upon the Head. Prepared only by JOHN G. SHARP. Sold it bottles at 1s 3d. each.

To the Ladies.

Sharp's Celebrated Kalydor, for the Complexion

By applying the KALYDOR, copiously, several times a day, and by letting it remain on, it will radically cure all Eruptions, Tetters, Ring Worms, Inflamed Eyes, Burns, Scalds, &c., &c.

Ladies suckling will find it an excellent remedy for allaying inflammation—cooling and refreshing the infant's mouth. It being perfectly innocent, the most delicate lady or child may use it with safety.

GENTLEMEN after shaving by applying the Kalydor and letting it remain on the face, will find it allay the irritation and smarting pain, and render the skin soft and pleasant. Prepared and sold by JOHN G. SHAP, Chemist, Saint John, N. B.

Sold in Bottles at 2s. 6d. each.

Bug Poison.

"The Dead Shot" Bug Poison—To those who are afflicted with these crawling, biting, and bothering tormentors of our nightly rest, the subscriber would humbly recommend this article one thorough application of which will exterminate them forever from your premises. Prepared by John G. Sharp, Chemist. Sold in Bottles at 1s. 3d. to 2s. 6d. each.

Sharp's celebrated vermin and insect EXTERMINATOR! for the destruction of Rats and Mice, Cockroaches, Beetles, Crickets, Bugs, &c., &c.

The "EXTERMINATOR" is designed to supersede the use of Common Poisons, by furnishing a preparation convenient and safe to sell, at the same time attractive to the Vermin.

Directions for using the "Exterminator."—Roll it up in pieces the size of a small marble, and throw it into their holes; or spread it on fresh baked bread, with a thin piece of wood, and cut it into small pieces and distribute it about the places they frequent.

Put up and Sold by the Proprietor, in boxes at 1s. 3d to 2 6d. each.

HOLLOWAY'S OINTMENT.

A MOST MIRACULOUS CURE OF BAD LEGS, AFTER 43 YEARS' SUFFERING.

Extract of a Letter from Mr. Wm. Cahow, of 70 St. Mary's street, Weymouth, dated May 13, 1851

To Professor Holloway.

SIR,—At the age of 18 my wife (who is now 61) caught a violent cold, which settled in her legs, and ever since that time they have been more or less sore, and greatly inflamed. Her agonies were distracting, and for months together she was deprived entirely of rest and sleep. Every remedy that medical men advised was tried, but without effect; her health suffered severely, and the state of her legs was terrible. I had often read your Advertisements, and advised her to try your Pills and Ointment; and, as a last resource, after every other remedy had proved useless, she consented to do so. She commenced six weeks ago, and, strange to relate, is now in good health. Her legs are painless, without seam or scar, and her sleep sound and undisturbed. Could you have witnessed the sufferings of my wife during the last 43 years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow-creature.

(Signed) WILLIAM GALPIN.

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG, OF THIRTY YEARS' STANDING.

Copy of a Letter from Mr. William Abbs, Builder of Gas Ovens, of Rushcliffe, near Huddersfield, dated May 31st, 1851.

To Professor Holloway.

SIR,—I suffered for a period of thirty years from a bad leg, the result of two or three different accidents at Gas Works; accompanied by scorbutic symptoms. I had recourse to a variety of medical advice, without deriving any benefit, and was even told that the leg must be amputated, yet in opposition to that opinion, your Pills and Ointment have effected a complete cure in so short a time, that few who had not witnessed it would credit the fact. (Signed) WILLIAM ABBS.

The truth of this statement can be verified by Mr. W. P. England Chemist, 13, Market Street, Huddersfield.

A DREADFUL BAD BREAST CURED IN ONE MONTH.

Extract of a Letter from Mr. Frederick Turner, of Penshurst, Kent, dated December 13th, 1850.

To Professor Holloway.

DEAR SIR,—My wife had suffered from Bad Breasts for more than six months, and during the whole period had the best medical attendance, but all to no use. Having before healed an awful wound in my own leg by your unrivalled medicine, I determined again to use your Pills and Ointment, and therefore gave them a trial in her case, and fortunate it was I did so, for in less than a month a perfect cure was effected, and the benefit that various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends.

(Signed) FREDERICK TURNER.

A WONDERFUL CURE OF A DANGEROUS SWELLING OF THE KNEE.

Copy of a Letter from John Forfar, an Agriculturist, residing at Newborough, near Hexham, dated May 15th, 1850.

To Professor Holloway.

SIR,—I was afflicted with a swelling on each side of the leg, rather above the knee, for nearly two years, which increased to a great size. I had the advice of three eminent surgeons here, and was an inmate of the Newcastle Infirmary for four weeks. After various modes of treatment had been tried, I was discharged as incurable. Having heard so much of your Pills and Ointment I determined to try them, and in less than a month I was completely cured. What is more remarkable I was engaged twelve hours a day in the Hay Harvest, and although I have followed my laborious occupation throughout the winter, I have had no return whatever of my complaint. (Signed) JOHN FORFAR.

AN INFLAMMATION IN THE SIDE PERFECTLY CURED.

Copy of a Letter Mr. Francis Arnot, of Braehouse, Lothian Road, Edinburgh, dated April 29th, 1851.

To Professor HOLLOWAY.

SIR,—For more than twenty years my wife has been subject, from time to time, to attacks of inflammation in the side, for which she was bled and blistered to a great extent, still the pain could not be removed. About four years ago she saw, in the papers, the wonderful cures effected by your Pills and Ointment, and thought she would give them a trial. To her great astonishment and delight she got immediate relief from their use, and after persevering for three weeks the pain in her side was completely cured, and she has enjoyed the best of health for the last four years.

(Signed) FRANCIS ARNOT.

ROCK ROSE.

FOR all cases of Scrofulous Diseases, Dyspepsia, Salt Rheum, Sick Headache, Canker & Nursing Sore, Mouth, General Debility, &c. &c. No Medicine has ever received such high testimonials from persons who have been afflicted with the above named diseases, as the Rock Rose. Myers' Extract is an elegant preparation, perfectly safe, and a wonderfully efficacious remedy. The extraordinary Medicinal properties of the Rock Rose Plant, have become known to some of the most eminent Medical men in the [illegible] and [illegible] desire to have it more extensively known and used.

The following is an extract from a note on the title page of a work published by D. A. Tyler, M. D., New Haven, Conn. on the efficacy of Rock Rose. These pages were penned without any expectation of their ever being presented to the public—since which time the plant (Rock Rose) under consideration has been more fully tested its virtues developed, and their character more fully established. They are published by with the consent of several medical friends. The object of this dissertation is to lay before the members of the profession and the public, the virtues of a plant too much neglected which undoubtedly (as an order manifest to the profession once remarked to me) possessed far more attractive hours than the popular sarsaparilla. I ask for the plant an impartial trial."

ITS MEDICAL HISTORY AND PROPERTIES

Are far the most important, since upon these depends its value to the community. Dr. London says, that in 1799, it was so valuable in England, that it was cultivated from seeds. Ever since 1806.

PROF. IVES, OF YALE COLLEGE,

Has habitually used it with great success in *Scrofula, and Chronic Disease*, and through him its virtues were made known until, as Dr. Tyler says, "it is now in this section [New Haven] a common article in domestic practice, for the cure of *Scrofula* and cutaneous diseases." Dr
