BREAD SUPPLIES IN TRIEST EXHAUSTED

Rome, April 19, 8:35 p.m., via Paris, April 20.—The food situation in Triest is critical, according to advices telegraphed here from the frontier. The mayor is said to have announced officially that the bread supply was almost exhausted, although that which has been supplied for the last few weeks has been made from a mixture in which wheat was almost lacking.

Since it is impossible to obtain wheat from Austria, and Hungary has refused to permit the exportation of any part of the stock on hand, Triest is dependent for its food supplies on shipments coming in by sea. The mayor in his manifesto is said to have urged the people of the city to be calm in the face of their privations, and advised them to make potatoes their chief article of diet.

AUSTRIANS READY TO LEAVE ITALY

This Is "The Day" For Last Consideration of Any Proposal.

EMPEROR SEEKS PEACE

Said To Have Sent Letter To Pope Relating To the Subject.

[Canadian Press.]

Paris, April 20.—Italy some time ago fixed April 20 (today) as the latest date for the consideration of any proposals Austria might wish to make, according to a report current in Rome, says a dispatch from the Figaro's correspondent. Baron De Machio, the Austrian ambassador, already has given notice to embassy servants, who now are paid daily it is said, and the same is true of the payment of tradesmen's bills for goods supplied the embassy.

The Figaro's dispatch declares it is stated in Vatican circles that the visit made to the Pope a few days ago by Prince Von Buelow, the German ambassador, was to bid farewell to the pontiff, as the diplomat believes his departure from Rome is imminent.

AUSTRIA TO REFUSE.

[Canadian Press.]

London, April 20.—The Daily News correspondent at Rome telegraphs: "I am informed that, while it is certain that Austria will refuse unconditionally to make immediate cession of all geographically Italian provinces claimed by Italy, and that intervention is absolutely inevitable, negotiations with the Allies have now reached a decisive phase regarding the settlement of the question of the Adriatic coast, which is intimately connected with Italy's possible invasion of Austria..

Seeking Peace.

"Despite efforts at secrecy the news leaked out that a week ago Emperor Francis Joseph sent a special messenger bearing an autograph letter to the Pope. The contents of the letter is withheld, but it is plausibly surmised that it relates to peace, which the Emperor considers the only thing that will save his empire."

BALKANS EXPECTED.

[Canadian Press.]

London, April 20.—The Daily Telegraph's correspondent wires from Rome: "Despite pessimistic forecasts from the Balkans, hopes are robust here that the peninsula soon will find salvation in a partnership with the allied powers. If this belief is realized and Roumania and Bulgaria, as well as Italy take the field, thus turn of events would serve as an instructive instance of the bitter irony of fate, for by inducing Greece to withhold her co-operation from the Allies, Germany will have been instrumental in pushing Roumania and Bulgaria into the allied camp.

"No Italian patriot who is desirous of achieving a union of all factions of the Italian nation with the mother country, regards Greece's neutrality with any feeling but that of unalloyed satisfaction."

REPORTERS TO GIVE EVIDENCE FOR BARNES

Roosevelt's Alleged Verbal Statements To Them To Be Introduced.

[Canadian Press.]

Syracuse, N. Y., April 20.—Counsel for William Barnes, in the trial of his suit for libel against Theodore Roosevelt, were prepared on this, the second day of the proceedings, to present the first evidence in behalf of their client upon the conclusion of the opening address of William Ivins, chief of the legal staff of the former chairman of the Republican state committee. The address of Mr. Ivins, it was expected, would outline the complete case of the plaintiff in the action.

The first witnesses, it was said, would be newspaper reporters to whom Col. Roosevelt gave the statement upon which the suit is based, and to whom he is said to have made certain verbal statements. Mr. Barnes' counsel also had ready to introduce in evidence nearly a hundred photographs of newspapers containing the offending statement, and others they claim Col. Roosevelt issued. The attorneys said they expected to prove publication first, which is necessary in libel actions, and then to offer evidence calculated to show that the colonel's alleged libel was accumulative. That is, that Col. Roosevelt for many years exhibited malice toward Mr. Barnes in his written and verbal statements.

125 PRINCESS PATS LEFT OUT OF 1,100

Crack Regiment Much Depleted by Casualties and Sickness.

Some idea of the way the ranks of the Princess Pats have been depleted by casualties and sickness is given in the following letter from Corporal S. Jerred, received by his wife in Toronto. Mrs. Jerred is sailing from New York on Wednesday to take up nursing in France.

"My feet are quite well again, and I am back with the regiment. Arnold from Cowan avenue station, was wounded last week, but I think he will be over it. (Sergt. Arnold has since died of wounds). Poor Frith was the first of the old crowd to go, but he went like the boy we always knew him to be, carrying a wounded chum to safety after taking a German trench. Major Pelly has gone to London on two months' leave. He was not very strong, and I think his nerves got shattered a lot. The time Martin was killed there were several wounded. Sergt.-Major Smith was badly wounded at the same time. He has since died. We are back from the trenches for a few days' rest. We are getting more men joining us all the time. I really don't know half the men in my company now. That is not to be wondered at when we have only 125 of the original Princess Pats that left Ottawa with us last August. Rather a small number out of 1,100, although I expect we will get a few back again that went out with frozen feet, etc."

In a letter to Mrs. E. Morrison, Mrs. Jerred's mother, at 39 Beverley street, Corp. Jerred says: "Arnold was one of the best men and well liked by everyone. He was made a sergeant the day he was wounded. I don't know if he knew it or not. He was a man, absolutely fearless under fire, a great incentive to the men, and a credit to the city he came from and his regiment."

The Beauty of the Cause

It is not only because she is the most beautiful of all suffragists that Miss Inez Milholland has so long been given a front place in suffrage pageants. It is also for the air of hope she carries with her—like a lovely victory on the prow of a ship. Victories have come through her efforts, too, the latest one being the passage of the mothers' pension bill in New York last week, after a mighty struggle.

Miss Milholland is a world-famous social service worker. Her education has fitted her to appreciate all sides. She has not only studied in London, Paris and Berlin, but has graduated from Vassar and in law from New York University.

Though the daughter of a millionaire, Miss Milholland preferred to be self-supporting, and practices her profession.

With every feminine quality, of charm and love of beautiful attire, this fair lawyer combined a keen sense of justice and an intense, kindly desire to lighten the burdens of others.

In private life, Miss Milholland is Mrs. Boisfevain. On April 27 she will speak in Guild Hall, Toronto.

Mrs. T. C. Duncan had the privilege of meeting this distinguished woman when in Washington, and has a copy of a beautiful photograph which has been thrown on canvas through a mirrorscope and much admired by those who have seen it in London.

3 ALLEGED SPIES MUST STAND TRIAL

True Bills Found Against Kuepforle, Hohn and Muller in London.

[Canadian Press.]

London, April 20.—True bills were returned by the grand jury in the Old Bailey police court today against three alleged German spies, Kuepferle, Hahn and Muller, charged with sending military information to Germany. Anton Kuepferle professes to be an American and it is believed he comes from Brooklyn; Muller claims he is a naturalized Englishman, while Hahn admits he is a German.

Strict precautions were taken today to exclude all outsiders at the hearing. While the judge was addressing the grand jury, even the ushers were turned out of the room.

When the case is heard in camera next week, every person connected with it will be sworn to secrecy.

APPEAL DISMISSED.

[Canadian Press.]

Toronto, April 20.—According to a judgment given by the appellate division this morning, the quo warranto proceedings against Mayor Porter and Controller Ellis, of Ottawa, will go on, the court having dismissed the appeal from the decision of the county court judge, who refused to set aside the flat granted in the proceedings. The court was equally divided on the question submitted.

FINANCIAL AND COMMERCIAL

THE LOCAL MARKET

A decided scarcity of hay and straw kept up the price of these lines on the market today to $16.50 and $17 per ton for hay and $8.50 per ton for straw. The price will be much higher, dealers say, because farmers are just now engaged in working their land. Oats and wheat have also been scarce, oats bringing $1.89 and $1.90 per cwt.

Dressed hogs remain at $11 to $11.50 per cwt. Live hogs sell for $8.50 per cwt.

Butter and eggs are selling at practically unchanged prices. Butter has a tendency to become cheaper shortly, the dealers say. Eggs sell for 22 cents per dozen retail.

Hides and wool are rather a weak market.

GRAIN.

Winnipeg, April 19.—May wheat was sold this forenoon at $1.61¾, which exceeds all previous records for 1914 crops. July wheat bid at $1.61¾, which is only ¼c under the previous record of $1.62 for this month on February 3. Later higher figures were touched for May. Trading in futures was light, and chiefly in the speculative element. There was little or no cash demand for wheat on the local market, while for oats there was a fair inquiry and a few cars changed hands. Flax was dull, practically nothing being offered on the cash market. No new business in export was reported.

Total inspections on Saturday were 297 cars, as against 391 cars last year, and in sight today were 345 cars.

Wheat futures closed 2⅝c to 3⅜c higher; cash wheat 2¼c to 2⅝c higher for contract grades; oats ⅜c to ½c higher, and flax ⅜c to 1c higher.

Chicago, April 20.—May delivery of wheat suffered a break today of almost seven cents a bushel. Free selling of small lots of the May option at the opening caught a number of stop-loss orders, and in the absence of any strong support the market dropped with startling rapidity. May, which closed last night at $1.63, sold quickly today as low as $1.65½, but reached with almost equal suddenness to within 1c of last night.

New crop months, July and September, in which most speculative business has centred of late, were comparatively unaffected by the flurry in the old crop delivery.

LONDON STOCK EXCHANGE.

London, April 20.—Money was in shorter supply, and discount rates were steadier today.

The stock market was active and cheerful, with a good business in Chinese and Japanese bonds and home rails, while copper, rubber and oil shares were the most active in the speculative section.

The reaction in Wall street reduced the volume of business in the American section, but a fair number of markings occurred in United States Steel, Chicago, Milwaukee and St. Paul, Canadian Pacific, Erie and Union Pacific. The closing was steady.

WALL STREET.

New York, April 20. — Wall Street, 10:30 a.m.—Irregular tendencies were operative at the opening of today's stock market, a natural result of yesterday's confusing close. Rock Island was the feature, with an initial sale of 4,000 shares at 32 to 31, against yesterday's close of 34. Lehigh Valley was strongest of the railway issues, rising three points, with advances of one to three points in coppers and some of the specialties, notably Mexican Petroleum. Later the entire list moved forward, a contributing factor being the announcement of a further advance in metal prices.

Noon.—Uncertainty prevailed throughout the morning session, the market making two distinct recoveries from early declines. Chairman Gary's statement to United States Steel's stockholders was regarded as the keynote to existing speculative conditions. Rock Island rivalled Steel in activity, declining 7 points on receivership proceedings. Much of the early selling was traceable to the short interest. Declines in important stocks ran from 1 to 3 points, some specialties suffering more severely. By mid-day another recovery was in progress. A loss of 1½ to 2 points in Rock Island issues was the feature of the bond list.

Baron De Reuter was prostrated by the death of his wife five days ago. A discharged revolver was found near his body.

SWISS PROTEST

Seek Co-operation of America in Regard to Importing Goods.

[Canadian Press.]

Washington, April 20.—Dr. Paul Ritter, the Swiss minister, today presented to the state department a copy of a protest his Government has made to the Allies against interference with shipping of products into Switzerland. The minister stated that his country aws becoming more isolated as a result of its inability to import goods, and that he was seeking the co-operation of the United States, especially in regard to goods manufactured in this country.

Secretary Bryan said the protest was the first, he believed, lodged by Switzerland. He was unable to give the minister any assurance that anything could be accomplished to relieve the situation. The secretary refused to discuss details of the protest.

THE TURKISH STORY

Report Says Manitou Successfully Attacked—Crew Blew Up Torpedo-boat.

[Canadian Press.]

Constantinople, April 20, via London —2:20 p.m.—The attack of a Turkish torpedo boat on the British transport Manitou off the coast of Chios last Saturday and the subsequent destruction of the torpedo boat were reported in an official statement issued today at the war office. The statement follows:

"A Turkish torpedo boat on April 17 successfully attacked the British transport Manitou in the Aegean Sea. The torpedo boat was pursued by British cruisers and destroyers to Chios, where the crew blew up the vessel in order that it might not fall into the enemy's hands."

London reports of April 17 and 18 said that the Turkish warship which attacked the Manitou was driven ashore and destroyed by British vessels. The British admiralty announced that the Manitou was not damaged by the torpedo boat, but that twenty-four men had been drowned and twenty-seven were missing, owing to the capsizing of two small boats.

REAL JUSTICE METED OUT

Magistrate Judd Gives Lad Chance to Make Good.

Working on his policy of reform rather than punish, Police Magistrate J. C. Judd, today, instead of imposing a sentence on Ernest Galdard, a youth who pleaded guilty to bicycle thefts, with the aid of Inspector Sanders, of the Children's Aid Society, secured the young fellow a home and a position with a farmer, giving him an opportunity to go straight.

"Ernest I am interested in you," said his worship, "and I am going to give you one chance to make good. I will suspend sentence on the charges that you have pleaded guilty to, and I want you to write to me once a month to let me see how you are getting on."

Galdard, profuse in his thanks to the magistrate, promised that he would go out and live straight in the future, and try to accomplish something worth while.

CANADIAN CAR FOUNDRY STOCK IN BIG DEMAND

Critics, However, Do Not Encourage Investors in Heavy Buying.

[Special Cable to The Advertiser.]

London, April 20.—The Canadian Car Foundry president's statement that directors are not yet proposing to take action over the payment of preference dividends has had little result in stemming the eager demand for shares, which has arisen during the last few days, although financial critics here give no encouragement to investors to seek largely for the company's stock.

The Financial Times today frankly puts the present demand down as a gamble, remarking that while the immediate outlook for the concern has greatly improved during the last two months, an advance of ordinaries to 70 hardly appears warranted, although preferences at 90 do not look so overvalued.

The following is now quoted as the official list: Calgary 5, Canadian Northern Pacific 4½, Canadian Northern 4.

Captain A. E. Brown Hovelt, 3rd Battalion, Toronto, has been gazetted as temporary captain of the 14th Cheshire Battalion.
