ALONG THE WATERFRONT.

The heavy downpour of rain yesterday had the effect of keeping citizens from traveling by the boats, consequently traffic was very light.

Steamboat men, however, expect a big rush to-day. The Modjeska and Macassa will carry the employes of John Inglis & Sons to Mountain View Park; the Garden City and Lakeside the employes of the S. F. McKinnon Co. and the McIntosh Marble Works to Queen Victoria Park, Niagara Falls; the Argyle the members of the Bookbinders' Union to Prospect Park Oshawa. All the boats will make special Saturday afternoon trips.

The steamer that arrived and departed from the Toronto harbor yesterday were the Ocean, Chippewa, Corona, Chicora, Niagara, Canada, Lakeside, Garden City, Argyle, Tymon, Macassa, Modjeska and Toronto. The schooner Essel also came in with coal for P. Burns & Co.

A passenger on the R. & O. steamer Toronto named Clayton was seized with a severe paralytic stroke on the trip to this city yesterday. He was taken to the Hospital at Rochester.

Notices will be posted up next week along the waterfront notifying owners of rowboats and sailing skiffs and other vessels to carry such lights after sunset as are called for in the marine regulations.

SHE PATIENTLY BORE DISGRACE

A Sad Letter From a Lady Whose Husband Was Dissipated.

How She Cured Him With a Secret Remedy.

"I had for years patiently borne the disgrace, suffering, misery and privations due to my husband's drinking habits. Hearing of your marvelous remedy for the cure of drunkenness, which I could give my husband secretly, I decided to try it. I procured a package and mixed it in his food and coffee, and, as the remedy was odorless and tasteless, he did not know what it was that so quickly relieved his craving for liquor. He soon began to pick up flesh, his appetite for solid food returned, he stuck to his work regularly, and we now have a happy home. After he was completely cured I told him what I had done, when he acknowledged that it had been his saving, as he had not the resolution to break off of his own accord. I heartily advise all women afflicted as I was to give your remedy a trial."

FREE SAMPLE and pamphlet giving full particulars, testimonials and price, sent in plain sealed envelope. Correspondence sacredly confidential. Address, enclosing 2-cent stamp for reply, The SAMARIA REMEDY CO., 23 Jordan-street, Toronto, Canada.

"I would like," said His Worship after hearing all the statements of witnesses, "to get some evidence as to whether this man was disorderly. There is none so far. The evidence of his (Welch's) own witnesses doesn't prove that, and it is contradicted all round." Wrigley's charge of drunkenness against the constable is to be investigated.

HALIFAX WANTS IT BADLY.

Big Effort to Be Made to Secure a Ship-Building Plant.

Halifax, Aug. 23.—The Halifax shipbuilding commission met on Wednesday afternoon for the purpose of taking steps to secure a shipbuilding plant for this city, which has the advantage of offering $100,000 more bonus than any of the other places. It was stated that a company had already bonded the Faulkner property at Dartmouth for a shipbuilding site, and, if the company proposed to establish its business on that side of the water, there was little use of the committee making any move, as outside of Halifax the commission would not be interested. Efforts, however, should be made to induce that company or some other company to locate its plant on this side of the harbor.

The advantages of Halifax have been set out in a prospectus, as follows: The city has a larger stable population than any other place in the province; the proximity of shipbuilding material and fuel; the safety of the harbor, and the immense fortifications, which would protect the works; the uniform climatic conditions, which would enable the work to be performed all the year round; the geographical position of the city, which would enable it to secure a large share of repair work on disabled steamers; the immense market here for iron and coal carrying steamers, and the possibility of constructing fishing vessels of iron in place of wood, and the special bonuses that have been offered and the advantages the city has in possessing a large dry dock.

The commission will make a special effort to secure the plant.

NEEDED SPECIAL COFFIN.

Bloomington, Ill., Aug. 23.—The largest casket ever used at a burial in McLean County was required when John E. Bradbury was interred to-day. He weighed 500 pounds. The width of the coffin was 38 inches, the depth 24 inches, and it was 7 feet long. Solid oak with steel ribs was used. The casket had to be left on the porch and an outdoor service was held. Nine of the strongest men in the community were required to carry it to the extempore hearse, a large spring wagon. Bradbury was a young farmer of Bellflower, this county, and his great weight made him a familiar character in this vicinity. He died from dropsy. He had never married.
