To See Or Not To See?

That is the most serious question that confronts us today. Artificial light, moving pictures, intense heat and bright sunlight all affect the eyes and unless yours are strong enough to resist the strain, disorders will result.

See us now and protect your Future Eyesight

NEWS OF NORFOLK

First Marriage Ceremony Performed in Windham Methodist Church

THE MEDICAL BOARD

Many Come Far For Examination—Figures From The Board

Write Simcoe Agency Box 311 or 'phone 356-3 all matters regarding delivery or subscriptions; News items or advertisements.

Simcoe, Oct. 25—(From Our Own Correspondent)—Yesterday at 2 o'clock, Old Windham Methodist church, for first time in its long history was the scene of a very pretty wedding when Miss Louisa Lazelle Beemer, daughter of Harry C. Beemer of Colborne, was united in marriage to James Robert Collver, son of Herbert C. Collver of Townsend.

The church was prettily decorated for the event with juniper trees and green vines. The ceremony was performed by Rev. J. B. Snider, pastor of the church in the presence of a large number of guests and spectators.

The bride made a charming picture in a gown of white crepe de chene with pearl trimmings and the conventional veil and orange blossoms.. She carried a shower bouquet o fpink and white roses. The maid of honor, Miss Clara Porter of Simcoe a cousin of the bride, was attired in peach colored crepe de chene combined with Georgette crepe, and wore a black picture hat. The groom was unattended.. Miss Rena Slaght of Simcoe played the wedding march. At the conclusion of the ceremony, the guests assembled at the bride's home where a reception was held after which the newly wedded couple departed on a motor trip.

The bride was the recipient of a large number of beautiful and costly gifts. Among these being a handsome fumed oak writing desk from Old Windham friends. The bride was for years organist of Old Windham church and is possessed of unusual musical ability.

On their return Mr. and Mrs. Collver will reside at the groom's farm in Townsend.

Men from West of County Much Inconvenienced.

Most of the men who reported for Medical examination at Port Dover yesterday were from Langton, Vanessa and Waterford who come to Simcoe first not having heard that the Board had left here. No announcement has yet been made of a sitting at Pt. Rowan or Delhi, and many have to travel forty miles to be examined. For the benefit of all we repeat that to-morrow and Saturday the Board will be at Hagersville, and on Monday and Tuesday next at Waterford. Then back to Simcoe for Oct. 31st—unless headquarters issues other orders in the meantime, in which event the Courier will endeavor to advise its readers.

The 31 examined to-day were graded thus, A2 15; B2 4; C3 3; D. 1; E. 8.

And the total in the county to date is: A 156; B. 72; C 47; D. 18; E. 45; Total 338.

Press Photographs.

Mrs. E. H. Hart, of Jarvis is visiting her sister Mrs. I. McInally, Kent Street.

W. G. Jackson reached home last night from a trip to Columbus, Ohio, to attend the National Dairy Show.

Mr. and Mrs. N. S. Boughner were in Brantford yesterday.

Mr. Thos. Osborne spent yesterday in Brantford attending the Bell Memorial ceremonies and waited for the evening meeting in the Opera House at which the veteran inventor displayed the original instrument over which he first heard the human voice at a distance over wire—Brantford to Paris—on Nov. 10th, 1876.

Ptes. Thos. Tickner and Henry Howarth were in the guard of Honor to receive Vice-Royalty at Brantford yesterday. Mrs. Henry Howarth accompanied her husband to Brantford yesterday.

A REMARKABLE STATEMENT

Mrs. Sheldon Spent $1900 for Treatment Without Benefit. Finally Made Well by Lydia E. Pinkham's Vegetable Compound.

Englewood, Ill. — "While going through the Change of Life I suffered with headaches, nervousness, flashes of heat, and I suffered so much I did not know what I was doing at times. I spent $1900 on doctors and not one did me any good. One day a lady called at my house and said she had been as sick as I was at one time, and Lydia E. Pinkham's Vegetable Compound made her well, so I took it and now I am just as well as I ever was. I cannot understand why women don't see how much pain and suffering they would escape by taking your medicine. I cannot praise it enough for it saved my life and kept me from the Insane Hospital."—Mrs. E. SHELDON, 5657 S. Halsted St., Englewood, Ill.

Physicians undoubtedly did their best battled with this case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

GIRLS! ACT NOW! HAIR COMING OUT MEANS DANDRUFF

Save your hair! Beautify it! It is only a matter of using a little Danderine occasionally to have a head of heavy, beautiful hair; soft, lustrouos, wavy and free from dandruff. It is easy and inexpensive to have pretty, charming hair and lots of it. Just spend a few cents for a small bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre, and try as you will, you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe the only sure hair grower, destroyer of dandruff and cure for itchy scalp, and it never fails to stop falling hair at once.

If you want to prove how pretty and soft youh hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

Pte. and Mrs. Henry Howarth were yesterday evening entertained at dinner by Magistrate Livingstone and Mrs. Livingstone of Brantford. The latter had learned that their son and Pte. Howarth had been battalion chums in France and extended to our citizens a most hearty hospitality.

Medical Board.

The men of Class I examined yesterday numbered 49, and with those previously reported give A 141, B 68, C 44, D 17, E 37, Total 307.

RUSS PERIL

(Continued from page one)

ter the occupation. He describes the heroic efforts made by the officers to rally their men and asserts that several of them, including General Martinoff, commander of the garrison, committed suicide when the troops surrendered.

That the Germans had knowledge of conditions on the islands is indicated by the fact that when Aviator Safonov brought down a German hydro-airplane, the dead occupant was found to have complete plans not only of existing but of proposed fortifications. On the plans places were marked for bombing. General Martinoff's scouts frequently observed lanterns flashing from the shore, and upon investigation, found a deserted cabin with a ladder leading to the roof. Squares of canvas found lying on the ground were removed, but later were replaced by a mysterious hand.

In an effort to stem the surrender of large bodies of troops, Visnevsky and others pretended to be sending signals to Russian ships bringing help. Instructions were issued by soldier committees, he says, that those wishing to surrender should gather under white flags. Commander Srishko, of the Reval battalion of death, it is related handed his sword to a soldier, saying: "I never will return home. Those who can, may save themselves or die as I," whereupon he shot himself. The Germans gave two hours in which to surrender. The majority of the garrison gave up their arms within this time.

NO PEACE NOW.

Petrograd, Oct. 25.—Political circles, according to The Izvestia, the organ of the Workmen's and Soldiers' Councils, are interested in the visit paid to Premier Kerensky yesterday by Sir George Buchanan, the British ambassador, which is believed to be connected with the instructions given M. Skobeleff, delegate of the Workmen and Soldiers, to the Paris conference. The Izvestia learns that Foreign Minister Terestchenko will make an emphatic declaration before the preliminary parliament with a view to dispelling the bad impression Skobeleff's instructions are reported to have created.

M. Terestschenko, it is said, is of the opinion that any desire for peace at the present, would be prejudicial to Russia's interests. He will emphasize especially that the very lack of success of the Russian armies means a postponement of peace.

SIR WM. HERSCHEL DEAD

By Courier Leased Wire

London, Oct. 25—Sir William James Herschel, discoverer and developer of the system of indentification by finger prints, died yesterday.

Sir William James Herschel served in the civil service in India from 1873 to 1878. He discovered the use of finger prints in 1859, and in 1878 initiated this means of indetification for civil purposes in Bengal. He was the author of the "Origin of Finger Printing."

Sir William was born in 1833. He was the grandson of Sir William Herschel, the English astronomer, and the son of Sir John Frederick William Herschel, whom he succeeded in the baronetcy in 1871.

FOE TOO STUNNED TO STRIKE BACK

French Victory North of The Aisne Was of a Sanguinary Nature

ENEMY LOSSES HUGE

Heaps of Dead Were Found Beneath the Ruins of Quarries

FINE WORK OF TANKS

Prisoners Had Suffered Great Privations From Lack of Supplies

Paris, Oct. 24.—The sweeping nature of the French victory yesterday north of the Aisne is indicated by the official announcement from the War Office to-night, which reports the capture of prisoners exceeding 8,000, heavy guns exceeding 70, 30 mine-throwers, and 80 machine guns.

Several squadrons of tanks participated, and did excellent work in company with the advancing infantry. It was by means of these most modern war implements that the Follain farm was captured.

Most of the prisoners taken were caught in quarries. One group, composed of 400 men, was led out to surrender by a German soldier, who spoke French, and who assured his comrades that they need not fear bad treatment from their captors, despite assertions currently made to them by their officers that the French massacred prisoners. Another batch of prisoners fell into the hands of the French just as they alighted from motor trucks, in which they had been hurried to the battlefield as reinforcements.

The losses of the Germans were extremely heavy, as was testified to by the heaps of dead found beneath the ruins of quarries, which crumbled under the French bombardment. The French casualties were rather below normal.

Momentarily Stunned

Comparative quiet has succeeded yesterday's battle. The Germans, astonished by the rapidity and the extent of the French success, seemed momentarily stunned, but it is probable that they are engaged in moving their artillery to the rear.

Prisoners arriving in dribbets today appear to have suffered great privations from lack of supplies during the French artillery preparation. The French aviation service is greatly praised for its work. During the attack it rendered immense service for the French command, working under the most unfavorable conditions for flying, namely, mists, heavy clouds and strong winds. The airmen flew over the infantry when they were making the attack, and when they saw the German infantry assembling for a counter-attack they advanced toward the enemy at an altitude of less than one hundred yards, showered machine gun bullets upon him and brought about a dispersonal of the assemblage.

Several French machines flew over the Loan railroad depot and attacked arriving troop trains. Some of the machines accompanying the infantry columns kept so low that they were obliged to shorten the atennae of their wireless apparatus. All the aeroplanes participating in the battle were riddled with bullets. One of them fell blazing among the French troops; the pilot was uninjured, and ran to the nearest battalion commander with highly valuable information.

MEAT SUPPLIES

By Courier Leased Wire

London, Oct. 25.—Via Reuter's Ottawa agency—Leading representatives of the Dominions have been in conference with the Board of Trade regarding the Empire's meat supplies. Those present included Sir George Perley, Canadian High Commissioner, Messrs. Schreiner, High Commissioner for South Africa; Chiappin, trades commissioner for South Africa and also Australian and New Zealand representatives.

CIDER SEIZED

By Courier Leased Wire

Victoria, B.C., Oct. 25.—The Pacific Club, of which all the provincial ministers are members, was yesterday raided by the police and several dozen bottles of Devonshire cider seized for the purpose of analysis, to see if it contains more than two and a half alcohol and therefore is being sold in contravention of the prohibition law. Another raid was carried out on the Westholm Hotel, where 60 dozen bottles of cider were seized.

JUBILEE AT ST. BASILS

Yesterday was a memorable day at St. Basil's church, when religious observance was made of the golden jubilee of the opening of the church and the seventy-fifth anniversary of the creation of the parish. Pontificial High Mass was sung at ten o'clock, by His Lordship Bishop Dowling of Hamilton, assisted by a number of priests of the diocese.

This morning a solemn requiem high mass was sung in St. Mary's church in memory of the pastors and people of the parish who have passed to their reward in the past seventy-five years. Large congregations were in attendance at both services, despite inhospitable weather conditions.

The children of St. Basil's school presented a pleasing program in the club rooms last evening, and by special request offer the performance for a scond time at St. Mary's Hall to-night. Patriotic songs and choruses were sung, and pleasing violin selections offered by Francis and Theresa Martin. A playlet, "The Bell in the Forest," was presented by the boys of the school, and another, "An Oldtime Evening," by the girls. The casts of character;

"Bell in the Forest"—Introduction, Maurice Batty; prince, Eugene Hunt; Count Leo, Steve Golanski; Count Rupert, Francis Rowan; poachers, Charles Craig, Edward Hartman; gamekeeper's son, Darcy O'Donohue; policeman, Leo Roach; former old resident, Joseph Ion.

"Oldtime Evening" — Grandma Perkins, Helen Nagle; grand-daughter, Eleanor O'Neall; chairman, Cora Lanthier; Dorothy Sweetbrier, Irene Cheevers: Prudence Hollyhock, Annie Milligan; Dolly Dimples, Hazel McMullen: Charles Lightheart, Leone Philips.

The bazaar remained in full swing during the evening, and the various booths attracted considerable attention, and were successful in disposing of no small quantity of the home-made wares offered for sale.

The following priests assisted: Dean Brody served as High Priest, Rev. Fathers E. Doyle of Galt and G. Cassidy of Paris were deacons of honor; Rev. Fathers MacMahon, S. J. of Montreal, and Cafferata, Deacon and sub-Deacon of the mass, resnectively; Rev. Fathers Padden of St. Mary's Church, Brantford. Father Doganski of St. Basil's and Father J. O'Sullivan of Hamilton were Masters of Ceremonies; Rev. Fathers Irka of Brantford, W. Dermody and S. McGeeg of Hamilton were in the sanctuary. His Lordship's beautiful voice keeps up wonderfully. He congratulated the Dean and the congregation on their seventy-fifth anniversary. The choir sang a beautiful mass. In the afternoon His Lordship attended the concert given by the children in the Parish Hall.

Much praise is due those in charge of the entertainment for their untiring efforts in the training of the children.

The scenery and electrical devices were very kindly furnished by Messrs. Philip Steves and Arthur Brock to whose indefatigable work part of the successes of the concert is due.

The capacity of the Church Hall was overtaxed despite the inclemency of the weather and many were turned away. No doubt the entertainment will be repeated before the close of the week's festivities.

Hearty congratulations are to be offered the Very Reverend Dean Brady, D.D., for the Religious and Social celebration of the Jubilee which will remain green in the memory of the people of Brantford for many years and which reflects great credit on the zealous and capable pastor.

The large Mass Millard, in G, was sung by the choir, which was directed by Miss Dowling, with Miss Dake presiding at the organ. The soprano solos were taken by Miss M. O'Grady and Miss M. Dowling, contralto by Mrs. J. Cook, tenor by Mr. J. Hanes and Mr. M. McCabe, and bass by Mr. H. McCabe.

KERENSKY TO GIVE UP POST.

By Courier Leased Wire

Petrograd, Oct. 24—The newspapers state that Premier Kerensky probably will relinquish the post of commander-in-chief of the Russian armies to General Boukhonin at the end of the week.

HAMILTON FYFE.

BY-LAW NO. 1419

To Enable the Municipal Corporation of the City of Brantford to buy and sell Fuel and Food.

The Municipal Council of the Corporation of the City of Brantford enacts as follows:

1. The Council of the Municipal Corporation of the City of Brantford are hereby authorized and empowered to buy and store fuel, and such articles of food as may be designated by order of the Ontario Railway and Municipal Board and to sell the same to dealers and residents of the municipality.

2. The said Council are hereby further authorized to acquire lands, erect buildings, establish, conduct and maintain depots, stores, warehouses and yards, and to purchase such machinery, appliances and equipment as may be necessary for such purposes.

3. The said Council are further authorized to appoint such officers, clerks and servants as may be necessary to manage and conduct such businesses.

4. The said Council are further authorized to make rules, regulations and do all such further acts and things as may be necessary for the full and proper carrying out of all such powers.

5. The said Council are further authorized to borrow from time to time such money, not exceeding in all the sum of Fifty Thousand Dollars ($50,000) as may be necessary for such purposes and to issue debentures of the Corporation, payable in not more than ten years from the date of such issues.

6. The Treasurer of the City of Brantford shall keep separate and detailed accounts of the amount of the debt incurred, the quantities of fuel and food respectively purchased, with details of the cost of the same and all disbursements in and about the management and carrying on of the said business, the price and prices at which the same were sold, the stock or stocks of fuel and food on hand and such further details and particulars as may be ordered by the Ontario Railway and Municipal Board, and the said Treasurer shall quarterly file with the Ontario Municipal Bureau, at the City of Toronto, all the above details and particulars and such others as may be hereafter ordered by the Board.

7. This by-law is subject to the approval of the Ontario Railway and Municipal Board and the Lieutenant Governor in Council, and subject to such limitations and restrictions and conditions as may be prescribed by the said Board.

8. This By-law shall take effect immediately on the final passing.

Passed this day of A.D., 1917.

City Clerk Mayor.

NOTICE IS HEREBY GIVTN that the above is a true copy of a proposed by-law, and that if the assent of the electors qualified to vote on money by-laws is obtained to it, it will be taken into consideration by the Council after the expiration of one month from the date of its first publication, which date is the eleventh day of October, 1917.

A tenant desiring to vote on same must deliver to the Clerk not later than the seventh day before the day appointed for taking the vote, a declaration as provided for by Subsection 3 of Section 265 of The Municipal Act.

Saturday the 3rd day of November, 1917, between the hours of nine o'clock in the forenoon and nine o'clock in the afternoon is appointed for taking the votes of electors qualified to vote on money by-laws at the following polling places, and by the following Deputy Returning Officers, namely:

division	Places	turning Officer
