TO CORRAL WHOLE BEACH

Independent Legal Opinion Re Parks Desired By the Hamilton Board.

GRANT FOR MUSEUM COMMITTEE

Chairman's Desire to Sign Blank Cheques Was Turned Down by the Mayor.

Hamilton, April 9.—The Public Parks Board is not credited with taking care properly of all the parks it is required to. Some of the members of the board want to reach out and grab the whole of Burlington Beach, on the ground that it was given to the city by the Ontario government for park purposes. At the meeting of the board this afternoon an opinion was received from the City Solicitor regarding the powers of the board, and it was decided to get an independent opinion. The beach is at present under control of the Harbor and Beach Committee, and all the revenue, which is considerable, is expended on it. It looks as if the board is after the revenue in addition to its half-mill on the dollar of taxable property.

Kept Out of Papers.

The Museum Committee applied for permission to expend money on the Dundurn Park museum. The chairman announced that the matter was a private one, and the application was passed from one member to the other but kept away from the reporters. The amount required was not stated, but the board granted the permission.

John Andrews, an employe of the board, applied for an increase in salary. The matter was referred to the Works Committee.

Unbusinesslike Methods.

Chairman Renan asked for permission to sign cheques in blank to be left with the City Treasurer to fill out. It was stated that persons who receive cheques have to go a long way to get them countersigned. The Mayor was decidedly opposed to such unbusinesslike methods, and the board decided not to grant the permission. The accounts hereafter will be paid once a month. After they are passed by the board they will be filled out by the treasurer and signed by the chairman.

PLUNKET GREENE'S GREAT SUCCESS.

Another Delighted Audience Greets This Great English Singer—His Singing of Irish Idylls.

The announcement of a fortnight ago, on the occasion of his first concert this season in Toronto, that Plunket Greene, the favorite English singer, would give another concert, was hailed with delight by his thousands of admirers. The concert was held in Massey Hall last night, and this great artist was surely in splendid form. Encores upon encores were the order of the evening. Mr. Greene was ably assisted by Mrs. Dorothy Harvey, while the program was further strengthened by the recitals of the eminent pianist, Rudolph Von Scarpa. The new Concert Grand Piano of Heintzman & Co., that is used exclusively by Mr. Plunket Greene in his Canadian tour, added greatly to the success of the evening's program.

Organ Recital.

Thursday night at S in Sherbourne-street Methodist Church that accomplished organist, Mr. Arthur Blakely, will give a recital on the grand new organ of the church. A collection of 10c and upwards will be made at the door. This is an opportunity to hear good music rendered by a master hand.

PAINLESS EXTRACTING

A bad tooth is bad company. If it has so degenerated that skill cannot convert it from bad to good, you had better part with it for the sake of its neighbors. We extract teeth painlessly. The operation which has so long been looked upon with dread as a torture is rendered easy and simple—with no chance of bad after effects whatever. Bring the offending tooth to us. We have the skill to advise you wisely if skill can save the tooth—and the means of saving you pain if the tooth must go.

SPECULATION IN WIRELESS.

London Daily Mail Warns Against Attacking Importance to Patents.

London, April 8.—Commenting upon the revival of bidding for Marconi shares, as the result of the American rights of the company, The Daily Mail says: "Whether or not there is excuse for depressing the cable shares on an exaggerated view taken of the Marconi triumphs, it is quite certain that speculation in wireless telegraph shares is to be deprecated.

"Leaving the question of the commercial working out of consideration, there are too many different systems in the field, and in any case it does not do to attach an exaggerated importance to the patents in any form. Marconis are best left to those specially interested commercially."

OPENS A "SETTLEMENT HOUSE."

Lady Henry Somerset Starts New Charity in East London.

London, April 9—Lady Henry Somerset, who has long been interested in settlement work, has started a "settlement house" in Bromley, East London. The parish is one of the crowded poor sections of the city and the work cannot fail to be of great value. The Duchess of Albany will be entertained by Lady Henry at Eastnor Castle in May, during the visit of the Duchess to Hereford, where she is to dedicate a church.

EARLY SPRING IN NORTH.

Vancouver, B.C., April 9.—The steamer Princess May arrived last night from Skagway with a few passengers and news that the northern trails are beginning to break up and an early spring is in prospect. Miners coming to Break Mush Creek, a new section of the Western Porcupine district, say that important finds of gold have recently been made there, and a large number of prospectors are now going into the district.

KINGSVILLE MEN HURT.

Windsor, April 9.—From leeters received here, it is learned that Ptes. Tripp and Chalk of Kingsville of the C.M.R. were injured in South Africa. Chalk got seasick on the trip out and hurt his spine and was left at Cape Town.

Tripp fell off his horse and so badly hurt his leg that he will never be able to walk again.

An Old English Fair.

From The London Chronicle.

The coronation promises many revivals, and among them is that of the old English fair, which seemed to have died of its own disgrace. Arrangements are being made for a big fair at Kensal Green during the coronation week. On the 48 acres of ground which have been secured by the committee, there will be a huge number of van dwellers the majority of whom will help entertain the thousands of spectators who, it is hoped, will be attracted. Among the interesting sights will be the roasting of whole oxen every afternoon. The fair will be on a much larger scale than that held at the time of Queen Victoria's coronation, and should be a crucial test of the improved manners of a new century.

Queen's Own Did Not Parade.

Owing to the alterations in the Armouries for the Horse Show, the Queen's Own Rifles did not go thru any manoeuvres last night, and the rain prevented them from having a march out. The regiment merely came together 493 strong and were dismissed by Lieut.-Col. Pellatt.

The regimental orders note the appointment of Color-Sergt. A. W. Bell to be assistent regimental drill instructor and the following promotions: Sergt. G. W. Marriott and Sergt. J. Hanna to be color-sergeants; Corp. J. C. Lee, Corp. F. J. Haywood, Corp. C. E. Neild and Corp. J. G. Mingay and Corp G. E. Jenner to be sergeants; Pte. A. F. Macdonald, Pte. F. A. Werden, Pte. W. T. Filey and Pte. J. T. Dempster to be corporals. Thirteen were struck off the strength of the regiment.

Carriage Calls at the Play.

Under the new electric system of calling cabs after theatres in New York, the driver is given half of a cheque. The corresponding half, which is a bit of perforated cardboard, is retained by the occupants of the carriage. When the playgoers come out after the play is over, they drop the bit of cardboard into a little box at the door and pull a lever. Then the corresponding number is lighted up on the sign above, which the driver of the desired carriage sees, and up he comes with his carriage, without any commotion.—Herald, Boston.

Their Single Thought.

From The Philadelphia Record.

Hook: That young married couple appear to be two souls with but a single thought.

Nye: Yes, he thinks he's the only thing on earth, and she agrees with him.

By the Skin of His Teeth.

"If there is one man in the world I hate it is that fellow behind me."

"Do you know, sir that he's my husband?"

"Oh, really! W—w—why, of course, that's why I hate him."—The King.

Kate: What would you do if a man asked you for a kiss? Edith: I just wouldn't give it to him. A man who can't get a kiss without having to ask for it isn't worth wasting one's time over.

Millionaire (with marriageable daughter): But what can you do, young man? Haven't you some special talent or taste—some bent, as they say? Applicant (dubiously): No—not that I can think of—except that I am a little bow-legged.

FOOD DOES IT.

Restores Health More Surely Than Any Medicine.

It is a short road to trouble when the food does not supply the right material to rebuild the brain. You cannot use the brain without breaking down small particles every day, and you cannot rebuild unless the food furnishes the right kind of building material, and that is albumen and phosphate of potash. Not such as you get from the druggists, but such as nature stores in certain kinds of food.

Grape-Nuts contains these particles, and well defined results can be obtained from using the toothsome, delicious food.

A brain worker, whose name can be given by the Postum Co., Battle Creek, Mich., writes: "Last fall I got in a desperate condition through excessive mental work and lack of proper food. I was finally compelled to abandon all business and seek absolute quiet and rest in the country.

"I had been under the care of a good physician for several months, but it seemed my food did not rebuild the brain tissue properly. I was on the verge of despair when I left for the country.

"Down at the ferry I purchased an Evening ournal, and my attention was attracted to the headlines of a Grape-Nuts advertisement, which read, 'Food Cure Nature's Way.' I read it carefully, and decided to give Grape-Nuts a trial, so next morning I went in on the new food and in two weeks' time gained ten pounds, and felt like a new man all over.

"I candidly believe if I had known the remarkable sustaining power of the food prior to my illness I would not have needed a physician, nor would I have been sick at all."

The Treatment of Disease

is a science, and the Egyptians are perhaps the first of whom it is recorded that they treated it as such. In their time all sick persons were exposed in a public square, and received suggestions from those who had suffered from a like illness. Nowadays, we reverse the plan, and instead of exposing the sick, we give the remedy.

Life Chips

Treated With Malt Extract

is a scientific preparation, containing over 95 per cent. of nutrition. It is in reality a tonic food remedy. Those who partake of it freely can throw their physic to the dogs.

In conjunction with this food drink Caramel Cereal and sleep well. It saves the nerves.

'Twas Ever Thus.

From The San Francisco Bulletin.

"Eve," growled Adam, "these biscuits are fierce!"

"Don't you like them, dear?"

"Like 'em? Huh! Not half like moth—ahem! They're bum—very bum! I wish you'd buy a cook book."

"They say a man's soul is in his stomach, and I believe it."

"Eve," and Adam glared, "you're the most exasperating woman I ever saw! By jing, I wish I had my rib back!"—

"There you go—throwing that in my face again. Who asked for your rib, anyway? Weren't you just as lonesome as you could be until I came?"

"And I wish I'd been satisfied to let it go at that. Another case of 'When lonesomeness is bliss 'tis folly to get married.'"

"Boo-hoo!"

"Here, now——"

"Boo-hoo-oo!"

"Aw, say! Darn it, Eve——"

"Boo-hoo! I w-wish I w-was d-e-ad!"

"Gosh-blame it all, Eve, I was just jokin'! Don't do that! Honest—the biscuits are the best ever—and I'd eat 'em if they were like cobblestones. I'm a chump and a fool and——"

And a benevolent old boomptasaurus looked on with a fatherly smile while the reconciliation took place.

"Egobulus!" he ejaculated, "the woman wins with the tears of defeat!"

And she continues to do so even to this day.

South Africa's 4-Legged Mystery.

Speaking of the inquiry ordered by President Roosevelt to discover the exact facts about the British mule camp near New Orleans, over 200,000 horses and mules were shipped to South Africa by the British government last year—nearly one animal for every man of Kitchener's host. About $85,000,000 has been paid by the British government for horses and mules since the war began. Yet Kitchener is still crying for more of them and complaining of the quality of those sent.

This is South Africa's great four-legged mystery. The Boers, with no ports thru which to draw "remounts" from every horse and mule breeding country as Great Britain does, have been well mounted right along and are still able to keep the field mainly because of their superior mobility, due to their hardy Basuto ponies. "Are the Boer horses immortal, or do the Boers take our horses just when they are getting into condition?" plaintively asks The Saturday Review.

Mrs. Nellie Hessenbruch.

It is said of Mrs. Nellie Allen Hessenbruch, who is the pianist of the Sammis-Jackson Concert Co., that will appear at Massey Hall on Saturday evening next, that her musical taste is heaven-given. She plays with perfect success groups of numbers which range from the most powerful to the most delicate pianissimo—an exhibition of piano-playing which, it is declared, is seldom equalled by the most noted pianists.

Price 50c. a box or 3 for $1.25, all dealers.

DOAN'S KIDNEY PILL CO., TORONTO, ONT.

BRITISH REMOUNT CAMP.

New York, April 8.—The Sun has the following from New Orleans: William M. Browne, an engineer who went to South Africa to investigate the treatment of the men who shipped for that country as muleteers, says he is certain that the English are using Chalmette as a base of supplies, and that they are maintaining a recruiting station there.

"This," he says, "has been going on for the last eighteen months, and it will be surprising to learn the number of men who have shipped from this port with a signed contract for enlistment in the British ranks upon their arrival in some South African port."

Mr. Browne left New Orleans in March, 1899, on the steamship Devona, and arrived in Cape Town in April. He did not go as a muleteer, and had plenty of time to study conditions for himself. There were 65 men who signed as muleteers on the Devona. On board was Lieut. Stent, ostensibly in charge of the loading of the mules, but in reality an English recruiting officer. On the way down the river he called the men and told them that they would not be allowed to go on shore after the ship landed unless they were enlisted as soldiers for the army. Many complained at this treatment, but were told that if they attempted to get on shore without being enlisted, they would be arrested and put in prison.

There was nothing to do but obey, and out of the 65 muleteers 41 of the number had signed as enlisted soldiers for the British army before they had reached the mouth of the Mississippi River. Upon their arrival in Cape Town their names were called out by the officer who had enlisted them in New Orleans, and as each name was called the man answering it was taken charge of by another officer, and taken to the detail camp at Green Point, situated about three miles from Cape Town on the coast. That was the last heard of the 41 men who enlisted.

Mr. Browne says that on the Dryson Grange, which sailed from New Orleans in February, 30 of the 65 muleteers signed to enlist in the British army before the vessel had left New Orleans and that the foreman offered to enlist him if he would serve.

DR. PITCHER'S PRAISES

Are Being Sounded by Hundreds of Toronto Citizens.

Sufferers from Backache and Kidney Troubles Tell of Relief from Distress and Pain by the Use of Dr. Pitcher's Backache Kidney Tablets.

People who are desiring evidence of the efficacy of Dr. Pitcher's Backache Kidney Tablets have not far to go to find it.

On nearly every street in this city are those who can tell from practical experience what the wonder-working little Tablets have done to cure bad backs and sick kidneys.

QUEEN-ST. EAST.

Mrs. R. H. Scott, 667 East Queen-street, gave the following statement of her case: "For some years I have been troubled with my kidneys, pains in the back, and have had two operations for bladder trouble, and feel confident I would have required another this winter had I not used Dr. Pitcher's Backache Kidney Tablets. They relieved me after a couple of days, so that I feel like a new woman.

"My husband is using them, and says they are the best medicine he has ever used. Working in the G. T. R. Freight Sheds, as he does, he has heavy lifting, which often affects his back. Those Tablets help him greatly. Though not having used many, he intends using them when necessary, and should be pleased to recommend them to all suffering from kidney or bladder trouble."

CARLTON-STREET

Mr. J. Riggs, who is a clerk in the General Postoffice, and who resides at No. 1 Carlton-street, spoke of his case as follows: "I have been troubled for about two years now with my kidneys, and the pain in my back caused me a great deal of distress. I recently took Dr. Pitcher's Backache Kidney Tablets, and am well satisfied with the results. No one who is suffering from kidney trouble should be without them. You may use my name and testimonial whenever you wish."

RICHMOND-ST. WEST

Mrs. M. Cody, whose home is 318 West Richmond-street, glady told how Dr. Pitcher's Backache Kidney Tablets had cured her. She said: "For two or three years past, I have been troubled with pain and soreness in my back and a weak and irritable condition of the bladder. I tried various kidney remedies, but they did not seem to suit my case. Dr. Pitcher's Backache Kidney Tablets worked like a charm, and completely cured me, and I am confident they are the best medicine made for kidney complaint."

EUCLID-AVENUE

Mrs. G. Grove, No. 70 Euclid-avenue, whose little boy, ten years of age, has suffered greatly from kidney trouble, did not hesitate to praise Dr. Pitcher's Backache Kidney Tablets in the following terms:

"My little boy, Robbie, has been subject to kidney and bladder weakness for some time past, which caused me much anxiety. I gave him half a bottle of Dr. Pitcher's Backache Kidney Tablets, and he was completely cured, and has not been troubled since. The Tablets not only have strengthened his weak kidneys, but, in addition, have made him healthier and brighter than he ever was before.

"I have used a few of the Tablets myself, and am already deriving decided benefit from them."

Dr. Pitcher's Backache Kidney Tablets positively cure all diseases and symptoms of disease arising from wrong-acting kidneys or disorders of the urinary system. They are chocolate-coated, small and easy to take. Fifty Tablets in a bottle. Price 50 cents, or 3 bottles for $1.25. Sold by all druggists, or sent by mail. The Dr. Zina Pitcher Co., Toronto, Ont.
