SOULANGES CANAL.

Notice to Manufacturers of and Dealers in Cement.

SEALED TENDERS addressed to the undersigned and indorsed "Tenders for Cement," will be received at this office up to noon on Saturday, 9th April, 1898, for the supply and delivery of 120,000 barrels, or any portion thereof, of Portland Cement.

Specifications and forms of tender can be obtained by the parties tendering at the office of the Chief Engineer of Railways and Canals, Ottawa.

In the case of firms there must be attached the actual signatures of the full name, the nature of the occupation, and place of residence of each member of the same, and further, an accepted bank check for 10 per cent of the total amount tendered for must accompany the tender. This accepted check must be indorsed over to the Minister of Railways and Canals, and will be forfeited if the party tendering declines entering into contract for the work at the rates and on the terms stated in the offer submitted. If the accepted check thus sent in will be returned to the respective parties whose tenders are not accepted.

The Department does not, however, bind itself to accept the lowest or any tender.

By order,
L. K. JONES,
Secretary.

Gunpowder was invented by Roger Bacon, an Englishman, who lived in the thirteenth century; but Germany claims the merit for several who lived 30 years after Bacon's decease.

Why will you allow a Cough to lacerate your throat or lungs and run the risk of filling a consumptive's grave, when, by the timely use of Bickle's Anti-Consumptive Syrup, the pain can be allayed and the danger avoided? This syrup is pleasant to the taste, and unsurpassed for relieving, healing and curing all affections of the throat and lungs, coughs, colds, bronchitis, etc.

It is a peculiar fact that with most men the growth of hair is greater on one side of the face than the other. It is said that hair always grows more thickly on that side of the face on which we are stronger.

The great lung healer is found in that excellent medicine sold as Bickle's Anti-Consumptive Syrup. It soothes and diminishes the sensibility of the membranes of the throat and air passages, and is a sovereign remedy for all coughs, colds, hoarseness, pain, or soreness of the chest, bronchitis, etc. It has cured many when supposed to be far advanced in consumption.

ODONTINE

(CAIRNCROSS & LAWRENCE)

For the Teeth and Gums

Your teeth will repay you a thousandfold for all the care you give them. Repay you by their beauty and their usefulness. Don't let them become discolored or decayed. Our fragrant Odontine keeps the teeth beautifully white. It removes tartar, destroys fermentation—the cause of decay—makes the gums firm, rosy and healthy. 25c.

OF ONE MIND.

City Medical Association Unanimously Approved of the Hospital Trust Plans for the New Hospital.

A largely attended meeting of the Medical Association of the city was held at the Medical School last night to consider hospital matters. To a unit the meeting resolved to stand by the hospital trust's plans for the new hospital, which they indorsed previous to the vote on the bylaw. There was not a contrary vote. A committee was appointed to wait upon the civic hospital committee this evening, and also upon the city council at their next regular meeting.

CITY HALL NOTES.

At the meeting of the finance committee last night, there was some discussion with reference to the appointment of a bacteriologist for London, the local medical association having petitioned for a grant of $500 for the establishment of the office. It was suggested at the meeting that the work be done by the medical health officer. A number of the leading medical men of the city seen today say that no doctor, no matter how highly trained in other respects, can do the work of a bacteriologist without special training and a course of study and investigation.

Mayor Wilson said today that he had consulted the city solicitor, who had informed him that the city council, and not the hospital trust, had power to direct the building of the new hospital. City Engineer Grayden has drafted a ground plan for inspection.

LIFE SAVED.—Mr. James Bryson Cameron writes: "I was confined to my bed with inflammation of the lungs and was given up by physicians. A neighbor advised me to try Dr. Thomas' Eclectric Oil, stating that his wife had used it for a throat trouble with the best results. Acting on this advice, I procured the medicine, and less than half a bottle cured me; I certainly believe it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the power of any other remedies do me good.
