L. AND P. S. R. RATES WILL BE DISCUSSED BY NO. 1 COMMITTEE

New Form of City Government Up, Too.

A long session is promised for No. 1 committee this evening, and in all probability an overflow meeting will be held on Thursday evening. The request of the London and Port Stanley Railway commission for a free hand in the matter of the rates to be charged next summer will be discussed. It is expected that this will be a lengthy subject. It was brought to the attention of the city council at its last meeting and referred to this committee.

The discussion of some form of city government to take the place of the board of control, which dies this year, will also occupy some time. This will have to be settled in order that a by-law may be submitted to the citizens at the January elections.

Aside from the fact that there is always a certain amount at all committee meetings, according to some of the members, natural gas will come up for discussion again. A special committee was appointed to meet with the representatives of the City Gas Company to arrange for the price of gas to the consumers in the event of a bylaw being submitted to the people to allow the introduction of the gas into the mains of the local gas company.

Street Railway schedule will be rehashed in all likelihood.

ALDERMAN MANNESS IS FULL OF SCHEMES FOR IMPROVING THE MARKET

Wants Beam Scales and Would Charge Farmers For Shelter.

Ald. S. R. Manness is bound to get after the farmers who bring short-weight bags of potatoes into the local market. While wandering around the market square on Tuesday he found a load containing nineteen bags that were found to be under weight by eleven pounds in some instances. As he was not sure that he had the authority to seize them, he ordered the farmer to take them home again or else sell them in quantity by weight. The farmer soon found two men who divided the load between them. Ald. Manness is going to suggest that a pair of beam scales, such as the butchers use, be purchased for use in the market. Then any bag that appears to be under weight may be weighed easily, without having to be carried across the market.

Full of ideas for the improvement of the market, the alderman is going to suggest that some rental be charged the farmers' wives and others who bring produce into the market and use the market house. He points out that the citizens have to pay to keep this building warm for the convenience of the farmers, who charge the highest price for everything sold. If the farmers had to stand out in the cold he thinks they would be willing to sell at less cost in order to get away, whereas they are in out of the weather while holding out for the long prices. While the alderman does not propose to put them outside, he does think that they should pay something for the privilege of staying in. At any rate, he is going to bring these matters to the attention of his fellow-citizens on the committee this evening.

BERLIN FOREIGN SECRETARY APPEALS TO WILSON TO FIX AN HOUR FOR NEGOTIATIONS

Shattered Empire Calms Down at the Spectre of Famine, and Throws Itself Upon Mercy of the Allies—The Government Appears Solid.

GERMANY A REPUBLIC?

ZURICH, Switzerland, Nov. 12.—By the Associated Press.—A republic was proclaimed at Berlin on Saturday, according to advices received from Munich.

LONDON, Nov. 12.—(By Associated Press).—Germany has requested the President of the United States, according to a German wireless message from Berlin, to arrange immediately for the opening of peace negotiations, there being a pressing danger of famine.

The message was sent by Foreign Secretary Solf to Secretary of State Lansing. It said:

"The armistice being concluded, the German Government requests the President of the United States to arrange for the opening of peace negotiations.

"For the purpose of their acceleration the German Government proposes first of all to take in view the conclusion of a preliminary peace and asks for a communication as to what place and at what time the negotiations might begin.

"As there is a pressing danger of famine, the German Government is particularly anxious for the negotiations to begin immediately."

If "Victory Loan" Falls Short, Hard Times May Come

Ontario Would Be Faced With Trying Economic Situation, in Which Unemployment and Distress Might Become General.

To the People of Ontario:

We are now in the closing days of our great effort to reach the $250,000,000 Victory Loan objective undertaken by the province. While subscriptions up to date have been most gratifying and indicate a keen appreciation, both of the urgency of the situation requiring this loan and of its unusual attractiveness from the investment standpoint, we have still a great many millions to raise if the province is to fly its honor flag on Saturday night.

Having shouldered the burden of one-half of the national quota, the people of Ontario today carry a tremendous responsibility.

We must not fail. Our boys at the front have finished THEIR job. THEY WILL EXPECT US TO FINISH OURS. The money being raised in the Victory Loan is needed to maintain them in their occupation of the Rhineland, and to finance their various homecomings. We would be unworthy of their unstinted sacrifices were we to fail in any respect in this solemn obligation.

We must not fail, for the immediate future prosperity of Ontario and the nation absolutely depends upon our having achieved the full quota when the campaign closes Saturday night.

Should we fail to lend the money asked for, Ontario would be faced with a trying economic situation, in which unemployment and distress might become general. Our extraordinary prosperity of the past four years was due almost wholly to the stimulation of industry through previous war loans. If our great army of workers is to be maintained in steady employment, and work found for our soldiers as they return, we must launch at once upon a large reconstruction program in the financing of which the proceeds of the Victory Loan will play a vital part.

We will not fail. Ontario has carried through successfully every war effort undertaken by her since August, 1914. If every man, woman and child in the province, realizing the seriousness of the situation, resolves to do his or her utmost, and puts every spare dollar into Victory Bonds before the end of the week, Ontario will not fail in this, her final effort.

It may not be possible for our canvassers to call upon every citizen. The Ontario executive of the Victory Loan Committee, therefore, appeals to everyone in the province who has not yet subscribed to the limit of his or her ability, to go to the local campaign headquarters and volunteer the loan of their last available dollar.

Ontario has occupied a premier position in Canada's contribution to the cause of civilization. Help maintain her proud place. Lend to your limit, and we shall not fail.

T. H. WOOD,
Chairman Ontario Executive Victory Loan, 1918.

BRITISH EMPIRE IS MORE CLOSELY KNIT, SAYS KING GEORGE

OTTAWA, Nov. 12.—The following telegram has been received by His Excellency the Governor-General from His Majesty the King:

"Buckingham Palace, London,
"November 11, 1918.

"At the moment when the armistice is signed, bringing, I trust, a final end to the hostilities which have convulsed the whole world for four years, I desire to send a message of greeting and heartfelt gratitude to my overseas peoples, whose wonderful efforts and sacrifices have contributed so largely to secure the victory which is now won. Together we have borne this tremendous burden in the fight for justice and liberty. Together we can now rejoice at the realization of these great aims for which we entered the struggle.

"The whole Empire pledged its word not to sheathe the sword until our end was achieved. That pledge is now redeemed. The outbreak of war found the whole Empire one. I rejoice to think that the end of the struggle finds the Empire still more closely united by the common resolve, held firm though all vicissitudes—by the community of suffering and sacrifice—by the dangers and triumphs shared together. The hour is one of solemn thanksgiving and of gratitude to God, whose divine providence has preserved us through all perils and crowned our arms with victory. Let us bear our triumph in the same spirit of fortitude and self-control with which we have borne our dangers.

(Signed) "GEORGE R. I."
