JAMES STEADMAN, P. M. G.

AYER'S CATHARTIC PILLS.

Are you sick, feeble, or complaining? Are you costive, with your system disordered and your feelings uncomfortable? Then, as many thousands in these cities testify, some of your friends are creeping upon you, and should be attended to at once. The AYER PILLS are a highly active cathartic, specifically adapted to purge out the corruptions which make disease. A cold, a fever, a cough, or a pain in the body, are the results of the accumulation in the blood of the impurities which these pills are designed to expel. Hence, when you feel the first approach of any of these ills, a dose of these pills will prevent the development of the disease by expelling the cause. Many a life has been saved by the timely use of these pills, which have prevented the fatal disease they foreshadowed. It is not to be supposed that a cathartic so powerful and searching as these pills can be without decided effect upon the system. Such is not the fact. They are mild in their action, and may be taken by children or the most delicate without fear of ill consequence. Being sugar-coated, they are free from any taste or smell which may make them disagreeable to the most fastidious. They are compact, and will keep in any climate. They are not affected by time, and may be carried safely by mariners and travellers to every part of the world. Being self-acting, they do their work without disturbance of the system from change of diet or occupation. Hence they are the cathartic for use in families, for they are the mildest and safest cathartic which can be used when other medicine may not be at hand, or cannot be procured without loss of time. They are also the most effectual cathartic that can be used by those who need a cathartic, for they cleanse the stomach and bowels, purge out the humors which breed sickness, and restore the sick to health and soundness when other cathartics fail to do any good whatever.

PREPARED BY DR. J. C. AYER & CO., LOWELL, MASS.

Sold by Odell & Tracy, and Messrs. Hannel & Co. St. Andrews; E. Pringle, St. George; Mr. W. Allister, St. David; A. H. Thompson, St. Stephens; and by all Druggists.

It is decidedly the best medicine in the world. Evidence as to its efficacy can be produced to any extent. It has never performed a cure by any medicine equal to it. Sold by all Druggists.

A PRINTING OFFICE FOR $10!

The Press for the People! Every Man his own Printer!

LOWE'S PATENT

PORTABLE PRINTING PRESS.

A Silver Medal AWARDED TO THE Lowe Press Company, Boston.

This wonderful invention was patented in 1858 by Mr. Lowe, since which time many valuable improvements have been affected upon it, no pains or expense having been spared to make this Press what it now is, a perfect and well rewarded to be, with, as a rule, GREATNESS, SIMPLICITY, DURABILITY, AND EFFICIENCY! A distinguishing feature of this Press—and one possessed by no other—is that type may be placed upon any part of the bed and receive a perfect impression. It is well adapted to all kinds of Printing, and bears superior to Letter-Press Presses. It does not require half of the strength, and a boy of ten years can work the largest size with ease, and at a rate of 300 impressions an hour, which is about the average rate.

Persons living in country places where there are no printing offices will find one of these presses a profitable investment, as there is a large profit on the printing of Circulars, Business and Visiting Cards, Bill-Heads, Handbills, &c., &c.

Those who wish to form a good trade, and at the same time be laying up money—those who wish to complete their education (for a so intelligent as the printer?)—merchants who wish to advertise their business and at the same time keep their clerks employed, and time hang heavy upon their hands—printers who want a fast, cheap, and reliable job press—in fact, all who want to improve their condition, will find it invaluable.

Printed directions, giving all the particulars as to working the press, with information to beginners, will be sent with the press. We accompany every Press with a Catalogue, in pamphlet form, containing other information in regard to the press, will be sent on application to any address without charge.

All those who have our presses with the old-fashioned wooden roller can have them exchanged for those with metal ones, with the other improvements.

Our presses may be exchanged at any time during twelve months, and other articles sold by us, if not satisfactory, may be returned within thirty days.

All kinds of printing material furnished to order at manufacturer's prices. Electrotyping, Stereotyping, and Wood Engraving executed lower than at any other place in the country.
