FAIRCHILD'S CENTENNIAL ARITHMETIC is the brightest gem that nature can impart; part 1st, 10 rules, contains more brilliants and is more real value to all people than the grand sights of Lady Burlett Coutts' dazzling and glittering diamonds, which are said to be of more value than a petty kingdom; but while kingdoms rise and kingdoms fall, and kings make laws and kings break laws, it is plain that the truth in the Centennial Arithmetic will shine more brilliant and clear and last longer than all diamonds, gems and kingdoms put together. The price of the 10 rules is 35, sent by mail free on receipt of the price, registered. Address, C. L. FAIRCHILD, author, Boston, Ont.

HOTELS

ALBION HOTEL—GREAT ALTERATIONS have taken place at this hotel for the reception of travelers and agricultural people in general. It has long been felt that there was not sufficient room to accommodate the increasing trade of the hotel, and to meet this demand the proprietor has, at an expense of over $18,000, purchased the late premises occupied by the St. Lawrence coffee house association adjoining the Albion, and has now 125 bedrooms, accommodation for 250 guests. The house has been re-modelled and re-furnished throughout at an outlay of $5000—gas in every room, new dining-room 40x80, capable of seating 200 people at one time. The house is the best $1 house in the Dominion.
