WATER SYSTEM FOR THE ISLAND.

The City Engineer's New Proposal to be Considered This Morning.

At 10 o'clock this morning the Board of Works will consider Mr. Keating's amended scheme for water supply at the Island.

He reports that a system can be constructed for $15,000 to supply from 4000 to 5000 people. The pumping engine would have a capacity of half a million gallons a day.

He also reports in favor of the extension of the street railway tracks on Elm-avenue and Glen-road, Rosedale.

Sidewalks Recommended.

The Engineer recommends wooden sidewalks on the following streets:

Beau-street, from Glen-road east; Church-street, Bloor to Wellesley; Church-street, Wood to Public school; McMillan-street from Carlton north; Crawford-street, Lobb to Bridge; Esplanade-street, Jarvis to Fred-[illegible] Bruce-street, Sackville to Parlia-[illegible]liament-street, Oak to Gerrard; [illegible]et, North Glen-road west; King-[illegible]rument to Power; Sumach-street, [illegible]us to Punston; Carlton-street, [illegible]aple; Gerrard-street, Ontario [illegible]n-street, Yonge to Church; [illegible] Huntley to Centre-road; North-[illegible] Rosedale-road, Roxborough to [illegible]; Front-street, Jarvis to George; [illegible] street, Amelia to Wellesley; Price-[illegible] Yonge to East terminus; Lobb-street, [illegible]rford to Shaw; Claremont-street, Fly-[illegible]ath to Treford-place; Manning-avenue, [illegible]ollege to Henderson; Nelson-street, John to Duncan.

Mr. W. E. Ellis, Druggist, Fenelon Falls, writes: "The Vegetable Discovery is selling well and giving good satisfaction."

THE CITY GRANTED LEAVE.

The Privy Council Say They May Appeal.

A cable was received Saturday announcing that the Privy Council had granted the corporation of Toronto leave to appeal in the suit of Virgo v. Toronto. The issue involves the validity of a bylaw passed by the City Council prohibiting pedlers from plying their calling on the principal business thoroughfares. The Pedler's Association resolved to resent the operations of the bylaw. Virgo was one of those summoned before the Police Magistrate for contravening the bylaw and a fine was imposed on him. He appealed against the conviction, which was, however, sustained, but the Pedlers' Association carried the case to the Court of Appeal, only to meet with another adverse judgment. The matter was then removed to the Supreme Court, where the city sustained defeat, the bylaw being declared invalid. The city then resolved to ask the Privy Council for final judgment.

It may be only a trifling cold, but neglect it and it will fasten its fangs in your lungs, and you will soon be carried to an untimely grave. In this country we have sudden changes and must expect to have coughs and colds. We cannot avoid them, but we can effect a cure by using Bickle's Anti-Consumptive Syrup, the medicine that has never been known to fail in curing coughs, colds, bronchitis and all affections of the throat, lungs and chest.

What It Contained.

TORONTO BEATS CORNWALL.

THE FACTORY TOWN TWELVE DOWNED BY 6 TO 1.

A Lacrosse Surprise at Rosedale—Toronto's Team Put Up a Nice Combined Game and Deserved Their Victory—Only 1000 Persons Present—Other Games.

Game.	Won By.	Scorer.	Time.
First	—Toronto	Burns	8.50
Second	—Toronto	Cross	9.50
Third	—Toronto	Burns	8.50
Fourth	—Toronto	Burns	0.25
Fifth	—Toronto	Nelson	9.20
Sixth	—Cornwall	McDonald	9.45
Seventh	—Toronto	Cross	8.32

The Toronto Lacrosse Club gave a genuine and pleasant surprise to their friends and supporters who turned out to see them play Cornwall at Rosedale on Saturday. The Factory Town twelve suffered defeat by 6 games to 1.

Toronto showed a remarkably clever combination on the home and four of their six successful shots were made after some clever passing. The home men, too, caught prettily and out-footed their opponents. In fact the visitors were outplayed all round and President Suckling's clever aggregation of youngsters heartily deserved the victory.

Of course Carpenter, Crites and Hugh Adams were off, which weakened the Cornwall defence, but the visitors went on the field most confident of victory and the 1000 persons present were glad they were fooled.

The veteran Harry O'Loughlin of St. Catharines was referee and performed his duties satisfactorily, although some of the mild spectators thought the big Cornwalls slugged a little too frequently.

It was 3.45 when the whistle blew and Cross took a shot in less than half a minute that was unsuccessful. The crowd soon cheered at Toronto's effective work and gave Hartley a round of applause when he sent out the first dangerous one. The game went merrily on until Burns passed to Nelson, who again tobied to Burns for the first point of the day. Toronto had won the toss and started with Old Sol behind them. But their new jockey caps made them good sun fielders and Cross scored the second in less than 4 minutes. It came from a bad miss of the dusky Lewis, when Matthews secured, gave to Burns, who passed over to Cross.

Toronto tallied three more and Cornwall had scarcely a look in, their shooting being very erratic. Then the ball got mixed up among the players near Toronto's sticks, and McDonald scooped it through for the visitors' only game of the day. They played up strongly under their big handicap for the next outing, but couldn't get past Hartley, Keith, Ewing and McConaghy, and the ball went to the other end for Cross to send through. The teams were:

Toronto: Goal, McConaghy; point, Ewing; cover, G. Keith; defence, Hartley, Gale, Westman; centre, Langley; home, W. Keith, Cross, Burns; outside, Matthews; inside, Nelson; captain, Martin.

Cornwall: Goal, McGillis; point, Murphy; cover, McLennan; defence, Crites, Rivier, Lewis; centre, J. Adams; home, Turner, Milden, Reynolds; outside, McDonald; inside, Moss; captain, Frank Lally.

Referee, H. O'Loughlin. Umpires, Castleman, McCutcheon.

A FORT ERIE BABY

Was Pining and Fretting Away.

LACTATED FOOD MADE IT FAT. PLUMP AND HEALTHY.

THE RIGHT INFANT DIET FOR HOT WEATHER.

WILLIE THOMPSON.

The tender infant cannot be neglected during the hot weather. Its diet is the most important matter for the mother's attention and consideration.

Thousands of little ones die yearly in June, July and August, through the carelessness of mothers and nurses in feeding the helpless and innocent babes.

Stale and watery cow's milk and poorly prepared and indigestible foods are used in too many homes. We know the terrible results. Dysentery, diarrhœa and cholera infantum almost immediately follow when such foods are administered, and there is little hope for the weak babe.

At this season baby's security and salvation depends upon a daily diet of Lactated Food, the only prepared food that can take the place of mother's milk.

Lactated Food is the only infant nutriment that fully promotes baby's growth and healthy development; our best physicians are prescribing it daily and sound its praises to every mother.

Mr. George B. Thompson of Fort Erie, Ont., tells how his infant son was saved by Lactated Food. He writes as follows:

"When our baby Willie was two months old my wife was unable to nurse it owing to illness. Baby declined in health and, although attended to by our doctor, it grew weaker and seemed to pine away. After trying everything we could think of, we heard of Lactated Food, and gave it a trial. Before half a 25 cent tin was used baby was quite improved. Willie is now one year old and has used a great deal of Lactated Food. He cut ten teeth during the hottest part of the summer, and we hardly knew he was cutting them; he has had no dysentery and is very fat and plump; all these good results we ascribe to Lactated Food. We wish you much prosperity in your work."

A Long Face

—and very good cause for it. She does her washing and cleaning without **Pearline**; and her work is like her face—just twice as long as it ought to be.

That's not the worst of it, either. Her work isn't as well done.

It hurts. Tires her out, and hurts whatever she washes with the **rub, rub, rub** that wears and tears. Pretty hard, isn't it? Millions of women think so. They prefer to save time, labor, clothes, and money by washing with **Pearline**.

Beware Peddlers and some unscrupulous grocers will tell you, "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled; if your grocer sends you an imitation, be honest—*send it back.* 381 JAMES PYLE, New York.

ITCHING AND PIN WORMS. PILES

No More Misery.

DR. CHASE'S OINTMENT

Gives Instant Relief.

ITCHING PILES is an exceedingly painful and annoying affliction, found alike in the rich and poor, male and female. The principal symptoms are a severe itching, which is worst at night when the sufferer becomes warm in bed. So terrible is the itching that frequently it is impossible to procure sleep. Often the sufferer unconsciously during sleep scratches the parts until they are sore—ulcers and tumors form, excessive moisture is exuded. Females are peculiarly affected from this disease, causing unbearable irritation and trouble. These and every other symptom of Itching Piles or irritation in any part of the body are immediately allayed and quickly cured by Chase's Ointment. It will instantly stop itching, heal the sores and ulcers, dry up the moisture.

PIN WORMS is an ailment entirely different as to cause than Itching Piles, yet its effects and symptoms are exactly the same. The same intolerable itching; the same creeping, crawling, stinging sensation characterize both diseases. Chase's Ointment acts like magic. It will at once afford relief from this torment.

Tips From Wall-street.

John J. Dixon & Co. received the following despatch to-day from Charles Minzesheimer & Co., New York: The market to-day came lower from London, accompanied by selling orders in St. Paul, Union Pacific, Louisville and Nashville and Atchison. This, we understand, is mostly liquidation from Amsterdam. The traders here are mostly ranged on the bear side, and are getting out rather large lines of stock, principally the grangers. The Northwest earnings they look at as making a poor showing, and St. Paul earnings, due to-day, will show a large decrease. We see nothing to change our views, and look for somewhat lower prices.

Æmilius Jarvis & Co.
Office 23 King-street W. - Telephone 1879.

Henry A. King & Co.'s special wire from Hubbard, Price & Co., New York: The developments of the week are disappointing to those, and I was among the number, who had hoped for higher prices and better business. A reason for this disappointment is chiefly the inaction of Congress. Its failure to authorize a treasury loan in hope that will make it marketable has provoked uneasiness amongst bankers on both sides of the water, and started a fresh European doubt of an American financial integrity, and provoked a gold export movement of $8,250,000 for the week. The delay over the tariff bill is disheartening, but hope still exists that the Senate at last will have disposed of it by the first of the month. Weakness in the stock market has originated chiefly in London, and all shares having an international market are lower. The passage of the anti-option bill last night by the House has depressed both wheat and cotton slightly, but its influence promises to be short-lived. Speculation in cotton has rarely been as limited or as apathetic as at present. Crop conditions are almost ideal, but the visible supply shows a decrease of 128,000 for the week, and this contraction offsets whatever depressing character there is in the crop outlook.

The wheat market remains in about same condition it has been. So far as we can judge, the Hatch bill is ignored. Our elevator difference will in no way change our trading facilities, as all receipts are regular until Jan. 1, 1895. The foreign situation for the future is strong and points to higher prices, and with the Northwestern advices it should mean much higher.

DON'T BUY A PIG IN A POKE

Where do you buy your cigars? At a dry goods store? Not if you are a judge of a good cigar.

WHERE Do you buy your clothing? At a hardware store? Hardly!

WHERE Do you go for medicine when you are sick? To a physician or a veterinary surgeon?

REASON When you want a good cigar, go to a cigar dealer. He knows his business and you will get better value and better quality for your money than at a blacksmith's.

WHEN You want clothing, medicine or groceries, or anything, go to the merchants who make a specialty of the article you desire and you will always get treated right. You can't expect much of a merchant who knows less about the goods he sells than his customer.

SAME RULE Applies to shoes. If you want to get a good pair of shoes that will fit and wear, go to a shoe dealer.

SHOE DEALERS We can sell you good shoes for less money than any other individual. Why? Because we buy for spot cash, in the largest quantities, understand the values and can take advantage of the markets of the world.

DON'T BUY A PIG IN A POKE We can sell you a $4 shoe for $3 in all the toes, and if it is not what we say of it your money back. We don't sell anything but shoes.
