CHATHAM, - - - DECEMBER 4, 1884.

GENERAL NOTES AND NEWS

A tragedy which has caused a great sensation occurred at Paris on Thursday last. The wife of Deputy Clovis Hugues, shot dead M. Morin, a commission agent at Palais De Justice, because he had slandered her. She fired six shots at her victim, four of which lodged in his chest. Madame Hugues and her husband were arrested, but the husband was, soon after, liberated. He states that Morin has been continually sending insulting letters and post cards to his wife. Hugues has spoken in public praise of his wife for avenging the columnies which were heaped upon her. Madame Hugues avers that she would have killed Morin long before if it had not been for her husband. He kept dissuading her from such an act. The slander circulated by Morin was that previous to her marriage to M. Hugues the lady had been mistress to M. Lenormont, whose wife was trying to obtain a separation. After he was wounded yesterday Morin wrote a declaration in which he said "I am innocent." The Paris public is enthusiastic in admiration of Madame Hugues. It is generally expected that she will be acquitted.

A gentleman afflicted with the chronic rheumatism says: "No description of my case can convey the vast amount of benefit I have received from the use of *Johnson's Anodyne Liniment.* I believe it is the best article in the world for rheumatism.

Vital Questions ! !

Ask the most eminent physician Of any school, what is the best thing in the world for quieting and allaying all irritation of the nerves and curing all forms of nervous complaints, giving natural, childlike refreshing sleep always?

And they will tell you unhesitatingly 'Some form of Hops!"

CHAPTER I

Ask any or all of the most eminent physicians:

"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinery organs, such as Bright's disease, diabetes, retention of inability to retain urine, and all the diseases and ailments peculiar to Women"—

"And they will tell you explicitly and emphatically "Buchu."

Ask the same physicians

"What is the most reliable and surest cure for all liver diseases or dyspepsia; constipation, indigestion, billiousness, malarial fever, ague, &c.," and they will tell you:

Mandrake! or Dandelion!"

Hence when these remedies are combined with others equally valuable

And compounded into Hop Bitters such

[concluded next week]

At Springfield, Mass., on Thursday last Dr. John Maxwell, after sending his wife to town, administered to his four children, aged from 4 to 13 years, a mixture of aconite and chloroform. He then put clothes saturated with chloroform over their faces and placed them on a bed. He administered a similar dose to himself and lay down to die with them. When Mrs. Maxwell returned, the oldest girl was dead and the others were unconscious. During the night two more of the children died. Maxwell revived somewhat and was placed in jail. He had written letters saying he was tired of life and wanted the children to go with him to avoid suffering. He had been indicted for libelling another physician, and this with business embarrassments is supposed to have incited him to commit the act. Maxwell is feigning insanity.

The season has arrived when everybody who own horses, cattle, sheep, hogs, and fowl should begin to feed out *Sheridan's Condition Powders.* They all need to be braced up for winter. The *large* packs are worthless.

The $75,000 Prize to an Unknown Hero.

It is collected by the Louisiana National Bank for an unknown depositor. The lucky 78,455 was presented at the main Offices of The Louisiana State Lottery Company by Mr. A. Luria, Cashier of the Louisiana National Bank, for a depositor. This is all that the Lottery Company knows of it, and Mr. Luria declined to name the fortunate holder. A check for $75,000 was deposited to the credit of the lucky depositor.—*New Orleans City Item, Oct 18.*

A French paper states that two ex-canons of the diocese of Montreal have addressed a memorandum to Rome asking for the removal of Bishop Fabre from that diocese urging in support of their request that he is not in harmony with a majority of the clergy of the diocese. The paper also states that the two priests referred to are supported by the apostolic commissioner in their petition.

Pain from indigestion, dyspepsia, and too hearty eating is relieved at once by taking one of Carter's Little Liver Pills immediately after dinner. Don't forget this.

Hop Bitters are the Purest and Best Bitters Ever Made.

They are compounded from Hops, Malt, Buchu, Mandrake and Dandelion,—the oldest, best, and most valuable medicines in the world and contain all the best and most curative properties of all other remedies, being the greatest Blood Purifier, Liver Regulator, and Life and Health Restoring Agent on earth. No disease or ill health can probably long exist where these Bitters are used, so varied and perfect are their operations.

They give new life and vigour to the aged and infirm. To all whose employments cause irregularity of the bowels or urinery organs, or who require an Appetizer, Tonic and mild Stimulant, Hop Bitters are invaluable, being highly curative, tonic and stimulating, without intoxicating.

No matter what your feelings or symptoms are, what the disease or ailment is, use Hop Bitters. Don't wait until you are sick, but if you only feel bad or miserable use Hop Bitters at once. It may save your life. Hundreds have been saved by so doing. $500 will be paid for a case they will not cure or help.

Do not suffer or let your friends suffer, but use and urge them to use Hop Bitters.

Remember, Hop Bitters is no vile, drugged, drunken nostrum, but the Purest and Best Medicine ever used; the Invalid's Friend and Hope," and no person or family should be without them. Try the Bitters to-day.

As the Windsor and Annapolis express train for Halifax was nearing Hantsport station last Thursday evening, unknown persons threw three good-sized stones through the windows of the postal car. The missiles came into the car with a crash that quite alarmed its occupants, one of whom came dangerously near being struck.

There is no one article in the line of medicines that gives so large a return for the money as a good porous strengthening plaster, such as Carter's Smart Weed and Belladonna Backache Plasters.

Scott's Emulsion of Pure Cod Liver Oil, with Hypophosphites,

For Bronchial Affections and Lung Troubles.

Dr. A. B. Poore, Cedar Rapids, Mich., says: "I have used your Emulsion for several years in my practice and have always found it thoroughly reliable, pleasant to take, and most valuable in throat and lung troubles."

Mayor Mackintosh, City Engineer Keating, and several members of the Halifax city council and press representatives, have gone to St. Johns, N. F., on Monday, to witness the opening of the dry dock there. St. John, New Brunswick would, no doubt, have had a dry dock long ago if the province were not a part of the Dominion of Canada.

Well to Remember.

A STITCH IN TIME—saves nine. Serious results oft follow a neglect of constipated bowels and bad blood. Burdock Blood Bitters regulate and purify the stomach, bowels, liver, kidneys and the blood. Take it in time.

There is an epidemic of influenza and bronchitis among Halifax children.

A Double Purpose.

The popular remedy, Hagyard's Yellow Oil, is used both internally and externally, for aches, pains, colds, croup, rheumatism, deafness, and diseases of an inflammatory nature.

A Dublin despatch of Friday last says—An attempt was made at Tralee the night before to destroy with dynamite the residence of Samuel Hussey known as the Edinburn House. Many windows and a portion of the eastern wall of the house were badly shattered but nobody was injured. It was an exceedingly bold outrage as the house was under police protection and at the time of the explosion policemen were occupying huts only a short distance from the house. There is no clue to the perpetrators. Great excitement prevails in Cook where Hussey is exceedingly unpopular Hussey is one of the largest land agents in Ireland

The Best Combination.

The best combination of blood cleansing, regulating, health giving herbs, roots and barks enter into Burdock Blood Bitters—a purely vegetable remedy that cures diseases of the blood, liver and kidneys.

The Toronto *Globe* gives an account of a terrible surgical operation which was performed at the General Hospital in that city a few days ago, when a man's tongue was cut out in order to prevent him from dying a painful, if not an excruciating death. The victim was, apparently, about fifty years of age, who came to the General Hospital a few days before to be treated for what he supposed was simply a sore tongue. The doctors, after making an examination, found that the man was suffering from a cancer which had formed on his tongue, and the only remedy was immediate amputation of that most useful organ. The patient decided to submit to the operation rather than suffer the torture to which he had been subjected for some time past. When he had given the surgeons the facts with reference to his case they found that the disease was simply the result of the habit of excessive smoking. The patient had been a smoker. The pipe which he had generally smoked was a common clay one, the stem of which had been broken off short, leaving a ragged edge. This sharp edge had, at first, caused simply an abrasion of the skin which became painful, and finally it developed into a cancer. This had to be destroyed in order to save the man's life, but in doing so a large portion of the tongue had to be cut off. Of course the latest scientific appliances were used to make the unfortunate man suffer as little as possible. He was, at latest accounts, doing quite well at the hospital, and although past the middle age, will likely live some years, but without the power of speech or sense of taste. This is an awful warning to all who have become habitual excessive smokers.

Easily Caught.

It is very easy to catch cold, but not so easy to cure it unless you use Hagyard's Pectoral Balsam, the best remedy for al throat, bronchial and lung troubles, coughs, colds and consumptive tendencies.

CHANGED HIS MIND ABOUT HER.—"I shall never call on Mrs. Smith again," said Mrs. Jones. "I never want to see her any more."

"You women are very foolish to quarrel over trifles," said Mr. Jones. "Mrs. Smith is a very pleasant person, a little talkative perhaps, but on the whole a very estimable woman. You shouldn't attach any importance to what she says. What was the trouble?"

"She said you weren't very prompt in paying your debts."

"Well, by thunder!" shouted Jones, jumping to his feet, "I would give twenty-five dollars if she were a man for just ten minutes."

A Plant of Rare Virtues.

Is the common and well-known Burdock. It is one of the best blood purifiers and kidney regulators in the vegetable world, and the compound known as Burdock Blood Bitters possesses wonderful power in diseases of the blood, liver, kidneys and stomach.

The History of Hundreds.

Mr. John Morrison, of St. Anns, N. S., was so seriously afflicted with a disease of the kidneys that dropsy was developing and his life was despaired of. Two bottles of Burdock Blood Bitters cured him after physicians had failed.
