by which vessel the

above news was received, was stranded on Tuesday at the Brigantine Shoals, near Absecon beach, and soon after disappeared—crew saved. She had a valuable cargo of teas, silks, rhubarb and cassia, valued at $200,000; Ship insured at New Bedford, and the cargo partly at Canton.

CANTON, May 11, 1841.

With reference to political matters, since the commencement of the present month, the native population has been gradually becoming more and more alarmed by secret preparations made by the Mandarins for renewal of hostilities with the English; a request has been sent to Captain Elliott that the forts on the river and at the Bogue be surrendered to the Chinese, to which Captain E. replies that everything must remain as now standing, and that as long as the Chinese preserve faith, no act of hostility will be committed by the English forces. A large number of troops, said to amount to some 60,000 men, have arrived here from the Northern and Western Provinces, and certain movements of bodies of these men have brought two or three British vessels of war within cannon shot of Canton. Captain Elliot arrived here this morning, and has had an interview with the authorities, but to what purpose we have not been able to learn: the excitement of the people is however increasing, and we shall not be surprised to find ourselves within ten days either outside the Bogue, or prisoners in our factories in Canton, or perhaps residing in Canton as we now are, but with a substitution of British for the present Chinese rulers.

THE PLUNGE OVER THE FALLS *that didn't happen.*—We went yesterday, with all the world hereabouts, to see the barque Detroit go over the Falls. At the appointed hour—3 p. m., the vessel was towed from the foot of Grand Island into the stream on the very verge of the rapids, and then cut adrift. She took the first plunge gallantly head on, and for a moment seemed completely engulfed but almost instantly the hull shot upwards from the "hell of waters," her main and foremasts went by the board, and on she went. The next descent was passed safely. At the third her mizen mast gave way, and a few rods farther she grounded by the head. Her stern swung slowly round and grounded also.—When we left Goat Island she was lying broadside to the current, in its shallowest part, nearly midway between the island and the Canadian shore. She will probably lie there until she breaks to pieces, or until the river is swollen by a heavy southwest gale driving the water down the lake, and lifting her off. The day was delightful, and large numbers of spectators lined both shores. We took malicious pleasure in enjoying their disappointment. Such an affair at Niagara Falls is something like sacrilege, and we hope it will not be repeated.—*Buffalo Adv.*

A HACK DRIVER PUNISHED.—Timothy Mc Carty, indicted for robbery, in extorting and obtaining $2.55 from Mr. Stilston of New Haven, when he had agreed to carry him for one shilling, was yesterday sentenced in the Session, to the Penitentiary, for one year. This is right.—*N. Y. American.*

The barque St. Patrick, Joseph Hughson, Master, hence, for Bristol, with a cargo of timber, &c. ran ashore, on one of the Mud Islands, near Yarmouth N. DISASTERS.—On Saturday last, we were visited by a storm of rain, the wind blowing fresh at the time from the south-west, which increased during the day, and in the evening blew with the greatest violence. We have heard of no material damage having been sustained on shore; but at sea, we regret to say, the damage has been extensive. A fine ship called the *London*, owned by Eaton, Burnham & Co. of this city, loaded with merchandise, was driven ashore near Mispeck, about 6 o'clock, P. M. where she yet lies. Her damage is extensive, having lost her bottom out on the rocks, and is feared she will not be got off. The London was from London, and her cargo belonged to several houses in this city. A new ship named the *Gleoleon* which left this port a few days ago, for Liverpool, was driven ashore on Quaco Ledges, and will become a total wreck.

Shortly after the gale a number of vessels arrived in port, all receiving slight damage during the gale, We trust no further damage has been sustained by vessels approaching the coast.—*New Brunswicker.*

Spoken by the Barque Marquis of Abercorn, Sept. 24th, in lat. 43 18, N. long. 65, W. the Barque Lilins of Saint Georges, State of Main, from Saint Thomas's, bound to Sydney, cape Briton.

Grenville's Leather Preservative, or OIL BLACKING.

A LONG approved composition for cleaning, nourishing, preserving, and renewing the colour of leather, rendering it soft, elastic, and completely impenetrable by the wet, or Water Proof.

This composition is not only the best, but the most convenient and cheapest article ever known, and has been found entirely to supercede the use of Oil or Tallow. From the numerous testimonials which have been received by the inventor from those who have used and fully tested the merits of the Leather Preservative, both of its economy and beneficial effects upon leather in all its various uses, and especially where exposed to wet, as in boots and shoes, harnesses, carriage tops, &c. and also force bellows and bands.

The subscriber has the fullest confidence in recommending it as possessing qualities decidedly preferable to any other article used for the above purposes.—It is neatly put up in tin cannisters, with printed directions for its use, and sold at the low price of *Two shillings* each, at *Foster's Shoe Store*, corner of King and Germain streets.

Brown's Compound Boneset Candy, MEDICATED.

A REMEDY that has gained a great reputation for the cures of Coughs, Colds, Whooping cough, Phthisic, sore throat, and all diseases of the lungs; also it is in extensive use for clearing the voice for vocalists and public speakers; and in consequence of the extensive sale and wonderful efficacy for curing the above complaints, has caused a number of Druggists and Confectioners to counterfeit this valuable Cough remedy. An imitation has just been shewn me with my name stamped on the candy, evidently to deceive the public. For the genuine you will call for "Wm. Brown's Boneset Candy, Medicated," and see that the direction is signed by the proprietor, and the candy stamped—"Wm. Brown."

Valuable Real and Lease Hold *Estate, for Sale or to Lease.*

TWO Building Lots Nos. 13 and 14, fronting on the North Market Wharf, each 30 feet front, by 50 feet deep, more or less.
The above Lot will be sold on reasonable terms, & a large proportion of purchase money may remain upon the property for a term of years, on payment of interest; or they will be Leased separately or together, for such rent as may be agreed upon with the usual conditions.
A new Brick Building, 3 stories high above the Cellar story, 46 feet square, situated in Germain-st. nearly opposite the residence of the Hon. Hugh Johnston.—This Building is so constructed, as to admit of its being converted into two moderate sized dwelling HOUSES—the Ground extends back 200 feet more or less from the street: a considerable proportion of the purchase money may remain upon interest in the hands of the purchaser for a term of years.
—ALSO—
Several Building LOTS 30x45, and 30x48 feet, fronting upon a new street, opened between Nelson-street, and the continuation of Smith-street, to the North Market Wharf, the said street to be 50 feet wide, and both sides with the street itself being private Property, offers an eligible investment for money, and an opportunity to persons desirous of obtaining Warehouses in the most improving portion of the City, surrounded with fire proof buildings. This Property will be sold on reasonable terms, and the largest portion of the purchase money will be allowed to remain upon the security of the Property, for 20 years if required, at simple Interest, or Leased on reasonable terms.
—ALSO—
A corner LOT, directly opposite the Fire-proof buildings, recently erected by the Subscriber in Nelson street, 40 x 45 feet, the said Lot fronting on Nelson street 45 feet, and on the new street, from Nelson to Smith-street, 40 feet. The Lot is particularly valuable, situated as it is, in the centre of the most thriving part of the City, with fire proof Buildings in every direction—a good foundation with a frost proof cellar can be made at a small expence; three fourths of the purchase money of this Lot can remain upon the security of the Property on interest for 20 years, or it will be leased upon reasonable terms.
ALSO—AT CARLETON.
Several very valuable and convenient LOTS fronting on Rodney Wharf, (steam ferry boat landing) to be leased for a term of Years. Those Lots are held from the Corporation of the city, for 35 years from 1837, with the usual condition of renewing the Leases, or paying for the improvements. The Public Wharf in front of these Lots is 40 feet wide, thoroughly finished; the Market slip immediately in front of the Wharf is 130 feet, and the little risk there is to be apprehended from fire, together with the advantage of being on the Market Wharf, established as the Public thoroughfare to Fredericton and Saint Andrews, on the Western side of the Harbour, render them well deserving the attention of parties, who are desirous of procuring Building Leys on reasonable terms.
ALSO,—A FARM of 20 Acres of LAND, situated near the Tower, bounding on the City Line, together with several Town Lots fronting on Queen's Square, Carleton. For terms and further particulars apply to
