NUMENTS

Council of Women was ordered. On the evening of January 22 we purpose giving a box social and dance to replenish our depleted funds. A helpful report of the district convention held in Rosetown was given by Mrs. H. Taylor, director for District 16. Our president, Mrs. Robson, was appointed a delegate to attend the annual convention in Regina. The following officers were elected for 1918: President, Mrs. Robson; vice-president, Mrs. Lawrence; directors, Mrs. W. M. Thrasher, Mrs. W. Lewis, Mrs. Jones, Mrs. Lawrence and Mrs. Falk. The secretary-treasurer was Mrs. J. E. Falk. Mrs. H. Taylor was appointed auditor. An unique flower vase was presented to the retiring secretary, Mrs. Jones, as a token of appreciation for her efficient and painstaking work during the year. We are endeavoring to make the meetings for 1918 full of interest and helpfulness."—Mrs. J. E. Falk, secretary-treasurer, Dinsmore W.S.G.G.A., Dinsmore, Sask.

TOGO ACTIVE

The Women's Section Togo local have voted the following to the various funds mentioned. They held social evenings to raise the money: $20 to Military Y.M.C.A. in France; $12.50 to Ambulance fund (second contribution); $10 to Prisoners of War fund. We have 15 members and some more intend to join.—Mrs. J. Wesley Hern, secretary, Togo W.G.G.A.

WOULD MISS THE NEIGHBORS

There are 14 members in our Homemakers' club this year. Not all our former members have joined yet, as we are a country club and we are scattered all around Lorlie. The club runs east and west. We are the east members and there are quite a number who come from the west and we sometimes find it difficult to get from end to end. We find it difficult to raise funds. When we decide to have an entertainment or anything like that we find it difficult to get up a good program, as we have so far to go and arrange things. If we decide to make a meal or serve tea each member has to take her materials so far We have quite a time to get the proceeds and when we get them we try to make a little go a long way.

This Christmas we remembered 24 of the boys who went to the front from around here. Each member chose a name, some of them choosing two, and made up the boxes at home at her convenience. We had socks knitted and we enclosed them in the boxes. Now we are knitting again. We got 20 pounds of wool, for there is only one member in the club who has not yet learned to knit. There is no rest room belonging to the club, but we have a library from the club which we are getting exchanged. We cannot afford a rest room, so we must get along without one. The meetings are held at each member's home in turn. If it were not for these meetings we would not get to see our neighbors. It surely is nice to see them all again. If one misses a meeting one feels like a stranger when the others haven't been seen for two months. We decided to send a parcel of second-hand clothing to Halifax. It was pretty stormy so we couldn't collect them all. We collected from five homes and a number of our members met to pack them. We found we had 75 pounds. We will make another shipment when we can collect it from the members, as well as a few contributions from outsiders. We are having printed programs this year. Our meetings are very interesting to us. Besides the business some member gives a paper on a current topic and altogether we find the meetings very enjoyable. The meetings are held on the fourth Thursday in every month. A cup of tea, sandwiches and cake are served after each meeting.—Leah K. Drager, secretary-treasurer Lorlie Homemakers' club, Lorlie, Sask.

At our meeting this afternoon I was instructed to write you for year book, constitution and by-laws and any other information that would be helpful to a new organization. This is our second meeting and the ladies are turning out very well, but I hope as time goes on to have a larger assembly, and I think when we know more about the routine and get some work started it will be easier.—Mrs. E. O. Lowe, secretary, Cataraqui W.G.G.A.
