AQUEDUCTERS V. THE WORLD.

The Company Must Give the Paper Security For Costs.

In the libel action instituted by the Georgian Bay Ship Canal and Power Aqueduct Company against The World, Mr. Baird (Allan & Baird), solicitor for the newspaper, made a motion at Osgoode Hall for security for costs, provision for which exists in the law of the province regulating libel actions.

In an action also instituted against The World, by E. A. Macdonald, Mr. Baird made a similar motion.

The master in chambers refused both motions, on the ground, in the case of Macdonald, that the alleged libel imputed a crime, and law did not secure a newspaper where such an imputation was made.

A similar claim was made on behalf of the Georgian Bay Ship Canal and Power Aqueduct Company, that The World had imputed a crime against it.

Mr. Baird argued on appeal before Chief Justice Meredith that a corporation could not commit a crime, and, as they had admitted their insolvency for the purpose of the motion, the Chief Justice reversed the decision of the Master, and ordered that the plaintiff company give The World security for costs.

The Chief Justice in the case of E. A. Macdonald against The World dismissed the appeal of the defendants.

ASTRONOMY AND PHYSICS.

Mr. E. A. Meredith Elected Vice-President of the Association.

At the meeting of the Astronomical and Physical Society, the president, Dr. Larratt W. Smith, Q.C., was in the chair. Mr. E. A. Meredith, L.L.D., was unanimously elected to the office of vice-president, rendered vacant by the election of Dr. Smith to the presidential chair.

Mr. A. Elvans called the attention of observers to the present appearance of the planet Mars. Mr. J. Connor of Elora favored the society by forwarding some photographs of the sun taken on the day of the transit of Mercury.

The paper for the evening was contributed by Mr. S. E. Peal of India, and dealt with the minute linear markings seen upon the surface of the moon, as photographed at Mount Hamilton and enlarged by Prof. Weinck.

The Island Water Lots

The Harbor Commissioners met yesterday at the Board of Trade building, with Mr. A. B. Lee in the chair. The chief business was the discussion of island water lots matter with the Property Committee of the City Council, which was present. Ald. Crawford explained the city's reasons for asking for these lots, and agreed that the patents, if granted, should contain reservations providing for future changes in the entrance to the harbor, etc. Mr Creelman, for the commissioners, and Mr. Fullerton, for the city, explained the legal aspect of the case, and it was arranged that a committee composed of Messrs. A. B. Lee, George A. Chapman and J. T. Matthews for the Harbor Board, Ald. Crawford, Sheppard and Frankland for the city, Mr. Kivas Tully, C.E., and Mr. Villiers Sankey, C.E., be appointed to effect an amicable settlement. The meeting was most harmonious.
