A Mrs. Williams, of South Bay, near St. John, N. B., while attempting to cross the railway track near that city, on Wednesday, was struck by the train and killed.

FREDERICTON UNIVERSITY.—Rev. Francis Philibert Rivet of Kildare, Quebec, has been appointed Professor of Modern Languages in the University, and teacher of French in the City High School.

Rev. I. E. Bill has resigned the pastorate of the Baptist Church in Carleton, his editorial labors on the *Christian Visitor* taking up so much of his time that he is unable to give the Church and congregation the amount of attention that they require.

Mr. Keefer, C. E., who has just returned to Ottawa from an inspection of the Bay Verte Canal route, has expressed himself quite satisfied as to the feasibility of the project. He will prepare a report of his exploration, embodying a plan for the construction of the work.

The new steamer *Glendon*, launched at St. John, N. B., in May, and placed on the route between that port and Boston, struck on Split Rock, off St. John, last week, while on the passage from Boston, and was very much injured, and her cargo of flour badly damaged. The steamer was got off and towed to St. John in a waterlogged condition.

The Convention of the Young Men's Christian Association for the Maritime Provinces, will open in this city on Thursday, the 5th of September. Each association numbering fifty members or more is entitled to three representatives, and one member more for every additional fifty or fraction of fifty.

FOUND DROWNED.—The body of a man named Frederick Morris, a seaman on board the schr. *Electric Flash*, who was reported missing a few days ago, was found in the water at Tobin's Wharf on Monday morning. Dr. Farrel was notified, and held an inquest. The deceased left a wife and three children at Pubnico, where he belonged.

Rev. C. F. Ireland, Lachute, P. Q., says, in using your Pain Eradicator in my family I find that it possesses the rare quality in a patent medicine—of being as good and even better than it is represented to be, it also possesses the very remarkable property, for which we prefer it to all others, that is, while relieving pain it causes no smart or unpleasant sensation and is so gentle that it can be safely given to young children.

FILLIBUSTERING FROM GRAND MANAN, N. B.—A St. Andrew's despatch of the 25th inst. to the St. John "Telegraph" says: "Sheriff Paul, in accordance with instructions received from the Lieutenant Governor last night, proceeds to Grand Manan this morning with a posse of men to prevent the embarkation of Cuban volunteers which Government has received information is likely to take place from that island. The party go from here in the tug steamer 'Cochituate.' The affair causes quite a little stir."

MELANCHOLY EVENT.—Miss Louisa Beckwith, daughter of the late Captain Beckwith, of Hantsport, N. S., died at 1 a. m. on Saturday last, on board the S.S. "Miramichi," Capt. Baquet, from Pictou for this port. The remains were conveyed from the steamship to the ship "J. W. Holmes," lying at Balle's wharf, the captain of which vessel was her uncle. We are informed that the deceased young lady, (who was 18 years of age,) before going on board the steamer at Pictou, was suffering from a severe attack of diarrhœa; and having been subject to heart disease, intended taking a trip to Callao, for the good of her health, with her uncle and aunt; but after retiring to her berth on Tuesday evening, she never rallied, and her spirit winged its flight to the realms above, at an early hour on Saturday morning, leaving behind a numerous circle of friends to mourn her loss.—*Quebec Chronicle, 19th.*

OUTRAGE ON THE HIGH SEAS.—Capt. John Carter, master of the schr. "Mary E. Carter," was arrested on the arrival of the vessel here from the Labrador, a few days ago, on the complaint of Lawrence Ryan, one of the crew of the vessel, for having forced another seaman named Edward Ryan, to leave the vessel within 30 or 40 miles of land in an open boat, at the Bay of Islands, a few weeks ago. Under the Merchants' Shipping Act, the offence charged against Capt. Carter is considered a grievous misdemeanor. The accused was brought before the County Stipendiary, A. Shiels, Esq., this forenoon, and was remanded for further investigation. M. J. Griffin, Esq., acted for the prosecution, and J. H. Weeks, Esq., for the defence.—*Reporter.*

WRECKED AT SEA.—Captain Outhouse, of the schooner "William," from Barbadoes, arrived yesterday and reports on Saturday, 17th inst., about noon and about ten miles S. S. W. of Moosepeck came in collision in a thick fog with the schooner "Glen Rose," Capt. Thompson, of and from Five Islands, N. S., bound to Boston, and carried away both her masts, rails and stanchions on one side. The "William" lost some of her head-gear and broke her cat heads. The crew of the "Glen Rose" and two female passengers came on board the "William." Shortly afterwards Capt. Thompson recalled his crew, saying, "the hull is all right come back!" They returned on board their vessel leaving the females and cook on board the "William," by which they were brought to this port. The wind came on to blow with increased fog and rain, and the vessels lost sight of each other. All hands on board the "Glen Rose" were below taking dinner at the time of the collision, and had no watch on deck as stated by the passengers. The "Glen Rose" was a vessel of 75 tons, and was loaded with plaster and fish.—*St. John News.*

BEAR STORIES.—On Friday morning, the 9th, a daughter of Mr. Angus McDonald, Concession, Lot 46, and another young girl aged about 9 years, were looking for cattle, and returning homewards from the woods, saw a large bear and two cubs eating a sheep. The bear and cubs were about two yards from the woods. Miss McDonald made a noise, intending to frighten off the bear, but he turned at the girl, knocked her down, and scratched and tore her badly. The little girl screamed and clung to Miss McDonald, and was also severely scratched on the head. Miss McDonald called for assistance, her father's house being a quarter of a mile distant from where she was. When she did, the bear caught hold of her again, and bit her. At length her brother and some young men heard her cries, and ran to her assistance. The bear attacked them, but they being armed with sticks, succeeded in driving him away. When they reached Miss McDonald, they found the poor girl shockingly injured. Her arms, breast, shoulders, and neck were torn and scratched, and her head almost completely scalped. One of ears was drawn down to her chin. She fought against the bear as long and as bravely as she could. She was carried home and it is feared she cannot recover. The bears are more numerous now than they were a few years ago, and I think that a large reward ought to be offered and paid to parties for destroying them. The taking away the small sum that was formerly paid for capturing them, has made the poor Indians careless about hunting them.—*Charlottetown Examiner.*

A TUSSLE WITH A BEAR IN PICTOU COUNTY—On Friday last a young lad, about twelve years of age, a son of Mr. Alex. Fraser, Hardwood Hill, while going to the woods with an axe, was attacked by a bear on the highway, about a mile from the Roger Hill Church. The boy defended himself bravely, dealing the animal several blows. All the clothes were torn off the boy, and when nearly exhausted he struck a desperate blow with the axe and inflicted such an effective wound that the bear gave up the fight and took flight leaving the youth victor. The courage of the boy is worthy of mention, and he is deserving of much praise for his courageous conduct. His father visited the scene of the conflict the next day and found the ground saturated with blood for a considerable distance.—*Pictou Standard.*

BY TELEGRAPH.

THE BELFAST RIOTS.—LONDON, Aug. 22.—Despatches from Belfast last evening report that the conditions of the city is somewhat better than it had been during the day. Encounters between the inhabitants have ceased, but mobs of desperadoes are still engaged in wrecking houses. The loss of property holders is heavy. Yesterday while a detachment of police were attempting to discover and arrest persons who were firing from houses into the streets they were fired at themselves, but escaped without injury. The policemen returned the fire of their assailants, but with what effect is unknown. It is believed that since the disorders commenced several rioters have been killed and their remains secretly buried by their friends. It has been decided to abandon the demonstration of welcome which was to have been made upon the return from America of Johnson, member of Parliament for this city. Many families are still leaving Belfast The working classes express great indignation at the conduct of the magistrates of the city in dealing with the rioters.

Despatches from Belfast this morning say that several buildings were fired by the incendiaries during the night. The magistrates have unanimously petitioned the Lord Lieutenant to place the city under the peace restoration act. At midnight a heavy rain fell, which cleared the streets. A man suspected of murdering Policeman Moore has been arrested, and parties who witnessed the deed positively identify him. It was thought this morning that the riots were at an end. The arrested rioters had a hearing before the magistrates, and a number were sentenced to prison for terms raging from one two months. The most aggraved cases were committed to jail for further trial.

LONDON, Aug. 25th.—The steamship *Niger* which sailed on the 17th from Plymouth, England, for Quebec, broke her shaft when a few days out and returned. The passengers were transferred to the steamer "Medway," which sailed on Friday.

The elections for members of the Spanish Cortes, took place on Saturday. No disorder occurred. King Amadeus has returned to Madrid. The Ministerialists have achieved a partial victory, but the Federal Republicans are still making vigorous efforts.

NEW YORK, Aug. 26.—A London special to New York from Drogheda, Ireland, states that the authorities had just discovered the existence of a plot to massacre the Protestants of that town on the tercentennial anniversary of St. Bartholomew's Day.

The brig *Domine*, Capt. White, of Halifax, N. S., laden with coal from Pictou to Pembroke, went ashore at Beals Island on the 17th and bilged. The crew were saved and brought to Portland from Jonesport on Friday night.

A great many people have asked us of late, "How do you keep your horse looking so sleek and glossy?" We tell them it's the easiest thing thing in the world; give "Sheridan's Cavalry condition Powders" two or three times a week.

A gentleman in the eastern part of the State, who was about having his leg amputated on account of its being bent at right angles and stiff at the knee, heard of "Johnson's Anodyne Liniment." After using it a short time, his lefi became straght, and is now as serviceable as the other.

DR. BAXTER'S
CHALYBEATE!
An Iron Tonic for the Blood.

THE BLOOD IS THE LIFE.

A new Medicine prepared by
JOHN BAXTER, M. D.,
M. R. C. S. E., ST. JOHN, N. B.

THIS INVALUABLE IRON TONIC has been extensively used in the private practice of Dr. Baxter for the last 8 years. The remarkable sale, and the beneficial results of those who have used Dr. Baxter's Chalybeate in St. John, where it is known, is the best evidence of its curative power. Its success is that it is a Blood Food, and that it contains an element which is necessary to the healthy life of the blood, viz.—IRON, for without Iron the Blood would lose its vitality, *it would die.* This preparation has stood the test of years in private practice and can with confidence be recommended to the public. The days of bleeding, blistering and mercury are gone by. It becomes all to husband their Blood, and Blood making powers. The battle of life will exhaust all soon enough. The weak, who are the great majority will find it just such a Tonic as they require.
