WYNDHAM FOR O. H. A. PRESIDENCY LOOKS LIKE A FALSE ALARM

Amendment Permitting Other League Men to Play in O. H. A. Will be Passed at Saturday's Annual Meeting—Some Hockey Notes.

The executive committee of the Ontario Hockey Association convenes this evening to wind up the final routine work prior to the annual meeting on Saturday. It should be pointed out that clubs are entitled to one delegate each, the representative voting once for each team his club has in the O. H. A. The Saturday convention will not have extraordinary work. Besides the election of officers, there are the usual amendments, one of which will become law, as the president now endorses the perennial proposition to permit players of the bank and other leagues to participate in O.H.A. championship games. Three of the chief offices have been meritoriously filled by acclamation, Messrs. Nelson, Hewitt and McPherson regaining the first vice-presidency, secretaryship and treasurership without opposition. The trio have battled for purity in hockey, and have been partially rewarded. And many wonder why there is a contest for the presidency—that can only be half-hearted at best. John Ross Robertson has stood for all that's good in the game, has given time and ability that could not be hired, and would have retired ere this could he forsake his friends and a principle. But Mr. Wyndham of Hamilton, a very estimable gentleman, has been deluded into the belief that he has a chance, when really his friends have made him a false alarm. Support from Hamilton, Brantford and London should be his limit, and some later day these clubs may be ashamed of themselves. Mr. Robertson should retire voluntarily when a suitable successor can be found, but it will be a sorry day for the O.H.A. when the anti-simon-pure element forces him out.

Hockey in New York.

New York, Nov. 29.—Twenty games will be played this season in the schedule of the Amateur Hockey League, each of the five teams playing all the others two games. Twelve games will be played at the St. Nicholas' Rink in Manhattan and eight at the Clermont-avenue Rink in Brooklyn. The season opens Dec. 15.

President Howard Drakeley called the delegates to order at the special schedule meeting held at the St. Nicholas' Rink last evening. The clubs represented were the New York Athletic, Crescent, Wanderers, St. Nicholas and Brooklyn, which has decided to organize a team and enter the competitions.

The St. Nicholas Club, while retaining its membership in the league, will not enter the competitions, altho represented by a team of picked players.

Great enthusiasm was manifested at the meeting by the delegates, who stated that the growing interest in the sport would undoubtedly increase the attendance at the games. Several of the teams will be reorganized, and stronger players added, making the competitions even closer than in previous years.

Manager Mosher is pushing the work on the Clermont Rink floor, having made a large number of improvements over last year, looking to a better ice surface and accommodations at the largest indoor ice rink in America. With the special features, including music, which he has prepared, the attendance will visibly increase, the advance sale of season tickets being the largest in years.

There will be no reservation of the rink on Monday evenings this season, and the public will have use of the ice at three sessions on week days and twice on Sundays. The rink will open Dec. 15 with a special program.

Collingwood Hockey Meeting.

Collingwood, Ont., Nov. 29.—The annual meeting of the Collingwood Hockey Club, held in the new rink to-night, was largely attended, about 200 being present. The following officers were elected for the season: Patrons, W A Copeland, James Bryden, James Morris, C E Freer; hon. president, J M Hopkins; hon. vice-president, John Birnie; president, N A Rule; first vice-president, F J Klimmerly; second vice-president, A J Naftel; secretary-treasurer, I B Guilfoyle; manager, J A Caslake.

The candidature of Mr. D. L. Darroch for second vice-president of the O.H.A. was unanimously endorsed. Mr. J. A. Caslake was appointed to represent the club at the convention. With the finest rink in the north, Collingwood ought to have lots of hockey this year.

Niagara Falls Hockey Club

Niagara Falls, Ont., Nov. 29.—The Niagara Falls Hockey Club held a very enthusiastic annual meeting this evening in the parlors of the American Hotel, a large number being present. The Baby City will place a strong team in the league this season. The election of officers resulted: Hon. president, J. H. Stuart; president, W. R. Price; first vice-president, D. B. White; second vice-president, B. J. Coulson; manager, W. Fraser; secretary, G. Shackle; treasurer, H. P. Hanan; executive, D. B. White, B. J. Coulson, G. Broughton, Wm. Mitchell and B. Y. Williamson.

North Toronto Hockeyists.

The North Toronto Hockey Club met and reorganized for the season of 1904-5 at the residence of James Pears, Eglinton. A fairly good attendance was present, and elected the following officers: Hon. president, W. Parks; manager, W. Tomlinson; secretary, F. H. Harper; treasurer, James Pears, jr.; captain, R. Ramsay. The club have secured the premises at the corner of Eglinton-avenue and Yonge-street for their rink, and also intend giving an up-to-date concert on Dec. 19 in Eglinton Town Hall, and hope the public will give their liberal patronage.

Newmarket Hockeyists.

Newmarket, Nov. 29.—The Newmarket Hockey Club has reorganized for the coming season with the following officers: Hon. president, Dr C H R Clark; president, W F Doyle; vice-president, W H S Caue; secretary-treasurer, C C Gamble; executive committee, W Dolan, W J Patterson, William Cockonour, E Brown. They will enter intermediate and junior teams in the O. H. A.

In Support of Mr. Wyndham.

Hamilton, Nov. 29.—The following circular letter has been sent out by the secretary of the Hamilton Hockey Club to the delegates to the Ontario Hockey Association meeting, to be held Saturday, in Toronto:

Dear Sir,—The Hamilton Hockey Club, at its meeting on Friday, Nov. 25, 1904, unanimously endorsed the nomination of its esteemed president, William Wyndham, for the position of president of the Ontario Hockey Association. He has always been recognized as a strong advocate of clean amateur sports of all kinds, and has been a capable officer of the Hamilton Hockey Club for many years. If entrusted with the chief office of the O.H.A., we feel assured that you would find the business of the association carried out under his direction fully as well as it has been done in the past.

As you are aware there is a feeling that the office of president should not be occupied too long by one and, not even by such an able and esteemed gentleman as the present incumbent; in fact, we consider that one year in the chair as president and one year on the executive as past president should be all the honor that one man should expect. In this way, the position would be something that the younger officers of the association could look forward to. Hoping you will assist in electing Mr. Wyndham, and thanking you in anticipation, truly yours, Hamilton Hockey Club, per F. C. Mills, secretary.

O.H.A. Executive to Meet.

The O. H. A executive meet to-night at 8 o'clock at The Telegram office to wind up the affairs of the past season.

Dovercourt Makes Reply.

Sporting Editor World: Having noticed the article in the sporting columns of your paper this morning, headed "Ruffianism in Church League," would you kindly grant me space enough to clear the team of Dovercourt Church of the charge preferred against it, and which also gives the Presbyterian League an undeserved reputation.

Dovercourt Presbyterian Church team did not play the team of Cooke's Church in Dovercourt Park on Saturday, Nov. 26, and so, therefore, cannot be held responsible for the acts of a few excited spectators who appeared at the game. When Cooke's team arrived at the park, their captain was notified that Dovercourt, on account of some of their players not appearing, would default the game to Cooke's, but that a picked team from the northwest would play them an exhibition game. This was distinctly understood by Cooke's captain before he paced his men on the field. Surely, under the circumstances, it is very unfair to charge Dovercourt Church team with employing thugs to literat visiting teams. Dovercourt does not resort to any such methods, as their record on the field will prove.

The gentleman who wrote the article referred to above is, doubtless, an enthusiastic supporter of Cooke's, but it would appear that he is not an ardent admirer of the good name of the Presbyterian Church League, or he would refrain from giving it the kind of notoriety that he has.

A Member of Dovercourt Team.

Marvin Hart Challenges Jeffries.

New York, Nov. 28.—Jack McCormick has challenged Jim Jeffries on behalf of Marvin Hart of Louisville. Two years ago such a challenge would have been ridiculed, but now it may command attention. First, because there is no man eligible to tackle Jeffries at present, and next because Hart is a better man than generally rated. He is growing each year, and to-day he is a 200-pounder. He is clever, has endurance, can hit and is willing. Jeffries cannot stay idle if he intends to remain champion. He must fight some one. The offer of a purse of $6000 by a Philadelphia club for a six-round bout between the two looks good. But the question is: Would Philadelphia stand for such a mill? That it would draw from a $15,000 to $20,000 house is likely. Should Jeffries accept and have assurance that there will be no police interference, he would undoubtedly insist on the club promoting the fight to post a large forfeit to reimburse him in case the fight was called off. Several years ago Jeffries was matched to meet Gus Ruhlin in Cincinnati. He was told that everything would be all right, but at the twelfth hour the authorities stepped in, and there was nothing doing. Jeffries was out a lot of time and dollars on that occasion, and has since become a wiser man.

Lives of Astronomers.

The members of the Toronto Astronomical Society were entertained by a lecture in the Canadian Institute last night by Miss Elsie A. Dent. The speaker dealt with incidents in the careers of prominent astronomers of the day, taking up the reasons advanced by many of them for entering upon the study, and detailing results of their work. Miss Dent read interesting communications she had personally received from most of those whose names she mentioned, among whom were: Sir Robert Ball, George H. Darwin, M. Camille Flammerion, Sir Sandford Fleming, Prof. George Hale, Sir William Huggins and Prof. Samuel Langley of the Smithsonian Institution.

Any Rheumatic Sufferer may have a full dollar's worth of my remedy free

I searched the whole earth for a specific for Rheumatism—something that I or any physician could feel safe in prescribing—something that we could count on not only occasionally, but ALWAYS. For the ravages of rheumatism are everywhere and genuine relief is rare.

After twenty years of search and experiment, I learned of the chemical I now employ. And I knew then that my search and my efforts were well rewarded. For this chemical gave me the basis of a remedy which in the cure of Rheumatism is practically certain.

I don't mean that Dr. Shoop's Rheumatic Cure can turn bony joints into flesh again—that is impossible. But it will drive from the blood the poison that causes pain and swelling, and then that is the end of the pain and swelling—the end of the suffering by end of Rheumatism.

I am willing that you should prove my claims at my expense. I will gladly give you a full dollar package of Dr. Shoop's Rheumatic Remedy to try. For I know that you and your neighbors and friends will by your good wishes and good words more than repay my initial loss.

You pay nothing--you promise nothing you risk nothing--you deposit nothing

Crystalized Poison!

You know that hard water leaves a deposit of lime in the bottom of the tea kettle in which it boils and soft water does not. That is because soft water is filtered and contains no lime, while hard water is not filtered and is full of it.

You can imagine that if that deposit were to settle in the joints of your knee it would be extremely painful. And if the deposit grew you could finally no longer endure the torture of walking.

Yet that is the very way that rheumatism begins and ends. Except that the deposit which forms is not lime, but crystalized poison!

For your blood is always full of poison the poison you eat and drink and breathe into your system. It is the purpose of the blood to absorb and carry of this very poison. And the kidneys, when are the blood filters, are expected to cleanse the blood and send it back through the system clean to gather more poison, which they in turn will eliminate.

But sometimes the kidneys fail. And sometimes, from some other cause, the blood gets so full of poison that they cannot absorb it all. This is the start of Rheumatism. The poison accumulates and crystallizes. The blood carries the crystals and they increase in size. Then, when it can carry them no longer, it deposits them in a joint—or a bone—anywhere.

The twinge in your leg—the dull ache in your arm on a rainy day—these are the outward signs of the unseen crystals. And the twisted limbs and unspeakable anguish of the sufferer who has allowed his symptoms to go unheeded and unattended for years—these are the evidences of what Rheumatism, neglected, can do.

Rheumatism includes lumbago, sciatica, neuralgia, gout—for all these are the results of rheumatic poison in the blood.

Plainly the first thing to do is to remove the poison. But this is not enough. The FORMATION of the poison must be stopped, so that nature may have a chance to dissolve and eliminate the crystals which have already formed. Unless this is done there can be no cure—no permanent relief.

Certain Cure

I spent twenty years in experimenting before I felt satisfied that I had a certain remedy for this dread disease—a remedy which would not only clean out the poison, but one which would stop its formation.

The secret lay in a wonderful chemical I found in Germany. When I found this chemical, I knew that I could make a Rheumatic cure that would be practically certain. But even then before I made an announcement—before I was willing to put my name on it—I made more than 2000 tests! And my failures were but 2 per cent.

This German chemical is not the only ingredient I use in Dr. Shoop's Rheumatic Cure—but it made the remedy possible—made possible an achievement, which, I doubt not, could have been made in no other way.

This chemical was very expensive. The duty, too, was high. In all it cost me $4.00 per pound. But what is $4.00 per pound for a REAL remedy for the world's most painful disease—for a REAL relief from the greatest torture human beings know?

But I do not ask you to take a single statement of mine—I do not ask you to believe a word I say until you have tried my medicine in your own home at my expense absolutely. Could I offer you a full dollar's worth free if there were any misrepresentations? Would I do this if I were not straightforward in my every claim? Could I AFFORD to do it if I were not SURE that my medicine will help you?

Simply Write Me

The offer is open to everyone, everywhere. But you must write ME for the free dollar bottle order. All druggists do not grant the test. I will then direct you to one that does. He will pass it down to you from his stock as freely as though your dollar lay before him. Write for the order to-day. Address Dr. Shoop, Box 21, Racine, Wis. I will send you my book on Rheumatism besides. It is free. I will help you to understand your case. What more can I do to convince you of my interest—of my sincerity?

Football Notes.

The Royal Canadians meet the Parkdale Albions in the final game of the Toronto Football Association on Saturday afternoon. A win on Saturday gives the Royals the championship, as they now lead by two points.

The following players of the Royals are requested to turn out to-night for practice at 8 o'clock on Sunlight Park: Chandler, Maddocks, McIvor, Vick, Gibbons, Barkey, Gill, Brown, Small, Murray and Hayes.

Hamilton have refused to play under the C. I. R. F. U. rules, and the result is that there will be no game for the senior Dominion championship.

The annual meeting of the Canadian Rugby Union will be held in Toronto in January.

The Hamilton Spectator, speaking of the failure to arrange a game between Ottawa College and the Tigers, says: "No fault can be found with Ottawa College. The rules of the Canadian Rugby Union provide that the championship match shall be played under the C.R.F.U. rules, which are the same as the Quebec rules, and, in refusing to play any other system, Ottawa College was standing on its rights."

W. N. Ferguson, president of the O.R.F.U., will not seek re-election at the annual meeting on Dec. 10. The Tigers will, therefore, support S. S. DuMoulin for the office.

The O.R.F.U. will give a yellow and black sweater and badges, emblematic of the championship to each member of the Hamilton team.

The Tiger executive refused to play on A.-Toronto team in Montreal on Dec. 3.

A friendly game of football was played on the Bayside Park on Tuesday afternoon between the Queen's and King Edward Hotel teams, which resulted in a win for the Queen's by the narrow margin of 1—0. The Queen's lost the toss-up, and the King Edward elected to play with the wind, but altho some good team work was put up they failed to score. The game was fast from the start, especially so in the second half, when F. Wilcox scored the touchdown, 97 (W. Hennessy), 1 to 3 and out, 2; J. W. O'Neill, 108 (Nicoll), 1 to 3, 3. Time 1.01. W. L. George, Yellmantown, Lieut. Rice, Julia Junkin, Pendergast, Leslie R. also ran.

Second race, ½ mile, purse $400, maiden 2-year-old fillies—Simplicity, 108 (Gannon), 2 to 1, 4 to 5 and out, 1; Lady Consuelo, 108 (Robbins), 4 to 1 and 2 to 1, 2; Idle Years, 108 (H. Time 1.26 4-5. Lord of the Valley, Misanthrope, Gigantic, Tom Mankins, Charlie Fisher, Exclamation, Gold Spink also ran.

Fourth race, 1¼ miles, purse $600, 3-year-olds and up, handicap—The Regent, 103½ (H. Phillips), 3 to 1, even, and 2 to 5, 1; Sonoma Belle, 112 (Cochran), 7 to 10 and out, 2; Raglan, 104 (McIntyre), out, 3. Time 1.53 2-5. Aladdin, High Wind also ran.

Football Notes.

The Royal Canadians meet the Parkdale Albions in the final game of the Toronto Football Association on Saturday afternoon. A win on Saturday gives the Royals the championship, as they now lead by two points.

The following players of the Royals are requested to turn out to-night for practice at 8 o'clock on Sunlight Park: Chandler, Maddocks, McIvor, Vick, Gibbons, Barkey, Gill, Brown, Small, Murray and Hayes.

Hamilton have refused to play under the C. I. R. F. U. rules, and the result is that there will be no game for the senior Dominion championship.

The annual meeting of the Canadian Rugby Union will be held in Toronto in January.

The Hamilton Spectator, speaking of the failure to arrange a game between Ottawa College and the Tigers, says: "No fault can be found with Ottawa College. The rules of the Canadian Rugby Union provide that the championship match shall be played under the C.R.F.U. rules, which are the same as the Quebec rules, and, in refusing to play any other system, Ottawa College was standing on its rights."

W. N. Ferguson, president of the O.R.F.U., will not seek re-election at the annual meeting on Dec. 10. The Tigers will, therefore, support S. S. DuMoulin for the office.

The O.R.F.U. will give a yellow and black sweater and badges, emblematic of the championship to each member of the Hamilton team.

The Tiger executive refused to play on A.-Toronto team in Montreal on Dec. 3.

A friendly game of football was played on the Bayside Park on Tuesday afternoon between the Queen's and King Edward Hotel teams, which resulted in a win for the Queen's by the narrow margin of 1—0.
