To all whom it may Concern.

As there has been considerable speculation in regard to our late business, and as it may be somewhat interesting to some of our friends to be informed of our present position, and as we feel compelled to make a decided change in the future, we here beg to make the statement, giving the reasons which compel us to make such change.

When Mr. Chambers went out of the business, eight years ago, we owed him $20,000 old. To meet this we had a good stock of goods, a large amount of debts and some real estate. We went into the business with enthusiasm, believing that we would be as successful as formerly. We thought we were as worthy as most persons in giving credit and that we gave as much attention to our business. But instead of our indebtedness growing less, we found that on October 11th, 1872, the evening of the fire in this place, our responsibility had increased to $30,000. Being reduced in circumstances in consequence of losing our stores and a large amount of goods, we were obliged to ask our creditors abroad for a discount, which request, in most cases, was readily granted, but in order to retain the good-will of our creditors in Amherst, we concluded to pay them in full, being $11,000 old, and we hope that they and others will give the business with which we may be connected a share of their patronage, notwithstanding the withdrawal of further accommodation. Had the greater part of those indebted to us accompanied their sympathies with the payment of their accounts, as some did, we could have prosecuted our business as formerly. But now, at a period of the year from the fire, we have, within a few thousand dollars, as much in the country as we had at that time and have still a large amount of debts to discharge. We are, therefore, unable to continue the credit business, for, by investing in this way, with our ability to collect, our indebtedness, instead of growing less would increase. Under these circumstances we feel justified in saying that we would exhaust the patience of our creditors, their forbearance would cease, and, instead of imbarking on a second time, they would probably force us into insolvency. Now, in order to prevent this unpleasant state of things, we find ourselves under the necessity of making a change, and the new concern, when established in the new store, will sell for cash on delivery.

To the many customers who have given us their patronage and paid their accounts, we are thankful, and to those who have since our calamity bought our goods, paid their bills and in other ways assisted us, we feel under many obligations, and state that we believe the change we are making will be to our mutual advantage.

We expect the proprietors in the new business will keep a well selected stock of goods and give those who will kindly favor them with their patronage, part of the advantage which may be gained in not making bad debts and employing clerks to look after the credit business.

Contemplating all the changes, the business will be carried on under the name and style of

The Amherst Warehouse Company.

With this explanation, we now give notice that we are obliged to insist upon those who are indebted to us paying their accounts promptly. Any agreement made to take produce will be adhered to.

VINEGAR BITTERS

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease that is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases.

The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant Sudorific, Alterative, and Anti-Bilious.
