MONCTON ITEMS TO GRAPHIC READERS

R. N. Wyse's Store Now Occupied---Mayor Willet Friends,

THE ELECTIONS

MONCTON, Jan. 17—The Canadian Club was treated to a very instructive discourse last Friday evening given by Joseph H. Dickson, Esq, of Fredericton. The subject was Fort Beausejour and Mr. Dickson proved his familiarity with his subject. This fort now known as the old Fort Cumberland is near the border of New Brunswick and Nova Scotia in Westmorland. Mr. Dickson advised Canadian Clubs to take action in order to preserve this historical land mark which occupies so prominent a place in our country's history. A vote of thanks was moved by A. E. Killam, Esq, and seconded by C. M. Leger M. P. P, was animously passed by a standing vote delivered by the President and happily acknowledged by Mr. Dickson. The meeting closed with the National Anthem. Mrs. Dickson is here also and they are the guests of Capt. R. C. Bacon formerly of Albert

The store of R. N. Wyse is now completed and filled with goods, and Main Street boasts of another very handsome structure.

It is said that a Certain hotel keeper in referring to his ability to run a place to suit himself said to some of the boys 'I am vise; no belceeman can ketch me.' Three months and $50 and if that $50 be not paid three more months—so much for being 'vise.'

Chief Rideout is a good officer and Moncton would certainly be in a sad way without him.

Geo. B. Willet has proved himself a good mayor and won the esteem of several were against him.

Mr. Willet was a man who had no bone for the Scott Act and naturally a number of Scott Act opponents looked to him for great things along local lines, but the mayor has kept his oath of office like a man. Some though: that Chief Rideout's position was not entirely safe under Mayor Willet's regime, but Mayor Willet is a man of common sense and knows a good officer when he sees him and also the benefit of law and order to Moncton by the acquisition of such a man.

Ald. Reilly has offered for Mayor in the election which takes place this month. It is said that Ald. Martin will also run. Ald Martin has been defeated once or twice but a good many think his chances are good this year to be elected. Martin is a temperanke man and will enforce the Scott Act.

The schedule that was agreed to and signed by the Deputy Minister of Rys. and the Schedule Committee of the C. B. of R E has been received and circulated not only in Moncton, but all over the system. It does not suit every member but it is a start in the right direction. It can be remedied in time to suit the different exigencies that may arise. The classification puts a lower value on the work of some than that which they receive, while these same parties are doing more work than others who have received big increases. Such discrepancies as these must be remedied and will. It is the first schedule and when we consider the difficulties under which they labored, we must admit they have done exceedingly well to get a schedule of any kind and thus secure recognition of our society.

Some of the Temperance people here are afraid that the question of parting with the Light and Water Company is going to engulf the temperance question and possibly elect men who are opposed to enforcing the Temperance Act. Now that civic elections are on people are saying, 'Are you for or against handing over the light and water to a company?' and thus a question not important is being discussed to the exclusion of one of paramount importance. 'Will we hand over the city to the liquor party?'

OIL DOMESTIC WHEELS CANNED FOR HOME USE

Little Hints Which Will Help Save Wear and Tear in Households of the Land

Never use sand soap on an enamel sink.

To singe fowl use wax paper such as is used in gas lighters.

A harmless lotion for chapped hands is made of glycerine cut with lemon. It is as healing as it is softening.

Heat your snow shovel, then rub its entire surface over with a wax candle. This will prevent the snow sticking.

Before pouring hot fruit into a glass dish or jar, put it on a wet cloth. This will keep the glass from cracking.

Take a round piece of cloth, run a rubber in it, and keep over the top of meat chopper no dust and always ready for use.

Matting and matting rugs of straw may be freshened by washing with salt and water, and then rubbing dry quickly with a cloth.

A new flavor can be given to cooked prunes by adding a few slices of lemon. Another method is to cook them with a bag of spices.

Never use a silk scarf or silk handkerchief over a baby's face (as a veil) as not enough air can penetrate and a young baby is apt to smother.

When a baby learns to walk mothers chief care is not to let them stand too long for learning to walk too soon is the cause of bow legs.

Try putting the clothespins in the oven until they get real hot on wash days, your fingers will never get cold while putting out a large washing.

To make good corn cake, take one pint of sour milk, one egg, little salt lard half as big as an egg teaspoonful soda. Take enough cornmeal to make it stiff.

One housekeeper says: 'In cooking use hot water for all things that grow underground, such as potatoes or turnips, and cold water for those growing above ground.'

When short of large corks to fit cat sup bottles cut cardboard to fit inside of bottle pour not sealing wax over quickly. This excludes all air and cat sup keeps perfectly.

Round jelly cake pans make excellent pot covers by turning upside down and placed in centre a small wooden knob, obtainable of any grocer. Two can be bought for five cents.

For chapped hands render pure mutton tallow and while it is still hot dissolve gum camphor in it, as much as desired. This is an excellent remedy for chapped hands and lips.

Chamberlain's Cough Remedy is not a common, every day cough mixture. It is a meritorious remedy for all the troublesome and dangerous complications resulting from cold in the head, throat, chest or lungs. Sold by all druggists.

Minard's Liniment Cures Diphtheria

NOTICE

Notice is hereby given that the International Railway Company of New Brunswick will apply to the Legislature of New Brunswick at the next Session thereof, for the passing of an Act authorizing the Company to sell or lease the Railway, rolling stock and franchises, or to purchase or amalgamate with any other Railway, and the Company will also ask for authority to issue bonds or debentures to the extent of thirty thousand dollars per mile of its line of railway, to be secured by mortgage, in lien of and upon the discharge of the present encumbrance thereon or to make a further issue of bonds to the amount of Twenty Twe Thousands dollars per mile, to be secured by Mortgage, subject to existing encumbrances.

RESTIGOUCHE COUNTY COUNCIL IN SESSION AT DALHOUSIE

New Councillots Sitting For First Term---Warden Adams Re-elected---Many Accounts Were Passed.

DELEGATES APPOINTED

The annual session of the Restigouche County Council met at Dalhousie Tuesday morning at 11 o'clock.

The Secretary Treasurer, Alex. J. LeBlanc announced the names of the counsellers elected as follows:

Eldon—Wm. Copeland, Murdock Firth.

Addington—A. G. Adams, John McBeath.

Dalhousie—Timothy Robinson Robt St. Onge.

Balmoral—D. A. Arseneau, Edward Bernard.

Colborne—W. G. Mawhinney; John C. McLean.

Durham—John Lawlor, Jr; Archie Murchie.

Town of Dalhousie—Wm. S. Montgomery.

Town of Campbellton.—M. M. Mowat.

Coun. Mowat was chosen chairman preparatory to organizing council.

Coun. A. G. Adams was chosen warden.

On taking the chair the warden thanked the council for the honor done him in reelecting him warden of the Municipality and said he would do his best as in the past and asked the assistance of the new council in all matters that may come before them.

The minutes of the afternoon July session were read and approved.

Council adjourned until 2 o'clock.

Tuesday Afternoon

The council reassembled at 2 o'clock, all councillors present except Coun. Montgomery.

The minutes of the morning session were read and approved.

The following committees were appointed:

Finance and Account Couns.—Robinson, McLean, Montgomery.

By laws—Montgomery McBeath Arseneau.

Printing—Mowat Mawhinney, St. Onge.

Assessment—Montgomery, McBeath Robinson, Arseneau Copeland McLean Lawlor.

The secretary read a communication from Mr. Mott, in reference to Dom inion Act for Restigouche Bopn Co. Ltd.

A communication with statement of finances from the Hotel Dieu Hospital, Campbellton, asking for a grant in aid of the said hospital. This was laid over until the July session.

A communication from the Moncton Board of Trade re good roads, was held over for further consideration.

The Parish accounts were taken up and a number passed.

Council adjourned until 11 o'clock Wednesday morning.

Wednesday Morning

The Council was called to order at 10 o'clock Warden Adams in the chair.

The Secretary read a communication from Collector Innes, asking that he be allowed commission on taxes collected from the Interprovincial Navigation Co.

Coun. Arseneau asked if Col. Innes had collected this amount. If not he did not think the collector could expect a commission for work he did not perform.

Sec. Treas.—Col. Innes did not collect the amount. It was handed to a lawyer, who collected the amount.

Coun. Arseneau thought that the council should not entertain the account as one commission had already been paid.

Coun. Robinson was of the opinion that the claim should go before the legal advisor. The collector had done his duty and if he is entitled to commission he should get it.

On motion the communication was referred to the legal advisor.

The Balmoral parish accounts were taken up and passed.

The county accounts were taken up.

The Board of Health accounts as usual provoked considerable discussion These were bills contracted during the smallpox cases back of Tide Head.

On motion of Coun. McLean the Board of Health accounts were taken up separately.

The total amount of the accounts was $226.75 It seemed to be the impression of the councillors that the accounts were reasonable more so than in former years.

Coun. Mowat said that while the matter was being discussed he wished to state that he was strongly in favor of appointing a business man and not a medical practicioner. If an epidemic of smallpox breaks out we want a business man to look after it and keep the bills down.

Council adjourned until 2 o'clock.

Council was called to order, Warden Adams in the chair.

Parish accounts were again taken up.

Coun. Mowat from the committee authorized to employ an auditor, read the report of the auditor, A. McIntosh C. A of St. John.

Considerable discussion took place over special auditor's report.

Couns. Mawhinney and McLean stating that the special committee given charge of procuring special auditor had not gone far enough, having an audit for one year only.

Coun. Mowat explained that it would take a month or more to audit the books for the last five years and the auditor had suggested that he audit the books for 1908 and if they were found correct it would be hardly necessary to go over the accounts for a longer period.

Coun. Mawhinney thought that the money spent was thrown away as he could see no benefit was derived.

Warden Adams stated that the audit would be of great benefit to the county if the recommendations of the auditor were carried out. His recommendations called for a very simplified method of keeping the books: a system which made it possible at a glance just how each department stood. For years the county may have been going behind, but from the present system of bookkeeping it is impossible to determine without much work which department is at fault. A business firm adopts the most up to date system of accounting and changes it as systems approved why should not the municipality of Restigouche have an up to date system.

Coun. Mawhinney said that three years ago last July the county was run the affairs of the country. Why has the county become in debt.

Warden Adams stated that the county had been going behind because not sufficient funds had not been provided to meet the necessary expenditure.

The report of the special auditor was adopted.

The council then adjourned until Thursday morning.

Thursday Morning

The council reassembled at 10 o'clock, Warden Adams in the chair.

The minutes of the previous afternoon were read and approved.

County accounts and the Secretary Treasurer's statement were taken up.

Sheriff Stewart read a recommendation from the Grand Jury asking that the County Council procure a suitable flag for the Court House.

The public Lands and Buildings Committee were instructed to procure a suitable flag, etc, for the court house.

Thursday Afternoon

The council reassembled at 2 o'clock Warden Adams in the chair.

The afternoon was spent in passing accounts.

Couns. Mawhinney, Murchie and Montgomery were appointed delegates from the council to attend the meeting of the N. B. Municipalities which will meet at Campbellton next week.

Council then adjourned until 10 o'clock Friday morning.

ROBINSON COMPANY HERE JAN. 31, FEB. 1

Company Now Known as Lucia Nola English Opera Co.

PRESS COMMENTS

It was like an echo from the past when Frank Nelson in his familiar role of 'Fra Diavolo' stepped upon the stage at the Auditorium last evening. The glad hand was extended to him upon his appearance and it must have been gratifying to him to know that his old time friends had not forgotten him. 'Fra Diavolo' won its first success in Quebec, perhaps many more years ago than the star would like to acknowledge, through the remarkable vocal and artistic work of Mr. Nelson, and there were many in last night's audience who made it a point to attend to again hear the voice which in vorite in Quebec. Reminiscences of the Casino days, kept the old timers awaiting the rendition of 'Golden Moon,' but it must be realized that time waits for no man, and a wide margin exists since the days when that popular song drew the crowd to the theatre to hear the idol of the hour, who was Frank Nelson, render it. Frank Nelson, no doubt, today could render 'Golden Moon' with all the effect which he formerly gave it. He certainly gave as fine a performance of Fra Diavolo' as any which he has ever given in Quebec, and his splendid voice was heard with good effect throughout.

The company supporting was one which won favor last evening from an audience which almost filled the Auditorium to its fullest capacity. Lucia Nola, in the role of 'Zerlina,' was fascinating both vocally and artistically and this charming lady quickly installed herself as a favorite. She was repeated encores for her songs and she gave a most enjoyable performance of the part. A charming presence and a voice which met all exigencies of the role, she left little to be desired, and her success was well merited. Quebecers still remember the humorous rendition which Miss Bessie Burton imparted to the rendition of 'Lady Allcash.' Unfortunately this popular favorite was unable to appear owing to a severe cold contracted on her way up from the Maritime Provinces, but Miss Alfreda Wagner was brought specially from New York to fill the part, and without a rehearsal she filled the breach in a manner that left nothing to be desired. Her performance was in many respects a remarkable one. Miss Wagner only arrived an hour or two before the performance but she went on and sang the part in a manner that did her credit. Henry Taylor whose tenor voice was heard with great enjoyment in the roll of 'Lorenzo' also engaged with the company only yesterday afternoon without rehearsal, but also made a hit. Jack Henderson, a comedian whose claims to public favor have been long established appeared as Beppo and supplied sufficient comedy to keep things

The company is a talented one.

All who intend hearing this company at the Opera House should add their names to the subscribers list in order to have one day ahead of the general public to choose their seats. Seat sale will open for subscribers at 10 oclock Jan. 26 and for the general public on Jan. 27th.

The tender leaves of a harmless lung healing mountainous scrub give to Dr. Shoop's Cough Remedy its marvellous curative properties. Tight, tickling or distressing coughs, quickly yield to the healing soothing action of ths splendid prescription—Dr. Shoop's Cough Remedy. And it is so safe and good for children as well. Containing no opium, chloroform or other harmful drugs mothers should in safety always demand Dr. Shoop's. If other remedies are offered tell them No. Be your own judge. Sold by all dealers.

LITTLE PABOS

We are enjoying beautiful weather and have been visited with very few snow storms and have not experienced many days of cold weather.

Quite a few people of this place visited the hockey match played in the Grand River skating rink Sunday last.

Mr. and Mrs. E. J. Lemarquand of Newport, passed through here yesterday on their way to Grand River.

A meeting of the council was held in Grand River yesterday. Henry Jones was appointed mayor.

Mrs. George Howell of Gaspe, has been visiting friends here for a few days, and returned home today.

Travelling agents are all rushing through here. They are taking advantage of the good roads.

Miss May Meunier of Newport Point returned home today, after a short visit to friends.

HEALTH, WEALTH, AND WORK.

So long as Nature's laws require that mankind shall work, the necessity of keeping one's self in health and strength is of first importance. Many people believe that men of great wealth do nothing. That is a mistaken idea. They may not work with hammers or shovels, but they work with their nerves, brains and minds Scores of millionaires have worked themselves into nervous prostration in their efforts to control, *to avoid losing* their millions. But it is the humble workers who suffer most.

Mr. Arvez Berten, of Robertville, Gloucester Co., N.B., is a sturdy man of 65, who works in the lumbering districts in winter, and who, therefore, must have good health. Some years ago, he suffered much from Dyspepsia, with headaches, dizziness and rheumatism. In a statement, dated June 24th, '09, he says he used only Mother Seigel's Syrup and four bottles cured him completely.

The Bank of New Brunswick.

CAPITAL, paid up . . $755,000.00.
REST. . . . . $1,347,125.00.

HEAD OFFICE: ST. JOHN, N. B.

Annual Report, 1909.

Presented at Meeting of Shareholders January 17th, 1910.

The Directors beg to present to the Shareholders the following Report and Statements, for the year ending 31st December, 1909.

The Net Profits for the year, after making full provision for Interest on Deposits, Rebate on Current Discounts, and for all bad and doubtful debts, amount to $136,305.07. The following disposition has been made of this:

Quarterly Dividends at the rate of 13 per cent. per annum have been declared, amounting in all to $97,215.67. To the Rest Account has been added $25,000, to the Pension Fund has been contributed $5,000, and there has been written off Bank Premises $10,000. The addition to the Rest Account is $5,000 more this year than last, and the balance of Profit and Loss Account carried forward is $910.60 less.

The Rest Account has been further increased by the addition of $30,250 premium on new Capital Stock sold and issued during the year. This account now represents 178 per cent. of the Capital Stock.

These results show that the Bank has had a satisfactory year, and the large increases in the various items of the Balance Sheet are evidence that the Bank's business has had a substantial growth.

Believing that the paid up Capital Stock should be increased in proportion to the growth of business, the Directors have considered it advisable to issue the balance of the authorized Capital Stock, and this is now being offered to the shareholders at $275 per share. The last issue off Capital Stock was made and paid for at $265 per share, but the Larger Rest Account now makes a higher rate possible.

Branches of the Bank have been opened at Hillsborough, N. B., and Aylesford N. S. At Petitcodiac, N. B. there has also been opened an office as a sub agency of the Sussex branch. At New Glasgow, N. S. suitable premises have been secured and a Branch will shortly be opened there.

A considerable increase is shown in Bank Premises Account caused by the necessity for larger or more suitable premises at several Branches.

The various Branches and also the Head Office, have been inspected and audited by independent Chartered Accountants, and they have certified to the correctness of the Balance Sheet.

JAMES MANCHESTER,
President.

St. John, N. B.
