The crops of wheat and rye together in 1898 are the largest of any of the six years, and in the three feeding grains are considerably above the average of the six years.

According to the official returns of the Russian Department of Agriculture, the wheat crop of that Empire in 1898 was the largest ever produced there, and, according to the figures given in The News, the rye crop of 1898 was the largest since that of 1894. Correspondingly large exports might have been expected, but such have not been realized. During the 21 weeks—Aug. 1 to Dec. 27—the exports of wheat from Russia in 1898 have amounted to 33,424,000 bushels, as compared with 57,624,000 bushels in corresponding weeks of 1897. Up to Dec. 17, the exports of rye from Russia were 10,725,600 bushels, as compared with 19,368,000 bushels in same weeks—Aug. 1 to Dec. 17, 1897.

All attempts to reconcile the movement since harvest with the big crops reported by Government have proved unsatisfactory, and it looks as if the grain trade for the balance of the season will be carried on under great uncertainty as to the volume of future supplies which may be obtained from this vast Empire.

"LET THE COLONIES LEAD,"

Said C. D. Shaw, M. P., England, in Speaking of Preferential Trade and Other Matters.

C. D. Shaw, M.P., the head of a large business firm in Wolverhampton Eng., and member of the House of Commons for Stafford, is registered at the Queen's.

He declared that Canada excited more interest in Great Britain to-day than any other colony. This was due to the preferential tariff, the Imperial penny postage and the decision regarding cable matters.

Canadian cheese and butter were articles much sought after by Britons.

Regarding Imperial preferential trade, Mr. Shaw thought the colonies should take the initiative.

He believed in an Anglo-American understanding, but objected to a treaty as being irksome. In his opinion the Nicaragua Canal should be built by the united efforts of Canada and the United States.

Shipments Across the Water.

The shipments to Great Britain yesterday were large and varied in character. Consignments of cattle valued at $4500, wheat $2000, peas $1000 and oatmeal $800 were forwarded to Great Britain, and $1800 worth of cattle went to Buffalo. The exports to Australia were $10,000 worth of agricultural implements and $800 worth of lubricating oil.

Mine Host is a Veteran.

On Monday last H. Lemon, the genial proprietor of the Clyde Hotel, celebrated his 64th birthday. Mr. Lemon was born in Dorset, England, Jan. 9, 1834, and came to Canada with his father, Samuel Lemon, and landed in this city, then known as Little York, May 28, 1837. Mr. Samuel Lemon was present at the time that Col. Moody was shot, and was with him in his dying moments. Mr. H. Lemon was married to Sarah Miller Jan. 7, 1859, the issue of this marriage being three sons and a daughter, the eldest son and the daughter being married. No hotelkeeper is better known in the Province of Ontario. He has hosts of friends and has been in the hotel business 42 years. His numerous friends offered him hearty congratulations.

Knights of Pythias.

Pythian Hall was alive with song and good cheer Tuesday on the occasion of the annual at home of Mystic Lodge, No. 1, Knights of Pythias. After the officers had received their guests, an adjournment was made to the parlors, where an elegant and elaborate repast was heartily partaken of. The menu was carefully prepared by Mr. Albert Williams of the New Coleman Cafe, King-street west, and was the best that could be had. A program of songs and selections was rendered by Mr. Whitler, John Tetmeyer, Bro. S. Hall, Bro. Fenton, Mr. Grey, Mr. Barrett, phonograph and the Crescent Banjo and Guitar Club. Prior to the concert the newly elected officers were installed. Bro. Thomas Deverell presided and Mr. J. Stanton Gladwin made an efficient accompanist.

Poisoning Sensation in Brooklyn.

Mrs. Flore Lillian Van Schaak of Brooklyn, the beautiful wife of Jack Van Schaak, intended entering suit for divorce, and the pretty maid of a Russian countess was to be named as co-respondent. This pretty maid told Mrs. Van Schaak she could furnish evidence, but found she could not. Calling on Mrs. Schaak, she found that lady ill with a headache. She volunteered a powder on taking which Mrs. Van Schaak became ill. So now Brooklyn has a poisoning sensation. Mrs. Van Schaak was Miss Florence Palmer, and claims to be a niece of Potter Palmer. She was educated in Paris and Berlin.

The Demon Dyspepsia—In olden times it was a popular belief that demons moved invisibly through the ambient air seeking to enter into men and trouble them. At the present day the demon, dyspepsia, is at large in the same way, seeking habitation in those who by careless of unwise living invite him. And once he enters man it is difficult to dislodge him. He that finds himself so possessed should know that a valiant friend to do battle for him with the unseen foe is Parmalee's Vegetable Pills, which are ever ready for the trial. ed
