ORIGINAL FIRSTS EAGER TO STAY, BUT DON'T WANT TO ASK FAVORS

Local Men in Accord With the Resolution Passed at Toronto.

WILL RETURN IF NEEDED

But Think That Young Unmarried Men Should Take Their Places.

The 27 married men of the Original Firsts who returned to London on furlough a few weeks ago, are heartily in accord with the campaign recently inaugurated in Toronto allow them to remain permanently in Canada, according to those seen by The Advertiser.

The arguments advanced at the Toronto gathering last night were that the original firsts had "done their bit," and well deserved a release from further service.

Let Others Move.

The veterans themselves, although anxious to remain home with their families, hesitate about assuming the initiative in the campaign to urge them to stay in Canada.

"I think we should be allowed to stay home with our families now, after the years we served in the trenches," said one of London's original firsts today in discussing the question. "However, I am not going to urge it, so if others cannot see why we should remain we will leave our families and go back again and allow the single young man who should be there to stay home while we go back and fight."

Toronto's Resolution.

At the Toronto meeting last night the following resolution was read and adopted unanimously by those present, among them 41 original firsts:

"Whereas, we find that the married men have not yet been conscripted, and that there is a large number of single men who are employed in both civil and military work who could well take our place in France, we, therefore, do place ourselves on record as being of the opinion that it would be only just to us to allow us to remain in Canada with our families and to permit us to take the places in Canada of those who should be transferred to either Britain or France. Furthermore, we would ask permission to appear before a medical board before leaving Canada, if that be found necessary."

MORE GARDENING LAND FOR McCLARY WORKERS

Several Acres Secured and Employees Are Enthusiastic.

The McClary Gardening Association has secured five acres of good land on Windsor and High streets for the use of the men this year. The two acres in Chelsea Green which have been donated to the city for a park will also be used by the association for garden purposes this year with the consent of E. V. Buchanan, manager of the public utilities commission. This is in addition to the large tract in Chelsea Green which was planted by the men last year.

The employees are enthusiastic over the gardening proposition, and so many of them are taking up the work this year that more land had to be secured. The land is being plowed and cultivated to be ready for planting as soon as the weather is favorable.

Drawing for the lots will be completed next week.

HAD FOOT CRUSHED IN CROSSING ACCIDENT

James Hunter, aged 55, of Wellington street south, is in Victoria Hospital with a badly-smashed foot as a result of being struck by a yard engine at the Wellington street crossing of the G. T. R. last evening. He was knocked down and the wheels went over his toes, cutting off all except the great toe on his right foot. He was taken to the hospital in the police ambulance. At 2:30 o'clock this afternoon, Victoria Hospital authorities stated that Hunter's condition was unchanged and that he was suffering intense pain.

LOCAL NEWS

GIVEN WRIST WATCH.—"Bud" McNab of the city engineer's staff, who on Monday next joins the Canadian Engineers for overseas service, was Wednesday presented with a wrist watch by the members of the engineering staff.

MEETING POSTPONED.—The absence of some of the members of the suburban roads commission made necessary a postponement of the meeting arranged to have been held at the county buildings last evening. No date was set for the next meeting.

HEN WAS BURNED.—The firemen were given a run last night, when a hencoop in rear of the London Mineral Baths, at the foot of Dundas street, caught fire. The blaze was quickly extinguished, the damage to the building being nil and the casualties a brooding hen and a dozen eggs.

ADDITION NOT YET STARTED.—The $20,000 addition to the hospital at the asylum has not as yet been started. That work will be commenced shortly, however, is the expectation of Dr. W. J. Robinson, superintendent of the institution. The architect is expected up soon to prepare the plans and specifications, and in all probability work will be commenced early in May.

FORTY PERMITS ISSUED.—Forty building permits have been taken out so far this month, as compared with 6 for a similar period in March. The total for April to date is $22,290. Among the latest permits are M. Hornstein $1,500, brick dwelling at 362 Rectory; the late F. E. Sage, alterations to dwelling at 576 King street, $400; W. McFadden, 505 King; W. Harrison, 639 Dundas street, and H. Stillson, Empress avenue, took out small permits.

DR. CAMPBELL IMPROVING.—Dr. Cl. T. Campbell, former mayor and postoffice inspector, who has been seriously ill for the past week, is now on the mend. While he will not be able to leave his bed for some days, he is now showing a steady improvement, and all danger is believed past. Dr. Campbell suffered from intestinal trouble and hemorrhages. Mrs. Campbell has just recovered from a prolonged illness, and was just able to be about the house when the doctor was stricken.

PRESENTED WITH PURSE.—The office staff of McCormick Manufacturing Company presented P. C. Sanguenitti with a purse yesterday on the occasion of his departure for New York. Mr. Sanguenitti came from New York nearly two years ago to install a cost system for the company, and is now returning to his former home. Stuart Laurie made the presentation with a short address. P. C. Sanguenitti gracefully expressed his thanks, and A. Goldstein, G. Gray and B. Biggs also spoke a few words.

ROUNDING UP DRAFT-EVADERS.—The members of the dominion police force of this military district, under the direction of Lieut. C. H. Atkinson, are gradually rounding up all evaders and men suspected of evading the military service act requirements. Cases are being investigated daily in places all over Western Ontario, with the result that several apprehensions are made every day. The majority of the arrests are made at Sarnia and Windsor, where young men liable to service are caught as they are attempting to get across the border into the United States.

Gun Booms Cease In Order That Chickens May Hatch In Peace

Soldiers' "Curfew" To Be Silent To Aid Production.

"The curfew shall not ring tonight." More than that, it shall not ring until further orders. The curfew referred to is not really of the ringing type, but gives forth instead a booming sound. In fact, it is the time gun at Carling Heights Camp.

Those residents of the northeastern part of the city who have been accustomed to rise and retire to the tune of the booming gun, which marks the military day off into well-defined sections, should beware, for they will slumber the whole day through if they wait for the rumbling military alarm clock.

"Greater production!" Those magic words that are responsible for many out-of-the-ordinary things, are also to blame for the absence of the time-honored gun, both morning and night.

Petitions signed by a large number of residents of northeast London, asked the district authorities to consider the possibility of omitting the gun-firing. The reason given was that the vibrations set up by the gun, prevented in some mysterious manner the hatching of the eggs on which numerous hens are busy at the present time. Many settings have turned out "all blanks," say the poultry fans, and the petition asking for the curtailing of the time gun is the result.

The ban on the gun is only temporary, and when the chick-hatching season is over, the gun will again come into its own.

THREE LONDONERS ARE R. A. OFFICERS

Toronto, April 11.—The next biennial meeting of the Royal Arcanum of Ontario will be held in Hamilton.

The 22nd meeting ended here today. Among the officers installed were:

Grand regent, C. H. Caulfield of Ottawa; vice-regent, John Macpherson of London; orator, W. M. Brandon of Hamilton; secretary, C. F. Vanhorne of Toronto; treasurer, J. W. Hickson of Toronto; chaplain, Ald. J. C. McMullkin of Toronto; guide, W. G. R. Bartram of London; sentry, F. E. Packard of Sarnia; chairman of trustees, James Smith, Hamilton. J. B. McKillop of London was installed as chairman of the committee on the state of the order.

ALLIED TROOPS IN EAST AFRICA AFTER GERMAN REMNANTS

London, April 11.—Allied troops are advancing on the remnants of the German forces which escaped from German East Africa. The following official account of these operations was given out here today:

"In Portuguese Nyassaland, despite the difficulties caused by heavy rains and flooded rivers, our Kols from the coast and from Lake Nyassa are approaching Medo and Msalu respectively and their advanced troops are in contact with those of the main enemy forces concentrated in these localities."

NEW DEGREE FOR WOMEN.

Montreal, April 11.—A new degree for women students of McGill University, to be known as the degree of bachelor of household science (B.H.S.), is to be established, according to a decision of the McGill Corporation at a meeting yesterday afternoon.

MANAGER HOLLAND ILL.

Toronto, April 11.—The name of F. M. Holland, manager of the Dominion Permanent Loan Company, who was arrested on a charge of conspiracy to defraud, was called in the police court this morning. Holland is still very ill and confined to his home, and Crown Attorney Corley asked for a week's remand and stated that he hoped to have Manager Holland committed for trial at his home this afternoon. It is understood the crown will visit his home and hear just enough evidence to justify a committal for trial. It is understood M. T. Monahan, counsel for Holland, has consented to this arrangement.

CARD OF THANKS.

Mr. and Mrs. George Finch and family wish to thank their friends for kindness shown during their bereavement. b

CHILDREN ATTACK HOME OF ALLEGED QUEBEC "SPOTTER"

Smash Windows of Man Who Has Sons in Army.

Quebec, April 11.—Following an alleged assault upon Frederick Delisle, who has three sons in the army, and who was alleged to be a "spotter" for the militia, the small parish of Deschambault, in the county of Port Neuf, was yesterday threatened with an incipient riot, when four or five youngsters of the parish marched to Delisle's residence and smashed windows in the place.

One of the alleged disturbers was arrested in Quebec last night, just as he was alighting from a Canadian Pacific Railway train. He is charged with assault against Frederick Delisle.

The provincial police were dispatched last night to Deschambault to quell threatened trouble and are expected back here today with a number of prisoners.

Two young men named Mercier, arrested at Three Rivers, on a charge of seditious utterances, have been honorably acquitted by the local magistrate.

FINNISH ATTACK COVERS EFFORT TO GRAB RUSS SHIPS

Stockholm, April 11.—German troops numbering 15,000 are now operating along the southern coast of Finland, where they already have had several small battles with the Finnish rebels, according to information received by the Swedish Government.

Entente diplomats here have received reports that 30 to 40 Russian submarines and destroyers and four or five battleships are still off Helsingfors, the capture of which is probably part of the German aim. It is believed, however, that the warships have all been rendered unserviceable by their crews.

WARNS CHINESE TO IGNORE DIPLOMATS OF OLD RUSSIAN REGIME

London, April 11.—The Russian foreign minister, M. Tchitcherin, has informed the Chinese Government, Reuter's Petrograd correspondent reports, that the Russian Soviet Government will regard relations between the Chinese authorities and former Russian diplomats as interference in Russian international affairs and as assistance to the enemies of the Council of People's Commissioners.

The Russians referred to are representatives of the former Russian regime who are supporting the movement in Eastern Siberia and Mongolia to overthrow the Bolsheviki.

GERMANS FIRED 400 MINE-THROWERS BY ELECTRIC MECHANISM

Amsterdam, April 11.—Describing how the Germans succeeded in crossing the River Oise, south of La Fere, at the beginning of the offensive on the Somme front, the war correspondent of the Cologne Gazette says: "Four hundred mine-throwers were brought to the spot and joined together, so that they could be fired by electricity at the same time. Immediately after the mine-throwers had been discharged, bridges, which had been kept in readiness, were thrown across the Oise and troops stormed the southern suburb of Chauny, killing or taking prisoners the enemy troops there.

BESSARABIA IN FAVOR OF RUMANIAN UNION

Basel, Switzerland, April 11.—The Bessarabian Diet, according to a telegram from Bucharest, has decided in favor of the union of Bessarabia with Rumania.

The Russian province of Bessarabia borders Rumania on the east. The northern part is almost wholly inhabited by Rumanians, and Rumania has long desired that these people should be united with her. Count Czernin, the Austro-Hungarian foreign minister, in explaining the Rumanian peace treaty recently said that Rumania would be compensated for the loss of territory on the Transylvanian border by taking the southern part of Bessarabia which, however, has no great percentage of Rumanian population.

ANARCHY SUMMONED MARINES OF ALLIES

London, April 11.—The foreign consuls in Vladivostok officially have informed the president of the local Zemstvo that the landing of allied marines there was due to anarchy and that the forces will be withdrawn as soon as the consuls consider that order has been restored, according to a Vladivostok telegram received in Petrograd and forwarded by Reuter's correspondent. A dispatch from Moscow to the Izvestia says that the Bolshevik Government has opened negotiations with Berlin for a temporary suspension of the Brest-Litovsk treaty as regards the article on demobilization of the Russian army, "in view of the possible necessity of defending Russian territory against foreign invasion."

BITUMINOUS COAL OUTLOOK SERIOUS

New York, April 11.—Warnings that a shortage of bituminous coal exists were issued today by fuel authorities here. The situation is so serious, according to Harry T. Peters, chairman of the state fuel consumption committee, that "we will be back where we were last winter unless something is done to relieve matters."

March was the worst month in point of production during the past year and a half, Mr. Peters asserted, and some factories have been forced to continue working with barely enough fuel to meet current needs. The situation is due chiefly to shortage in railroad cars, the coal authorities agree.

LANDING AT LOVISA.

London, April 11.—A German squadron, with several transports, is reported to have arrived at Lovisa, midway between Helsingfors and Viberg, Finland, according to a Reuter dispatch from Petrograd. The squadron came from the direction of Reval and a small force was said to have landed and occupied Lovisa.

MANUFACTURERS

now be made. To change one would mean the changing of all. The present order will have to stand, says Mr. Hunt.

Just what will be done with the street railway is not as yet known. Undoubtedly it will mean the cutting off of a number of cars. Whether to curtail the power used to 75 per cent will mean the cutting off of 25 per cent of the cars is not as yet known, but the matter has a serious aspect.

Messrs. Yates, munitions workers; A. W. White of John White & Sons, and Scott-Chamberlain are three firms who have already decided to file protests with Ottawa over the cut in their power supply.

ADVANCE IN PALESTINE ON FIVE-MILE FRONT

Stubbornly Resisted, But Secure Rafat and El Kefr.

London, April 11.—British troops on April 9 advanced their lines north of Jerusalem, in Palestine, to a depth of one and a half miles along a front of five miles, the British war office announced today. Notwithstanding the stubborn resistance of the Turks, the British captured the villages of Rafat and El Kefr.

Spirit of Nations Behind the Troops Will Gain Victory

Archbishop Lang Issues Stirring Farewell to American People.

New York, March 11.—At what was termed his "farewell interview," before departing for England, the Rev. Cosmo Gordon Lang, archbishop of York, today discussed his visit to the United States with newspapermen. The archbishop declared he had found the sentiment for the war even stronger in the central west than in the eastern cities of America.

Discussing the situation in France, the archbishop declared emphatically a break in the allied line would not have a decisive effect on the war. "If the spirit of the nations will stick behind the armies of the Allies, they will yet be victorious, no matter how the battle goes," he said.

MONTREAL GAZETTE FORESEES LYNCHINGS

Toronto Mobbing Regarded as an Open Defiance of Law.

Montreal, April 11.—The Gazette, commenting editorially this morning on a recent incident in Toronto, seems to anticipate lynchings in Canada. It says:

"At Toronto a band of forty or fifty returned soldiers dragged a citizen from his home at night, made him kiss the Union Jack and sing "God Save the King," after which they tarred and feathered him. The charge against the victim was that 'he was said to be of German parentage' and to have threatened a widow. The punishment savored of lynch law and would have created a tremendous sensation a few years ago. Today it excites but passing attention. Is Canada to have lynchings before long? In some big centres the law is being ignored and openly defied."

SINN FEINERS QUIET.

London, April 11.—Absolute calm seems to prevail among the Sinn Fein party, says a Central News dispatch from Dublin, but it is understood orders have been given to all sections of the Irish Volunteers regarding action to be taken in the event Irish conscription is agreed upon.

At meetings of many public bodies, the dispatch adds, fiery speeches have been made and strong resolutions passed against the application of the man-power bill to Ireland.

DISTRICT CASUALTIES

Ottawa, April 11.—Last night's casualty list contained 189 names and included 29 killed in action, 13 died of wounds, 5 died and 116 wounded. The names follow:

Infantry.

Killed in Action—690403 C. E. Harvey, Hamilton, Ont.; 773025 M. Wilson, Brantford.

Died of Wounds—823112 Sergt. Wm. Draper, 1035 York street, London; 880120 F. Bone, Chatham.

Presumed To Have Died—739467 W. Smith, Dunnville.

Wounded—675909 J. West, Tillsonburg; 727290 N. Stir, Hamburg, Ont.; 690722 J. Bentley, Hamilton; 757557 R. Hutton, 120 Markland street, Hamilton; 838073 W. Francis, Owen Sound; 226119 S. Keiller, Wallacetown, Ont.; 189469 O. Ellis, Kent Bridge, Ont.; 189967 Corp. A. Manvell, London; 550588 C. Hobbs, St. Catharines; 644513 F. J. E. Oshea, Victoria Harbor; 112244 A. Lahier, St. Williams; 757583 J. Moores, Hamilton; 11167 R. Wilson, Brantford.

Ill—11414 H. Harris, Brantford.

Medical Services.

Wounded—32904 M. Seim, Mount Forest, Ont.

Cavalry.

LAVERGNE SAYS

tice, and Col. Carruthers. Col. Machin asked him to what he attributed the troubles in Quebec, and he told the colonel they were due to "the foolhardy way the federal detectives were handling the arrest of alleged absentees."

He added he believed the Government had chosen men who did not inspire confidence.

Would Please Ottawa.

Mr. Lavergne said he agreed to meet the disturbers that Sunday night, and Col. Machin told him that if he stopped the trouble it would be well received at Ottawa.

He quieted down the mob's effervescence and led them to the Jacques Cartier Market, where he held a meeting, after which the crowd broke up, it being understood that he was to meet them on the following night, Monday, to tell them what he could gain from Ottawa if the trouble ceased. But Monday no meeting could be held, all groups were broken up by the militia, and the bloody encounter in St. Sauveur followed.

Captain Dr. George St. Armand, medical officer, who with Major Tasse, had charge of the military ambulances on the night of the fatal riot, estified that he had orders to attend the civilian wounded as well as the military, and did.

STANDARD DRUG STORES

Smashing All Previous Records

Last Friday and Saturday we served nearly 6,000 customers—a magnificent tribute to our methods of doing business. FIXING PRICE FOR ALL DAIRY PRODUCE

Montreal, April 11.—The dairy produce commission, which succeeds the old cheese commission, held its initial meeting in this city yesterday. The new commission, which represents the British ministry of food, through the allied provisions export commission at New York, discussed the price off cheese for 1918 and a cable was sent to the ministry of food with a view to securing authority to make definite arrangement to purchase all the cheese of 1918.

The ministry of food is prepared, through the allied provisions export comission to purchase the exportable surplus of Canadian cheese, butter and condensed milk of this year's production, and in such a manner ag to insure some parity of price.

6,000 PRISONERS AND 100 GUNS, FOE'S CLAIM.

BERLIN, via London, April 10.—Six thousand prisoners and one hundred guns were captured by the Germans between Armentieres and LaBassee Canal, the official statement from general headquarters announces today, while according to the statement issued this evening, the Germans have crossed the Lys River at several points between Armentieres and Estaires.
