The Springhill Independent says:—"Springhill moralists are forever holding up their hands in horror at the rum-selling done in town, and it strikes us they would be better employed in doing something to offset the influence of the barroom." The editor thinks the establishment of a public library would do much to counteract the effect of the bar-rooms. He says there is not a decent place of resort in the town."

It is needless to add, under the circumstances, the Stipendiary refused the offer which was made out of spite.—Springhill Independent.

Something About Sign Boards

Art may be exercised in the painting of a sign as well as in the painting of a landscape or a portrait. Some of the greatest painters that ever lived designed and executed signboards that swung over the doors of the taverns where they loged in London and Amsterdam a few canturies ago. The "history of signboards" published some years since in London, tells many curious stories of the old painters who painted signs in the days of their impecuniousness, for a few shillings, that had they been preserved, would be worth more pounds than they cost in pennies.

Mr. D. M. Ring, of this city, is not only a sign painter, but a sign maker as well: he takes the lumber from the lumber yard and turns out a finished sign, all the work being done by his own hands. One of his latest may be called a combination sign made for L. Higgins & Co., of Moncton, which will be placed on the store they have recently opened in New Glasgow. It is a duplicate of one which he recently made for their Moncton store. It is eighteen feet long, and has gold carved and black grounds, and engraved and carved letters, and is in design and execution one of the finest pieces of work of its kind that has ever been produced in the maritime provinces.

The Hilary term of the Supreme court, opened at Fredericton this morning. A lifting match for the champion of the state, between William Herty of Leominster and William Kennedy of Housatonic, took place Saturday night. The conditions were that the contestant who should raise the 50 and 103-pound bells the greater number of times without bending the knees should be declared the winner. Kennedy raised the 50-pound bell 50 times, and Herty 54. Kennedy put up the 103-pound bell 16 times and Herty only eight times, but the referee declared the match a draw claiming that both men broke certain rules of the match. Much money was wagered, and there was great dissatisfaction expressed with the referee's decision. Kennedy announces his willingness to meet any man in the world with 103 and 132-pound bells for $500 to $1000 a side, referee to be chosen by the New York Clipper. He also claims the championship of the state.

* * *

A fight with four ounce gloves between Joe Lannon, of South Boston, and George Godfrey, took place at Boston last night for a purse of $1,000. John L. Sullivan acted as referee. In the fourth round Lannon apparently had his opponent whipped, but failed to follow up his advantage. First blood was claimed and allowed Lannon in the fifth round. Much bad temper was shown by both men, they clinching often. At the end of the fifteenth round Lannon wished to continue, but the understanding was that if neither man was knocked out at the end of the fifteenth round the fight would be declared a draw, and the referee so decided.

The glove fight for the championship of Australia between Frank P. Slavin and Michael Dooley ended in Slavin knocking Dooley out. Slavin has started for America.

The most expensive uniform ever worn by a baseball team was that worn by the famous Lord Baltimore of 1872, which cost $56 each. The men wore silk stockings and trousers.

O'Connor, the oarsman, writes that if he succeeds in defeating Gaudaur on March 3 in San Francisco, he will sail for Sydney, N. S. W., to row Henry Searle on the Paramatta river for from $2500 to $5000 a side and the championship of the world.

A Private Life Sensation.

There is a susceptibility about some young men which is unaccountable, and to say the least remarkable. A gushing young I. C. R. news agent, who is somewhat noted for speaking all languages, and especially Indian, seems to be afflicted in that way; and the havoc he creates in the hearts of "the fairest daughters of the tribe" is proverbial. The time is not long since, that this swain of tender years and subtle tongue roamed through the wilds of Westmoreland county. There he chanced upon a handsome young brunette of the Micmac persuasion, and, being of a prepossessing character himself immediately received unbounded attention. The infatuation was mutual and the lovers started for St. John. Here they have been domiciled ever since. Last night, however, Chief Joseph Thomas of the Westmoreland county Micmac tribe, and the abandoned husband of a confiding wife, armed with a government document for the recovery of the said confiding wife, reached this city, and in a few hours had located the enemy. This morning they returned to the I. C. R. station with the delinquent, who shortly afterwards almost alluded her prosecutors, and started for the Micmac territory.

People's Theatre Company.

The People's Theatre Company, Mr. Harry Churchill, manager, will appear at the Mechanic's Institute on Tuesday evening next for a season of five nights and a matinee. The following in regard to this Company appears in the Berlin Falls Independent.

The People's Thretre Company appeared at Berlin Mills hall last Monday evening, as advertised in the popular drama, "The California Detective." Although it was a dark, stormy evening, a crowded house awaited the rising of the curtain. This company has always been well received by the Berlin people and this year has come with a stronger troupe than ever before. Mr. Churchill has visited here for several years, and has the happy faculty of selecting just the right plays. Last evening they presented "East Lynne;" to-night they play "The Mollie Maguires," and on Thursday evening the strong play of the season will be presented, which, with the scenery and properties which they have to present it with, cannot fail to give great satisfaction—"The Count of Monte Christo." Friday evening, "Hazel Kirke;" Saturday afternoon, at the matinee, "Ten Nights in a Bar-room." Saturday evening they close for the season with "Lucille," a drama of the Civil War.

Steamboats and Wharf Properties FOR SALE.

THE UNION LINE STEAMSHIP COMPANY offers for sale, separately or en bloc, the following Steamboat property, comprising:

The splendid Side-wheel Steamer DAVID WESTON, 552 tons register, The "Queen" of the River St. John, and one of the very fastest and best equipped river steamers in Canada; cost over $40,000 to build.

The fine steamer ACADIA (Side-wheel), 291 tons register; well known as a staunch, fast steamer, and ranking as second only to the D. WESTON on River St. John.

The good steamer SOULANGES (Side-wheel), 200 tons register; as excellent Freight Boat, and comfortably fitted and furnished for Passengers also.

Included with these Steamers are a number of Skiff Boats at various points along the river, for passenger and mail service; also, certain other facilities coupled with charter rights, privileges and good will.

The subscriber is also authorized, on behalf of an estate, which must be closed, to offer for sale—

The Freehold Wharf Property in the city of Fredericton, N. B., commonly known as the Union Line Wharf, including the two large warehouses thereupon.

Also the Wharf and Block Property at Sand Point, Carleton, comprising Corporation lots Nos. 11 and 12, held under lease from the city of St. John at the annual rental of $12 each.

This latter property includes the slip, with blocks, wharf, dwelling house, carpenter shop and blacksmith shop.

This is the presentation of an unusual opportunity for securing an old established mouth-running business, and in view of the opening of the Short Line early in the coming season this river service may be expected to receive a large development, and is a rare chance for persons possessing some capital.

The Steamer and Wharf Properties will be sold free from any debt or encumbrance. Arrangements may be made for having part of the purchase money remain on mortgage, and also for some of the present owners to retain their interest if desired.

These three steamers have been well maintained and kept up and are in good general order, the Boilers and Engines particularly so. Extensive repairs having been made to each of the Steamers last year a comparatively small outlay upon the hulls will place them in complete order for the next season's service.

If not disposed of by private sale prior to WEDNESDAY, 20th February proxo, the above properties will on that day be offered for sale at public auction at Chubb's Corner, in the City of St. John, at 12 o'clock noon.

DANGER!

People having Feather beds and Pillows do not seem to realize the danger there is in using them without being cleaned, especially in times of an epidemic, as feathers retain all the exhalations and poisonous matter exuding from the person, and by so doing spread sickness through the family.

Our steam cleansing process eliminates all the poisonous matter and leaves the feathers in a better condition than ever.
