PROSPECTUS.

EARLY in February will be published, at the City of Hamilton, the first number of "THE CANADIAN," a bi-weekly newspaper, to be devoted to the discussion of Politics, Literature, and Science, and the usual public topics of the day.

In offering a new Journal to the Public, it is customary for the Projectors to make some declaration of the principles on which they propose it shall be conducted.

The Publishers of "The Canadian" beg to intimate their intention to produce a thoroughly independent Newspaper; to be devoted to the general interests of Canada, and to the principles of rational Reform by the gradual adoption of the Institutions of the Country to the progressive improvement of its population.

Without arrogating to themselves exclusive pretensions to occupy a position superior to all Party interests or influences, they cannot refrain from expressing their conviction, that much of the usefulness and efficiency of the Newspaper Press is impaired by the bitterness of party spirit, and by its reckless attachment to Governments or Oppositions, irrespective of their real merits and of their actual claims to patriotic support.

While "The Canadian" will engage fearlessly in the discussion of the great questions in Government, Policy, and general Improvement, which must constantly arouse the Public mind, its columns will, as far as may be consistent with free enquiry and discussion, studiously avoid the exhibition of personal or party rancor and invective, and will at all times cultivate a candid and temperate examination and elucidation of principles and of their practical operation.

The belief that a Journal conducted with such views, and in such a spirit, is required by the increased intelligence and population of this Province, and of the country generally, has prompted the Publishers to have the undertaking for the support of which they now appeal to the Public. In soliciting that, they avoid reference to the literary ability, which, at considerable pecuniary risk, but with much confidence in its merit, they have secured; and in avowing some of the leading principles on which "The Canadian" will be conducted, they pledge themselves that it will fearlessly and uncompromisingly advocate full and absolute civil equality among the several religious Sects and denominations in this Province; and as a corollary to this principle, "The Canadian" will strenuously maintain the immediate application of the entire proceeds of the Clergy Reserves to the furtherance of Education, and to other public purposes, with the speedy abolition and extinction of the Rectories.

"The Canadian" will advocate Reciprocity of Trade and Commerce with the United States, and every measure for the advancement of the mercantile and Agricultural interests of Canada.

Generally, "The Canadian" will be a warm and zealous friend to every measure having a tendency to promote the interests of labour, and to ameliorate the condition of mankind; and to produce harmony, and feeling, and fellowship among the different classes of society.

"The Canadian" will be placed under the immediate editorial management of Thomas MacQueen, Esq., of the Huron Signal; and will be printed on a large Imperial sheet, with new and handsome type, on Wednesday and Saturday of each week, at the Printing Office of Robertson & Harris, the Publishers.

MOFFAT'S
VEGETABLE LIFE PILLS

PHŒNIX BITTERS

The high and envied celebrity which these pre-eminent Medicines have acquired for their invariable efficacy in all the diseases which they profess to cure, has rendered the usual practice of puffing not only unnecessary, but unworthy of them. They are known by their fruits; their good works testify for them, and they thrive not by the faith of the credulous.

IN ALL CASES

OF ASTHMA, ACUTE and CHRONIC RHEUMATISM, AFFECTIONS of the BLADDER and KIDNEYS.

BILIOUS FEVERS & LIVER COMPLAINTS.—In the south and west, where these diseases prevail, they will be found invaluable. Planters, farmers, and others, who once use these Medicines, will never afterwards be without them.

PILES. The original proprietor of these medicines was cured of Piles of 36 years standing by the use of these Life Giving Pills.

THE LIFE PILLS AND PHŒNIX BITTERS
PURIFY THE BLOOD,
And thus remove all disease from the system.

A single trial will place the LIFE PILLS and PHŒNIX BITTERS beyond the reach of competition in the estimation of every patient.

The genuine of these medicines are now put up in white wrappers and labels, together with a pamphlet, called "Moffat's Good Samaritan," containing the directions, &c., to which we draw the attention of Druggists throughout the Western Country, by which strangers visiting the city can very easily find us. The wrappers and Samaritans are copyrighted, therefore those who procure them with white wrappers can be assured that they are genuine. Be careful, and do not buy those with green wrappers; but if you do, be satisfied that they come direct from us, or don't touch them.

And without being anxious to monopolise the entire tavern business of Goderich, he at least hopes for a continuance of the patronage which he has hitherto enjoyed, and will always endeavor to secure the satisfaction of his guests and customers, by attending to their comfortable accommodation.
